COURT DECISIONS

Matter of Gropman vs. Murdock, et al:—On May 28, 1957, the Board denied an application under Section 21A to permit in a residence use district the erection and maintenance of a gasoline service station, lubritorium, car washing, (non automatic), motor vehicle repairs, sale of accessories, office and parking of more than five (5) motor vehicles awaiting service; for a stated term of fifteen (15) years; Cal. No. 703-56-BZ; Premises 144-27 to 144-35 Farmers Boulevard, east side, from 144th Road to North Conduit Avenue, 179-12 to 179-20 144th Road and 179-01 to 179-13 North Conduit Avenue, Block 13090, Lots 4 and 95, South Ozone Park, Borough of Queens.

At Special Term of the Supreme Court, Mr. Justice Pette in his decision stated in part, as follows: (N.Y.L.J. May 15, 1958, Page 12):

“.....
On the record before it the Court determines that the petitioners’ application for a variance should be granted. Accordingly, the Respondents’ motion to dismiss the Writ of Certiorari herein is denied, and the decision and determination of the Board of Standards and Appeals dated May 28, 1957, denying the petitioners’ application for a variance, is reversed, set aside and annulled, and the matter is remanded to the Board of Standards and Appeals for its action in accordance herewith.”

Notice of an appeal to the Appellate Division has been filed.

Matter of Mark vs. Murdock:—On March 26, 1957, the Board under Sections 7f and 7i of the zoning resolution granted a variance to permit in a business use district, the erection and maintenance of a gasoline service station, store, washing, greasing, minor auto repairs, with hand tools only, parking and storage of automobiles, dwelling and 2 car garage accessory to dwelling; show windows within 75 ft. of residence use district; Cal. No. 797-54-BZ-Vol. II; Premises 690-700 Utica Avenue and 818-828 Clarkson Avenue, southwest corner, Borough of Brooklyn.

At Special Term of the Supreme Court, Mr. Justice Beckinella in his decision stated in part as follows: (NYLJ June 19, 1958, Page 9).

“.....
The contention by the petitioners that the board had no power or authority either to entertain or grant the application in the light of its denial of a prior similar application cannot be sustained. In Matter of Reed v. Board of Standards and Appeals (255 N. Y. 126) a similar assertion was made. There the court said at page 133: ‘Whether or not the function of the Board is to decide cases with finality on the same facts once presented for its consideration, if new plans materially change the aspects of the case, a new application may be made and a new determination had. . . . We must assume that the new plans materially changed the aspect of the original case for they do purport to introduce numerous details which were not provided for in the original plans and which are deemed to be material until the contrary is demonstrated. The Board may ‘give weight to slight differences which are not easily discernible’ (Matter of Larkin Co. v. Schwab, 242 N. Y. 330, 336).’

“Under section 7 of the zoning resolution, the board has a wide scope in the exercise of its discretion (Matter of Reed v. Board of Standards and Appeals, supra, p. 136). The board appears to have acted upon a reasonable basis and on sufficient evidence to permit the exercise of its discretionary powers and since it acted within its discretion its determination may not be set aside (Matter of Sima v. Board of Standards and Appeals, 278 App. Div. 785; Matter of Douglaston Civic Ass’n. Inc. v. Board of Standards and Appeals, 278 App. Div. 659; People ex rel. St. Albans Corp’n v. Connell, 257 N. Y. 73).

“The contention that the owner was required to show ‘practical difficulties’ or ‘unnecessary hardship’ is of no consequence. Under section 7 of the zoning resolution, such proof is not required but is required under section 21 of the zoning resolution (Reed v. Board of Standards and Appeals, supra, p. 135); Matter of Sima v. Board of Standards and Appeals, supra, p. 786). “Accordingly, the application of the respondents to vacate the order of certiorari and to dismiss the petition is granted and the determination of the board is affirmed. Settle order on notice.”

BZ—Vol. II, 752-29-BZ—Vol. II, 694-53-BZ and 462-57-BZ.

Minutes of Special Meeting, Friday Morning, June 27, 1958, Affecting Calendar Numbers 188-58-BZ, 189-58-BZ and 385-58-SR.

SUBJECT—Application September 13, 1955—Mideo Direct Fired Air Heaters, Models 22, 30 and 36, approval of.

885-56-SM

APPLICANT — Dualheat, Inc., owner. A. A. Arvintz, Agent.

SUBJECT—Application December 19, 1956—DualHeat Paint Heater Model 125, approval of.

41-57-SA

APPLICANT—Orr & Sembower, Inc., manufacturer. V. N. DeCerchio, Agent.

SUBJECT — Application October 25, 1956 — Power-Pak Packaged Steam or Hot Water Generator, Gas-fired, Model 2, approval of.

42-57-SA

APPLICANT—Orr & Sembower, Inc., manufacturer. V. N. DeCerchio, Agent.

SUBJECT — Application October 25, 1956 — Power-Pak Package Steam or Hot Water Generator (oil fired), Model 2, approval of.

261-57-SA

APPLICANT—Dunkirk Radiator Corporation, owner.

SUBJECT—Application March 21, 1957—Blue Circle Gas-fired Boiler, Models DW4, DW6 and DW8, approval of.

273-57-SA

APPLICANT—McGraw-Edison Company, Clark Division, owner. Ralph M. Cohen, Agent.

SUBJECT—Application March 25, 1957—Toastmaster and Tropic-Aire Gas-fired Water Heaters, approval of.

301-57-SA

APPLICANT—McGraw-Edison Company, Clark Division, owner. Ralph M. Cohen, Agent.

SUBJECT—Application March 27, 1957—Toastmaster and Tropic-Aire Automatic Electric Water Heaters, approval of.

412-57-SM

APPLICANT—The National Screw & Manufacturing Company, owner.

SUBJECT—Application May 14, 1957—National Screw & Manufacturing Company High Strength Structural Bolts, approval of.

421-57-SM

APPLICANT—R. J. Crinnion for Parkchester Glass Company, owner.

SUBJECT—Application March 25, 1957—Parkline Window ¾-Hour test, approval of.

483-57-SA

APPLICANT—Eureka Williams Corporation, owner.

SUBJECT—Application June 5, 1957—Eureka Williams Oil-O-Matic Furnaces, Models LHO-84 and LHO-84B, approval of.

488-57-SA

APPLICANT—Eureka Williams Corporation, owner.

SUBJECT—Application June 19, 1957—Williams Oil-O-Matic Low Pressure Oil Burner, Models K-4.5 and K-7, approval of.

504-57-SA

APPLICANT—Eureka Williams Corporation, owner.

SUBJECT—Application June 6, 1957—Eureka Williams Gas-O-Matic Furnace, Models LHG-105, LHG-105B, approval of.

623-57-SM

APPLICANT—Fimble Sales Company, for Straits Products, Inc., owner.

SUBJECT—Application June 17, 1957—Straits Accordion Doors, approval of.

681-57-SM

APPLICANT—Tectum Corporation, owner. Harold Per-rine, Agent.

SUBJECT—Application August 14, 1957—Tectum Slabs Non-bearing Partition, approval of.

CALENDAR

682-57-SM

APPLICANT—Tectum Corporation, owner. Harold Perrine, Agent.

SUBJECT—Application August 14, 1957—Tectum Slab 2 inch or more in thickness, incombustible non-bearing subdividing partition, approval of.

683-57-SM

APPLICANT—Tectum Corporation, owner. Harold Perrine, Agent.

SUBJECT—Application August 14, 1957—Tectum Slab 2½ inch Minimum Thickness, composite panel, spandrel and apron wall, approval of.

859-57-SA

APPLICANT—American LaFrance Corporation, owner.

SUBJECT—Application November 21, 1957—American LaFrance Dry Chemical Fire Extinguishers, approval of.

893-57-SA

APPLICANT—All-Boro Gas Company, Inc., from Grimm Manufacturing Co., owner.

SUBJECT—Application November 1, 1957—Redi-Heater Gas-fired, Model M70, approval of.

1021-57-SA

APPLICANT—Precision Heat Treating Company, for Ipsen Industries, Inc., owner.

SUBJECT—Application December 23, 1957—Endothermic Generator, Models: G250-E, G500-E and G, G600-E and G and G750-E and G, G1250-E and G, G1500-E and G, G2500-E and G and G3000-E and G, approval of.

197-58-SA

APPLICANT—Clayton Manufacturing Company, owner. Orco Oil Burner, Agent.

SUBJECT—Application March 5, 1958—Clayton Steam Generator, Models WHO-50, 52-212, 75 and 100 (oil-fired), approval of.

75-58-SA

APPLICANT—Martin Stamping & Stove Company, owner. Irving Entin & Associates, Agent.

SUBJECT—Application February 11, 1958—Martin Unvented Gas-fired Room Heaters, Models C-418, C-430, C-440, 552, 528, 535, 422, 428, 435, 1205, 1206, 1116, 1120 and Martin Vented Gas-Fired Heaters, Models V835, V859, V870, V935, V945, V965, V985, V715 and V720, approval of.

739-50-SM—Vol. II

APPLICANT—Harold Perrine, for Johns-Manville Sales Corp., owner.

SUBJECT—Application reopened May 21, 1957 for Johns-Manville Fibertone, Fire Retardant Finish—re Johns-Manville Fibertone Flame Retardant Finish Acoustical Treatment; previously dismissed.

121-35-SA

APPLICANT—Iron Fireman Manufacturing Company, new owner.

SUBJECT—Application for consideration, reopening and amendment of resolution as to additional models OFS-85, OBN-100 and OBN-175 and change of company name—re Timken Silent Automatic Water Heater, Model 40-A and 50-B; previously approved.

175-49-SM

APPLICANT—United States Plywood Corporation, owner.

SUBJECT—Application reopened March 19, 1957 for amendment of resolution as to incombustible rating of partition—re U. S. Plywood Partition Panel, 1¾ inch thick with Kaylo Core and 1 inch thick with Kaylor Core; previously approved.

148-50-SM

APPLICANT—National Gypsum Company, owner.

SUBJECT—Application reopened June 3, 1958 for amendment of resolution as to change of edge of board and marking—re Gold Bond Insulation Roof Boards; previously approved.

373-50-SA—Vol. II

APPLICANT—Airco Equipment Mfg., Division, Air Reduction Company., owner.

SUBJECT—Application reopened June 2, 1953 for amendment of resolution as to additional models of torches—re Air Reduction Co., Inc. Welding and heating torches with cutting attachment, Models 700 Series and 800 Series; previously approved.

500-50-SA

APPLICANT—Bryant Heater Division of Affiliated Gas Eq., Inc., owner.

SUBJECT—Application reopened July 2, 1957 for amendment of resolution as to additional models of gas fired equipment, Model 328—re Crane Gas-fired Unit Heaters, Models 75-329, 95-329, 125-329, 160-329, 225-329, CR75-327, CR50-327, CR100-327, CR125-327, CR200-327 and CR225-327; previously approved.

556-50-SM

APPLICANT—United States Gypsum Company, owner-manufacturer.

SUBJECT—Application reopened November 29, 1955 for new and additional construction methods and materials—re USG trussteel Studs; previously approved.

518-51-SA

APPLICANT—The Thermodyne Corp., for Carrier Corporation, owner.

SUBJECT—Application reopened February 28, 1956 for amendment to consider additional models 50-N and 41-D—re Carrier weathermaker, Models 50K4, 50K6, 50K8, 50K12 and 50K16; previously approved.

143-54-SM

APPLICANT—United States Plywood Corporation, owner.

SUBJECT—Application reopened September 24, 1957 for amendment of resolution as to bolt throw—re Weldwood ¾-Hour Door and 1-Hour Fire Resistive Opening Protective Assembly; previously approved.

733-54-SA

APPLICANT—Pantex Manufacturing Corporation, owner.

SUBJECT—Application for consideration, reopening and amendment of resolution as to additional sizes of dry cleaning equipment—re Pantex Perk-O-Matic Dry Cleaning Machine, Model EC (using non-flammable solvent); previously approved.

734-54-SM

APPLICANT—Seelye, Stevenson, Valve and Knecht, for Granco Steel Products Company, owner.

SUBJECT—Application reopened February 11, 1958 for amendment of resolution as to additional gauges of Corruform and Tufcor—re Corruform and Tufcor Steel Deck fire resistive roof for industrial construction; previously approved.

700-57-SA

APPLICANT—General Fittings Company, owner.

SUBJECT—Application reopened June 3, 1958 for amendment of resolution as to additional trade names Way-Wolff Associates, Ray Burner Sales—re General Fittings Electric Oil Immersion Heater, Models WTSB-1, WTSB-2, WTSB3, to be marketed as Preferred Electric Oil Immersion Heater, Models SS-1, SS-2 and SS-3; previously approved.

APPLICANT—Irving H. Passel, for Robert A. Stella, owner; Pursuant under contract: Esso Standard Oil Co., lessee.

SUBJECT—Application reopened April 9, 1958 as Vol. IV decision of the Borough Superintendent under sections 7f and 7h of the Zoning Resolution, to permit in a retail use district, the extension in area of an existing gasoline service station, motor vehicle repair shop for adjustments and garage for more than five (5) motor vehicles previously granted by the Board under Cal. No. 120-33-BZ Vols. II and III and to include the additional uses of lubritorium, non-automatic auto laundry and parking of motor vehicles on the unbuilt portion of the plot, for a term of fifteen (15) years.

PREMISES AFFECTED—2100 Hylan Boulevard, southeast corner of Hamden Avenue, Block 3688, Lot 5, Grant City, Borough of Richmond.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on April 29, 1958 subject to regular procedure, to consider extension of area and other changes; and

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for consideration and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Hylan Boulevard are in a retail use, D area, class 1 height district; Hamden Avenue and Bedford Avenue are in retail and residence use, D and E area, class 1 height districts; Boundary Avenue is in a residence use, E area, class 1 height district; that on July 25, 1916 and prior to the construction of Hylan Boulevard, which absorbed Southside Boulevard, the entire area was zoned undetermined and business use, and restricted against industry; that on January 15, 1927 the undetermined and business use area was rezoned to business use to a depth of 100 feet along Hylan Boulevard, with the remaining portion of the block zoned for residence use; that on October 20, 1955 the use zone along this section of Hylan Boulevard was changed from business use, 100 feet, to retail use to a depth of 150 feet; that the class 1 height district has been unchanged since 1916, and the D area or the instant plot has remained the same; and

WHEREAS, the decision of the Borough Superintendent, dated April 4, 1958 acting on Alt. Applic. No. 113-58, reads:

"1. The extension in Area of existing gasoline service station, motor vehicle repair shop and garage for more than five motor vehicles permitted by the B.S.A. under Cal. No. 120-33-BZ, Vol. 1, 2, 3, and the additional uses of lubritorium, auto laundry (non-automatic) and parking of motor vehicles on the unbuilt portion is contrary to Art. II Sect. 4A of the Zoning Resolution and contravenes Cal. No. 120-33-BZ, Vol. 1, 2 & 3 of the B.S.A."

and

WHEREAS, the applicant states that the premises consist of a plot having a frontage of 121.45 feet on Hylan Boulevard and a depth of 100 feet on Hamden Avenue; that the south-

MINUTES

erly lot line is 99.39 feet long and the easterly lot line has an irregular length of 101.25 feet and 20 feet; and

WHEREAS, the applicant states that the retail use district extends to a depth of 150 feet parallel with Hylan Boulevard; that there are no proposed entrances, show windows, store fronts, etc., within 75 feet of the residence use district and accordingly Section 7A does not apply, and further, the plot and use does not contravene Section 21A of the Zoning Law; that the present owner acquired the portion of the plot on which the present gas station exists on October 5, 1948; that this plot is known as lot 7 in block 3688 and has a frontage of 81 feet on Hylan Boulevard; that the proposed extension of area includes lot No. 5 in block 3688 and has a frontage of 41.41 feet on Hylan Boulevard; that on March 18, 1958 the Tax Department merged the two lots and assigned tentative lot No. 5 for the entire parcel; and

WHEREAS, the applicant further states that existing conditions show that Vol. I of this application was dismissed for lack of prosecution on December 27, 1933; that Vol. II was granted March 1, 1938 under Section 7, subdivision f, for a term of two years permitting the front portion of the premises to be used as a gas station and auto repairing of a minor nature, with motor driven machines not exceeding 1/2 H.P. for each machine; that this variance included former lot No. 9 and covered the plot at the southeast corner of Hylan Boulevard and Hamden Avenue with a frontage of about 40 feet on said Hylan Boulevard; that this variance was subsequently renewed for two year periods through 1948; that on January 25, 1949 a resolution was adopted on Vol. III permitting for a term of ten years, expiring January 25, 1959, an extension in area of the plot and the accessory building so as to include an additional 41 feet along Hylan Boulevard; that this made the station about 81 feet along Hylan Boulevard, and also included former lots 7 and 9; that present conditions show that the curb cuts are not strictly in accordance with the Resolution of January 25, 1949; that however, the building and uses are substantially in accordance with this Resolution; and

WHEREAS, the applicant states that under proposed work, the area of the plot will be extended an additional 40 feet along Hylan Boulevard so that the premises will have a frontage of about 121 feet; that there will be no change in the present building and the gasoline tanks and gasoline pumps will remain unchanged; that however, in addition to the present uses of gasoline service station, motor vehicle repairs for adjustments and garage for more than five cars, request is made for lubrication, non automatic car washing and parking of motor vehicles on the unbuilt portion of the plot, all for a term of fifteen years; that all former curb cuts will be removed and three 30 foot cuts will be constructed on Hylan Boulevard and one 30 foot and one 15 foot cut will be constructed on Hamden Avenue; that no curb cut will be nearer than 5 feet to any lot line as prolonged; that it is also proposed to erect a woven wire fence on a one foot high masonry base to a total height of 5 feet 6 inches on the extended area, and pave this area with blacktop; that the brand sign will be relocated as shown; and

WHEREAS, the applicant states that Certificate of Occupancy No. 10188 was issued June 25, 1953, for motor vehicle repair shop, garage for more than five cars and gasoline service station on subject premises; that this Certificate expires January 25, 1959; and

WHEREAS, the applicant contends that the present Amoco and Gulf gasoline stations located on Hylan Boulevard in block 3688, lot 8 and block 3589, lot 1 respectively, were established prior to effective zoning; that most of the property in the swamp land in blocks 3688, 3689, 3687 has been taken by the City in In Rem proceedings; that Esso Standard Oil Company has entered into a conditional purchase contract for this property, and subject to the granting of the variance, will supervise the operation of this outlet; that numerous new or rebuilt gas stations have been established along this portion of Hylan Boulevard and competitive demands require that the instant plot be extended and revamped to meet new conditions; and

WHEREAS, the applicant states that the present owner has held title to Lot 7 since October 5, 1948 and to Lot 5 since January 23, 1958; that the assessed valuation of land is \$3,500 and of the building \$9,500 making a total of \$13,000; that the building was erected in 1938; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted under conditions to be imposed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, c and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the prior resolution is hereby *amended* to permit the extension of the existing gasoline service station previously permitted by the Board, substantially as proposed and indicated on plans filed with this application, marked "Received April 9, 1958", 4 sheets, and "May 13, 1958", 1 sheet, as amended by revised plans marked "Received June 23, 1958", 1 sheet, *on condition* that the requirements shown on plan marked "Received June 23, 1958" shall be complied with as to the rear of the premises and the planting and shrubbery shown thereon and concrete curbing extending along the plot herein permitted for the extension of the gasoline service station; that the planting along the westerly line shall be maintained with suitable planting material, protected with concrete curbing not less than 6 inches in width by 8 inches in height; that a woven wire fence of the chain link type shall be constructed on a masonry base, where shown on the lot lines to the east and south, to a total height of 5 feet, 6 inches; that the extension of use to the west may be for the parking of motor vehicles; that the existing billboard extending across the lot line of these premises shall be entirely removed; that in all other respects the curb cuts and the proposed buildings with changes to the building as proposed shall be complied with; that the existing pumps as now located may be continued but if changed shall be not less than 15 feet to the street building line of Hylan Boulevard; that the existing curb cuts to Hamden Avenue may be continued as shown; that the curb cuts to Hylan Boulevard shall consist of three, not over 30 feet in width each, located where shown, with no portion nearer than five feet to a side lot line as prolonged; that sidewalks and curbing abutting the site on both street fronts shall be constructed or repaired to the satisfaction of the Borough President; that within the north and westerly lot lines there may be erected a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend not more than 4 feet behind the building line; that the term of this variance may be extended so as to be for fifteen years from the date of this amended resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1115-40-BZ—Vol. I

APPLICANT—Jacob Lewis Gold, for Cohan Realty Corp., owner.

SUBJECT—Application reopened June 3, 1958 for consideration as to extension of term of variance, expired January 31, 1958—decision of the Borough Superintendent, previously granted on condition, under section 7h of the Zoning Resolution, permitting in a business use district extending into the residence use district, for a term of years, the parking of more than five (5) motor vehicles. PREMISES AFFECTED—2101-2109 Surf Avenue, northwest corner of West 21st Street, Block 7058, Lots 27-50 inclusive, Borough of Brooklyn.

APPEARANCES—

For Applicant: J. L. Gold.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, on April 15, 1941, as hereafter amended by Resolution adopted through January 31, 1956, this application was granted by the Board on certain conditions under Section 7h of the Zoning Resolution, to permit in a business use district, extending into the residence use district, for a term of years, the parking and storage of more than five motor vehicles, affecting premises 2101-2129 Surf Avenue, northwest corner of West 21st Street, Block 7058, Lots 27-50, Borough of Brooklyn; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on January 1, 1958; and

WHEREAS, this application was reopened on June 3, 1958 and set for hearing on June 24, 1958 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated May 13, 1958 acting on D. C. Applic. No. 1705-40, reads:

"1. The time limit of the variance granted by the Board of Standards and Appeals under Cal. #1115-40-BZ as amended Jan. 31 '56 has expired. Therefore the proposed parking lot for more than five cars in a business use district and extending into a residence use district is contrary to the Zoning Res. Art. II Sect. 3."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board on March 17, 1947 as thereafter amended by resolutions adopted through July 10, 1956, only insofar as it has reference to the term of the variance so that as amended this portion of the resolution will read:

"granted under Section 7h for a term of five years from the date of this amended resolution to permit.....; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits including a Certificate of Occupancy shall be obtained within six months." (DC 1705-41.)

585-52-BZ—Vol. IV

APPLICANT—Robert J. Crinnion, for Eisner and Lubin, owners.

SUBJECT—Application reopened October 29, 1957 as Vol. IV—re decision of the Borough Superintendent under section 7h of the Zoning Resolution, to permit in a restricted retail use district, the maintenance of a public parking lot for the parking of more than five (5) motor vehicles for a stated term of five years.

PREMISES AFFECTED—809-817 1st Avenue, west side, 40.5 feet north of East 45th Street and 339-341 East 45th Street, Block 1338, Lots 21, 25, 26, 27, 28 and 124, Borough of Manhattan.

APPEARANCES—

For Applicant: Robert J. Crinnion.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on October 29, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; and laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and First Avenue are in a restricted retail use, B area, class 1½ height district; East 45th Street and East 46th Street are in restricted retail, manufacturing & retail use, B area, class 1½ height districts; Second Avenue is in a retail use, B area, class 1½ height districts; that as of July 25, 1916 the property was zoned as an unrestricted district and the present use designation became effective on May 5, 1947; that as of July 25, 1916 the portion of the property within 100 feet of First Avenue was zoned as a two times height district and the remainder was zoned as a one and one-half times height district; that on May 5, 1947 the one and one-half height designation was expanded to include the entire property; that the area designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated October 14, 1957 acting on amendment to Alt. Applic. No. 645-57, reads:

"1. A public parking lot for more than 5 motor vehicles located in a restricted retail use district is contrary to Art. II, Sec. 4-B of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 80 feet, 141 feet and 100 feet in depth, irregular; and

WHEREAS, the applicant states that the site for the proposed parking lot consists of six separate lots, two of which are vacant land; that the four remaining lots, each of which faces on First Avenue, contain two four-story and two five-story, class 3 buildings, occupied over the years by stores on the first floor and old law tenements above; that for the past several years, due to the age and condition of the buildings, tenants have been vacating at intervals and no new acceptable tenants can be found, and at present all floors of the several buildings are vacant, with the exception of two of the stores; that with the assessed valuation of the property at \$286,000, the owners are unable to derive sufficient income from the property to pay taxes thereon, and it is therefore their desire to demolish the ancient and virtually useless buildings, whose total assessed valuation is only \$9,000, and maintain a public parking lot on the property; and

WHEREAS, the applicant contends that the proposed parking lot would serve to improve the appearance of the neighborhood by eliminating four rundown buildings which are sandwiched between two new modern structures; that in addition, the proposed parking lot would help to fill a dire public need by providing necessary off-street parking space, the lack of which becomes a more acute problem in the Borough of Manhattan each month as the number of vehicles in use increases, while the parking lots to accommodate them are replaced by multi-story office buildings, which further increase the demand for parking; that this is particularly true in the east forties, the area which has undergone the most energetic rebuilding program the City has ever seen; that the new and proposed buildings in this area, including the United Nations buildings, must have adequate parking facilities; and

WHEREAS, the applicant states that the present owners have held title to the property since July 25, 1949 and June 29, 1950; that the assessed valuation of land is \$277,000 and of the buildings \$9,000 making a total of \$286,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use dis-

MINUTES

strict regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h, to permit the parking and storage use for a term of five years, substantially as proposed and indicated on plans filed with this application, marked "Received October 14, 1957", 1 sheet, and "April 29, 1958", 2 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the site leveled substantially to the grade of the abutting streets, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that on all lot lines there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet 6 inches, with one entrance thereto on First Avenue, not exceeding 20 feet in width, with curb cut opposite of similar width and one entrance on East 45th Street with curb cut opposite 20 feet in width, that such fence may be omitted where walls of adjoining buildings occur on the lot lines; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to a sign at each entrance, attached to the fence, not exceeding five square feet in area each, not illuminated or extending beyond the building line; that the sidewalk and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

688-54-BZ

APPLICANT—Herman Kron, for L. B. Oil Co., Inc., owner.

SUBJECT—Application August 17, 1954—decision of the Borough Superintendent under sections 7c and 7i of the Zoning Resolution, to permit in a business use district, at an existing gasoline service station, the extension of the present use to include parking and storage for more than five (5) motor vehicles and auto repairs.

PREMISES AFFECTED—2203-2209 Amsterdam Avenue, southeast corner of West 170th Street, Block 2112, Lot 26, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Kron.

For Opposition: Thomas P. Dooney.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Negative 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; applicant to file revised drawing showing entrances to High Bridge Park from Amsterdam Avenue and Edgecombe Avenue within vicinity of proposed gasoline station; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Amsterdam Avenue are in a business use, B area, class 1½ height district; West 170th Street and West 168th Street are in business and unrestricted use, B area, class 1½ height districts; Jumel Place is in an unrestricted use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 26, 1958 acting on amendment to Alt. Applic. No. 1819-53, reads:

"3. Extension of a gasoline service and oil selling station to include parking & storage for more than 5 motor vehicles and auto repairs to a non-conforming use (gasoline service and oil selling station) is not per-

mitted in a business use district—Art. II Sections 4(a) (15) (29), Art. 5 Sect. 21A of the Zoning Resolution.

Note: Case Cal. #688-54-BZ now pending before the Board of Standards & Appeals.

Reconsideration of this objection was denied on 8-4-55. It will not be further considered."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, on which is located a gasoline service station; that it is proposed to extend the present use to include parking and storage for more than five motor vehicles, and auto repairs; and

WHEREAS, the applicant states that the use was established prior to 1925 and Certificate of Occupancy issued by the Department of Buildings permits the use of gas station only; that there is ample room for the parking and storage of automobiles; that the occupant has obtained a license from the Department of License for the use of part of the premises as a parking lot, but the Building Department referred the case to the Board for review; and

WHEREAS, the applicant states that the present owner has held title to the property since January 1936; that the assessed valuation of land is \$45,000 and of the building \$48,000 making a total of \$93,000; that the building was erected in 1932; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c and 7i, to permit the extension of use, consisting of parking and motor vehicle repairing, as indicated on plans filed with this application, marked "Received March 27, 1958", 3 sheets, "April 25, 1958", 1 sheet, and "June 13, 1958", 1 sheet, *on condition* that motor vehicle repairs shall be of the minor adjustment type with hand tools only, that such parking shall be permitted only where it will not interfere with the servicing of the station; and that all permits required shall be obtained and all work completed within six months from the date of this resolution.

609-56-BZ

APPLICANT—Ingram S. Carner, for Charles Cintron, owner.

SUBJECT—Application reopened May 27, 1958 for consideration as to extension of time to complete, expired March 19, 1958—decision of the Borough Superintendent, previously granted on condition, under sections 7c and 7i of the Zoning Resolution, permitting in a residence use district, the erection of a new service building and extending the present use of the gasoline service station, office, laundry and auto repairs, including car washing—non-automatic, minor repairs with hand tools only, sales and storage of auto accessories and parts and parking of motor vehicles waiting to be serviced.

PREMISES AFFECTED—143-02 to 143-06 Springfield Boulevard and 186-16 to 186-24 143rd Avenue, southwest corner, Block 13082, Lot 26, Springfield, Borough of Queens.

MINUTES

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time, to obtain permits and complete the work, which had expired by time limitation March 19, 1957; and

WHEREAS, this application was reopened on May 27, 1958 and set for hearing on June 24, 1958 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated May 28, 1958 acting on N.B. Applic. No. 2990-56, reads:

"1. The use of the premises as a gasoline service station, lubritorium, car wash (non-automatic), minor repairs with hand tools only, office, sale and storage of automotive parts and parking of motor vehicles waiting to be serviced in a residence use district is contrary to Art. 2 Sec. 3 of the Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 19, 1957 only insofar as it has reference to obtaining permits and completion of the work, so that as amended this portion of the resolution will read:

"that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution". NB 2990-56.

745-56-BZ

APPLICANT—Louis Santangelo, for Michael Bunda, owner.

SUBJECT—Application November 1, 1956—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an E-1 area district, the change in occupancy of the existing two-story and basement, two-family dwelling to a three family dwelling.

PREMISES AFFECTED—3210 Middletown Road, south side, 73.46 feet east of Dwight Place, Block 5411, Lot 327, Borough of The Bronx.

APPEARANCES—

For Applicant: H. E. Horwood.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection; applicant to submit revised plans to show building to be in conformity with the Multiple Dwelling Law; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Middletown Road, Robertson Place, Dwight Place and Ampere Avenue are in a residence use. E-1 area, class $\frac{1}{2}$ height district; that on July 25, 1916 the area was not classified as to use, area was E and height $1\frac{1}{4}$; that on July 1, 1924 the use was business and residence, C and E area and $1\frac{1}{4}$ height; that on July 28, 1927 maps show business and residence use, C area and $1\frac{1}{4}$ height; that the above designations were in effect until June 10, 1955 when the use district was changed to residence, E-1 area and 1 height; and

WHEREAS, the decision of the Borough Superintendent, dated October 24, 1956 acting on amendment to Alt. Applic. No. 941-56, reads:

"A-1. Conversion of existing 2 story and basement brick 2 family private dwelling to a 3 family converted

dwelling located in an E-1 area district is contrary to Sec. 15A of Art. IV of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth, presently developed with a two story and basement dwelling; and

WHEREAS, the applicant states that the original plans for this building filed in 1947, were for a three family house and were so approved, but owing to financial conditions the owner could not afford to complete the building for the three families, and since he required a Certificate of Occupancy for mortgage purposes, he amended the application to a two family building and received Certificate of Occupancy No. 6966; that at all times the owner had the intention of completing the basement for the use of his son when he would be released from the Army; that this occurred in 1953 and the basement story was completed by the owner who was ignorant of the fact that he would have to file for a new Certificate of Occupancy, which he would have been entitled to at that time and up to the zone change of June 10, 1955, previously referred to; that since 1953 the building has been carried on the Tax Department books as a three family dwelling, and has been taxed as such since then; and

WHEREAS, the applicant contends that even under present zoning, two 2-family houses could be erected on this lot, which would allow four families, while this application is only for three families on same, the only difference being that the three families are in one building instead of two, and this would be far less objectionable than two 2-family dwellings; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1, 1923; that the assessed valuation of land is \$2,000 and of the building \$17,500 making a total of \$19,500; that the building was erected in November, 1949; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and in view of the revised plan of the basement, the Committee found that the application should be granted, to permit the change of occupancy from a two-family dwelling to a Class I Converted Multiple Dwelling; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit the occupancy of the building as a Class A multiple dwelling, substantially as proposed and as indicated on plans filed with this application, marked "Received November 1, 1956" 4 sheets, "May 2, 1958", 1 sheet, and "June 20, 1958", 1 sheet, *on condition* that the building in all other respects shall comply with the requirements of the Multiple Dwelling Law and the Building Code for the occupancy as herein permitted; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

151-57-BZ—Vol. II

APPLICANT—Charles M. Spindler, for Robert Pollen and Jerome Gerber, owners.

SUBJECT—Application reopened February 4, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business and residence use district, the erection and maintenance of an automobile showroom and gasoline service station with accessory uses of auto washing (non-automatic), lubrication, office and sale of accessories, minor repairs with hand tools only, parking and storage of motor vehicles and auto safety inspection station for a temporary term of fifteen (15) years.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 4, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; then to June 24, 1958, at the request of the applicant; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Avenue P and Kings Highway are in business and residence use, D and E-1 area, class 1/2 height districts; Nostrand Avenue is in a business use, D area, class 1/2 height district; East 29th Street is in a residence use, E-1 area, class 1/2 height district; that the use designation has not been changed since July 25, 1916 and no amendment is pending as of the present time; that as of July 25, 1916 the property was zoned as a D area district; that on August 25, 1955 the portion west of a line midway between Nostrand Avenue and East 29th Street was changed from a D district to an E-1 district; that as of July 25, 1916 the property was zoned as a one time height district and on August 25, 1955 the designation was changed to class 1-1/3 height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 13, 1958 acting on N.B. Applic. No. 1-58, reads:

"1. Proposed building and premises, partly in a Business and partly in a Residence zone, to be used for automobile showroom, with gasoline service station, auto washing (non-automatic), lubrication, office and sale of auto accessories, minor repairs with hand tools only and parking and storage of motor vehicles and auto safety inspection station, is contrary to Art. II, PP. 3 and PP. 4a, subsections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 160 feet frontage by 110 feet in depth; that it is proposed to develop the site—solely within the business portion thereof—with a modern automobile showroom—a conforming use—and with minor auto repairing, new car makeup and a gasoline service station in conjunction with the other uses just mentioned; that the plot is 110 feet in depth, of which 105 feet is in a business use district and the remaining 5 feet is in a residence district; that the proposed building will not exceed 100 feet in depth, thereby allowing a ten foot yard between the rear yards of the premises in the rear, which 10 foot yard will be landscaped and planted; that the planting where the building does not occur will be protected by a 6 inch by 8 inch concrete curb; that the planting will continue throughout the rear lot line and also along the north lot line from the rear of the lot to the Nostrand Avenue building line; and

WHEREAS, the applicant states that this proposal differs from the former proposal which was denied by the Board; that the former proposal indicated the plot as 140 feet in width whereas this proposal indicates 160 foot plot; that the erection of the proposed auto showroom on the south lot line will protect the adjoining dwelling by acting as a buffer between it and the proposed uses; that adjoining the site to the north is a motor vehicle repair shop granted by the Board under Cal. No. 410-47-BZ, and immediately to

the north of this repair shop is a lumber yard; that across the street in block 7691, lot 19 is an automatic auto laundry with its large attendant parking area, and there is a Carvel stand, also with its space for parking, in block 7701, lot 27; that at the time of filing of the original case on February 27, 1957, there were a series of five empty stores immediately north of the lumber yard, block 7690, lots 65 to 72 inclusive; that at this writing these stores are still vacant, which amply indicates to the Board that the erection of store property would not be feasible, and furthermore would be impossible due to the impossibility of obtaining financing; that the erection of a conforming use in the shape of a factory would surely be more obnoxious than the present proposal; that the factory could of course be a multi-story and together with its permissible and required loading and unloading and parking area would not be as desirable as the proposed auto showroom with its attendant gasoline service; and

WHEREAS, the applicant contends that a goodly portion of the neighborhood is presently given over to automotive uses, the repair shop with its parking area immediately to the north, the automatic auto laundry on the east side of Nostrand Avenue and the non-conforming lumber yard use; that there is also a factory and storage building directly across the street in block 7691, lot 11; that there is a need for a gas station in this area; that the nearest gas station on the west side of Nostrand Avenue is approximately 1-1/4 miles distant near Flatbush Avenue, and the Long Island Railroad underpass at Avenue H; that the parcel was purchased from The City on a tax lien; that the owners at one time endeavored to develop the site with dwelling occupancy but were unable to obtain financing; that it was most natural that no finance company or bank would loan on this site due to the numerous non-conforming uses and also due to the vacant stores within the area it would be unable to obtain financing for store occupancy; and

WHEREAS, the applicant states that the present owners have held title to the property since August 22, 1956 and that the assessed valuation of land is \$14,400, and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e, f and i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. No. 1-58, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

416-57-BZ

APPLICANT—Albert Melniker, for Jo Mar Di Realty Corp., owner.

SUBJECT—Application May 28, 1957—decision of the Borough Superintendent under Sections 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, car washing (non-automatic), minor auto repairs with hand tools, sale of accessories and parking for more than five (5) motor vehicles, for a stated term of fifteen (15) years.

PREMISES AFFECTED—1581 Hylan Boulevard and 300 Atlantic Avenue, southwest corner, Block 3333, Lot 19, Dongan Hills, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 19, 1957 after due notice by publication in the Bulletin; laid over, date to be set; for inspection and decision; hearing closed; now set for June 17, 1958; then to June 24, 1958 at the request of the applicant to file new decision of the Borough Superintendent and revised plans; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D and E are, class 1 height district; that the property has a depth of 150 feet of retail zoning, and the property is 125 feet in depth, leaving 25 feet of retail zoning between the westerly line of this property and the residential areas on Atlantic Avenue; and

WHEREAS, the decision of the Borough Superintendent, dated May 23, 1957 acting on N.B. Applic. 98-57, reads:

"1. Erection of bldg. for occupancy as gasoline service station, lubritorium, car washing, minor motor vehicle repairs with hand tools is contrary to Art. II Sect. 4(a) subdiv. 15, 29, 46, 52 & Art. II Sect. 4-A zone resolution since premises are in a Retail D & E District and therefore is denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 125 feet in depth; that it is proposed to erect a gasoline service station substantially as indicated on the plans; that the proposed building will be a one story, two bay masonry service station of an attractive design; that it will be well set back from both Hyland Boulevard and Atlantic Avenue in order that there will be no interference with the clear and unobstructed view of intersecting traffic; that architecturally the building will enhance the general appearance of the area, inasmuch as this will represent the latest in modern service station design; that the site in question will be paved to provide a complete finish over the entire property; that the property on the interior lines will be fenced by means of a chain link fence and signs will be as indicated on drawings, placed in such manner as to not obstruct required visibility; that curb cuts will be located to provide for easy ingress and egress with a maximum protection for the adjacent buildings on Atlantic Avenue; that the owners of this property have a long established reputation as responsible and reliable business men; that this station will be owned by the present owners and will be operated by a major oil company; that inasmuch as the proposed financing will require an amortization period of not less than fifteen years, request is made that if granted, the term of years be fifteen years; and

WHEREAS, the applicant contends that Hyland Boulevard is the major north-south highway on Staten Island; that it provides the most direct link between St. George and Tottenville and connects with all the major island streets; that it is also the arterial connection between all traffic coming from South Ferry and 69th Street Ferry and is used by thousands of cars crossing the island to reach New Jersey and points south and west; and

WHEREAS, the applicant states that the present owner has held title to the property since August 21, 1956 and that the assessed valuation of land is \$3,000, and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the Committee recommended that the application should be granted with conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station substantially as proposed and indicated on revised plans marked, "Received June 20,

1958", 5 sheets, and in accordance with revised decision of the Borough Superintendent under the new building objection dated June 19, 1958, supplementing the previous decision as cited on condition that the accessory building shall be of the design, arrangement and location shown, without cellar, and faced with face brick on all sides; and in all other respects comply with the requirements of the Building Code; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line; that curb cuts shall be restricted to 2 curb cuts to Hyland Boulevard each not over 30 feet in width, and one to Atlantic Avenue of similar width; that the line of the plot along Atlantic Avenue shall follow the line as proposed to be widened; that on the interior lot line there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that such fence shall run to the street line of Atlantic Avenue for a distance of approximately 50 feet and along the side lot line to the south to the accessory building and from the accessory building to the street building line of Hyland Boulevard at the street lines there shall be suitable terminating posts; that the gasoline pumps shall be of an approved type erected not nearer than fifteen feet to the street line; that the number of gasoline storage tanks shall not exceed twelve 500 gallon approved gasoline storage tanks; that the premises shall be paved with concrete or bituminous paving; that the sidewalks and curbing shall be constructed and repaired in accordance with the requirements of the Borough President; that such portable fire-fighting appliances shall be as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be minor repairs for adjustments maintained solely within the accessory building; that there may be under Section 7h, for a similar term, parking of motor vehicles of the passenger car type on such portion of the premises as will not interfere with the servicing of the station; that signs shall be restricted to permanent signs facing Hyland Boulevard and attached to the facade of the accessory building the illuminated globes of the pumps excluding all roof and temporary signs and advertising devices, but permitting the erection of a post standard for supporting a sign, at the intersection, which sign may be illuminated, advertising only the brand of gasoline on sale and which may extend beyond the building line for a distance of not more than 4 feet; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bul-

MINUTES

letin; laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Washington Avenue are in a business use, B area, class 1½ height district; East 175th Street and Cross Bronx Expressway are in business and unrestricted use, B area, class 1½ height districts; Park Avenue is in an unrestricted use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 12, 1957 acting on N. B. Applic. No. 897-57, reads:

"1. Proposed gasoline service station, car wash, lubritorium, sale of accessories, office, parking & storage of more than 5 motor vehicles, auto repairs with hand tools is contrary to Art. II Sec. 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 90.72 feet frontage by 78.81 feet in depth, upon which is located a small gasoline service station, lubritorium, office and sales; that it is proposed to demolish the entire structures on the site and erect a new service station of a more modern nature; and

WHEREAS, the applicant states that the frontage on Washington Avenue is 67.93 feet due to the Cross Bronx Expressway taking a corner of the property as shown on plot plan; that there is also an old frame dwelling on the south portion of the plot; and

WHEREAS, the applicant contends that the Cross Bronx Expressway will be elevated at the portion passing the subject site and only a street level service roadway will front the property on the south; that the greater part of business for the station is mostly local and dependence on business from the highway is nil as same is overhead where it passes the subject property; that the rehabilitation of this station will be an improvement over old conditions; and

WHEREAS, the applicant states that the present owner has held title to the property since June 10, 1949; that the assessed valuation of land is \$19,500 and of the building \$8,500 making a total of \$28,000; that the building was erected in 1924; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f to permit for a term of fifteen years the existing gasoline service station to be reconstructed and arranged as indicated as proposed on plans filed with this application marked "Received August 23, 1957", 6 sheets and "March 27, 1958", 2 sheets, *on condition* that all existing uses now on the premises not proposed to be retained shall be removed and the premises shall be reconstructed and arranged as indicated on such plans above cited; that the accessory building shall be of the design and arrangement as shown, without cellar; that the toilet rooms shall be rearranged so as not to have the doors contiguous; that the building shall be faced on all sides with face brick; that the number of gasoline tanks shall not exceed twelve 550 gallon approved tanks; that the pumps shall be of a low approved type erected not nearer than 15 feet to the street building line; that where not occupied by the accessory building and pumps the premises shall be paved with concrete or asphaltic pavement; that on the rear lot line where walls of the proposed accessory building do not occur there shall be erected a woven wire fence of the chain link type on a masonry base not less than five feet six inches in height; that curb cuts shall be re-

stricted to two curb cuts to Washington Avenue each 20 feet in width and two curb cuts to East 175th Street, where shown, 24 feet in width and one to Cross Bronx Expressway 24 feet in width, with no portion of any curb cut nearer than five feet to a side lot line as prolonged; that at the two intersections there shall be erected a block of concrete extending for a distance of not less than five feet along either building line and not less than twelve inches in height; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection of a post standard at the intersection of Washington Avenue and East 175th Street for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend over the street building line for a distance of not more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be minor repairs with hand tools only for adjustments, maintained solely within the accessory building; that under Section 7e for a similar term there may be parking of motor vehicles on such portions of the premises as will not interfere with the servicing of the station; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

715-57-BZ

APPLICANT—Albert Melniker, for Harry and Edward Risch, owners.

SUBJECT—Application October 3, 1957—decision of the Borough Superintendent, under section 7A, 7c, 7f and 7i of the Zoning Resolution, to permit in a retail and residence use district, the rehabilitation of an existing gasoline service station and motor vehicle repair shop and the extension of the uses to include sale of accessories, office and parking and storage of more than five (5) motor vehicles to the adjacent lot with business entrances and exits within 75 feet of the residence use district.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 18, 1958 after due notice by publication in the Bulletin; laid over for inspection and decision; date to be set; hearing closed; now set for June 24, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Littlefield Avenue and Croton Street are in retail and residence use, D and E area, class 1 height districts; Hylan Boulevard is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated September 23, 1957 acting on Alt. Applic. No. 243-57, reads:

"1. The proposed alteration of the existing gas station to include a gasoline service station, motor vehicle repair shop, sale of accessories and parking for more than five motor vehicles, located in a retail and residence use district, is contrary to Article 2, Section 3 and Section 4 of the Zoning Resolution.

"2. The proposed business entrances and exits are contrary to Article 2, Section 7-A of the Zoning Resolution."

and

MINUTES

WHEREAS, the applicant states that the premises consist of a plot, 170.57 feet frontage by 106.66 feet in depth; that the existing gas station and motor vehicle repair shop was in use prior to June 12, 1925; that filings for this station were as follows: N.B. 1103-25; Alt. Applic. 266-30; N.B. 221-32; E.S. 1208-32; G.S. 141-38; E.S. 15-46; that the property adjacent to the gas station is a parking lot for motor vehicles as approved under Alt. Applic. 211-57; that it is proposed to rehabilitate the existing gasoline service station and motor vehicle repair shop and extend this use to the adjacent lot; and

WHEREAS, the applicant states that present office facilities are inadequate and present repair facilities are small and not conveniently located to the gas station office; that present gas pumps and pump island project beyond the property line on Hylan Boulevard; that additional curb cuts are needed, additional signs are needed and pumps and pump islands are needed; and

WHEREAS, the applicant contends that due to the fact that Hylan Boulevard is the major north-south artery along the eastern shore of Staten Island and carries a tremendous amount of automobile and truck traffic, and due to the fact that the growth of the immediate area has created a need for more and better automotive service facilities, it is essential that this station be altered and contain those motor facilities as shown on drawings submitted with this application; that this station is a State Motor Vehicle Inspection Station; that the station is a Sunoco gas service station and motor vehicle repair shop operated by a father and son; that this station, which is their livelihood, is in such physical condition as to handicap them both in working conditions and in their ability to operate property and profitably; and

WHEREAS, the applicant states that the present owners have held title to the property since July 2, 1952 and October 19, 1954; that the assessed valuation of land is \$6,300 and of the building \$2,300 making a total of \$8,600; that the building was erected June 10, 1955; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the reconstruction of the existing gasoline service station and motor vehicle repair shop as proposed and as indicated on plans filed with this application marked, "Received October 3, 1957", 4 sheets, and "March 24, 1958", 3 sheets, *on condition* that the reconstruction and rearrangement shall be in accordance with such plans; that the pumps shall be of an approved type, located not nearer than 15 feet to the street building line; that the premises, where not occupied by the accessory building, shall be paved with concrete or asphaltic pavement; that the number of gasoline storage tanks shall not exceed 12 such tanks; that on the lot line there shall be constructed and maintained a woven wire fence of the chain link type on a masonry base to a total height of 5 feet, 6 inches; that curb cuts shall be restricted to two to Hylan Boulevard not over 30 feet in width each, one of similar width to Croton Street and one of similar width to Littlefield Avenue, where shown; that until the City of New York acquires the portion of the premises for the widening of the streets, such space may be occupied for crossing to the gasoline station from such streets, but no building or equipment shall be placed thereon; that the sidewalk and curb of the abutting premises shall be constructed or repaired to the satisfaction of the Borough President; that under Section 7i of the Zoning Resolution there may be permitted minor repairing for adjustments solely within the accessory building; that under Section 7c there may also be parking and storage of motor vehicles carried on in such portions of the premises as will not interfere with the servicing of the station; that signs

shall be restricted to permanent signs attached to the facade of the accessory building facing Hylan Boulevard excluding all roof signs, all temporary signs and advertising devices, but permitting the erection within the building line at the corner of Littlefield Avenue of one post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Hylan Boulevard for a distance of not more than 4 feet; that in all other respects the building and occupancy shall comply with all laws and rules applicable thereto and the resolution adopted this day under calendar number 190-58A; and that all permits shall be obtained and work completed under Section 22A of the Zoning Resolution.

190-58-A

APPLICANT—Albert Melniker, for Harry and Edward Risch, owners.

SUBJECT—Application March 24, 1958—filed pursuant to Section 35, General City Law re curb cuts in bed of mapped street—Littlefield Avenue and Groton Street.

PREMISES AFFECTED—4244-4288 Hylan Boulevard, 94-102 Groton Street, southeast corner and 93-101 Littlefield Avenue, Block 5317, Lot 5, Eltingville, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 18, 1958, on Alt. Applic. 243/57 reads:

"(3) The proposed curb cuts on Groton St. and Littlefield Ave., located in bed of mapped streets, are contrary to Article 3, Section 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consists of a lot 170.57 feet front by 106.66 feet in depth, located in a residence and retail use D and E area, class 1 height district, upon which there exists a 1 story building, 15 feet in height, 40 feet front by 18 feet in depth, of class 3 and 4 construction, a 1 story building, 10 feet in height, 18.33 feet front by 18.10 feet in depth, of class 4 and 5 construction, and a 1 story building, 10 feet in height, 8.10 feet front by 12.10 feet in depth, of class 5 construction, and the premises are now used and occupied as masonry garage (motor vehicle repair shop) a rest room and comfort station accessory to a gas station on the same block, a sign and three 550 gallon gasoline storage tank; that it is now proposed to demolish the existing structure and to erect thereon a 1 story 15 foot high, class 3 and 4 constructed building, 45 feet 8 inches front by 78 feet 2 inches in depth, and to occupy the premises with a gasoline service station, motor vehicle repair shop, sale of accessories, parking of more than 5 motor vehicles; and

WHEREAS, the applicant states that permission is sought to alter and rehabilitate existing gasoline service station and to use the premises as a gasoline service station, motor vehicle repair shop, sale of accessories and parking for more than 5 motor vehicles; that existing and proposed curb cuts fall in the bed of a mapped street of Littlefield Avenue and Groton Street; that request is therefore made for the approval of the Board in order to permit the installation of curb cuts, sidewalks and paving of the portion of the property within the bed of the streets as mapped for widening of Groton Street and Littlefield Avenue, all as indicated on plans filed with application for zoning variance under Calendar Number 715-57-BZ; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

MINUTES

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 243/57, Objection No. 3, be and it hereby is *modified* under the power vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted on condition*, that the requirements of the resolution adopted this day under Cal. No. 715-57-BZ shall be complied with that in the event of the taking by the city of certain portions of the premises as mapped for the widening of Groton Street and Littlefield Avenue, the compensation therefore shall be in accordance with the determination of the court; and that in all other respects the resolution above cited shall be complied with as to the use of these premises.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Soundview Avenue are in a restricted retail use, D area, class $\frac{1}{2}$ height district; Commonwealth Avenue and St. Lawrence Avenue are in restricted retail and residence use, D area, class $\frac{1}{2}$ height districts; Seward Avenue is in a residence use, D area, class $\frac{1}{2}$ height district; that on July 25, 1916 the premises was in a business use, C area, class $1\frac{1}{4}$ height district; that the use district was changed from business to restricted retail on August 26, 1945; the height district was changed from class $1\frac{1}{4}$ to 1 on December 2, 1952 and from class 1 to $\frac{1}{2}$ on September 23, 1954; that the area district was changed from C to D on November 28, 1938; and

WHEREAS, the decision of the Borough Superintendent, dated September 25, 1957 acting on N. B. Applic. No. 1100-57, reads:

"1. In a restricted retail district the proposed gasoline service station, lubritorium, minor repairs, car washing, office, sales & parking of motor vehicles awaiting service is contrary to Section 4-B of Art. II and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 220.85 feet frontage by 100 feet in depth, irregular, presently vacant; that it is proposed to erect a modern gasoline service station with lubritorium, motor vehicle repair shop using hand tools only, non-automatic car wash, office and sales; and

WHEREAS, the applicant states that the owner of record is the New York Lien Corp., Harry Heiman, Inc., an interlocking corporation, is the holder of a one half interest under an unrecorded deed and is authorized by the other corporation to make this application; that the owner of these prem-

ises is also the owner of the vacant property to the rear, fronting on Commonwealth Avenue, proposed to be developed with residence uses; that the premises consist of a large, irregular, vacant tract of land approximately 22,000 square feet in area and adjoins another large irregular vacant tract of land under the same ownership, consisting of approximately 30,000 square feet; that the owner of the premises under consideration is the largest single property owner within this tax block; that these two tracts front on Commonwealth Avenue, Soundview Avenue and St. Lawrence Avenue and the owner has subdivided his property so that the entire frontage along Commonwealth Avenue of 366 feet by approximately 100 feet in depth, is not part of the premises proposed to be developed with the gasoline service station uses; and

WHEREAS, the applicant contends that there is no economic demand for development of the subject premises with a use conforming in a restricted retail use district; that the Zoning Resolution will permit the development of these premises with various types of retail store uses; that a study of the area indicates that the existing retail store facilities more than adequately provide the needs of this community; that there are some stores on Commonwealth Avenue at the intersection of Lafayette Avenue which give the appearance of barely being able to be maintained; that there has been no newly developed residences within the affected area to justify any additional retail facilities; that this area was developed principally during the 1920's and 1930's; that subsequent to the war there has been no new development within the affected area even though there are large tracts of vacant land; that all the frontage is vacant along both sides of Soundview Avenue within the affected area, a distance of 400 feet to the north and south of the site, except for the stores at Block 3595, Lot 35; that there is no economic demand for development with any residential uses; that this same owner also owns the large vacant tract adjoining the site and designated at Lot 34, Block 3596; that this adjoining vacant tract fronts on Commonwealth Avenue and was severed from the subject premises purposefully to allow for possible future residential development; that in view of this fact, this owner has more than 14 lots that can be created and developed with residences along Commonwealth Avenue; and

WHEREAS, the applicant further contends that there is an economic demand for development of the premises with a gasoline service station; that in recent years there has been considerable development southeast of this area with Government financed and public housing; the Soundview Avenue is becoming a heavily trafficked thoroughfare leading to Bruckner Boulevard; that there is no land within the affected area, nor in the general neighborhood, which is suitably zoned to provide the necessary gas station facilities; that a grant of the variance will not adversely affect any of the surrounding property owner; that the large vacant tract adjoining the site is under the same ownership and this acts as a buffer against any effect the proposed use could have on property fronting on Commonwealth Avenue; that the high cost and value of this adjoining vacant property would stop the owner from any use of the site which would adversely affect the adjoining land; that the property opposite the site on Commonwealth Avenue is vacant and unimproved and owned by The City of New York, and the property to the north and south of the site is also vacant; that it is proposed to erect a masonry wall five feet six inches in height along the south lot line of the site and along the west lot line of the site adjoining property under other ownership; that this masonry wall will prevent any adverse effect on these adjoining properties which front on streets other than those on which the sites front; that the proposed development of the premises will be the first new development along Commonwealth Avenue in this area; that it will add improved property to the City's tax rolls in an area where many of the lots are held by The City, In Rem, for non-payment of taxes; and

WHEREAS, the applicant states that the present owner has

MINUTES

held title to the property since October 19, 1956 and that the assessed valuation of land is \$16,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition and that the church under construction on adjacent plot has filed no objection; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and lawful uses accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received October 25, 1957", 4 sheets, and "April 3, 1958", one sheet, *on condition* that all uses now on the premises shall be removed and the premises shall be graded substantially to the grade of the abutting streets and shall be constructed and arranged as indicated on plans above cited; that the accessory building shall be of the design and arrangement and location as shown, without cellar and otherwise complying with the requirements of the Building Code; that the toilet rooms shall be so arranged as to have the doors not contiguous; that the building shall be faced on all sides with face brick; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line, as shown; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that there shall be erected a masonry wall toward the south on the side lot line returning on the rear lot line to the accessory building and continuing as shown and a woven wire fence of the chain link type to the street building line of Soundview Avenue with suitable terminating posts; that the premises, where not occupied by the accessory building and pumps, shall be paved with asphaltic pavement or concrete; that curb cuts shall be restricted to two curb cuts to St. Lawrence Avenue, as shown, each 30 feet in width and three additional curb cuts of the same width to Soundview Avenue, where shown; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs and advertising devices but permitting the erection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line of Soundview Avenue, where shown, for a distance of not more than four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e there may be parking of cars of the pleasure car type only awaiting service and on such portions of the premises as will not interfere with the servicing of the station; that under Section 7i there may be minor repairs with hand tools only maintained solely within the accessory building for adjustments; that the sidewalk and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

797-57-BZ

APPLICANT—S. T. Kieley, for The New York and Harlem Railroad Co., owner; New York Central Railroad, lessee.

SUBJECT—Application October 28, 1957—decision of the Borough Superintendent, under sections 7g and 21 of the Zoning Resolution, to permit in a restricted retail use district, use of a portion of the premises for a parking space for more than five (5) motor vehicles.

PREMISES AFFECTED—70 East 45th Street, south side, 344 feet 4 inches east of Vanderbilt Avenue, Block 1280, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: John Holden.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 45th Street, East 42nd Street and Vanderbilt Avenue are in a restricted retail use; and

WHEREAS, the decision of the Borough Superintendent, dated October 15, 1957 acting on amendment to Alt. Applic. No. 1591-56, reads:

"1. Storage or parking of more than 5 motor vehicles in a Restricted Retail Use District is not permitted. Article II Section 4B, 4(a) (15) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 394.33 feet frontage by 400 feet in depth, presently utilized for the parking of vehicles engaged in the loading and unloading of baggage, and for the use of persons doing business with The New York Central Railroad Company; that it is proposed to use a portion of the premises for a parking space for more than five vehicles, on a commercial basis; and

WHEREAS, the applicant contends that the use of this parking space would serve rather than hinder the public health, welfare and safety and provide for an orderly regulation of additional off street parking in the Grand Central area; that the advantages and necessity of off street parking in this area are self evident and it would also serve the owner as a means of deriving some slight revenue from the property; that it would work an unnecessary hardship upon the applicant to deprive it of the only profitable use to which these premises can be put and would unreasonably interfere with the conduct of business; that in view of the recent efforts of the various departments and agencies of The City of New York to relieve congestion of the streets by furnishing off street parking facilities, the proposed use of the premises in question would confer a benefit upon the community at large; and

WHEREAS, the applicant states that the present owner has held title to the property since 1835; that the assessed valuation of land is \$21,950,000 and of the building \$13,050,000 a total of \$35,000,000; that the building was erected in 1913; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision g of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7g for a term of five years to permit the storing of cars within the building near entrance to 45th Street substantially as proposed and as indicated on plans filed with this application marked "Received October 28, 1957", 4 sheets, *on condition* that the space within the building from the building line to be used for parking as proposed, shall not exceed seventy feet on either side of the passageway by twenty feet to a one car depth; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct;

MINUTES

that signs shall be restricted to a permanent sign attached to the building adjacent to the parking area advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

847-57-BZ

APPLICANT—Charles M. Spindler, for Charles A. Koligian, owner.

SUBJECT—Application November 21, 1957—decision of the Borough Superintendent, under sections 7e, 7f, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubrication, auto washing—non automatic, office, sale of accessories, minor repairs with hand tools only with a show window and business sign within 75 feet of a residence use district for a temporary term of fifteen (15) years.

PREMISES AFFECTED—1215-1225 Rogers Avenue and 2701-2709 Newkirk Avenue, northeast corner, Block 5214, Lot 25, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: F. I. Abeit.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and

Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 20, 1958 after due notice by publication in the Bulletin; laid over to June 17, 1958, for inspection and decision; hearing closed; then to June 24, 1958, at the request of the applicant to file revised plans and consents; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Rogers Avenue are in a retail use, C area, class 1¼ height district; Newkirk Avenue is in retail and residence use, C area, class 1¼ height districts; East 28th Street is in local retail and residence use, C area, class 1¼ height districts; Avenue D is in retail and local retail use, C area, class 1¼ height districts; that as of July 25, 1916 the property was zoned as a business district and the present retail designation became effective on May 23, 1957; that the height and area designations have not been changed since July 25, 1916 and there are no pending zoning amendments relating to this property at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 4, 1958 acting on N.B. Applic. No. 1460-57, reads:

"1. Proposed building and premises in a retail zone, to be used for gasoline service station, lubrication, auto washing (non-automatic), office, sale of accessories, minor repairs with hand tools only is contrary to Art. II, PP. 4-A of the Zoning Resolution.

"2. Proposed show window and sign within 75 feet of a Residence Zone in a transition from non-residential to residential use zone is contrary to Art. II, PP. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 102 feet 6 inches frontage by 100 feet in depth, presently occupied as a parking lot, and there are also two dwellings, not in good condition, which are to be demolished; that it is proposed to develop the site with a modern gasoline service station; that the building will be located 12 feet from the east lot line; that the area between the building and the east lot line will be a seeded and shrubbed area, which area will extend along the Newkirk Avenue frontage for approximately 75 feet; that there will be erected a five foot high woven wire fence set on a six foot concrete base

to a total height of five feet six inches, along the north lot line from the service station building forward to where it meets the adjoining masonry store building on Rogers Avenue, and also along the easterly lot line to the Newkirk Avenue building line; that along the Newkirk Avenue building line it is proposed to erect a three foot six inch high iron picket fence on a two foot high brick base to a total height of five feet six inches; that the seeded and shrubbed area will be protected by a six inch by eight inch concrete curb; that pumps will be set back a minimum of fifteen feet from the Rogers Avenue building line—there will be no pumps on the Newkirk Avenue side of the plot; and

WHEREAS, the applicant contends that Rogers Avenue terminates at Flatbush Avenue and from this point, going north along Rogers Avenue, there are no gas stations, but there are automotive uses on Rogers Avenue in practically all of the blocks from Flatbush Avenue north to the site; that there is a public garage, consisting of a series of individual garages, in Block 5214, Lot 71 and another series of similar garages in Block 5213, Lot 48; that there is a motor vehicle repair shop and machine shop in Block 5213, Lot 13; that there are few retail stores in the immediate vicinity of the site; that most of the stores in the vicinity are of a service type of use including plumbing and heating supplies, roofing and tinsmith supplies, floor repairing, upholstering, printing shop, air conditioning repairing, office for paving contractor, laundry, ink manufacturing, carpenter shop, etc.; that these uses indicate that there would be no economic reason to develop the site with a store parcel; that the rentals from the service uses above enumerated are such that no prudent investor would attempt to develop the site for a store or business use; that the neighborhood is served by the large shopping area along Flatbush Avenue and Nostrand Avenue and there would be no demand for a consumer type of store on the site; and

WHEREAS, the applicant states that the present owner has held title to the property since February 1, 1952; that the assessed valuation of land is \$13,000 and of the building \$10,500 making a total of \$23,500; that the building was erected in 1906; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e, f, i and A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. No. 1460/57, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

879-57-BZ

APPLICANT—Ludwig P. Bono, for E. John Dolan, M.D., owner.

SUBJECT—Application December 9, 1957—decision of the Borough Superintendent, under section 7d and 7h of the Zoning Resolution, to permit in a residence use district, the erection of a two story and cellar building to be used as medical offices for a group of doctors with parking of more than five (5) motor vehicles, for doctors, patients and visitors on the unbuilt upon portion of the site.

PREMISES AFFECTED—1625 St. Peters Avenue, west side, 105.53 feet south of Maclay Avenue, Block 3994, Lots 36 and 39, Borough of The Bronx.

APPEARANCES—

For Applicant: Ludwig P. Bono.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and

Commissioner Sleeper: 5

Negative: 0

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, St. Peters Avenue, Seddon Street, Maclay Avenue and St. Raymond Avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 21, 1957, acting on N.B. Applic. No. 1263-57, reads:

"1. Proposed two story group medical center in a residential use district is contrary to Article II Sec. 3 of the Zoning Resolutions. Further examination is held in abeyance until the above objection is removed."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.02 feet frontage by 92.88 feet and 92.71 feet in depth; that it is proposed to erect a two story and cellar medical building for a group of doctors headed by the owner, who is the head surgeon at the adjacent hospital, and to use the side and rear yards for the parking of more than five passenger cars for the use of doctors, patients and visitors as an appurtenance to the medical building; that these doctors are all staff surgeons and formerly owners of the Westchester Square Hospital and have their offices scattered throughout The Bronx in congested areas where parking facilities and traffic activity have become unbearable for patients and doctors alike; and

WHEREAS, the applicant states that in the last few years a gravitation towards centralization of medical facilities has taken place in his area, a fact further recognized by the City, which erected a nearby health center on the corner of Glebe Avenue and Overing Street; that the Westchester Square Hospital which has now about 500 staff physicians obtained a variance from the Board on September 14, 1948 under Cal. No. 358-48-BZ, to permit a three story addition to cope with the increasing requests for accommodations; that present facilities are not adequate and it is likely that a new extension will be necessary in the near future; and

WHEREAS, the applicant contends that if the Board would grant the additional story for the contemplated structure, it would not only permit a more centralized and efficient operation of this hospital, but would benefit patients by a reduction of traveling time on the part of the Doctors; that a one story building, probably advisable in rural areas, would not be financially feasible in the City where land is expensive and office rental must be maintained reasonably low to compare with available rates; that the second story of the proposed structure will not adversely affect the adjacent three story dwelling in regard to light and ventilation on account of the driveway separation and particularly because of the stair and commercial use of the first floor of the dwelling structure; and

WHEREAS, the applicant further contends that this area contains a predominant number of old frame dwellings and a considerable amount of vacant lots; that the few brick dwellings constructed in the past have not redeemed this area enough to create any incentive for new low cost development, and some of the old frame structures have not been maintained sufficiently to overcome the impression of abandonment and stagnation; that within the affected area there are commercial occupancies such as a store on lot 35 on the north lot line of premises; grocery store—block 4000, lot 9, directly in front of premises; bar and grill—block 3979, lot 70, directly in front of hospital; moving vans and storage warehouse—block 3986, lots 1 and 5; luncheonette—block 3986, lot 9; that in the area within the 500 feet radius and immediate periphery are other commercial uses such as funeral parlor in block 3993, lot 9; store and luncheonette—block 3992, lot 9 and stores in block 3992, lot 4; that aside from the existing hospital, the only redeeming structure in the neighborhood is the recently built Library and Health Center on block 3986, lot 34, of imposing contemporary design; that the proposed medical building will enhance the

area by adding a clean functional structure of dignified simplicity not any higher than all the other buildings; and

WHEREAS, the applicant also contends that this group of doctors known as the University Group, is now inconveniently and distantly located in Fordham Road and University Avenue sections in the West Bronx; that they need the additional second story to accommodate their members and to reduce investment risks in this unequalled period of high construction cost; that a variance will be beneficial to sick and injured people and ultimately render a great public service; and

WHEREAS, the applicant states that the present owner has held title to the property since February 23, 1956; that the assessed valuation of land is \$12,000 and of the building \$225,000 making a total of \$237,000, and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions d and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7d and 7h, to permit the erection of the building for use as medical offices for a group of doctors as proposed and to permit on the open spaces the parking of vehicles of such occupants, as proposed and indicated on plans filed with this application, marked "Received Dec. 9, 1957", 4 sheets and "April 17, 1958", 1 sheet, *on condition* that the building may be two stories and cellar in height and shall comply with all requirements of the Building Code therefor; that the open area used for parking shall be leveled to the grade of the abutting streets and shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that on all lot lines where masonry buildings do not occur thereon, a woven wire fence on a masonry base not less than 5 feet 6 inches in height shall be erected; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

923-57-BZ

APPLICANT—Goldwater and Flynn, for Westchester Square Associated, owner.

SUBJECT—Application December 17, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking for more than five motor vehicles, the use for such purpose to be restricted to doctors and attendants at the hospital and for visitors and patients of the hospital; the lot will be used solely as an appurtenance to the hospital which is across the street.

PREMISES AFFECTED—2449-2451 St. Raymond Avenue, 1601-1649 Seddon Street, northwest corner and 2446-2448 Dorsey Avenue, Block 3992, Lots 32, 37 and 40, Borough of The Bronx.

APPEARANCES—

For Applicant: Richard M. Flynn and Ludwig Bomo.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5

THE RESOLUTION— 0

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Seddon Street, Dorsey Street, St. Raymond Avenue and Zerega Avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent,

MINUTES

dated December 13, 1957 acting on Alt. Applic. No. 998-57, reads:

"1. Proposed parking of more than five motor vehicles in a residence use district is contrary to Art. II Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 190.24 feet frontage by 63.8 feet and 67.02 feet in depth; that it is proposed to use the plot in question for the parking of more than five motor vehicles, the use to be restricted to doctors and attendants at the hospital and also for visitors and patients; that it is proposed to use this lot solely as an appurtenance to the hospital, which is across the street; that the lot will be properly graded and surfaced; and

WHEREAS, the applicant further states that this application relates to a plot owned by Westchester Square Associates, which owns and operates the Westchester Square Hospital; that the hospital has accommodations for 248 patients with 500 staff physicians with a substantial number of nurses and others employed by the hospital; that with parking conditions as they are today, it has become a very serious problem to find such accommodations for motor vehicles belonging to doctors, nurses and other members of the hospital staff; and

WHEREAS, the applicant contends that the creation of this parking space will substantially eliminate the necessity of parking cars in the streets in the area and thereby ease the flow of traffic and will be of great benefit to the hospital staff; and

WHEREAS, the applicant states that the present owner has held title to the property since October 1, 1956 and that the assessed valuation of land is \$9,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of 5 years to permit the premises to be occupied for the parking of motor vehicles substantially as proposed and as indicated on plans filed with this application marked "Received December 17, 1957", 2 sheets, and "April 16, 1958", one sheet, *on condition* that there shall be erected on all lot lines a woven wire fence of the chain link type on a masonry base not less than five feet six inches in total height; that all existing fences and uses shall be removed from the premises; that in such fence there may be openings fitted with gates as shown, one to St. Raymond Avenue and one to Dorsey Street, each not over ten feet in width with curb cuts opposite of similar width; that the plot shall be leveled substantially to the grade of the abutting streets and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that the use of the premises shall be only as proposed, limited to doctors and attendants of the hospital and visitors and patients and there shall be no fee charged; that the gates shall be kept closed when the lot is not in use; that signs stating such use may be constructed and maintained at the entrances, attached to the fence provided such signs do not exceed five square feet each and are not illuminated and do not extend over the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

939-57-BZ

APPLICANT—Harry A. Yarish, for Charles Krebs, owner; Solomon Schneider, lessee.

SUBJECT—Application December 19, 1957—decision of the Borough Superintendent, under section 21 of the

Zoning Resolution, to permit in an E-1 area district, the continuance of an existing one-story building for use as a diner, that encroaches on the required rear yard.

PREMISES AFFECTED—248-18 Sunrise Highway, south side, 89.22 feet and 111.57 feet east of Hook Creek Boulevard, Block 13623, Lot 19, Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: Harry A. Yarish.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 29, 1958 after due notice by publication in the Bulletin; laid over to May 27, 1958, for inspection and decision; hearing closed; then to June 17, 1958, applicant to submit revised plans, as to walls and bumpers; then to June 24, 1958, for applicant to consult with owner as to meeting requirements the Board has suggested as against what applicant has proposed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Sunrise Highway and Hook Creek Boulevard are in a local retail use, E-1 area, class 1½ height district; 249th Street is in local retail and residence use, E-1 area, class 1½ height districts; that in 1916 the premises was zoned for business use, D area and a one times height; that on January 21, 1947 the area was changed to E-1 and the height was changed to 1½ times, and on February 23, 1956 the use was changed to local retail; and

WHEREAS, the decision of the Borough Superintendent, dated November 22, 1957 acting on N.B. Applic. No. 3215-56, reads:

"1. The location of the building on the plot plan does not agree with approved plans and further in an E-1 area district the minimum distance to the street must be 15 feet and rear yard must be 15 feet and erected structure is therefore contrary to Art. IV, Sec. 15-A of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 139.20 feet frontage by 70.30 feet in depth; that on this plot there has been erected a one story metal diner with a one story brick extension, with a full cellar under the entire structure, being 56 feet wide and 33 feet and 35 feet deep; that the depth of the yard is ten feet on one side and eight feet on the other side, making it an average depth of 8.16 feet; that the depth of the yard is based on the premise that Section 19b permits a fireproof stairway and Section 17c permits a chimney to encroach on the required yard area; and

WHEREAS, the applicant states that instead of an allowable occupied area of 40% of the plot, the building only occupies 21.7% of the plot; that instead of a setback of 15 feet from the building line, the building is set back 27 feet 5 inches, and instead of a required side yard 5 feet wide, the side yard is 15 feet wide; that the rear yard is deficient as to the required depth of fifteen feet that the building was erected as hereinabove described and as shown on a survey, copy of which is submitted with this application; that the present lessee, who is completely ignorant of building laws and construction and was at work in a Brooklyn restaurant while the building was under construction; that the contractor convinced the said lessee, and with his consent, erected the building in its present position instead of as shown on plans because he thought it would look much better; that when the building was completed, a re-survey was filed in the Building Department, as an amendment; that when this amendment was denied, it was then, for the first time, that the error was discovered and came to the attention of the architect; that the lessee occupies this diner under a twenty-one year lease and has his life savings in this building, which costs \$150,000; that to deny this application would ruin him mentally as well as financially; and

MINUTES

WHEREAS, the applicant contends that the occupied area is about half of the permitted occupied area; that the average depth of the yard is eight feet two inches instead of ten feet, open at both ends to the same plot, and may be reasonably accepted as being adequate; that there have been no complaints from adjoining neighbors; that an honest error has been made and overlooked by all concerned and that it may be reasonably accepted as a good condition in harmony with its general purpose and intent, so that the public health, safety and general welfare will be secured and substantial justice done; that in view of the above conditions and circumstances, it is submitted that there are practical difficulties and unnecessary hardships in the way of carrying out the strict letter of the applicable provisions of the Zoning Law; and

WHEREAS, the applicant states that the present owner has held title to the property since May 10, 1956; that the assessed valuation of land is \$30,700 and of the building \$27,000 making a total of \$57,700; that the building was erected in 1957; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application under certain conditions assigned to protect as far as possible the abutting owner at the rear; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 *on condition* that at the rear and extending for a distance of 10 feet along the side lot line there shall be erected on the retaining walls a brick masonry wall properly coped for a total height of not less than 3 feet, 6 inches above the grade of the site; that there shall be constructed at the side of the diner a garbage enclosure of masonry fitted with doors on the side and top as shown for housing two garbage cans as proposed with contents chemically treated so as to stop all odors therefrom, that the building and occupancy shall comply in all other respects with all laws, rules and regulations applicable thereto; that the work shall be done substantially as required by this resolution, amending the work as shown on plans filed with this application, marked "Received December 19, 1957", 4 sheets and "June 9, 1958", 2 sheets; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

993-57-BZ

APPLICANT—Charles A. Buckley, Jr., for Pennsylvania Exchange Bank, owner.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under sections 7f, 7i and 7A of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, office, sales, storage room, lubritorium, auto wash, minor auto repairs and the parking and storage of more than five (5) motor vehicles with business entrances and show windows within 75 feet of the residence use district.

PREMISES AFFECTED—4728-4736 White Plains Road, and 701-707 St. Ouens Street, northeast corner, Block 5113, Lot 21, Borough of The Bronx.

APPEARANCES—

For Applicant: Maurice J. Schulkind.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper: 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and White Plains Road are in a business use, C area, class 1 height district; Penfield Street and St. Ouens Street are in business and residence use, C area, class 1 height districts; Barnes Avenue is in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 17, 1957 acting on N.B. Applic. No. 863-53, reads:

"1. In a business district the proposed gasoline service station, offices, sales, storage room, lubritorium, auto wash and minor auto repair and parking and storage of more than 5 motor vehicles is contrary to Sect. 4 Art. II of the Zoning Resolution.

"2. The location of the entrances and show windows within 75 feet from the residence district is contrary to Sect. 7A Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 91.70 feet frontage by 93.52 feet in depth; that it is proposed to construct a modern gasoline service station consisting of an accessory building, lubritorium, non-automatic car wash, minor repairs, storage and sale of auto accessories and accessory parking for more than five motor vehicles awaiting service; and

WHEREAS, the applicant states that White Plains Road is one of the most heavily trafficked north-south arteries in Bronx County and bears both heavy commercial and private traffic; that the elevated subway running along White Plains Road terminates approximately one block south of the proposed site and therefore this corner is a logical location for a service station as traffic is relieved of the necessity of cutting between the El pillars supporting the subway; that White Plains Road is chiefly commercial in nature and due to the present large number of vacant retail establishments in the area, it appears unlikely that the site would be utilized for any other purpose than a gas station; that the property was previously used as a used car sales lot, but the business had to be abandoned; that there is a Church located approximately one block north of the site on White Plains Road and a letter has been obtained from the Pastor stating that he felt there was no objection to the use proposed herein; and

WHEREAS, the applicant states that the present owner has held title to the property since February 20, 1957; that the assessed valuation of land is \$33,200 and of the building \$3,800 making a total of \$37,000; that the building was erected in December, 1953; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted on conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, i and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years to permit the premises to be occupied as proposed as a gasoline service station and legal uses accessory thereto, substantially as proposed and indicated on plans filed with this application, marked "Received December 30, 1957," 4 sheets, "April 30, 1958," 1 sheet, and "June 11, 1958," 3 sheets, *on condition* that all buildings and uses shall be removed and the premises constructed and arranged as indicated on such revised plans, marked "Received June 11, 1958," that the accessory building shall be of the design and arrangement indicated, including car-wash and located where shown, faced on all sides with face brick and be without

MINUTES

cellar; that doors to toilet rooms shall be arranged so as not to be contiguous; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line; that the number of gasoline tanks shall not exceed twelve 550 gallon approved tanks; that the premises where not occupied by accessory building or pumps shall be paved with concrete or asphalt; that on the lot lines from the accessory building northerly and westerly to White Plains Road and from accessory building to St. Ouens Street there shall be erected a masonry wall not less than 5 feet, 6 inches in height, properly coped; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be minor repairs for a similar term for adjustments only with hand tools, maintained solely within the accessory building; that under Section 7e for a similar term there may be parking and storage of motor vehicles so arranged as not to interfere with the servicing of the station; that under Section 7A, business entrances and show windows may be permitted as indicated, provided same are as required by this resolution; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs, temporary signs and advertising devices, but permitting the erection within the intersection of White Plains Road and St. Ouens Street, of a post standard to support a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend over the building line at right angles to White Plains Road not over 4 feet; that at such intersection there shall be constructed a block of concrete not less than 12 inches in height, extending for not less than 5 feet in either direction from the intersection; that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

994-57-BZ

APPLICANT—Charles A. Buckley, Jr., for Frank Infuso and Henry Infuso, owners.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the use of the vacant lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—1627-1631 Undercliff Avenue west side, 349.8 feet south of West 176th Street, Block 2880, Lot 129, Borough of The Bronx.

APPEARANCES—

For Applicant: Maurice J. Schulkind.

For Opposition: Frank E. Lammero.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 176th Street, 175th Street, Undercliff Avenue and Sedgwick Avenue are in a residence use, B area, class 1½ height district; that there have been no changes in the zoning since 1916 and no application for a change is now pending; and

WHEREAS, the decision of the Borough Superintendent, dated December 23, 1957 acting on Alt. Applic. No. 1051-57, reads:

"1. In a residence district the proposed "Parking and storage of Motor Vehicles" is contrary to Art. II, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 125.99 feet and 123 feet in depth; and

WHEREAS, the applicant states that the plot has a frontage of approximately 75 feet on Undercliff Avenue; that present conditions in the neighborhood with respect to age of adjoining dwellings, make it unlikely that any structures will be erected herein in the near future; that the neighborhood is, however, congested for, though old frame private dwellings immediately adjoin the plot, the primary use of the surrounding area is for apartment house dwellings; that the parking is consequently very congested and the need for off street parking facilities is acute; and

WHEREAS, the applicant states that the present owners have held title to the property since January 29, 1957 and that the assessed valuation of land is \$7,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted under conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure-car type only, substantially as proposed and indicated on plans filed with this application, marked "Received December 30, 1957", 2 sheets, and "May 2, 1958", 1 sheet, on condition that all buildings and uses on the site shall be removed and the premises leveled substantially to the grade of Undercliff Avenue, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines, a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 feet, 6 inches, with no openings therein except one to Undercliff Avenue, not exceeding 15 feet in width which shall be equipped with gates and with curb cut opposite of similar width; that the sidewalk and curbing on the present part of the premises shall be constructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to one sign attached to the fence at the entrance, advertising the parking and storage use, rates charged and such other information as the Commissioner of Licenses may require; that such sign shall not exceed five square feet in area, not be illuminated or extend beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

6-58-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for J. Starr Parking Service, owner.

SUBJECT—Application January 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for more than five motor vehicles on a vacant parcel of land.

PREMISES AFFECTED—1039-1041 Boynton Avenue, west side, 300 feet south of Watson Avenue, Block 3714, Lot 48, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Jacob Starr.

For Opposition: None.

MINUTES

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed and to await decision by Planning Commission as to application for parking use on lot in rear of Elder Avenue, Block 3714, Lot 5; hearing on which was held June 4, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Elder Avenue and Bruckner Boulevard are in a residence use, D area, class 1 height district; Watson Avenue and Boynton Avenue are in a local retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 31, 1957 acting on Alt. Applic. No. 1169-57, reads:

"1. Parking & storage of more than five motor vehicles in a residence use district is contrary to Art. II, Sect. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth; and

WHEREAS, the applicant states that Boynton Avenue between Bruckner Boulevard and Watson Avenue has no vacant property except the site being applied for, and the corner of Bruckner Boulevard; that most apartment houses on this street on both sides are six stories high with a few four story ones; and

WHEREAS, the applicant contends that there are many requests by residents of these apartment houses for parking space as many of these people have very good cars and do not like leaving them in the street; that the lot is too small for the erection of an apartment house to be of sound economical investment at today's prices; that approval of this use is requested for a temporary period of years with any conditions which the Board may impose; and

WHEREAS, the applicant states that the present owner has held title to the property since September 9, 1957 and that the assessed valuation of land is \$6,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted subject to conditions to be imposed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h, for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure-car type only, *on condition* that all uses now on the premises shall be removed and the plot leveled substantially to the grade of Boynton Avenue, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type where walls of adjoining buildings do not occur on the lot lines, such fence shall be on a masonry base to a total height of not less than 5 feet, 6 inches, with no openings therein except one to Boynton Avenue with curb cut opposite not exceeding 12 feet in width; that the sidewalk and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that suitable bumpers not less than 2 feet 6 inches in height, shall be maintained against fences on all lot lines for protection thereof; that at the rear where the grade of adjoining premises, known as Lot #5, is below the level of this lot there shall be a retaining wall constructed on the lot line, at the expense of this owner; that in the event a retaining wall exists, such retaining wall may be used and extended in height as required, provided it is protected with a concrete bumper not less than

2 feet, 6 inches in height and located five feet away from such line; that signs shall be restricted to a permanent sign attached to the fence at the entrance, advertising the parking and storage use, the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed five square feet, shall not be illuminated or extend beyond the building line; that this lot shall at no time be used in conjunction with Lot 5 now before the City Planning Commission under CP 425 for consideration as a parking lot facing Elder Avenue; and that all permits required and all work completed within six months from the date of this resolution.

16-58-BZ

APPLICANT—Ervin Palmer, for Thomas J. McCahill, owner; National Parking System, Inc., lessee.

SUBJECT—Application January 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a retail and residence use district, the extension of the present parking lot from the retail portion into the residence portion of the plot.

PREMISES AFFECTED—443-447 3rd Avenue, east side, 19 feet, 9 inches south of East 31st Street and 206 East 31st Street, Block 911, Lot 64, Borough of Manhattan.

APPEARANCES—

For Applicant: Ervin Palmer.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and East 31st Street are in retail and residence use, B area, class 1½ height districts; Second Avenue, Third Avenue and East 30th Street are in a retail use, B area, class 1½ height district; that the use was business for the entire block until August 30, 1956 at which time it was changed to retail for 100 feet from Third Avenue and residence for the balance of the plot; that there has been no change in area or height; and

WHEREAS, the decision of the Borough Superintendent, dated January 7, 1958 acting on amendment to Alt. Applic. No. 1503-57, reads:

"1. Proposed extension of parking lot to residence use district is contrary to Art. II Section 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 59 feet 9 inches frontage by 120 feet in depth, presently used as a parking lot; that it is proposed to extend the parking lot to the already paved portion of the plot beyond the 100 foot distance from Third Avenue, about 20 feet by 99 feet in size, the provision of a 14 foot wide opening in the present fence on East 31st Street and one additional curb cut 15 feet wide plus splays on the East 31st Street side; and

WHEREAS, the applicant states that this property has been held by the present owner for more than forty years, and because he is not yet ready to build, he leased the plot for an undetermined term, with a short term cancellation clause; and

WHEREAS, the applicant further states that the portion of the plot approximately 100 feet in depth was prepared as a parking lot under Alt. Applic. No. 383-57 and is so occupied since September 11, 1957 under Certificate of Occupancy No. 47955; that the balance of 25 feet front by only 20 feet

MINUTES

width and 99 feet depth on East 31st Street, 100 feet beyond Third Avenue is in a residential zone and was fenced off separately and was left vacant, unused; that the lessee plans to remove the fence in order to park additional cars on this 20 foot strip of additional land, if permitted; that this application is filed for the purpose of applying to the Board to permit such additional portion of land to be occupied when cars come and apply for short term parking when there is no room for additional cars on the present plot; that the peak of business is only during the few mid-day hours and it is essential to accommodate as many cars as possible during these few hours; and

WHEREAS, the applicant contends that the immediate neighbors are old tenement houses with stores, a film studio, a telephone building and the like and it would therefore appear that no benefit can be derived for anyone to leave the twenty foot portion vacant and unused; and

WHEREAS, the applicant states that the present owner has held title to the property since 1917 and that the assessed valuation of land is \$75,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the parking use on the lot as permitted by the Borough Superintendent, for which Certificate of Occupancy No. 47955 has been issued, to be extended to include the additional plot as now proposed and as indicated on plans filed with this application marked "Received January 8, 1958," 2 sheets, *on condition* that such plot shall be levelled substantially to the grade of the abutting streets and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on the interior lot lines a woven wire fence of the chain link type not less than 5 feet 6 inches in height, with no openings therein except to the existing parking area and to East 31st Street with curb cut opposite not exceeding fifteen feet in width; that the fence now between the portion in the retail area and this additional plot may be removed so that the lots can be used together; that the sidewalk and curbing in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that no additional signs shall be constructed except there may be one sign attached to the fence on the building line stating the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licenses; that such sign shall not extend beyond the building line and shall not be illuminated; that the portions of the woven wire fence on the building line on either side of the proposed entrance shall be constructed with suitable terminating posts; that all the requirements of the permit as issued by the Borough Superintendent shall be complied with including fence on the street line of Third Avenue; that such portable fire-fighting appliances shall be maintained for the entire lot as shall be required by the Fire Commissioner; and that all permits shall be obtained and all work completed within six months from the date of this resolution.

38-58-BZ

APPLICANT—Julian Roth of Emery Roth and Sons, for Metropolitan Life Insurance Co., owner.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a 1½ and 2 times height district, to maintain the present 23 story building with 14 story tower above, making a total of 37 story and penthouse building, used as an office building, separate and apart

from the building on Block 1278, Lot 67, designated as 2-4 East 44th Street not in conformity with Board of Standards and Appeals resolution Cal. No. 741-27-BZ.

PREMISES AFFECTED—519-521 5th Avenue, northeast corner of East 43rd Street, Block 1278, Lot 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Julian Roth, Herman M. Glassner, Erwin Wolfson and Irwin Clavan.

For Opposition: None.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over for applicant to send out new notices by regular mail for hearing on June 3, 1958; then to June 10, 1958, for further consideration; then to June 17, 1958, because of the fact that the Corporation Council asked for time to render an opinion as to the adequacy of the agreement; then to June 24, 1958, pending receipt of report from the Corporation Counsel as to the agreement; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Fifth Avenue, Madison Avenue, East 43rd Street and East 44th Street are in a restricted retail use, B area, class 1½ and class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 20, 1957 acting on Alt. Applic. No. 996-57, reads:

"1. Proposed separation of 2-4 East 44th St. (Block 1278, Lot 67) from 519-521 Fifth Ave. (Block 1278, Lot 1) does not conform with B. S. & A. Resol. 741-27-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 104 feet frontage by 184 feet 4 inches in depth, occupied by a 37 story and penthouse office building; that it is proposed to obtain a new Certificate of Occupancy applicable to the building located on Lot 1 only—no structural changes involved; and

WHEREAS, the applicant states that Board of Standards and Appeals Resolution No. 741-1927-BZ provides, in part: Lot No. 67, Block 1278, with a frontage of 45 feet on 44th Street and a depth from the building line thereof of 96 feet 10 inches shall be maintained in conjunction with and as part and parcel of this plot; that at this site there is now a 37 story and penthouse office building; that above the 23rd floor level the tower area conforms with the Resolution of the Board under Cal. No. 741-27-BZ; that in order to construct this tower with an area of 5844 square feet, it was necessary to include Lot 67 of Block 1278 in the plot; that the computation for the tower area on Lot 1 is as follows:

Area of Lot 67	4,357 sq. ft.
Area of Lot 1	19,047 sq. ft.
Total	23,404 sq. ft.
Allowable tower area 25%.....	5,851 sq. ft.
Physical tower area	5,844 sq. ft.

and

WHEREAS, the applicant further states that another application has been filed with the Department of Buildings for premises 523-529 Fifth Avenue, 2-4 East 44th Street, as Alt. Applic. No. 512-57; that under the latter application it is proposed to extend the present 12 story office building located on Lot 69 of Block 1278 to 19 stories in height; that as part thereof, it proposes to extend the construction of this building to Lot 67—2-4 East 44th Street—of Block 1278, which construction will be of the same height with corresponding floors; that this horizontal extension will, in fact, contain the elevators and stairs for the altered build-

MINUTES

ing; that further reference is again made to Resolution under Cal. No. 741-27-BZ: "and this portion of the plot on 44th Street front" (Lot 67 on Block 1278) "shall be limited in height to the restrictions for this street front as provided in the zone resolution"; that under such resolution the tower area commenced at elevation plus 261.90 feet above the datum for Lot 1; that the construction on Lot 67 will extend only to elevation 260.69 feet above the datum for Lot No. 1, and there will be no increase in tower area contrary to the Board's Resolution under Cal. No. 741-27-BZ: that the appeal is to obtain a Certificate of Occupancy applicable solely to the building on Lot No. 1; that to protect the public health, safety and general welfare, a covenant will be entered into by the owners of the improvements on Plots 1, 67 and 69, running with the land, which will limit further construction on Lot 67 and Lot 69 to the heights and areas mentioned herein or as may be indicated on the drawings filed with this appeal; and

WHEREAS, the applicant states that the present owner has held title to the property since June 17, 1940; that the assessed valuation of land is \$3,250,000 and of the building \$4,500,000 making a total of \$7,750,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the approval of the Corporation Counsel has been obtained as to the agreement entered into by the parties hereto and such approval filed in the Office of the Register, New York County; and

WHEREAS, such agreement assures for all time the legality of the tower building with lot 67 as part of the plot to comply with the requirements of resolution adopted Calendar Number 741-27-BZ; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to height on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the height district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21, to permit the height of the proposed building on Block 1278, Lot 67, as indicated on plans filed with this application marked "Received March 18, 1958", 1 sheet, "April 24, 1958", 2 sheets, and "January 14, 1958", 1 sheet, *on condition* that a copy of the agreement filed herein shall be filed with the Borough Superintendent, as signed by the parties thereto, namely, Clarson Company, Metropolitan Life Insurance Company and Bankers Trust Company; that the building in all other respects shall comply with all laws, rules and regulations other than as may be modified by the Board under Calendar No. 39-58-BZ; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

41-58-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for Antonio Caraccio and John Del Vecchio, owners.

SUBJECT—Application February 5, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles on land to be cleared.

PREMISES AFFECTED—1365 Nelson Avenue, west side, 40 feet north of West 170th Street, Block 2521, Lot 35, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem and Victor Block.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution that the site and West 170th Street are in a residence use, B area, class 1¼ height district; Plimpton Avenue and Nelson Avenue are in residence and restricted retail use, B area, class 1¼ height districts; Edward L. Grant Highway is in a restricted retail use B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 16, 1958 acting on Alt. Applic. No. 1215-57, reads:

"1. In a residence use district the proposed parking and storage of motor vehicles is contrary to Sect. 3 Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 57 feet frontage by 160 feet in depth, on which is located a very old two story frame dwelling, with two families, also a very old stable and one story frame shed enclosed on all sides; that it is proposed to demolish all existing buildings and the lot is to be leveled and be properly graded; that the site will be paved with broken stone or cinders and finished off with a suitable binder; and

WHEREAS, the applicant states that the premises are exceptionally unsightly and present a real fire hazard; that the place has been used for years for motor vehicles; and

WHEREAS, the applicant contends that the plot will be used as a parking lot for the storage and parking of cars on a monthly basis with each tenant having a key to the lot; that the lot will be enclosed with a woven wire fence and suitable bumpers will be placed where required; that it is also proposed to provide a curb cut 14 feet in length; that alternate parking has been invoked; that the neighborhood is heavily congested with automobiles from all the surrounding apartment houses and parking space is at a premium in this area; and

WHEREAS, the applicant states that the present owners have held title to the property since November 1, 1956; that the assessed valuation of land is \$10,000 and of the building \$2,000 making a total of \$12,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted with conditions imposed; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h, for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles, as proposed and indicated on plans filed with this application, marked "Received February 5, 1958," 3 sheets, *on condition* that all buildings and uses now on the premises shall be removed and the site leveled substantially to the grade of Nelson Avenue, constructed and arranged as indicated on such plans; that retaining walls toward the rear, where necessary, shall be constructed or reconstructed at the expense of this owner and on such retaining walls on all lot lines there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet, 6 inches; that in such fence there may be an entrance to Nelson Avenue, not exceeding ten feet in width, fitted with gates and with curb cut opposite of similar width; that signs shall be restricted to one sign attached to the fence at the entrance, advertising the parking and storage use, the rates charged and such information as the Commissioner of Licenses may require; that such sign shall not exceed five square feet in area, not be illuminated or extend beyond

MINUTES

the building line; that the occupants of this lot shall have individual spaces assigned to them and shall be given a key for entrance, so that at all times the plot may be kept closed and gates opened only with a key; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

52-58-BZ

APPLICANT—John F. Fitzsimons, for Adolf Hoffman Iron Work, Inc., owner.

SUBJECT—Application February 11, 1958—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a local retail use, D area district, the erection of a one-story extension to an existing iron and steel works shop, the proposed extension to occupy more than the permitted area coverage.

PREMISES AFFECTED—127-02 Farmers Boulevard, and 129-24 to 129-34 Sidway Place, southeast corner, Block 12494, Lot 54, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and Herbert J. Clark.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper. 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Farmers Boulevard are in a local retail use, D area, class ½ height district; Merrick Boulevard is in local retail and retail use, D area, class ½ height districts; Sidway Place is in local retail and residence use, D and D-1 area, class ½ height districts; Eveleth Road is in retail and residence use, D and D-1 area, class ½ height districts; and

WHEREAS, the decision of the Borough Superintendent, dated January 29, 1958 acting on Alt. Applic. No. 41-58, reads:

"1. An additional extension to an iron & steel works building in a local retail use district is contrary to Art. II Sec. 4c of the Zoning Resolution.

2. Area of the altered building is in excess of permissible area in a D district. Sec. 14 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 104.92 feet frontage by 100 feet in depth, irregular; that it is proposed to add an extension—lavatory—of 171 square feet on the rear of the existing building and an extension—shop, crane, etc. of 4,968 square feet on lot 52, to the west of the existing building; that the coverage figures are as follows: lot 54—present, 4,290 square feet; permitted—3,676 square feet; lots 52 and 54—proposed, 9,329 square feet; permitted—6,872 square feet; and

WHEREAS, the applicant states that the existing building was erected under N.B. Applic. No. 305-46 and completed on September 20, 1946, at a time when the entire premises was in an unrestricted use; that Certificate of Occupancy No. Q-36282 permits the use of lot 54, block 12494—old lot 92 in block 12493—for iron and steel works, office and yard storage of steel and iron; that a metal roof has since been erected over the crane on the Farmers Boulevard frontage; that lot 52 was acquired from The City of New York in August 1949 after the zoning had been changed from unrestricted, but without actual knowledge of that fact; that it has since been used for the storage of iron and steel;

that lot 54 has an area of 5,320 square feet and lot 52 has an area of 5,811 square feet, for a total of 11,131 square feet; that the existing building, 3,170 square feet, covers 59½% of the original plot; that the covering over of the crane added 1,120 square feet; and

WHEREAS, the applicant contends that this request for a variance is necessitated by the natural growth of a business legally established at a time when the entire area was in an unrestricted use district; that the easterly side of Farmers Boulevard is zoned manufacturing; that within the same tax block are two gas stations and three motor vehicle repair shops; that the unnumbered lot fronting on Eveleth Road and marked "parking" is part of the bed of demapped Nutley Place; that to the west of the premises is a parking lot serving the one story brick store on lot 8, which parking lot, having a frontage of 125 feet on Sidway Place, separates the residences on Eveleth Road from the site; that on the north side of Sidway Place is a building housing "Brings Auto Parts", which fronts on Farmers Boulevard; that westerly of "Brings" is a storage yard for which a Certificate of Occupancy was issued in January 1957; that this property is owned by the Adolf Hoffman Iron Works, Inc.; that the owners are faced with the practical difficulty of taking care of their increasing business within the limits of their legal occupancy, and it cannot be done; that the general character of the neighborhood will not be adversely affected by the requested variance; and

WHEREAS, the applicant states that the present owner has held title to the property since August 1949 and March 1946; that the assessed valuation of land is \$7,300 and of the building \$23,700 making a total of \$31,000; that the building was erected in 1946; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 7e as to use and Section 21 as to extension of area, to permit the construction of the one-story building as proposed and as indicated, as an extension to the existing iron works on the adjoining Lot 54 substantially as proposed and as indicated on plans filed with this application marked "Received February 11, 1958", 5 sheets, and "May 5, 1958", one sheet, on condition that the building shall not be further increased in height or area than what is proposed; that in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

71-58-BZ

APPLICANT—Charles M. Spindler, for Helena E. M. Arams, owner; Sun Oil Co., lessee.

SUBJECT—Application February 21, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail and residence use district, the erection and maintenance of a gasoline service station together with minor repairs with hand tools only, safety inspection station and parking within the local retail use zone of cars awaiting service.

PREMISES AFFECTED—3770-3778 East Tremont Avenue and 2889-2897 Roosevelt Avenue, northeast corner, Block 5562, Lots 21, 25 and 28, Borough of The Bronx.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application denied.

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating,
Commissioner Kleinert, Commissioner Foley and Com-
missioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Randall Avenue and Roosevelt Avenue are in local retail and residence use, D and E-1 area, class 1 height districts; Revere Avenue is in a residence use, E-1 area, class 1 height district; East Tremont Avenue is in a local retail use, D area, class 1 height district; that as of July 25, 1916 the property was zoned as a business district and 1¼ height district and C area; that the present use, height and area designations became effective on April 20, 1953; that there is no zoning amendment relating to this property pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated January 31, 1958 acting on N.B. Applic. No. 57-58, reads:

"1. On premises located in a local retail district and partly in a residence district the proposed gas service sta., lubrication, auto washing (non automatic), office, sale of accessories, minor repairs with hand tools only, safety inspection sta., parking and storage of motor vehicles is contrary to Sect. 4-c and Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 110 feet frontage by 116.43 feet in depth, irregular; that it is proposed to erect a modern two bay service station; that the building will have face brick on all four facades and the peaked roof will be of colonial design; that the pumps will be set back a minimum of 18 feet from the East Tremont Avenue building line; that there will be no pumps along the Roosevelt Avenue frontage; that the residential zone consists of a small triangular piece of approximately 30 square feet at the extreme rear of the lot, and no portion of the residential zone will be used for service area; that the area in the rear of the service station building, and extending approximately 80 feet along the Roosevelt Avenue frontage will be seeded and shrubbed and will be protected with a 6 inch by 8 inch concrete curb; that a 5 foot high woven wire fence on a 6 inch concrete base, with a total height of 5 feet 6 inches, will be placed along the Roosevelt Avenue building line for a length of approximately 80 feet, also along the westerly lot line and along the northerly lot line to the wall of the adjoining masonry store building on East Tremont Avenue; that brick terminating posts will be provided; and

WHEREAS, the applicant states that the site was purchased by the present owner in 1926, who since that time has endeavored to improve the parcel with a conforming use, but has been unsuccessful; that the surrounding neighborhood consists primarily of one and two family dwellings and there is no need for additional stores; that in fact, some of the stores in the neighborhood are vacant and quite a few are of the service type such as real estate offices, radio repairing, shoe repairing, barber, etc.; that it would not be feasible to erect additional consumer type stores in the area as no financing could be obtained and there is not sufficient population in the area to support additional stores; that on the southeast corner of East Tremont Avenue and Roosevelt Avenue is a gas station which was the subject of a variance under Cal. No. 385-49-BZ, Block 5435, Lot 33; that there is also a large beer distributor at 3807 East Tremont Avenue in Block 5435, Lot 6 and a dry cleaning plant at 3801 East Tremont Avenue, Block 5435, Lot 8; and

WHEREAS, the applicant contends that there is no economic reason for the erection of a conforming use; that the owner has been burdened with this lot for the past 22 years and

as the proposed station will be under the operation and control of one of the major oil companies, it is requested that this variance be granted for a temporary term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since July 2, 1926 and that the assessed valuation of land is \$5,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e, f and i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, action on N.B. App. No. 57-58, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

260-58-BZ

APPLICANT—Michael L. Radoslovich, for Board of Education, Bureau of Design and Construction, City of New York, owner.

SUBJECT—Application April 24, 1958—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a C area district, the erection of a school occupying more than the permitted area.

PREMISES AFFECTED—85 Watkins Street (75-99 official), 62-90 Glenmore Avenue, southeast corner of Glenmore Avenue, and 336-346 Stone Avenue, Block 3507, Lot 7, Borough of Brooklyn, P.S. 298.

APPEARANCES—

For Applicant: John J. Saunders.

For Opposition: Atilano Morales and Angela Torres.

For Administration: C. J. Cammarata, N. Y. C. Housing.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958, after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Glenmore Avenue is in a residence use, C area and class 1 height district, Watkins Street and Stone Avenue are in a residence and local retail use, C area and class 1 height district, and Pitkin Avenue is in a local retail use, C area and class 1 height district; that in 1916 the "Use" was "Unrestricted," the "Height" was "I," and the "Area" was "C," on May 18, 1953, the "Use" was changed to "Residence"; and

WHEREAS, the decision of the Borough Superintendent, dated April 7, 1958, acting on N.B. Applic. 258-58, reads:

"1. Building located in a residence use, C area district, occupies more than the area permitted by Art. IV, Sec. 13(b) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 200 feet frontage, by 250 feet 2½ inches in depth, Public School 84 is an existing school on a plot of 50,000 square feet consisting of five, four, three and one-story buildings, constructed in 1892, with additions added in 1901, 1905, 1909, and occupies 80% of land coverage; that it is proposed to replace Public School 84 with new Public School 298, consisting of a four-story classroom Central Building, with one-story Gymnasium, Auditorium and Cafeteria Wings, which will occupy 70% of land coverage; that the new school will occupy approximately 5,000 square feet less than the existing Public School 84; that the one-story Auditorium Wing will be adjacent to the fire house and with the Kindergarten Playground adjacent to the rabbinical

MINUTES

school, in place of the existing five-story buildings of Public School 84 at this southerly lot lines; that the new four-story classroom section will be 46 feet in height as against the two existing five-story buildings of 75 feet; that this will give the adjacent building more light and air, as these are the only buildings affected by this variance; and

WHEREAS, the applicant contends that Public School 298 will replace the obsolete buildings which constitute Public School 84 and the Program of Requirements set up for the school by the Board of Education requires this size of building for educational and recreational facilities for the school and community use; that to comply with area coverage as permitted in a "C" district, the Board of Education would have to condemn a six-story building which is now occupied by a rabbinical school, located on Stone Avenue and also a two-story brick fire house, located on Watkins Street, which would place an unnecessary hardship on these two institutions in order to comply with Zoning; and

WHEREAS, the applicant states that the present owner has held title to the property since 1890; that the assessed valuation of the land is \$60,000 and of the building \$2,365,000 making a total of \$2,425,000; and that the building was erected in 1892, 1901, 1905 and 1909; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the excess area as proposed and as indicated on plans filed with this application marked "Received April 24, 1958", 6 sheets, and "May 23, 1958", 3 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resoution.

170-46-SM

APPLICANT—Lawrence Portland Cement Co., now known as Dragon Cement Co., owner. Division of American Marietta Company.

SUBJECT—Application February 26, 1946—Dragon Portland Cement Type II, approval of.

APPEARANCES—

For Applicant: Frank J. Petraglia.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 170-46-SM.

Subject: Dragon Portland Cement Type II.

Lawrence Portland Cement Co., now known as Dragon Cement Co., Division of American Marietta Co., filed Febru-

ary 26, 1946 an application with the Board of Standards and Appeals for approval of the material known as Dragon Portland Cement Type II.

Purpose

The material is a portland cement to be used in building construction.

Description

The material is a portland cement, made in the same manner as the cement approved by the Board under Calendar Number 719-39-SM.

Inspection and Test

Samples of the material were tested in accordance with the requirements of C26-312.0 Administrative Building Code and successfully met the requirements.

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Dragon Portland Cement for use in New York City under the provision of C26-312.0 Administrative Building Code on condition that each bag in which the cement is marketed shall be marked, stamped or labeled: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 170-46-SM," and when shipped in bulk, its bill of lading shall be similarly marked.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

190-47-SM

APPLICANT—Fenestra Incorporated, owner.

SUBJECT—Application reopened May 6, 1958 for amendment for resolution as to additional section of roof deck—re Fenestra Holorib Roof Deck; previously approved.

APPEARANCES—

For Applicant: Charles J. Mantione, Sr.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 190-47-SM.

Subject: Amendment to resolution as to additional section of roof deck.

Fenestra Inc., New York, requested by letter dated April 1, 1958 that the resolution adopted December 16, 1947 and amended through July 17, 1956 under Calendar Number 190-47-SM be amended so as to include additional section of Fenestra Econorib Roof Deck. The application was reopened by a vote of the Board on May 6, 1958.

Purpose

The material is to be used as an incombustible roof deck.

Description

The deck is made of 22 gauge steel, 1 $\frac{1}{4}$ inches in depth and 24 inches wide. The section modulus is 9.113 inches³ and the moment of inertia is 0.112 inches⁴.

Inspection and Test

Tests were conducted in accordance with the requirements of C20-626.0 Administrative Building Code and the test was used as a check to determine if the design complied with

MINUTES

the requirements of the American Iron & Steel Institute for the Design of Light Gauge Steel Members. The result was as follows:

22 gauge — 1½" deep — Span — center to center =
45lbs./sq.ft.

Recommendation

On the basis of the test and the data filed by the applicant the Committee on Test recommends that the resolution adopted December 16, 1947 and amended through July 17, 1956 under Calendar 190-47-SM be amended so as to include the section known as Fenestra Econorib Roof Deck—22 gauge, 1½ inch in depth for a center to center span of 5'8" and a superimposed load of 45 lbs./sq.ft. on condition that the requirements of the resolution adopted December 16, 1947 under Calendar 190-47-SM are complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 16, 1947 through July 17, 1956, in accordance with the above report.

432-51-SM

APPLICANT—Ramset Fasteners, Inc., owner.
SUBJECT—Application reopened November 22, 1955 for amendment of resolution as to additional uses of Ramset Tru-Set Fasteners—re Ramset Fastening Tool, Models 122 and 238; previously approved.

APPEARANCES—

For Applicant: Dale W. Champlin.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 432-51-SM.

Subject: Amendment of resolution as to additional uses of Ramset Tru-Set Fasteners.

Ramset Fasteners Inc., requested by letter dated October 24, 1955, that the resolution adopted December 4, 1951 under Cal. No. 432-51-SM be amended so as to include additional uses of the Ramset Tru-Set Fasteners. The application was reopened by a vote of the Board November 22, 1955.

Purpose

The tool is used for driving studs into concrete.

Description

The construction of the tool is similar to the construction of the tool approved December 4, 1951 under Cal. No. 432-51-SM.

Inspection and Test

Load tests were conducted at 110 William Street, Manhattan in the presence of Commrs. E. W. Kleinert, M. Foley and H. Sleeper representing the Board, Inspectors Burns, Heeney & Zullo of the Dept. of Bldgs. and others representing the Architect, Lathing Contractor and the applicant.

A Ramset Tru-Set Fastener Type 3439—2⅞" long (⅜ x 16 x 1¼" threaded section) with (1⅝ x ½" shank) with a #372 (yellow) charge was imbedded in the concrete by means of a Ramset Tool 238M. A load of 700 lbs. was

applied to a cradle suspended from the fastener. There was no failure in the fastener.

A Ramset Tru-Set Fastener Type 2430-B, 2½" long (¼" x 20 x 1¼" long threaded section) ⅜" x 1¼" shank with a 222 (red) charge was imbedded in the concrete by means of a Ramset Tool 122MD. A load of 700 lbs. was applied to a cradle suspended from the fastener. There was no failure in the fastener.

Recommendation

The Committee on Test recommends that the resolution adopted December 4, 1951 under Cal. No. 432-51-SM be amended so as to permit the additional use of the Ramset Fastening Tool for driving the following studs: 3439, 3442, 3436, 3437, 3318, 3317 and 3320 with No. 372 (yellow) charge by means of the Model 238M Tool and the studs 2430-B, 2426-B, 2428-B, 2429-B, 2328-A, 2337-A, 2335-A, 3337 and 3335 with No. 222 (red) charge by means of the Model 122D Tool as a means of suspending hangers in 3500 psi stone concrete (studs being in tension only) for supporting ceilings and ducts under the provision of C26-461.0 on condition that the maximum load on any one stud shall not exceed 250 lbs. and further that all other requirements of the resolution adopted December 4, 1951 under Cal. No. 432-51-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 4, 1951 in accordance with the above report.

261-54-SM

APPLICANT—Dur-O-Wall Products, Inc., owner. Tomkins Bros., Agent.

SUBJECT—Application reopened May 6, 1958 for amendment of resolution as to extension of use—re Dur-O-Wall, Types S and EH; previously approved.

APPEARANCES—

For Applicant: M. W. Del Gaudio, Robert Yenny and L. W. Morrison.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 261-54-SM.

Subject: Amendment of resolution as to extension of use.

Duro-O-Wall Products, Inc., Syracuse, New York requested that the resolution adopted January 21, 1958 be amended so as to permit the use of the material on 16 inch centers. The application was reopened March 11, 1958 by a vote of the Board.

Purpose

The material is to be installed in horizontal mortar joints in masonry walls.

Description

The material is the same as that approved January 21, 1958. The requested amendment is to allow the use of this material on 16 inch centers so that it may be used with what is known as Jumbo Brick.

Recommendation

The Committee on Test recommends that the resolution adopted January 21, 1958 under Calendar Number 261-54-SM

MINUTES

be amended so as to permit the use of the material Dur-O-Wall in lieu of a header course on condition that the material be galvanized and shall be placed no more than 16 inches on center in a vertical plane.

(Sgd.) SAMUEL L. BECKER,

Re: Calendar Number 315-55-SM.

Subject: Amendment to resolution as to additional cement.

Dragon Cement Co., Division of American-Marietta Co., requested by letter, dated July 22, 1957, that the resolution adopted July 12, 1957 under Calendar Number 315-55-SM be amended so as to include Air Entrained Cement Type IIA. The application was reopened by a vote of the Board on September 10, 1957.

Purpose

The material is a portland cement used in building construction.

Description

The process of manufacture is similar to the cement approved July 12, 1957 under Calendar Number 315-55-SM.

Inspection and Test

The samples of the material were tested in accordance with the requirements of the Rules of approval of Air Entraining Cement adopted under Calendar Number 64-55-SR. The material met the requirements of said Rules.

Recommendation

The Committee on Test recommends that the resolution adopted July 12, 1957 under Calendar Number 315-55-SM be amended so as to include the Type IIA Air Entraining Cement on condition that the requirements of the resolution adopted July 12, 1957 under Calendar Number 315-55-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 12, 1957 in accordance with the above report.

704-55-SA

APPLICANT—Robert L. Moog, for George D. Roper Corp., owner.

SUBJECT—Application August 9, 1955—Roper Rotary Pumps, (rotary gear, positive displacement type), Series 3600, approval of.

APPEARANCES—

For Applicant: Robert L. Moog.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating..... 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 704-55-SA.

Subject: Roper Rotary Pumps, Series 3600, Series K and Series F.

George D. Roper Corporation now known as Roper Hydraulics Inc., Rockford, Illinois filed August 9, 1955 an application with the Board of Standards and Appeals for approval of the appliance known as the Roper Rotary Pumps, Series 3600, K and F under the provisions of C19-69.0 Administrative Code.

Purpose

The pump is used for transferring and pressurizing liquids.

Description

The basic design of the pump is two rotary gears of equal size rotating inside of a housing to obtain the proper function. The Series 3600 or 3601 has coarse pitch tooth gears designed for slow speed operation at low pressures. The K Series has fine pitch tooth gears for higher speed operation and medium discharge pressures. The F Series is the same basic design as the K Series except the bearing sizes and areas permit higher discharge pressure.

The pump consists of bearings of high lead bronze which makes them self lubricating; outboard bearing; adjustable relief valve which permits operator to close discharge without stopping the pump, helical gears and stainless steel shafts.

Inspection and Test

The pumps have been approved by the Underwriters Laboratory under MH279 and MH1832. The 3600 or 3601 has a capacity ranging from 40 to 300 GPM at 60 psi, Series F 1 to 300 GPM at 300 psi and the Series K ¾ to 50 GPM at 150 psi.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Roper Rotary Pump, Series 3600, 3601, K and F for voluntary use in New York City, under the provisions of C19-69.0 Administrative Code for use as an oil burner pump and for the use in discharge systems where the liquids are in such quantities as to make hand operation impracticable on condition that each appliance bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 704-55-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

578-57-SM

APPLICANT—General Fireproof Door Corp., owner.
SUBJECT—Application July 12, 1957—General Hollow Metal Door, approval of.

APPEARANCES—

For Applicant: Morris I. Karpen.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 578-57-SM.

Subject: General Hollow Metal Door.

M. I. Karpen for General Fire-Proof Door Corp. filed July 12, 1957 an application with the Board of Standards and Appeals, for approval of the material known as the General Hollow Metal Door under the provision of C26-610.0 Administrative Building Code.

Report

The material is to be used as a 1½ hour fire resistive opening protective assembly.

Description

The door is of hollow metal construction 6'-11" in height by 3'-8" side by 1¾ inches in thickness, constructed of 19 gauge cold-rolled steel sheets, double interlocked at the side edge and arc welded at top and bottom. Number 18 gauge pressed steel channels are provided at top and bottom of the door, spot welded on 6 inch centers to both faces of the door. Five intermediate vertical pressed steel stiffeners of double No. 20 gauge metal are spaced 8½ inches on center extending to within ¾ inches of the top and bottom channels and are spot welded 4 inches on center to both faces of the door. The hinge and lock locations are reinforced with plates of No. 10 gauge steel welded to the edges and faces of the door.

The door is hung on 1½ pairs of 4½ butts and the lock is a Schlage with ¾ inch throw.

The core of the door is insulated with compressed mineral wool insulating blocks 1½ inches thick with a density of 20 pounds per cu. ft. manufactured by the Eagle-Pitcher Co. under the trade name of Supertemp. The top and bottom channels are pierced with three ¼ vent holes.

Inspection and Test

The door was tested at Protexol in accordance with the requirements of C26-610.0 Administrative Building Code and successfully met the requirements of the fire and hose stream tests.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as General Hollow Metal Door when manufactured as herein described by the General Fire-Proof Door Corp. for use in New York City under the provision of C26-661.0, C26-662 and C26-663.0 Administrative Building Code on condition that the requirements of the Rules for Inspection of Opening Protective Assemblies is complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this material in accordance with the above report.

745-57-SM

APPLICANT—Tomkins Brothers, Agent for Penn Crete Products Co., owner.

SUBJECT—Application October 8, 1957, — Dura-Weld (liquid bonding agent for bonding plaster to concrete), approval of.

APPEARANCES—

For Applicant: L. W. Morrison and Herman Kirshbaum.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 745-57-SM.

Subject: Dura-Weld.

L. W. Morrison for Penn Crete Products Company, Philadelphia, Pa. filed October 8, 1957 an application with the Board of Standards and Appeals for approval of the material known as Dura-Weld under the provisions of C26-464.0 Administrative Building Code.

Purpose

The material is a bonding agent to be used to bond plaster to concrete.

Description

Dura-Weld is a liquid having a viscosity about equal to paint. Basically this material is a resinous water emulsion combined with plasterizers. The Board considers the formula is of a proprietary nature and has therefore, placed the formula in a sealed envelope which has been placed in the Board's safe, so that the constituent parts of the formula will not be disclosed but can be checked at any time if necessary.

Inspection and Test

The following tests were conducted on the material at the E. L. Conwell & Company Laboratory, Philadelphia, Pa., Tension Shear, vibration, acidity and toxicity.

The tensile tests were made on three different groups of standard briquettes.

The first group consisted of three briquettes each of (1) neat cement; (2) Ohawa Sand Mortar; (3) Sand Mortar; (4) brown coat; (5) Acoustical plaster; (6) perlite plaster and (7) finish plaster.

The second group was made up by cementing together the halves of the first group, after testing, with Dura-Weld.

The third group was made up by taking half briquettes of neat cement, placing them in the briquette molds, coating the exposed cross section with Dura-Weld thin moulding the other half of brown coat, acoustic plaster, Perlite Plaster and finish plaster.

Results were as follows:

	Group I	Group II	Group III
Neat Cement	470 psi	455 psi	
Ohawa Sand Mortar	385 "	333 "	
Sand Mortar	403 "	412 "	
Brown Coat	108 "	128 "	110 psi
Acoustical Plaster	93 "	82 "	80 "
Perlite Plaster	175 "	155 "	167 "
Finish Plaster	227 "	222 "	228 "
Shear = 427 psi			

Vibration—At the end of 230,000 vibrations there was no sign of failure in the plaster or in the bond.

Acidity—No change in the PH at end of 25 days.

Toxicity—The toxic effect of the product of combustion was no more dangerous than the products of combustion of other materials used in construction.

The complete report is on file with and is part of the record.

MINUTES

Recommendation

On the basis of the tests and the data filed by the applicant, the committee on Test recommends the approval of the material known as Dura-Weld for voluntary use in New York City as a bonding agent to bond plaster to concrete or the cement mortar; the Committee further recommends that this material may be used as an adhesive to bond a finish coat directly over concrete, provided a three coat plaster is not required, for example a lime putty finish coat applied on a concrete column.

It is further recommended that in no way shall this material be construed to be the equivalent, nor shall it be used in lieu of a coat of plaster and further that each container in which this material is marketed shall be marked, labeled or stamped as follows: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 745-57-SM."

Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

952-57-SA

APPLICANT—Haus and Bresin for Fulton Boiler Works, Inc., owner.

SUBJECT—Application December 4, 1957—Fulton Combination Gas and Oil-fired Burner Boiler Unit, approval of.

APPEARANCES—

For Applicant: T. Hartnett.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 952-57-SA.

Subject: Fulton Combination Gas and Oil Fired Boiler Unit.

Haus and Bresin for Fulton Boiler Works, Inc., Pulaski, New York, filed December 4, 1957 an application with the Board of Standards and Appeals for approval of the appliance known as the Fulton Combination Gas and Oil Fired Boiler Unit under the provisions of Article 12 Chapter 26 Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

The appliance is to be used for domestic and commercial installation.

Description

The combination gas and oil fired burner boiler is a package type boiler unit, the burner being an integral part of the boiler.

The boiler is so arranged that the fuel can be changed from gas to oil or vice versa. To effect this change, the gas burner plate and gas controls are removed from the top of the boiler and the oil burner, burner plate and oil controls substituted.

The gas fired boiler unit has been approved by the Board under Calendar Number 498-54-SA and the oil fired boiler unit has been approved under Calendar Number 499-54-SA.

The boiler is a cornish type, consisting of an outershell with a furnace in the center having a water wall around the furnace. The burner is placed on top of the furnace and the combustion takes place in the furnace with the flow of gases downward toward the bottom of the furnace. The

boiler is supported by angle iron legs which are protected against the heat of the gases by forms of fire brick.

Below the legs is a steel base which holds the insulation and refractory base which forms the bottom of the combustion chamber.

When gas fired, the burner is a pressure type. Air is delivered into the furnace by a fan. Gas is delivered through two gas valves. A pilot solenoid valve first opens allowing the gas to enter the furnace through a gas nozzle. This gas is ignited by two igniter electrodes which are fed by an electric transformer. After the pilot flame is established, the main gas diaphragm valve opens; in the event the gas does not ignite, the burner will shut off, closing the pilot valve. If the flame disappears, the pilot and main valve will close. A steam pressure control cuts off the burner when the steam pressure in the boiler reaches a predetermined pressure. A steam safety valve provides protection in the event of excessive boiler pressure. A low water safety switch will shut down the burner in the event that the water recedes to a low level.

When the boiler is oil fired, the burner is of the pressure atomizing type. The oil is ignited by two ignition electrodes which are fed through an ignition transformer. A protecto relay and photo cell are joined into the oil burner circuit and provide a shut-off in the event of flame failure. The boiler is also equipped with safety valves and low water cutoff.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts, Committee on Test. The boiler has been approved by the Underwriters Laboratories.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Fulton Combination Gas and Oil Fired Boiler Unit for use in New York City in domestic and commercial installation when construction as herein described and installed in accordance with Article 12 Chapter 26 Administrative Building Code and the Oil Burner Rules of the Board and further the appliance shall bear a label permanently affixed, reading: "Approved by the Board of Standard and Appeals for use in New York City under Calendar Number 952-57-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 995-57SM.

Subject: Tile-Mate, self curing portland cement mortar for setting ceramic tile.

MINUTES

Tile Council of America for Upco Company, Cleveland, Ohio, filed December 19, 1957 an application with the Board of Standards and Appeals for approval of the material known as Tile-Mate under the provisions of C26-191.0 Administrative Building Code.

Purpose

The material is a portland cement mortar for setting ceramic tile.

Description

The material is a mix of methyl cellulose of medium to high viscosity grade and an alkaline earth metal polysulfide. The dry compositions are mixed with water just prior to use to form mortars. The exact formula is of such a nature that the Board has decided that it should remain confidential and kept in the Board's safe.

Inspection and Test

Samples of the material were identified by Asst. Engr. J. A. Darts and G. F. Sklenarik, Committee on Test, and witnessed shear tests on the material at the Tile Council of America Research Center, Princeton, New Jersey.

The tests and results were as follows:

1. Tiles cured for 28 days at room condition, then immersed in 3% soap solution for 2 months.
 - A) Tiles prepared with Tile-Mate—65 p.s.i. (tile fractured).
 - B) Tiles prepared with neat portland cement—69 p.s.i.
2. Tiles cured for 28 days, then immersed in 3% soap solution for one month, then room conditioned for 3 weeks.
 - A) Tiles prepared with Tile-Mate—113 p.s.i.
 - B) Tiles prepared with portland cement—68 p.s.i.
3. Tiles dry cured for 7 days, then immersed for 30 days in a 3% soap solution.
 - A) Tiles prepared with Tile-Mate—122 p.s.i.
4. 3 months dry cure—no soak in soap solution.
 - A) Tiles prepared with Tile-Mate—166 p.s.i.
 - B) Tiles prepared with portland cement—83 p.s.i.
 - A) Tiles prepared with Tile-Mate—503 p.s.i.
 - B) Tiles prepared with portland cement—229 p.s.i. (tile fractured)

Recommendation

On the basis of the tests and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Tile-Mate for voluntary use in New York City as a self-curing portland cement mortar for setting ceramic tile when used in accordance with the manufacturer's specification on condition that the container in which the material is marketed shall be tagged, stamped or labeled: "Approved by the Board of Standards and Appeals for use in New York City under Cal. 995-57-SM".

APPLICANT—J. P. Austin for Buckeye Iron and Brass Works, owner.

SUBJECT—Application April 8, 1958—Buckeye Iron and Brass Works, Safety-Fill Nozzle for dispensing Gasoline, Model 820UM, approval of.

APPEARANCES—

For Applicant: John P. Austin.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper.. 4

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 232-58-SM.

Subject: Buckeye Iron and Brass Works, Safety Fill Nozzle for dispensing gasoline, Model 820 UM, approval of.

J. P. Austin for Buckeye Iron & Brass Works, Dayton, Ohio, filed April 8, 1958 an application with the Board of Standards and Appeals for approval of the Buckeye Safety Fill Nozzle, Model 820 UM, under the provisions of Section C19-70.0 Administrative Code.

Purpose

An automatic nozzle to control delivery of gasoline into the tanks of motor vehicles.

Description

The 820 UM nozzle valve is similar in design to the Model 820 previously approved by the Board under Cal. No. 807-48-SM, except for the following modifications:

A latch-open device has been added and a synthetic rubber nozzle tube with wire interliner has been substituted for the metal tube. The automatic mechanism has been changed to operate without need for lubrication.

The valve is initially opened by manually squeezing the lever, which may be latched in one of the notches cast into the guard.

The fulcrum end of the main valve lever is pivoted in a clevis at the end of the trip rod assembly. At the other end of this rod is pinned a special shouldered brass trip rod end in which a reversed L-shaped opening is provided. In normal operating position, the upper side of the horizontal section of the L-shaped opening bears on the upper roller.

When gasoline is discharged through the valve, the flow tends to evacuate the cavity on one side of the diaphragm. But, while this cavity is vented to atmosphere through the vent tube, no partial vacuum is produced and the diaphragm is not moved. When the tank is filled, gasoline covers the exit of the vent tube. The venting is restricted, creating a partial vacuum in the diaphragm cavity, and the diaphragm and latch clevis are drawn inward. The rollers move with the latch clevis until they are in the vertical position of the

MINUTES

L-shaped opening in the trip rod end casting, permitting this casting to move downward. This movement causes the fulcrum end of the valve lever to move downward, causing the valve to close even though the free end of the lever is latched or manually held in the open position.

When the valve is thus closed and the lever is released, the trip rod assembly is moved upward into normal position by the trip rod spring. The diaphragm and clevis are then moved forward by the diaphragm spring. As a result, the rollers are forced forward and again engage in the horizontal section of the L-shaped opening. This puts the valve in condition to be opened by raising the free end of the operating lever manually.

When the valve is open, it can be closed at any time by releasing the free end of the lever from the operator's hand or from the notches in the guard. The free end of the lever is independent of the action of the automatic closing mechanism.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

The Model 820 UM was tested and approved by the Underwriters' Laboratories under file MH 1460.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Buckeye Safety Fill Nozzle Model 820 UM for use in New York City with approved dispensing pumps having a flow rate of at least 5 gallons per minute and a delivery pressure of at least 10 pounds per square inch and provided that each nozzle shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 232-58-SM."

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

approved materials and appliances.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

HARRIS H. MURDOCK, *Chairman.*

MINUTES

A public hearing was held on the following application at the regular meeting of June 24, 1958 at 2 P. M., at which time the application was acted upon by the Board. The resolution is printed below.

1016-39-SM—Vol. III

APPLICANT—National Gypsum Company, owner.

SUBJECT—Application reopened July 2, 1957 for amendment of resolution as to use of fiber board sheathing without let-in braces—re Gold Bond Acoustamatic Tile, Gold Bond Insulation Tile and Gold Bond Insulation Plank; previously approved.

APPEARANCES—

For Applicant: John H. Waters.

ACTION OF BOARD—Resolution reopened and amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent. Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 1016-39-SM Vol. III.

Subject: Amendment of resolution as to use of fiber board sheathing without let-in braces.

National Gypsum Company, Buffalo, New York requested by letter dated February 28, 1958 that the resolution adopted January 23, 1940 and amended at various times through July 2, 1957 under Cal. No. 1016-39-SM Vol. III so as to include the use of sheathing without a let-in brace.

Purpose

The material is to be used as exterior sheathing on Class IV construction.

Description

The material is basically the same as that approved July 2, 1957 except that the asphalt impregnated sheathing, ½ inch in thickness is uncoated.

Inspection and Test

The material was subjected to a racking test. The panels were tested in an unbraced position. The nailing of the sheathing to the joists was by means of 1½ inch galvanized roofing nails spaced 3 inches on centers along all joints and the perimeter, not less than ¾ inches from board edge and 6 inches on centers along all intermediate framing; nailing by staples was also tested, with same spacing as nails met the requirements. Both panels successfully met the requirements at 6000 lb. thrust.

Recommendation

The Committee on Test recommends that the resolution adopted January 23, 1940 and amended at various times through July 2, 1957 under Cal. No. 1016-39-SM Vols. I, II

and III be reopened and amended so as to include the material known as Gold Bond Brace-Wall "N" Sheathing for use in New York City as an exterior fiber board sheathing on Class IV Buildings and further that this material may be used without let-in corner braces. The attachment to the framing shall be either by means of 1½ inch galvanized roofing nails or 1⅝ inch HD9DC Spotnail Staples. All nailing shall comply with the requirements of the resolution adopted July 2, 1957 under Cal. No. 1016-39-SM Vol. III.

The Committee further recommends the approval of this material for use as a direct nailing base for exterior siding material provided that aluminum wire nails made from 0.099 in diameter wire with the 20 sharp double rings per inch measuring 0.114 inches outside diameter, having a smooth needle point about ⅛ inches long and an overall length of 1¼ inches.

The Committee further recommends that the Gold Bond Insulating Tile, previously approved may be marketed under the additional trade name of Gold Bond Decor Tile on condition that the requirements of the resolution adopted January 23, 1940 and as amended at various times through July 2, 1957 under Cal. No. 1016-39-SM Vol. I, II and III be complied with

(Sgd.) SAMUEL L. BECKER,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Asst. Engr.,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of January 23, 1940 through July 2, 1957 in accordance with the above report.

REGULAR MEETING

TUESDAY MORNING, JULY 1, 1958, 10 A. M.

APPLICANT—Patrick D. Concagh, for Saverio S. Pisacane, owner.

SUBJECT—Application January 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking and storage of more than five (5) cars on a vacant plot of land.

PREMISES AFFECTED—717-719 East 217th Street, north side, 130.35 feet east of White Plains Road, Block 4665, Lots 40 and 43, Borough of The Bronx.

APPEARANCES—

For Applicant: Patrick D. Concagh.

For Opposition: None.

ACTION OF BOARD—Laid over to July 22, 1958, at 10 A.M. for inspection and decision; hearing closed.

10-58-BZ

APPLICANT—J. Berman, for John Zengel, owner; Rego Forest, lessee.

SUBJECT—Application January 15, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business and residence use district, the erection of a one story masonry addition and extend the use of the gasoline service station to include an automatic auto laundry.

PREMISES AFFECTED—69-01 Woodhaven Boulevard,

northeast corner of Yellowstone Boulevard, Block 3178, Lot 67, Rego Park, Borough of Queens.

APPEARANCES—

For Applicant: Jacob Berman, John Zengel, Salvatore Congemi and Frank Zwelsky.

For Opposition: Nicholas Russo, Paul Marlinucci, Giacomina Desimine, Max J. Kobbe, Mrs. J. Goll, T. Martinucci and George Scherer.

ACTION OF BOARD—Laid over to July 15, 1958, at 10 A.M. for inspection and decision; hearing closed.

32-58-BZ

APPLICANT—Patrick D. Concagh, for Michelena De Tore, owner.

SUBJECT—Application January 31, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business and residence use district, the erection and maintenance of a one-story structure for use as an automatic car wash on a vacant plot of land.

PREMISES AFFECTED—2564-2568 Boston Road, south side, 126.31 feet west of Matthews Avenue and 2551-2559 Matthews Avenue, Block 4440, Lot 27, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: Ribello Ciofalo, Joseph C. Di Carlo, Mary Ciofalo, Mary T. Maccarrow, Maria Rovello, Teresa Sicherman, Erhard Witt, Emil Koch, Dora Sicherman, Yolanda Gross, Josephine Vuolo, Eugene Gross, William Betke, Louis Rovello, Anthony Sanzo, Yolanda La Monica, Lily Sonnenberg and John Milewicz.

ACTION OF BOARD—Laid over to July 22, 1958, at 10 A.M. for inspection and decision; hearing closed.

94-58-BZ

APPLICANT—James E. Vassalotti, for Sheljay Construction Corp., owners.

SUBJECT—Application March 4, 1958—decision of the Borough Superintendent, under sections 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station with the accessory uses of lubritorium, minor auto repairs, car washing, storage room, office and sales and the parking and storage of motor vehicles in the open area for a temporary period of fifteen (15) years.

PREMISES AFFECTED—25-55 to 25-75 (25-65 official) Brooklyn-Queens Expressway, 69-01 to 69-09 20th Avenue, northeast corner and 2544-2562 70th Street, Block 1046, Lot 1, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Laid over to July 15, 1958, at 10 A.M. for inspection and decision; hearing closed.

126-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Celia Katz, owner.

SUBJECT—Application March 13, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, in a four story building with basement and cellar, the change in use of the basement from doctor's office and apartment to dressmaking and sales and the change in use of the first floor from two apartments to Photo Studio and Beauty Salon and the upper floors to retain their use as apartments.

PREMISES AFFECTED—38 East 63rd Street, south side 182 feet east of Madison Avenue, Block 1377, Lot 45, Borough of Manhattan.

MINUTES

APPEARANCES—

For Applicant: Alfred A. Lama, Irving Katz and Gerald Katz.

For Opposition: Monroe Goldwater, Max Chopinick, Theodore M. Greenberg, James J. O'Connell, Ben Grauer, Ralph W. Guyed, Vevan J. Alessandroni, Cyril R. Davidson and George Schaeffer.

ACTION OF BOARD—Laid over to July 22, 1958, at 10 A.M. for inspection and decision; hearing closed.

140-58-BZ

APPLICANT—Haus and Bresin, for The Cord Meyer Co., owner.

SUBJECT—Application February 20, 1958—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station with accessory uses of auto washing—non automatic, lubrication, office, sale of auto accessories, minor repairs with hand tools only and parking and storage of more than five (5) motor vehicles for a temporary term of fifteen (15) years.

PREMISES AFFECTED—9324 Roosevelt Avenue and 40-02 to 40-10 94th Street, southwest corner, Block 1562, Lot 25, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD—Laid over to July 15, 1958, at 10 A.M. for further inspection and decision; hearing previously closed.

147-58-BZ

APPLICANT—Joshua Brown, for Staten Island Oil Co., Inc., owner.

SUBJECT—Application March 20, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail use district, the reconstruction of a present gasoline station and to continue the present uses of office, lubritorium, storage and sale of auto accessories, car washing—non automatic, minor auto repairs with hand tools and the parking of more than five (5) motor vehicles awaiting service.

PREMISES AFFECTED—2211 Hylan Boulevard, northwest corner of Lincoln Avenue, Block 3591, Lot 1, Grant City, Borough of Richmond.

APPEARANCES—

For Applicant: Joshua Brown.

For Opposition: None.

ACTION OF BOARD—Laid over to July 15, 1958, at 10 A.M. for additional information as previously requested; hearing previously closed.

1017-57-A

APPLICANT—Albert Melniker, for Samuel Jaeger, owner; Staten Island Oil Co., lessee.

SUBJECT—Application December 27, 1957—filed pursuant to section 35, General City Law re building partially in bed of a mapped street—proposed widening of Amboy Road.

PREMISES AFFECTED—3952 Amboy Road and 2 Hillside Terrace, southwest corner, Block 5142, Lot 22, Great Kills, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 24, 1957 on Alt. Applic. 26/57 reads:

"4. Note that part frame building with brick front and gas tanks are in bed of a mapped street contrary

to Art. 3 Sect. 35 General City Law and must be referred to the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the building is 2 stories, 20 feet in height, 78 feet 9 inches front by 44 feet in depth, of class 4 construction located on lot 100 feet front by 178 feet in depth, erected prior to 1898, in a retail and residence use D and E area, class 1 and class $\frac{3}{4}$ height district, and used and occupied since prior to 1925: Cellar—ordinary use; 1st floor—food market, 40 persons, gasoline station and office, 2 persons, part vacant land and garages for 10 cars; 2nd floor—dwelling, 1 family; that the building is proposed to be increased in area on the 1st floor to 95 feet 9 inches front by 47 feet in depth, class 3 and 4 construction; that the premises will be used and occupied as follows: Cellar—ordinary use; 1st floor—food market, 40 persons, gasoline station and office, 2 persons; lubritorium, 2 persons and garage for 4 cars; 2nd floor—1 family dwelling; that the building is provided with one 3 inch wide interior wood stairs enclosed in one hour partitions equipped with wood doors which are not self-closing; that stairhall leads direct to street; and

WHEREAS, Certificate of Occupancy #3139/42 was issued January 15, 1952 against B. N. Applic. 83/40 permits the following use and occupancy; 1st floor—retail food market, gasoline service station and accessory store; 2nd floor—1 family; and states that the gasoline service station was established prior to June 12, 1925; that the premises were located in a business use district; and

WHEREAS, the applicant states that the existing building was erected prior to 1898; that under Calendar Number 648-20-BZ, Volume I, the Board granted a variance for the erection of a frame garage for more than 5 motor vehicles; and

WHEREAS, Certificate of Occupancy #3139 was issued January 15, 1942, providing for the use of the building as a retail food market, gasoline service station and accessory store on the 1st floor and one family dwelling on the 2nd floor; that the premises in question has an adopted widening line on Amboy Road, mapped December 30, 1918; that the existing building was in existence prior to the date of such adoption; that the street has not been physically widened; and

WHEREAS, the applicant requests that the Board legalize the existing gasoline storage tank and pump locations in the bed of a mapped street and also grant permission for the installation of two additional 550 gallon gasoline storage tanks and one dual gasoline pump makes a total of eight 550 gallon gasoline storage tanks and three dual gasoline pumps; that the tanks and pumps will be used in conjunction with the existing gasoline service station and the proposed lubritorium; and

WHEREAS, the Board has been advised by the Borough President of Staten Island under date of March 18, 1958 that there are no proceedings pending or proposed at this time for the widening or improvement of Amboy Road; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 26-57, Objection No. 4 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the continuance of existing buildings and uses as shown on plans referred to in resolution adopted this day under Cal. No. 648-20-BZ, Vol. II; that in the event the City acquires the mapped area for street widening the recompense shall be as determined by the court; and that no buildings or equipment shall be maintained on that portion of the premises as mapped to be widened; that other than as permitted by resolution adopted this day under Calendar Number 648-20-BZ—Vol II the buildings and occupancy shall comply with all laws and rules relating thereto.

158-23-BZ—Vol. II

APPLICANT—Philip Freshman, for Empire State Warehouse Corp., owner.

SUBJECT—Application reopened March 4, 1958 Vol. II—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a retail and residence use district, the change in occupancy of an existing (9) nine-story building together with the adjoining eight (8) story and penthouse building and one-story garage from warehouse and garage to warehouse in the basement and first floor with accessory garage and the use of the upper floors for light manufacturing.

PREMISES AFFECTED—372-390 Gates Avenue and 390 Nostrand Avenue, southwest corner, Block 1812, Lot 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: Philip Freshman.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 4, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Gates Avenue and Monroe Street are in retail and residence use, C area, class 1¼ height districts; Nostrand Avenue is in a retail use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 16, 1958 acting on Alt. Applic. No. 297-57, reads:

"1. The proposed change in use from warehouse and accessory garage for more than five motor vehicles to warehouse and accessory garage for more than five motor vehicles on the 1st floor and manufacturing on the upper floors of this building located partly in a retail and partly in a residence use district is contrary to Sect. 3 and Sect. 4-A, Art. II of the Zoning Resolution."

WHEREAS, the applicant states that the premises consist of a plot, 225 feet frontage by 120 feet and 200 feet in depth; that it is proposed to convert these buildings to a tenant factory use from second floor to roof, wholly or in part, and warehouse, offices and loading platform in cellar and first floor; that the type of productivity will be that of light manufacturing and in the category of uses permitted in a business district; that the garage, which was previously granted under Cal. No. 971-23-BZ as an accessory use in connection with warehouse for the entire premises, will now be maintained as such in connection with warehouse in cellar and first floor; that at no time, either now or in the future, will this garage be used for any other purpose; and

WHEREAS, the applicant states that the corner building 125 feet by 120 feet, nine stories, was erected on or about 1905, and the adjoining building which has an interior lot 100 feet by 120 feet, eight stories and penthouse, fireproof, was erected on or about 1922, and a one story fire resistive garage building 75 feet by 80 feet was erected on or about 1923; that the interior building and garage were erected pursuant to a variation obtained from the Board under Cal. No. 1245-22-BZ, Cal. No. 158-23-BZ and Cal. No. 971-23-BZ; that Certificate of Occupancy No. 4569 was issued January 18, 1924 for warehouse use, which was superseded by Certificate of Occupancy No. 143468 based upon Alt. Applic. No. 1246-54 due to increase of number of persons on the fourth floor and for warehouse use; that the original Certificate of Occupancy for the garage is still in effect; that prior to March 17, 1953 the use designation was business and residence; and

WHEREAS, the applicant further states that these buildings were originally erected for storage warehouse for furniture and safe deposit vault for various articles of jewelry and other small items; that when built it was an outstanding structure and catered to a high class patronage; that the architectural aspect has not changed, but the character of the neighborhood has; that patronage fell off to a level that the previous owners could no longer operate profitably, and with ever growing deficits, sold the premises to the present owners; that they in turn expended considerable sums of money in removing compartments and reinforcing the building to effect its adaptability for a general storage warehouse for light merchandise, which was confined to the corner building; that the interior building was leased in its entirety, except cellar, to Frederick Loeser & Sons Department Store for the storage of furniture; that after a short tenure they went out of business and the building was rented to Stern Bros. Department Store for the same purposes; that they found the operation to their disadvantage and so vacated the premises; that the last and present tenant, Squibbs & Sons, use this building for the receiving and storage of drugs and trans-shipment of drugs; that their remaining as a tenant is uncertain due to many factors, particularly the traffic conditions; that insofar as the corner building is concerned, which is operated by the owners, traffic conditions are becoming increasingly difficult what with congestions and delays, with resulting high labor costs, and added to this the fact that demands for general storage is falling off; that the conditions and the future are quite obvious and therefore the owners feel justified in the belief that ultimately this property cannot be maintained as a warehouse project without a substantial loss in money; that many inquiries from prospective tenants for these uses were made but the owner had to decline any applications due to the legal use as now exists; that anticipating changing conditions, the owners expended the sum of \$40,000 in 1954 installing a new stairway at the southwest corner of the interior building, enclosing elevator shafts in the corner building, all in order to afford more adequate exit facilities; and

WHEREAS, the applicant contends that the area has not improved in the past two decades and in fact there has been a marked decline insofar as business, industry and residential aspects are concerned; that while it is true that at the time of purchase of the property by the present owners the present warehouse use presented itself as a profitable undertaking, due to changing conditions this business is steadily falling off, with a very slim margin of profit, and inevitably this margin will in a short space of time reach the vanishing point; that the proposed factory use will greatly benefit the area, providing factory space for light manufacturing at reasonable rentals and of a type that will not affect or annoy anybody from the viewpoint of noise, dust or odor and in addition will provide employment to a great many people living in and around the area, who as a class would welcome this opportunity for employment; that the proposed use will not in any way depress or depreciate the area and will have a stimulating effect; and

WHEREAS, the applicant states that the present owner has held title to the property since March 1944; that the assessed valuation of land is \$70,000 and of the building \$495,000 making a total of \$565,000; that the buildings were erected in 1905 and 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 9, 1923, by adding thereto:

"that the building may be occupied throughout, as to the upper floors, for light manufacturing limited generally to the needle trades and other light manufacturing not requiring a special permit from the Fire Department or noisy or objectionable because of odors, excessive trucking, fire danger, or similar features, as now proposed and shown on plans filed with this application, marked 'Received January 28, 1958,' showing proposed

MINUTES

conditions and plans marked 'Received January 28, 1958,' showing existing conditions, totalling 25 sheets, and plans marked 'Received May 7, 1958,' 1 sheet, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such fire-fighting equipment shall be installed as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a new Certificate of Occupancy obtained."

544-26-BZ—Vol. III

APPLICANT—New York Telephone Company, owner.

SUBJECT—Application reopened January 28, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a business and residence use district, the construction of a fifth floor and bulkhead to an existing four story and cellar building used as telephone exchange, the proposed extension to exceed the permitted height.

PREMISES AFFECTED—676-680 (680 Official) Fairview Avenue and 1928-1944 Gates Avenue, southeast corner, Block 3478, Lot 31, Ridgewood, Borough of Queens.

APPEARANCES—

For Applicant: Marion E. Horsburgh and Joseph B. Klein.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on January 28, 1958 subject to regular procedure, to consider extension of building; and

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Gates Avenue and Palmetto Street are in business and residence use, C area, class 1 height districts; Woodward Avenue is in a business use, C area, class 1 height district; Fairview Avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 26, 1957 acting on Alt. Applic. No. 169-57, reads:

"1. The increase in height and area of this building is contrary to 544-26-BZ, Vol. II of the Board of Standards and Appeals Resolution.

2. The extension of a business building in a residence use district is contrary to Art. II, Section 3 of the Zone Law.

3. The height of the proposed extension exceeds the allowable permitted under Art. III, Sec. 8 of the Zone Law."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.07 feet frontage by 160-89 feet in depth; that it is proposed to erect a fifth story, 15.10 feet and a bulkhead 31.54 feet upon the existing building, which would make an overall height of 113.97 feet; that the proposed addition would be architecturally and structurally in keeping with the existing building; and

WHEREAS, the applicant states that The New York Telephone Company purchased these premises in three separate parcels; that on January 7, 1916 the company acquired title to the center parcel, consisting of five lots, which abuts on the easterly side of Gates Avenue for a distance of 125 feet and extends easterly for 100.07 feet; that title to the north-

erly parcel, consisting of one lot, was acquired by the company on January 28, 1916, which parcel abuts on the southerly side of Fairview Avenue for a distance of 100.07 feet and extends southerly for a distance of 10.89 feet; that on August 29, 1924 the company purchased the southerly parcel consisting of one lot, which abuts on the easterly side of Gates Avenue for a distance of 25 feet and extends easterly for 100.07 feet; that the original portion of the existing building was a three story and basement structure which the company erected in February 1917 on the parcels acquired by it in January 1916, and was located entirely within a business use district; that in order to meet the increased requirements for service in the area served by this exchange, the company erected in May 1928 a three story and basement extension on the remaining portions of the parcels acquired by it in 1916 and the parcel acquired in August 1924; that this extension was located partly in a business and partly in a residence use district and was constructed pursuant to a variation granted by the Board under Cal. No. 544-26-BZ; that in July 1951 the company constructed a fourth story addition to the existing building pursuant to a variation granted by the Board under Cal. No. 544-26-BZ, Vol. II; and

WHEREAS, the applicant states that the proposed addition is necessary because the company expects, and the basis of current estimates, that the maximum capacity of the existing building will be reached by the Summer of 1959, which is prior to the time that such an addition and equipment installations can be completed, and at that time the additional exchange capacity will be urgently needed to meet the estimated demand for service in this area; that present schedules contemplate the completion of the proposed addition by March 1959 and installation of the new central office equipment by the Fall of 1959 provided that the company is permitted to proceed with the proposed addition at an early date; and

WHEREAS, the applicant contends that as the existing building is now located partly within a business and partly within a residence use district and the proposed addition will merely increase the height of the existing building, it is submitted that the variation requested with respect to this borderline plot is largely technical for the reason that the portion of the residence district involved is already occupied for telephone exchange purposes; that with respect to Objection 3 issued by the Borough Superintendent, strict compliance therewith would not permit proper arrangement of, or sufficient space for the required central office equipment; that a further factor which makes strict compliance with the term of this Section a matter of great practical difficulty and unnecessary hardship is that the required setbacks along the Fairview Avenue side of the building would force abandonment of the existing main stairway and elevator shaft; that the setbacks requested are the maximum depths which could be provided and still permit extension of these essential facilities; and

WHEREAS, the applicant states that the present owner has held title to the property since January 1916 and August 1924; that the assessed valuation of land is \$18,800 and of the building \$5,872,000 making a total of \$5,890,000; that the building was erected February 1, 1917; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief as to height on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 15, 1926, as thereafter amended by resolutions adopted through March 7, 1950, by adding thereto:

"that under Section 21 the building may be extended in height, as proposed and shown on plans filed with

MINUTES

this application, marked 'Received December 27, 1957', 29 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as previously modified by the Board in resolutions above cited; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

335-35-BZ—Vol. IV

APPLICANT—Burke, Green and Groh, for Anrob Realty Co., Inc., owner.

SUBJECT—Application reopened May 27, 1958 for consideration as to extension of time to complete, expired April 30, 1958—decision of the Borough Superintendent, previously granted on condition under section 7c of the Zoning Resolution, permitting in a residence use district, the extension of the existing use of a storage warehouse (stores, plumbing fixtures, etc.), 5 car garage and loading platform.

PREMISES AFFECTED—167-01 to 167-11 108th Road, northeast corner of 167th Street, Block 10176, Lot 12, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation April 30, 1958; and

WHEREAS, this application was reopened on May 27, 1958 and set for hearing on June 24, 1958 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; laid over to July 1, 1958, for applicant to file decision of the Borough Superintendent; and

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 18, 1958 acting on Alt. Applic. No. 151-56, reads:

"1. Proposed extension to existing non-conforming use previously granted by Board Cal. #335-35-BZ must be returned to the Board for review.

2. Occupancy for a storage warehouse (stores, plumbing fixtures, refrigerators), garage for 5 motor vehicles and loading platform is contrary to Art. II Sec. 3 of Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 30, 1957 only insofar as it has reference to obtaining permits and completion of the work so that as amended this portion of the resolution shall read:

"that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution." (Alt. App. 151-56.)

273-39-BZ—Vol. II

APPLICANT—James E. Vassalotti, for Emma Ekholm and Charles Kotan, owners.

SUBJECT—Application reopened March 25, 1958—decision of the Borough Superintendent, under sections 7f, 7e, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station with accessory uses of lubritorium, minor auto

repairs, car washing, storage, office and sales, and parking of cars waiting to be serviced, with curb cuts and ground sign within 75 feet of a residence use district for temporary term of fifteen (15) years.

PREMISES AFFECTED—196-45 to 196-49 (196-47 official) Northern Boulevard and 42-50 to 42-72 Francis Lewis Boulevard, northwest corner, Block 5373, Lots 18 and 22, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 25, 1958 subject to regular procedure, to consider the application under a different section of the Building Zone Resolution; and

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Northern Boulevard are in a retail use, D area, class 1 height district; Francis Lewis Boulevard and 196th Street are in retail and residence use, D area, class 1 height districts; 42nd Road is in a residence use, D area, class 1 height district; that as of July 25, 1916 the premises were in a business use district and a class C area district; that the present use designation became effective May 4, 1953 and the present area designation became effective March 24, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated January 27, 1958 acting on N.B. Applic. No. 51-58, reads:

"1. The proposed erection of a gasoline service station, lubritorium, minor auto repairs, car washing, storage, office and sales, parking of cars waiting to be serviced and ground signs on a lot in a retail district is contrary to Art. II Sec. 4A of the Zone Law.

"2. Proposed curb cut and ground sign within 75 ft. from a residence use district is contrary to Sec. 7A of the Zone Law."

and

WHEREAS, the applicant states that the premises consist of a plot, 51.39 feet frontage by 227.84 feet in depth, presently developed with a one story building of class 3 construction, having a frontage of 48 feet, a depth of 30 feet and now occupied as a restaurant; that the open area is being used for parking of more than five cars, for employees and customers; that it is proposed to demolish the present building and erect a modern gasoline service station consisting of twelve 550 gallon buried gasoline tanks and six dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 60 feet, a depth of 29 feet and will contain the conjunctive uses of lubritorium, minor auto repairs, car washing, storage room, office and sales; that a part of the open space, not being used for the gas station, will be set aside for cars awaiting service; and

WHEREAS, the applicant states that the restaurant was erected under N.B. Applic. No. 204 of 1947 and Certificate of Occupancy No. 44020 was issued for restaurant and parking space for more than five cars for employees and customers of restaurant; that the site is adjoined on the west by a one story brick building now being used by the Goodyear Tire Company, which is an allied business to a gas station; that the site is also adjoined on the north with a gas station, now under construction; that with these adjoining uses and the non-conforming uses of gas station in block 6261, lot 30 and block 5522, lot 1, together with Northern Boulevard and Francis Lewis Boulevard, which

MINUTES

are heavily trafficked auto lanes, proves conclusively that the proposal is within keeping at this point; that the restaurant on the site is a losing proposition and inasmuch as the land is high in assessed value, it is mandatory for these owners to develop this site in keeping with its surrounding uses; and

WHEREAS, the applicant contends that there are more than sufficient stores within the area to meet the needs of the people, so that the erection of new stores would not only be economically feasible, but would cause hardship upon present store owners who would be confronted with additional competition without the benefit of additional customers; that the proposed curb cut and ground sign within 75 feet of the residence use district cannot affect the adjoining owner to the north as this site is now being developed with a gasoline service station; and

WHEREAS, the applicant states that the present owners have held title to the property since May 1, 1947; that the assessed valuation of land is \$11,700 and of the building \$13,000 making a total of \$24,700; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f, for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application, marked "Received February 24, 1958", 3 sheets, *on condition* that all buildings and uses now on the site shall be removed and the premises shall be leveled substantially to the grade of Francis Lewis Boulevard and Northern Boulevard and shall be constructed and arranged as indicated on such plans; that the accessory building shall be of the design, arrangement and location as indicated, without cellar, and shall be faced with face brick on all sides and shall comply in all other respects with the requirements of the Building Code; that the pumps shall be located where shown, not more than 15 feet from Francis Lewis Boulevard; that such pumps shall be of the low approved type and shall not exceed twelve 550 gallon approved gasoline storage tanks; that there shall be erected on the rear line to the west where walls of the accessory building do not occur, a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; with suitable terminating posts; that a similar fence shall continue to the street easterly from the rear line to the street building line of Francis Lewis Boulevard; that the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphalt; that the sidewalk and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to four curb cuts to Francis Lewis Boulevard each 30 feet in width with no portion of the curbing nearer than 5 feet to a lot line as prolonged; that there may also be one 30 foot curb cut, where shown, on Northern Boulevard under similar requirements; that at the intersection there shall be erected a block of concrete extending for a distance of 35 feet along the street line from the intersection and not less than 12 inches in height; that signs shall be restricted to permanent signs attached to the facade of accessory building facing Francis Lewis Boulevard and the illuminated globes of the pumps excluding all roof and temporary signs and advertising devices, but permitting the erection of a post standard for supporting a sign at right angles to Francis Lewis Boulevard building line advertising only the brand of gasoline on sale which sign may extend over the building line for a distance of not more than 4 feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be

minor repairs for adjustments only with hand tools carried on solely within the accessory building; that there may be under Section 7e, for a similar term, parking of motor vehicles awaiting service on such portion of the premises as will not interfere with the servicing of the station; that under Section 7A any signs or curb cuts deemed not in accordance therewith may be permitted provided the requirements of this Resolution are complied with; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that where not occupied by accessory building and pumps the premises shall be paved with concrete or asphalt; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1106-48-BZ—Vol. II

APPLICANT—Michael Levine, for Lucky Star Realty Corp., owner.

SUBJECT—Application reopened September 24, 1957 as Vol. II—re decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, "E-1" area district, the erection of a one story and basement building to be used for factory purposes, the proposed building encroaches on the required side yard and setbacks and to occupy more than the permitted area coverage.

PREMISES AFFECTED—149-06 to 149-16 (149-10 official) New York Boulevard and 177-22 to 177-30 149th Avenue, southwest corner, Block 13383, Lots 63, 66 and 69, South Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Michael Levine.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 10, 1958 at the request of the applicant; then to June 17, 1958, at request of an objector; then to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, New York Boulevard, 149th Avenue, 149th Road and 177th Street are in a residence use, E-1 area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 15, 1957 acting on N.B. Applic. No. 852-57, reads:

"1. The use of the premises as a factory in a Residence Use District is contrary to Art. II Sec. 3 Z.R.

2. In an E-1 district each building shall have at least one sideyard of 5' as per Art. IV Sec. 15A(6) Z.R.

3. In an E-1 district no portion of any building shall be erected nearer than 15' to the street line on which it fronts and 10' from another street. Art. IV-15A(c) & Art. IV-15(d) Z.R.

4. Area occupied is excessive as per Art. IV-15(d) Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 92.93 feet in depth, presently vacant; that it is proposed to construct a one story and basement fireproof factory building; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification

MINUTES

for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. #852/57, Objections No. 1 and 2 and 3, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

116-53-BZ—Vol. 11

APPLICANT—Leonard F. Rothkrug, for Leo Levy, owner.
SUBJECT—Application reopened January 7, 1958 as Vol.

II—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry—non automatic, motor vehicle repairs with hand tools only, office, sales and parking of cars awaiting service, all for a term of fifteen (15) years.

PREMISES AFFECTED—162-25 Union Turnpike, northwest corner of 164th Street, Block 6852, Lot 17, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Agnes Nielsen.

ACTION OF BOARD—Application denied.

THE VOTE—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating,
Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 7, 1958 subject to regular procedure: and

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; applicant to amend plans to show Veterans' Memorial Park and statement to include proposed tenant's or purchaser's name; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Union Turnpike and 164th Street are in a retail use, D area, class 1 height district; 78th Road and 162nd Street are in retail and residence use, D and E-1 area, class 1 height districts; that on July 25, 1916 the premises was in a business use district and was rezoned to its present designation on September 18, 1947; and

WHEREAS, the decision of the Borough Superintendent, dated October 24, 1957 acting on N.B. Applic. No. 3293-57, reads:

"1. The erection of a gasoline service station, auto laundry, (non-automatic), auto repair shop with hand tools only, lubritorium and parking of cars waiting service is contrary to Art. II Sec. 4-a Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 186.81 feet frontage by 80.19 feet in depth, irregular in area, with a portion of the 79th Avenue frontage and a portion of the 164th Street frontage being also Union Turnpike frontage, presently vacant, except for advertising signs proposed to be removed; that it is proposed to erect and maintain a gasoline service station with non-automatic car wash, motor vehicle repairs with hand tools only, lubritorium, office, sales and parking for cars awaiting service; and

WHEREAS, the applicant states that these premises was formerly in a business use district and was rezoned to retail on September 18, 1947; that a gas station was a permitted use in a business zone prior to 1925 so that it could have been erected without application for a variance at any time prior to 1925; and

WHEREAS, the applicant contends that there is no economic demand for development of these premises with a conforming use; that the zoning resolution will permit retail stores or dwellings; that the owner of these premises is a builder of one family homes and purchased the site and the adjoining lot at one time; and that the premises opposite the site on the northeast corner of this intersection—block 6972, lots 27 and 29—is developed with a gas station granted by the Board under Cal. No. 1012-48-BZ, and the premises opposite the site on the southwest corner of this intersection—block 6857, lot 53, is developed with a gas station granted by the Board under Cal. No. 706-47-BZ; that the premises opposite the site on the southeast corner of this intersection is developed with a diner; that where three corners of an intersection are developed with non-residential uses, it becomes economically unfeasible to develop the fourth corner with a residence use; and that there is an existing gas station at the intersection of Union Turnpike and 162nd Street on the next tax block to the west granted by the Board under Cal. No. 607-51-BZ; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which did not find any material change from the previous application before the Board which was denied and recommended that this application should not be granted; and

WHEREAS, the Board's decision in denial of application under Volume I was sustained at Special Term Supreme Court, and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e, f and i of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 3293-57, Objection No. 1 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

264-56-BZ

APPLICANT—Henry Nordheim, for Joseph Torres, owner.

SUBJECT—Application reopened June 3, 1958 for consideration as to extension of time to complete, expired January 23, 1958—decision of the Borough Superintendent, previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence use district, the maintenance of a parking lot for the parking and storage of more than five (5) motor vehicles for a term of years.

PREMISES AFFECTED—1178 Pugsley Avenue and 2000 Gleason Avenue, southeast corner, Block 3802, Lots 6 and 9, Borough of The Bronx.

APPEARANCES—

For Applicant: Henry Nordheim.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened on June 3, 1958 and set for hearing on June 24, 1958 at 10 A.M., subject to regular procedure waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; laid over to July 1, 1958, for further consideration and decision; and

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 17, 1958 acting on amendment to Alt. Applic. No. 312-56, reads:

"Respectfully request that this application be reissued in order that application be filed at the Board of Stand-

MINUTES

ards and Appeals be made for reopening of Cal. No. 264-56-BZ for extension of time to complete all requirements of the variance as per resolution of July 23rd, 1957, which also expired.

Amendment disapproved with the objection No. 1 repeated.

Proposed parking lot for motor vehicles on lots in residence use district is contrary to Art. 2, Sec. 3 of the Zoning Resolution."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 23, 1957 only insofar as it has reference to obtaining permits and completion of the work so that as amended this portion of the resolution shall read:

"that all permits shall be obtained and all work completed within six months from the date of this amended resolution."

348-56-BZ

APPLICANT—Burke, Green and Groh, for Mary Ryback, owner.

SUBJECT—Application reopened May 27, 1958 for consideration as to extension of time to complete (expired April 30, 1958)—decision of the Borough Superintendent previously granted on condition under section 7e of the Zoning Resolution, permitting in a residence use district, the erection and maintenance of a gasoline service station, lubricatorium, office, sales room, car wash—non automatic, minor repairs and parking for more than five (5) motor cars waiting for service.

PREMISES AFFECTED—175-15 Rockaway Boulevard, southeast corner of 149th Avenue, Block 13381, Lot 30, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

ACTION OF BOARD—Time extended to complete the work.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the applicant requested reopening of this application and extension of time to obtain permits and complete the work, which had expired by time limitation on April 30, 1958; and

WHEREAS, this application was reopened on May 27, 1958 and set for hearing on June 24, 1958 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; laid over to July 1, 1958, for applicant to file decision of the Borough Superintendent; and

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated June 19, 1958 acting on amendment to N.B. Applic. No. 826-56, reads:

"1. Your request for extension of time for one additional year cannot be approved as it is contrary to the resolution of the Board under Cal. No. 348-56-BZ as same has already expired as per Sec. 22A of Z.R."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 30, 1957 only insofar as it has reference to obtaining permits and completion of the work so that is amended this portion of the resolution shall read:

"that all permits shall be obtained and all work completed within Section 22A of the Zoning Resolution and a Certificate of Occupancy shall be obtained. (N.B. Applic. 826-56)."

716-56-BZ—Vol. II

APPLICANT—Larry Meltzer, for Jewish Center of New Hyde Park, Inc., owner.

SUBJECT—Application reopened January 7, 1958 as Vol. II—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a C area district, the erection of an extension to a present synagogue and occupying more than the permitted area.

PREMISES AFFECTED—771-779 East 49th Street, east side, 100 feet north of Avenue D, Block 4770, Lots 50, 52 and 53, Borough of Brooklyn.

APPEARANCES—

For Applicant: Larry Meltzer.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol II on January 7, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, C area, class 1 height district; East 49th Street and Clarendon Road are in residence and business use, C area, class 1 height districts; Avenue D and Utica Avenue are in a business use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 14, 1957 acting on amendment to Alt. Applic. No. 4592-55, reads:

"1. The proposed change in size and height of the extension to existing Synagogue from that approved by the Board of Standards and Appeals is contrary to the resolution of the Board #716-56-BZ and 717-56-A. Therefore—the area of the proposed extension exceeds that permitted in a "C" area district by Art. IV Sect. 13 of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 feet frontage by 100 feet in depth; that on the southerly 40 foot portion of the plot is a one story and basement, class 3 structure, occupied as a Synagogue; that it is now proposed to erect an extension to the present Synagogue, of class 3 construction; and

WHEREAS, the applicant states that the Synagogue was established under Alt. Applic. No. 8958-29, at which time a frame building was altered by erecting a brick extension at the rear, and Certificate of Occupancy No. 71413 was issued on July 19, 1933; that under Alt. Applic. No. 5438-38 the remaining frame portion of the building was demolished and a new brick extension was erected, thereby establishing the class 3 structure with its present Synagogue occupancy; that no new Certificate of Occupancy was issued; and

WHEREAS, the applicant further states that the 40 foot by 100 foot plot to the north of the existing Synagogue was acquired December 28, 1953 for the purpose of providing classrooms for religious education; that on March 17, 1957, the Board, acting on an application on the above premises, granted a variance under Cal. No. 716-56-BZ, permitting an extension to the building which occupied an area which exceeded that permitted by the Zoning Resolution, in the amount of 760 square feet; that on the same date, the Board, acting on Cal. No. 717-56-A, granted a variance modifying an exit requirement and permitting a fire wall above a roof less than three feet high; that at the time that the Building Committee of the Synagogue authorized the application for these variances, it contemplated future extension of the building when additional funds were available; that since the granting of the variance, the Building Committee has

MINUTES

been able to raise adequate funds to embark upon the entire program; and

WHEREAS, the applicant contends that this Synagogue serves the religious needs of a local community; that the constantly increasing demands of this community for religious education for its children and for a community center for its social and religious functions now makes it necessary to utilize the available land to its fullest extent; that the new story provides additional space for a Synagogue and space for the social and recreational activities which form a necessary part of the program of a modern religious institution; that the proposed structure will not adversely affect the general area nor the adjoining lots; that the use of the proposed structure is in keeping with the area since a public school is located directly across the street; that a minimum rear yard of ten feet is being maintained at the rear lot line which abuts a business use district; that the rearrangement of the premises now provides for a fire wall separating the existing building from the proposed new extension; that the installation of the fire wall makes it possible to rearrange the exits, so that the variance granted under Cal. No. 717-56-A is no longer required; and

WHEREAS, the applicant states that the present owner has held title to the property since 1927 and December 28, 1953; that the assessed valuation of land is \$6,800 and of the building \$49,100 making a total of \$55,900; that the building was erected in 1929; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 to permit the extension of area in connection with the proposed enlargement of the building as indicated on plans filed with this application, marked "Received November 27, 1957", 7 sheets, "May 14, 1958", 1 sheet, on condition that the building shall not be further increased in height or area and shall comply with all laws, rules and regulations applicable thereto and prior resolutions as far as applicable; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

648-20-BZ—Vol. II

APPLICANT—Albert Melniker, for Samuel Jaeger, owner; Staten Island Oil Company, lessee.

SUBJECT—Application reopened September 24, 1957, as Vol. II—re decision of the Borough Superintendent, under sections 7a, 7c and 7A of the Zoning Resolution, to permit in a retail and residence use district, an extension of the present uses of a gasoline service station to include a one-bay lubritorium, accessory parking in the retail district and the installation of the necessary curb cuts within 75 feet of the residence use district.

PREMISES AFFECTED—3940-3952 Amboy Road and 2-20 Hillside Terrace, southwest corner, Block 5142, Lot 22, Great Kills, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 24, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 15, 1958 after due notice by publication in the Bulletin; laid over to June 3, 1958, for inspection, revised plans and decision; hearing closed; then to July 1, 1958, for continuation of hearing and decision; application to file revised plans; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hillside Terrace and Brown Avenue are in retail and residence use, D and E area, class 1 and class $\frac{3}{4}$ height districts; Locust Place is in a residence use, E area, class $\frac{3}{4}$ height district; Amboy Road is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 5, 1957, acting on Alt. Applic. No. 26-57, reads:

"2. Alteration of present garages and building a lubritorium and accessory parking for retail use with new curb cuts on Hillside Terr. & Brown Ave. partly in Retail D and Residence E districts is contrary to Art. II Sect. 3 & Sect. 4(a) subdiv. 46 Zone Resolution and is denied.

3. Note that curb cuts are contrary to the variance granted by Board of Standards & Appeals under Cal. 648-20-BZ and should be referred to the Board of Standards & Appeals for approval."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 178 feet in depth; that the existing premises was erected prior to 1898; that Cal. No. 648-20-BZ granted a variance for the erection of a frame garage for more than five motor vehicles; that the present structure has Certificate of Occupancy No. 3139, dated January 15, 1942 providing for the use of a gasoline service station and accessory store for these premises; that the Certificate of Occupancy reads—"Gasoline service station use established prior to June 12, 1935"; that it is proposed to alter and enlarge the present structure on Amboy Road and Hillside Terrace by adding a one story masonry extension to be used as a lubritorium in conjunction with an existing gasoline service station; that it is also proposed to alter the present garages at the rear of the property, granted by a variance under Cal. No. 648-20-BZ, by removing all garage units of frame construction and leaving the existing garage of masonry construction, size 42 by 16; that all existing tanks and gasoline pumps as now located are to remain; that it is also proposed to use the open spaces of the property for accessory parking, with curb cuts on Hillside Terrace and Brown Avenue; that this accessory parking will be used for both the gas station and the retail food store on the premises; that it is proposed to add two 550 gallon tanks to make a total of eight gasoline storage tanks, and to add one dual gas pump to make a total of three dual pumps; and

WHEREAS, the applicant contends that the proposed lubritorium is essential for the proper operation of this gas station inasmuch as present facilities do not permit any minor mechanical adjustments and repairs with hand tools; that the proposed location of the lubritorium is in direct relationship to the present gas station, office and pumps and would thus make this an integrated unit; that the design of the proposed extension would blend architecturally with the present structure and will improve both the operation of the gas station as well as the rear portion of the property; that the present widening of Amboy Road has been on record since 1918; that the proposed extension will not affect the widening; that the easement indicated on the survey at the rear of the property is a permanent easement and acts as a barrier between the property in question and the adjacent properties; that the proposed improvement is a necessary expansion for the proper and successful operation of the gas station; that under present conditions the lessee is severely hampered by lack of access to the rear of the property from both Hillside Terrace and Brown Avenue, the lack of facilities for automobile adjustment and lubrication and the lack of automobile parking and storage area; and

WHEREAS, the applicant states that the present owner has held title to the property since March 13, 1945; that the as-

MINUTES

sessed valuation of land is \$20,000 and of the building \$12,000 making a total of \$32,000; that the building was erected prior to 1898; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, under Volume I the area of the lot was substantially the same as now stated and a garage was permitted which apparently was later remodeled into gasoline station and store without referring to the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 23, 1920 by adding thereto:

"that in the event the owner desires to make certain changes as indicated on the plans filed with this application, marked "Received August 5, 1957", 2 sheets, "January 22, 1958", 2 sheets, "March 5, 1958", 2 sheets, "June 30, 1958", 5 sheets; that such extension of work may be permitted as shown thereon under proposed conditions, provided the proposed lubritorium building shall be located so as to have the entrance thereto from the rear; that certain garages shown to be removed, shall be removed and space now occupied properly paved; that all buildings at the rear shall be removed leaving only garages which are of class 3 structure; that gasoline storage tanks shall not exceed eight 550 gallon approved gasoline storage tanks; that there may be an additional dispensing pump as proposed; that in all other respects the buildings and occupancy shall comply with all laws and rules applicable other than as required by resolution adopted this day under Calendar Number 1017-57-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

545-57-BZ

APPLICANT—Leonard F. Rothkrug, for Maria Gitto, doing business as Joseph Gitto and Sons, owners.

SUBJECT—Application July 19, 1957—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, C area district, the change in occupancy and extension of a one family dwelling and four car garage to wholesale grocery storage occupying more than the permitted area.

PREMISES AFFECTED—155 Hopkinson Avenue, east side, 25 feet north of Hull Street and 101 Hull Street, north side, 70 feet east of Hopkinson Avenue, Block 1533, Lot 2, Borough of Brooklyn.

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958, after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; applicant to correct photograph; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hull Street, Hopkinson Avenue and McDougal Street are in a residence use, C area and class 1 height district, Rockaway Avenue is in a local retail use, C area and class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated July 12, 1957, acting on Alt. Applic. 4613-55, reads:

"2. Proposed use for the storage of grocery products in a structure located in a residence use district is contrary to Art. II, Sec. 3 of the Zoning Resolution."

"3. Proposed extension exceeds area for a 'C' district and is contrary to Art. IV, Sec. 13(b) of the Zoning Resolution.

"4. Proposed extension located within required rear yard violates Art. IV, Sec. 17a of Zoning Resolution." and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage, by 100 feet in depth, on which is located a two story and attic building, 19 feet in height, erected prior to 1916 of class 4 construction and used and occupied as a dwelling for one family, and a one story garage building used as a garage for four cars; that it is proposed to alter and extend the 1st floor of the dwelling and occupy it in conjunction with the four car garage building for occupancy as wholesale grocery storage; and

WHEREAS, the applicant contends that the owner is the owner of Lots 1, 2, 4 and 5 of this tax block and is also the occupant of the retail grocery store on the adjoining Lot 1, northeast corner of Hopkinson and Hull Street; that the retail grocery store use was established prior to 1916, before the enactment of the Zoning Resolution and constitutes a legal non-conforming use; that the four car garage portion of the subject premises was formerly part of Lot 1 and was erected under Alt. Applic. 1274-51 and occupied in accordance with Certificate of Occupancy No. 139472 as a four car garage accessory to the corner multiple dwelling; that the retail grocery business of the owners expanded into a wholesale grocery business several years ago specializing in Italian-American groceries and an urgent need has developed for storage space; that the owner started using the open rear yard of the subject premises and subsequently erected a temporary covering; that a grant of the proposed application will not adversely affect any of the property owners within the neighborhood; that the area was almost fully developed prior to 1916 before there were any Zoning restrictions; that as a result there are commercial uses on three of the four corners at the intersection of Hopkinson and Hull; that the premises could have been properly zoned as business in 1916 and the proposed use would have been a conforming use; that the use is limited to a depth of 100 feet from Hopkinson Avenue; that the use is a natural outgrowth of the conforming retail store use on the corner; that Zoning Violation 163-56 issued June 11, 1956 reads in part as follows:

"Being located in a residence use district. First floor of said building is being used for the storage of groceries.

Violation 2580-56 issued June 11, 1956 reads in part as follows:

"A wood frame structure has been erected between the front and rear buildings, size about 25 feet by 25 feet by 10 feet and being used for the storage of groceries without an approved application and permit from this department."

that the use will be limited to a storage use only and there will be no additional employees, no manufacturing, and no obnoxious noise or odors; that the area district objection results from the fact that the premises, although devoted to a commercial use is zoned residence and a higher percentage limitation exists; that if the premises was zoned business then the coverage would not exceed the area district limitations; that particularly, in view of the fact that credit would be given to off-street loading area; that the same owner has purchased two additional lots within this tax block and there is no vacant property available; and

WHEREAS, the applicant states that the present owner has held title to the property since July 28, 1953 and September 23, 1946; that the assessed valuation of the land is \$3125 and of the building \$1275; making a total of \$4400; and that the building was erected in 1902; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted subject to conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to

MINUTES

warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 7e as to use and under Section 21 as to area, to permit for a term of ten years the extension in use and area and the change of occupancy of the first floor of the existing one-family dwelling and four-car garage to wholesale grocery storage, as proposed to be extended and as indicated on plans filed with this application, marked "Received April 1, 1958", 12 sheets, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; other than as amended this day by resolution adopted under Cal. No. 546-57-A; that all permits required and a new certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

546-57-A

APPLICANT—Leonard F. Rothkrug, for Maria Gitto, doing business as Joseph Gitto and Sons, owners.

SUBJECT—Application July 19, 1957—Appeal from a decision of the Borough Superintendent, re Class 4 structure-commercial use.

PREMISES AFFECTED—155 Hopkinson Avenue, east side, 25 feet north of Hull Street and 101 Hull Street, north side, 70 feet east of Hopkinson Avenue, Block 1533, Lot 2, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION ON BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,
Commissioner Foley and Commissioner Sleeper..... 4
Negative 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated July 12, 1957, on Alteration Application 4613/55 reads:

"1. Proposed change of occupancy on first floor of a Class 4 structure within the fire limits from a residential use to a commercial use is contrary to Section 4.2.1 and 2.1.3.5 of the Building Code."

and

WHEREAS, the applicant states that the building is two stories and attic, 27 feet in height, 22 feet 4 inches front by 100 feet irregular in depth at first floor, 50 feet irregular in depth at second floor of Class 4 construction, erected in 1902 located on a lot 25 feet front on Hopkinson Avenue with a depth of 100 feet therefrom with an El fronting 30 feet on Hull Street, located in a residence use C area, Class 1 height district and used and occupied since 1955 as a one family dwelling and four car garage accessory to the multiple dwelling on Lot 1; the building is now proposed to be used as follows: first floor—wholesale grocery storage, 3 persons; second floor—dwelling one family; the building is provided with one 3 feet wide interior wood stairs, enclosed in partitions of wood lath and plaster equipped with wood doors which are not self closing, stair hall leads direct to street and is provided with a ladder and scuttle to roof; and

WHEREAS the applicant states the premises consist of a lot 25 feet front by 100 feet in depth upon which there is a two story and attic frame building erected prior to 1916, 25 feet front by 50 feet in depth, occupied as a one family dwelling and a one story building 30 feet front on Hull Street by 25 feet in depth, erected under Alteration Application 1274/51 in Class 3 construction for use as a garage for four cars accessory to the multiple dwelling on the adjoining Lot 1; that certificate of occupancy 139472 was issued for this building; and

WHEREAS, the applicant states that it is now proposed to extend the first floor of the two story building in Class 3

construction and use it in conjunction with the four car garage for the storage of wholesale grocery supplies and the second floor will be used as a one family dwelling; and

WHEREAS, the applicant contends that the same owner owns the building on Lot 1 at the northeast corner of Hopkinson and Hull and occupies the first floor of such adjoining building as a grocery store; that the four car garage building which is the subject of this appeal was erected for use in conjunction with the corner lot and is now used substantially as herein proposed; that the new extension will be of Class 3 construction and it is proposed to fire retard the cellar and first floor ceiling; that the stair hall to the second floor will lead direct to the street and will be enclosed in fire protected partitions; that the proposed business area will be used for grocery storage only; that there will be no manufacturing of any kind and no full time employees on the premises; that the premises will be supervised by the owners residing in the adjoining corner building; that permanent aisle spaces will be provided and exit maintained to both Hopkinson Avenue and Hull Street; that no inflammables will be stored on the premises; that the existing temporary frame shed in the rear yard will be removed; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted with conditions.

Resolved, that the decision of the Borough Superintendent, dated July 12, 1957, acting on Alt. App. 4613/55, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted by the Board this day under Cal. No. 545-57-BZ shall be complied with; and that the present frame building shall be fire-retarded as proposed and as shown on plans referred to therein.

803-57-BZ

APPLICANT—Hyman Muss, for Willets Point Taxpayer Inc., owner.

SUBJECT—Application November 7, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail use district, the erection of a two-story building to be occupied on the first floor with stores and a motion picture theatre and the use of the second floor for offices and projection room.

PREMISES AFFECTED—19-05 to 19-11 Francis Lewis Boulevard, southeast corner of 160th Street, Block 4758, Lot 145, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Aaron Halpern.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating
Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Francis Lewis Boulevard are in a local retail use, D and F area, class ½ height district; Willets Point Boulevard is in a local retail use, D area, class ½ height district; 160th Street is in a residence use, F area, class ½ height district; 17th Avenue is in a residence use, D and F area, class ½ height district; that prior to December 31, 1951 the part of the premises that fronts on Willets Point Boulevard was business for a depth of 100 feet and the balance was residential; that on December 31, 1951 the business use was changed to local retail and extended to local retail the balance of the premises, which is the subject of this application; that at the same time the area for a depth of 200 feet from Willets Point Boulevard was as of that date changed so that all of it was in a D zone; that the only part which was continued in F zone was the small

MINUTES

triangle which is behind the 200 foot depth and which was continued as F zone; and

WHEREAS, the decision of the Borough Superintendent, dated April 25, 1958 acting on amendment to N.B. Applic. No. 3393-57 reads:

"2. Use of theatre in local retail zone is contrary to 4c of the Zoning Resolution.

"3. Second story occupancy for business use in local retail zone is contrary to 4c of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 179.81 feet frontage by 277.04 feet in depth, irregular, presently vacant; that it is proposed to construct a building 45 feet by 170 feet, irregular, to be occupied as a theatre and stores on street level and second story office space in a small portion above; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Amdt. to N.B. App. 3393-57, Objection No. 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

881-57-BZ

APPLICANT—Max Horn, for Peter P. Bendzlowicz, owner.

SUBJECT—Application December 10, 1957—decision of the Borough Superintendent, under Section 7c of the Zoning Resolution, to permit in a local retail use district, the relocation, into a recently consolidated lot, and the reconstruction of a gasoline service station, lubritorium, office, sale of auto parts, minor auto repairs and the parking of cars awaiting service, this change is required due to the proposed widening of the two streets on which the building has frontage.

PREMISES AFFECTED—259-59 Francis Lewis Boulevard and 147-60 Hook Creek Boulevard, northeast corner, Block 13686, Lot 5, Rosedale, Borough of Queens.

APPEARANCES—

For Applicant: Max Horn and Peter P. Bendzlowicz.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Francis Lewis Boulevard, Hook Creek Boulevard, 147th Drive and 148th Avenue are in a local retail use, D area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 19, 1957 acting on N.B. Applic. No. 3588-57, reads:

"1. The proposed erection of a Gasoline Service Station in a Local Retail use district with accessory office, lubritorium, minor repairs, sales of auto parts and parking of cars awaiting service is contrary to Art. II Sec. 4c Zoning Res.

2. The erection of a ground sign in a local retail use district is contrary to Art. II Sec. 4c & Art. II 4(49) Zoning Res."

and
WHEREAS, the applicant states that the premises consist of a plot, 51.34 feet frontage by 36.80 feet in depth; that this plot originally consisted of two lots, numbers 5 and 15, but

were recently consolidated into one lot now known as lot No. 5; that it is proposed to replace an existing gasoline service station which is located in the bed of a mapped street; and

WHEREAS, the applicant states that on former lot 15 there is now located a gas service station for which Certificate of Occupancy No. Q-69605 was issued December 26, 1950; that former lot 5 contains a dwelling which will be removed to make room for the new gas station; that the gas filling station was approved under N.B. Applic. No. 2106-30 for two 550 gallon tanks, when this area was not restricted; that on March 23, 1931 the Fire Department issued Permit No. B-388590 which was continued until 1939; and

WHEREAS, the applicant further states that the present arrangement is inadequate to carry on the business as there are no facilities for minor repairs and the lift is outdoors, and the gasoline pumps and island are now located outside of present property lines; that it would be impossible to house the automobile lift and move the pumps and island to comply with the requirements of the Code, namely, to keep the pumps at least ten feet inside the lot lines; that the owner could not make any improvements because the City proposes a widening of both streets with a consequent loss of over half his land; that the entire existing gas station, pumps, etc., are within the area to be lost; that the building was approved August 19, 1930 for a gas filling station and operated as such until 1939; that it was not occupied until 1950 when it was reopened; that the Fire Department required a new Certificate of Occupancy before issuing a combustible permit, hence Alt. Applic. No. 379-50 which was approved, and Certificate of Occupancy No. Q-69605 obtained as of December 26, 1950; that two curb cuts were approved on Francis Lewis Boulevard—Cross Island Boulevard—under B.N. 2096-50 and another curb cut under B.N. 941-51; and

WHEREAS, the applicant contends that the proposed new gas station and accessory uses is to replace the existing station, which must be demolished because it is in the bed of the mapped streets of both Francis Lewis Boulevard and Hook Creek Boulevard; that a sign post and sign is proposed where indicated on plans and the Board is requested to grant a variance to permit a ground sign; and

WHEREAS, the applicant states that the present owner has held title to the property since August 4, 1930 and November 30, 1948 and that the assessed valuation of land is \$2,000 and of the building \$4,000 making a total of \$6,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the records indicate that the gasoline service station was established in 1930 or before, and occupied approximately 75 feet by 50 feet, and has been subject to Fire Department permits; and

WHEREAS, the applicant now desires to reconstruct the station on a different sized plot, due to widening of Hook Creek and Francis Lewis Boulevards; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the partial relocation and reconstruction of the lawfully permitted gasoline service station, substantially as proposed and shown on plans filed with this application, marked "Received December 10, 1957", 7 sheets, "April 30, 1958", 1 sheet, "June 10, 1958", 1 sheet "June 18, 1958", 3 sheets *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that pumps shall be of a low approved type, erected not nearer to the street building line than shown on plan marked "Received June 18, 1958"; that the number of gasoline storage tanks shall not exceed four 550 gallon approved tanks; that the balance of plot where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that sidewalks abutting the side shall be constructed or repaired

MINUTES

to the satisfaction of the Borough President; that curb cuts, whether existing or proposed shall be not more than five, each not over 15 feet in width; that signs shall be restricted to the facade of the accessory building and the illuminated globes of pumps, excluding roof signs, temporary signs and advertising devices, but permitting the erection within the premises of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and which sign may extend not more than 4 feet beyond the building line; that under Section 7i there may be minor repairs with hand tools only, for adjustments, maintained solely within the accessory building; and under Section 7c there may be parking of cars awaiting service, provided such cars are placed where they will not interfere with the servicing of the station; that there shall be no windows constructed in the rear wall of the accessory building, and said building shall be without cellar; that any spaces on the rear lot line beyond the wall of the accessory building shall be protected with a masonry wall agreeing with the face brick of the accessory building, erected to a total height of not less than five feet, 6 inches; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

909-57-BZ

APPLICANT—Aaron Halpern, for Wiljay Contracting Co., Inc., owner.

SUBJECT—Application December 12, 1957—decision of the Borough Superintendent, under sections 7c and 21 of the Zoning Resolution, to permit in a residence use, G-1 area district, a one-story extension to an existing non-storage, 4 car garage to be used for the storage of contracting equipment which is now legally stored in an open yard, the proposed extension to occupy more than the permitted area coverage.

PREMISED AFFECTED—152-15 14th Road, north side, 101.94 feet east of 152nd Street and 152-10 13th Avenue, Block 4541, Lot 22, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Aaron Halpern, Robert Johnson, Jr., and James B. Bell.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958, after due notice by publication in the Bulletin; to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 14th Road, 13th Avenue, 152nd Street and 154th Street are in a residence use, G-1 area and class 1 height District; and as of July 25, 1916, the property was zoned as an Unrestricted District and a D area District; that the present residence designation became effective on April 16, 1938 and the present G-1 area designation became effective on July 24, 1951; that the height designation has not been changed since July 25, 1916 and no Zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1957, acting on Alt. Applic. 1975-57, reads:

"1. Proposed extension of existing structure for business use in a residence zone is contrary to Art. II, Sec. 3 of Zoning Resolution.

2. Area of occupancy of proposed extension in G-1 Zone is contrary to Sec. 16 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 48.31 and 15.41 feet frontage, by 149.96 feet in depth

irregular; that at the present time the property is improved with a 30 feet by 60 feet one story masonry building which was erected under N.B. Applic. 4331-31 and is used conjunctively with the open yard which is used for storage of contractors' equipment all uses of which were established and operating under Certificate of Occupancy #Q97404 which was issued August 2nd, 1954; that it is proposed to construct a modern one story extension to this existing structure so as to place all the storage of contractors' equipment under cover; that the area of this irregular lot is 8148 square feet; that the area of the existing building which was erected in 1931 is 1800 square feet leaving the remaining open area of 6348 square feet; that the allowable coverage in a G-1 area is 40% of this open area which is 2539 square feet; that the area of the new proposed extension is 3804 square feet which indicates an excess coverage of 1265 square feet; that the proposed extension will have a facade of brick to provide a pleasant appearance as well as colonial trimwork facing on the 14th Road frontage; that no openings are proposed along the lot lines nor at the rear facing onto the 13th Avenue frontage (13th Avenue is mapped but is not legally open); and

WHEREAS, the applicant contends that Block 4717, Lot 16 is improved with a large shopping center; that in view of the foregoing facts, and in view of the fact that the proposed improvement will place all unsightly contractors' equipment under cover, a condition which is much more desirable than the condition existing at present and this proposed improvement will in no way adversely affect any adjoining property owners; that in addition the 15 feet setback will be maintained at the front of the building; that it will also be landscaped; that it is respectfully requested that this application be granted; and

WHEREAS, the applicant states that the present owner has held title to the property since September 3, 1957; that the assessed valuation of the land is \$2,500 and of the building \$2,500; making a total of \$5,000; that the building was erected in 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted on condition, including elimination of parapet to provide additional light to adjoining occupancies; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 7c and 21 to permit the extension of use by extending the existing building as proposed and as shown on plans filed with this application marked "Received December 12, 1957", 5 sheets, and "May 21, 1958", one sheet, for the use as proposed, *on condition* that the building shall in all other respects comply with all laws, rules and regulations applicable thereto; that the building shall not be extended beyond the area as indicated on such plans; that there shall be no lot line windows; that the parapet as shown around the building shall be eliminated and the roof shall be equipped with an overhanging cornice; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

992-57-BZ

APPLICANT—Victor G. Madonia, for Jacob Feldman, owner.

SUBJECT—Application December 30, 1957—decision of the Borough Superintendent, under sections 7e, 7f, 7i and 7A of the Zoning Resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, minor auto repairing, office, sales,

MINUTES

storage room and parking and storage of motor vehicles for a stated term of fifteen (15) years.

missioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Merrick Boulevard are in a retail use, D area, class 1 height district; 109th Road and Brinkerhoff Avenue are in retail and residence use, D area, class 1 height districts; 169th Street is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 30, 1957 acting on N.B. Applic. No. 3087-57, reads:

"1. The proposed use of a gasoline service station, lubritorium, car wash, minor repairs, office, sales, storage, parking of more than 5 cars waiting to be serviced in a retail district is contrary to Art. II, Sec. 4A of the Zone Law.

"2. The proposed curb cuts and show window within 75 ft. of a residence district is contrary to Sec. 7A of the Zone Law."

and

WHEREAS, the applicant states that the premises consist of a plot, 168.43 feet frontage by 100 feet in depth, presently vacant; that it is proposed to erect and maintain, for a term of fifteen years, a modern gasoline service station consisting of ten 550 gallon gasoline tanks and four dispensing pumps; that the proposed building will be one story in height with a frontage of 56 feet 5 inches and a depth of 28 feet, of class 3 construction, and will contain storage space, office and salesroom, minor auto repair facilities, lubritorium and a car wash; that the part of the site not landscaped will be used for parking vehicles awaiting service; and

WHEREAS, the premises and surrounding area were inspected by a Committee of the Board and the committee recommended that the Board should not exercise its discretion to grant the application; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e, f, i and 7A of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 3087-57, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

27-58-BZ

APPLICANT—John F. Fitzsimons, for Esther Lynch, owner.

SUBJECT—Application January 28, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the construction of a building to be used as a plumber shop, office, store, cellar and one car garage.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; 47th Street and 48th Street are in residence, retail and local retail use, B area, class 1½ height districts; Greenpoint Avenue is in a retail use, B area, class 1½ height district; 47th Avenue is in a local retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 10, 1958 acting on N.B. Applic. No. 3803-57, reads:

"1. Proposed plumbing shop, office, store and accessory one-car garage in a residence use district is contrary to Article 2, Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet frontage by 95 feet in depth; that it is proposed to construct a one story building 31 feet front by 85 feet deep, with a full cellar, except for that portion to be occupied as a one car garage; and

WHEREAS, the applicant states that the premises has been in the present ownership since December of 1924 and it has not been feasible to develop it for residential purposes; that it is under contract of sale of Henri Billharz, a plumber, who is being required to move from his present shop at 45-56, 47th Street; that this contract is conditional upon the securing of a variance to permit the uses of the premises as proposed; that the westerly side of 47th Street, opposite the site, is developed with a series of stores occupied variously by F. W. Woolworth Company, a tavern, a stationery store, etc.; that abutting the premises on the northerly side is a two story building housing Anoroc Democratic Club, Inc., the frontage of whose property is in a business use district; that the site and lot 26 in the same tax block, which said lot 26 is owned by The City of New York through an In Rem tax foreclosure, are the only presently unoccupied lots within a 500 foot radius; and

WHEREAS, the applicant contends that on the basis of all the circumstances and general character of the neighborhood, it is felt that the proposed construction will not be out of harmony with the general purpose and intent of the Zoning Resolution, and it is accordingly requested that this application be granted for a term of fifteen years; and

WHEREAS, the applicant states that the present owner has held title to the property since December 15, 1924 and that the assessed valuation of land is \$6,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted with conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of fifteen years, to permit the occupancy of the proposed building as a plumber shop, office, store, cellar and one car garage, substantially as proposed and indicated on plans filed with this application, marked "Received January 28, 1958", 4 sheets, and "May 5, 1958", 1 sheet on condition that the building in all other respects shall comply with all laws, rules

MINUTES

and regulations applicable thereto; that such signs may be permitted on the front of the building as would be permitted for a similar building when erected in a local retail district; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

39-58-BZ

APPLICANT—Julian Roth of Emery Roth and Sons for Bankers Trust Co., and Metropolitan Life Insurance Co., owners.

SUBJECT—Application January 14, 1958—decision of the Borough Superintendent, under section 19A and 21 of the Zoning Resolution, to permit the separation of Lot 67 from the Certificate of Occupancy of Lot 1 and extend the 12 story building on Lot 69 to 19 stories and erect thereto a 19 story extension of Lot 67, eliminating the required loading and unloading berth.

PREMISES AFFECTED—2-4 East 44th Street and 523-529 5th Avenue, southeast corner, Block 1278, Lots 67 and 69, Borough of Manhattan.

APPEARANCES—

For Applicant: Julian Roth.

For Opposition: Samuel Bodian for City Construction Coordinator.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over for applicant to send out new notices by regular mail for hearing on June 3, 1958; then to June 10, 1958 for further consideration; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 44th Street, Fifth Avenue, East 43rd Street and Madison Avenue are in a restricted retail use, B area, class 1 $\frac{1}{4}$ and class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 20, 1957 acting on Alt. Applic No. 512-57, reads:

7. Proposed increase in height and in floor area of subject office bldg. constitutes an increase in aggregate floor area sufficient to require a loading berth. (Increase over 75,000 sq. ft.) Sect. 19-A Zon. Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 96 feet 10 inches in depth, presently occupied by a twelve story building 105 feet frontage by 97 feet in depth on Lot 69, and a five story building 45 feet frontage by 96 feet 10 inches in depth on Lot 67, to be demolished; that it is proposed to extend the present twelve story building located on Lot No. 69 of Block 1278, to nineteen stories in height; that simultaneously, it is proposed to construct a horizontal extension nineteen stories in height, to include Lot No. 67—2-4 East 44th Street—of Block 1278; and

WHEREAS, the applicant states that on Plot Plan filed with this application, lots 1, 67 and 69 of block 1278 are shown separately; that the vertical extension of the present building on lot 69 will develop a main roof height of plus 233 feet 6 inches from the datum of lot 69 and the main roof of the nineteen story extension on lot 67 will be carried to the same height; that however, the roof bulkheads, which will contain the elevator machine room, the cooling tower and a domestic water supply tank will, in a limited area, be carried to a height of 262.67 feet above the datum of lot 69, which is 260.69 feet above the datum of lot 1; and

WHEREAS, the applicant also states that lot 67 was originally included with lot 1 for the purpose of computing the

tower area by Resolution of the Board under Cal. No. 741-27-BZ for the tower of the 37 story and penthouse building on lot 1, which reads as follows: "Whereas the tower area percentage is based on the entire plottage, including lot 1 and lot 67 in block 1278, and shall be so maintained"; that further reference is again made to Resolution Cal. No. 741-27-BZ, as follows: "and this portion of the plot on 44th Street Front" (Lot 67 on Block 1278) "shall be limited in height to the restrictions for this street front as provided in the zoning resolution"; that above the 23rd floor level of the building on lot 1—height of 263.88 feet above the datum of lot 69, which is 261.90 feet above the datum of lot 1—the tower area conforms with the Resolution under Cal. No. 741-27-BZ; that the proposed construction on lot 67 will terminate at a height of 262.67 feet above datum of lot 69, which is 260.69 feet above the datum of lot 1, and conforms to the restrictions for this street front—44th Street—as provided in the zone resolution; and

WHEREAS, the applicant contends that the purpose of the foregoing portion of the appeal is to obtain a Certificate of Occupancy for the proposed improvements on lots 67 and 69, independent of a Certificate of Occupancy for the building on lot No. 1; and

WHEREAS, the applicant states that the present owners have held title to the property since April 29, 1938 and May 31, 1945; that the assessed valuation of land is \$2,290,000 and of the building \$895,000 making a total of \$3,185,000; that the building was erected in 1905 and 1907; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board has considered the Objection of the Building Department, Objection No. 7, Objection No. 6 having been taken care of under Cal. No. 38-58-BZ. As to a loading berth, the Board has concluded that the area of the building "as used" should be taken as the net usable area of the building and not as the gross, and on this interpretation it is the Board's opinion that the loading berth is not required; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion by the Board to omit an unloading berth under the terms of Section 19 J of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under 19A *on condition* that the building shall be used only for office work and not for sale or storage or display of merchandise and there shall be no storage of any tenants in the building requiring daily trucking, except such trucking as may be required for regular cleaning operations, which shall be done at night; that no office furniture or any other equipment shall be moved into the building except at night, after six p.m. and before eight a.m.; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as amended under Cal. No. 38-58-BZ and the previous resolution of Cal. No. 741-27-BZ; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

61-58-BZ

APPLICANT—Stanley J. Shaftel, for Sylvia Kaye, owner.

SUBJECT—Application February 19, 1958—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a G area district, the erection of a one family dwelling that encroaches on the required setbacks in the front and side yards.

PREMISES AFFECTED—49-04 Hanford Street, west side, 365.83 feet north of 51st Avenue, Block 8167, Lot 92, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: Stanley J. Shaftel.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hanford Street, Maryland Road and Carolina Road are in a residence use, G Area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 10, 1958 acting on N.B. Applic. No. 125-58, reads:

"1. The proposed building in a G district is being erected less than 20 feet to the street line of the street on which it fronts and is therefore contrary to Art. IV Sec. 16B, Par. b of the Zone Law.

2. The proposed building in a G District is being erected nearer than 10 feet to a side lot line and is therefore contrary to Art. IV Sec. 16B Par c of the Zone Law."

and

WHEREAS, the applicant states that the premises consist of a plot, 74.96 feet frontage by 83.97 feet in depth, irregular, presently vacant; that it is proposed to erect a one family dwelling thereon; and

WHEREAS, the applicant states that the present owner purchased this land from The City of New York for the sum of \$4,550 plus incidental title costs of \$350; that as to Objections 1 and 2 issued by the Borough Superintendent, the topography of the land is such that there is a drop of approximately 40 feet in elevation from street level to the rear of the plot; that the rear of this land abuts upon a proposed section of Alley Pond Park; that this part of the park is at the present time a bog, and at an elevation much lower than the subject property; that to build this parcel at the legal grade would require extensive foundations, retaining walls, huge quantity of fill and other costly construction expense which would make the whole venture economically unsound and render impossible the utilization of this plot; that this would result in a total financial loss; that a diminution of the setback requirements is requested in front and side yards in order to most advantageously utilize existing grade conditions and to keep the house as high as possible; that to set the house back further would increase the drop off in front yard and driveway and greatly increase height of foundation walls; that to move the house further away from the proposed southern side yard would entail excessive fill, matting and foundation walls on both the garage side and living room side, as the present grade drops sharply away towards the north and west; and

WHEREAS, the applicant contends that the setbacks and sideyards of this proposed building are approximately the same as the other houses along this side of the street, and in no way will the proposed home deteriorate the nature of the neighborhood; that due to the difference in elevation of the land and its sharp gradation, the arrangement of the proposed structure is the only feasible and practical method of a developing this plot; that in the past this lot has been used as a dumping ground, but the contemplated building will help beautify and enhance values in the area as well as increase the tax revenue to the City; and

WHEREAS, the applicant states that the present owner has held title to the property since December 18, 1957 and that the assessed valuation of land is \$1,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application be granted subject to conditions; and

WHEREAS, the Board finds that the dwelling will be livable even though not in strict accordance with the requirements; with its outlook over Alley Pond Park; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it is hereby is *granted* under Section 21, to permit the erection of the proposed one-family residence on the plot, as proposed and indicated on plans filed with this application, marked "Received February 28, 1958", 1 sheet, and "May 14, 1958", 6 sheets, *on condition* that the building and occupancy shall comply with all laws, rules and regulations applicable thereto, except that the front yard shall not be less than the distance from the building to the present street line as proposed and indicated on such plans, and that the side yards on either side shall be not less than ten feet each; that in the event a portion of the plot is taken for the proposed street widening of Hanford Street, recompense for same shall be as determined by the Court; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

62-58-A

APPLICANT—Stanley J. Shaftel, for Sylvia Kaye, owner.
SUBJECT—Application February 19, 1958—filed pursuant to section 35, General City Law re proposed stairs and walks in bed of a mapped street and a decision of the Borough Superintendent re ceiling height and garage level.

PREMISES AFFECTED—49-04 Hanford Street, west side, 365.83 feet north of 51st Avenue, Block 8167, Lot 92, Douglaston, Borough of Queens.

APPEARANCES—

For Applicant: Stanley J. Shaftel.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 10, 1958 on N.B. Applic. 125-58, reads:

"3. More than 50% of the story height between the 1st floor and ceiling is below the level of the nearest point of the nearest curb and is therefore considered unlivable and is contrary to Art. VI, Section C-26-258.0 of the Administrative Code.

4. The proposed finished floor level of garage is more than 18 inches below the established street grade and is therefore contrary to Art. 15, Section C26-1221.1 of the Administrative Code.

5. The proposed stairs and walks in front of the building are in the bed of a mapped street and is therefore contrary to General City Law, Art. 3, Section 35."

and

WHEREAS, the applicant states that the premises consist of a lot 74.96 feet front by 93.97 feet average in depth, located in a residence use, G area, class ½ height district, upon which it is proposed to erect a two story, 32 foot high, class 4 constructed building, 55 feet 10 inches front by 34 feet 8 inches in depth for use as a one family dwelling with one car accessory garage; and

WHEREAS, the applicant contends as to Objection 3 issued by the Borough Superintendent, that the area to the rear of the plot cannot be built upon except as a park; that the future park is so far below the grade of the lot in question as to afford a continuous unobstructed view permitting ample light and air; that for all practical purposes the part of the building below grade will be so far above the grade continuing to the rear that it will forever enjoy adequate light and ventilation; and

WHEREAS, the applicant contends as to Objection 4, that in order to maintain a reasonable driveway grade and minimize

MINUTES

foundation work, the garage will be more than 18 inches below street grade; that since the plot drops away sharply and the drainage is essentially unchanged from present conditions, it is simple to drain the driveway along the natural slope and no water problem will ensue; that there will be no change in the fall off nor drainage to adjacent property due to the proposed construction; and

WHEREAS, the applicant contends as to Objection 5, issued by the Borough Superintendent that the only use being made of the portion of the plot within the mapped street widening is for steps to gain access to a walk leading to the entrance to the building; that it is proposed that if at any time the city widens Hanford Street, the owner will relocate the steps and entrances at her own expense and will not seek damages or disbursements therefore from the city; that due to the difference in elevation of the land and its sharp gradation, the arrangement of the proposed structure is the only feasible method of developing this plot; and

WHEREAS, the Board has been advised by the Borough President that Hanford Street as indicated at a width of 50 feet and the grades were established on the Final Maps known as Alteration Map No. 3211 adopted by the Board of Estimate, November 20, 1952 under Calendar Number 251; that there is an indicated widening of about 10 feet on easterly and westerly sides of Hanford Street; that there are no proceedings now pending to acquire title to this proposed widening; that from the elevation indicated on the plan when the street is ultimately widened, it will be impossible to use the garage; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the Board finds that the dwelling will be livable even though not in strict accordance with the requirements with its outlook over Alley Pond Park.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 125-58, Objection Nos. 3, 4 and 5 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the premises, the level of the garage floor and the erection of stairs and walks within the bed of the mapped street, as proposed and permitted to be constructed under the requirements of the resolution adopted by the Board this day under Cal. No. 61-58-BZ; and that to divert the street water from the premises, there shall be constructed a rise at the entrance of at least 8 inches, before the driveway slopes downward to the garage floor level; that the building and occupancy in all other respects shall comply with all laws and rules applicable thereto.

APPLICANT—Louis Lieberman, for Bernard Isacowitz, owner.

SUBJECT—Application February 27, 1958—decision of the Borough Superintendent, under Section 21 of the Zoning Resolution, to permit in a "G" area district, the continuance of an existing accessory garage, on a lot with a two-story dwelling, that encroaches on the required five (5) foot setback from the lot line.

PREMISES AFFECTED—138 Beach 149th Street, east side, 596 feet south of Rockaway Beach Boulevard, Block 788, Lot 43, Neponsit, Borough of Queens.

APPEARANCES—

For Applicant: Louis Lieberman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach 149th Street, Rockaway Beach Boulevard and Ocean Promenade are in a residence use, G area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent,

MINUTES

dated February 19, 1958 acting on Alt. Applic. No. 567-55, reads:

"1. A garage less than 5'-0" from a lot line in a "G" district is contrary to Sec. 16-B of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 63 feet frontage by 100 feet in depth; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. No. 6744-47 as a one car garage accessory to building on the plot; that on September 23, 1948 a Certificate of Occupancy was issued for the garage and building and shortly thereafter the property was sold by the builder to the present owner; that subsequent to the purchase of this property, a zoning violation was placed by the Building Department, since the garage building was erected two and one-half feet from the side lot line, instead of five feet as required by the Zoning Resolution; and

WHEREAS, the applicant contends that the present owner purchased this property in good faith, relying upon the Certificate of Occupancy as an indication that the building complied with all governing laws; that if the garage could be relocated to be five feet from the side lot line, it would be almost impossible to drive a car in and out of the garage due to the position of the main structure in relation to the garage; that relocating said garage would render a hardship upon the owner; that the only persons affected by this violation is the owner of the subject premises and the owner of the adjacent property, which has a similar condition, and will not affect the light and ventilation and the rear yards of the adjoining properties; that this condition will in no way be detrimental to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since October 1948; that the assessed valuation of land is \$3,000 and of the building \$14,000 making a total of \$17,000; that the building was erected September 21, 1948; and

WHEREAS, under Calendar 866-54-A the Board on April 12, 1955, granted the application of the Borough Superintendent to revoke Certificate of Occupancy #49684/48 on the grounds that the garage was actually constructed approximately 2 feet 8 inches from the south lot line in lieu of the 5 feet from the side lot line, as indicated on approved plans under N.B. Applic. 6744/47; and

WHEREAS, this action of the Board to revoke the certificate of occupancy was taken after the appeal had been laid over at the request of the representative of the owner, to file an application for zoning variance and had not filed such an application or appeared on behalf of the owner at the date of decision; and

WHEREAS, the situation herein involved in this application for variance is similar to that involved in application for variance granted by the Board under Calendar 213-56-BZ, affecting 144 Beach 149th Street, Block 788, Lot 45, after such application for variance was filed, subsequent to the revocation of Certificate of Occupancy Q49685 by the Board April 12, 1955; and

WHEREAS, the Certificate of Occupancy for this building was revoked by the Board at the request of the Borough Superintendent under Cal. No. 866-54-A on April 12, 1955; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the location of the accessory garage as proposed and as indicated on plans filed with this application marked "Received February 27, 1958", 3 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all

permits shall be obtained and all work completed within six months from the date of this resolution and a certificate of occupancy shall be obtained.

107-58-BZ

APPLICANT—Frederick A. Ketcher, for Rayco Corporation, owner; Flatbush Rayco Inc., lessee.

SUBJECT—Application March 6, 1958—decision of the Borough Superintendent, under sections 7c, 7h and 7i of the Zoning Resolution, to permit in a business and residence use district, a permanent variation to permit the installation of auto seat covers and minor motor vehicle repairs with hand tools, limited to muffler and tailpipe installation and service and a temporary variation to permit the parking of more than five (5) motor vehicles for patrons.

PREMISES AFFECTED—2385 Flatbush Avenue and 1953-1961 East 51st Street, southeast corner, Block 8529, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 51st Street and East 52nd Street are in business and residence use, D area, class 1 height districts; Flatbush Avenue is in a business use, D area, class 1 height district; Avenue S is in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, date February 24, 1958 acting on N.B. Applic. No. 68-58, reads:

"1. Proposed building and premises, partly in a business and partly in a Residence Zone, to be used for installation of auto seat covers and minor motor vehicle repairs with hand tools only limited to muffler and tail pipe replacement and service and parking for more than 5 cars for patrons only, is contrary to Art. II, P. 3 and P. 4a, subsection 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 98 feet and 20.55 feet frontage by 108 feet and 124 feet in depth; that it is proposed to erect a one story masonry building on the corner, with face brick on Flatbush Avenue and East 51st Street, fire retard the ceiling and install two modern safety lifts; that it is further proposed, for the patron parking, to grade the plot to the curb level, surface it with steam cinders with a suitable binder and properly rolled; that it is also proposed to erect a 5 foot 6 inch high chain link fence along all property lines, except along the south lot line, and provide substantial bumpers; that the muffler and tail pipe installation service will be an accessory use to the auto seat cover installation service; and

WHEREAS, the application states that the building is entirely in the business use district; that all work will be done inside of the building; that because of the small area, only two cars can be serviced at any one time; that the area allotted to muffler service is only 700 square feet, which is less than 5% of the area of the plot; that it will not be a motor vehicle repair shop as is commonly understood inasmuch as there would be no automotive—moving parts—repairs, no ignition work and no body or fender work; that it would not be a nuisance as there will be no smoke, odor, fumes or noise; that parking will be limited exclusively to patrons and no fees will be charged; that to operate the

MINUTES

auto seat cover service properly, it is imperative that the public knows that parking space will always be available; that when customers arrive they must leave their cars for service, which they pick up later the same day, and by providing this extra space, potential patrons would always be assured of free and safe parking on the premises; that this off street parking is absolutely essential to the proper conduct of the business and it also definitely minimizes the impact of the additional traffic and eliminates congestion on this corner; and

WHEREAS, the applicant further states that the premises is located on a corner; that to the south is the main Rayco Building operated by the same lessee; that to the east there is undeveloped land and to the west, along 100 foot wide Flatbush Avenue, on both sides north and south within the affected area, 75% of the frontage is allotted to gas stations, automotive, non-conforming and manufacturing uses; that the sole lessee and operator on the entire premises is the Rayco Company and it will be responsible for maintaining the premises and conducting the muffler service, which will be an accessory use to its auto seat cover service; and

WHEREAS, the applicant contends that a grant of this application would enable the owner to make a reasonable and just use of his property without affecting anyone adversely; that the City of New York would stand to benefit by an annual increase in taxes of about \$600; that this proposed building would result in a definite improvement in the general appearance of the premises and will be an asset to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since February 10, 1956 and that the assessed valuation of land is \$5,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of use from the business district to the residence district, as proposed and shown on plans filed with this application, marked "Received March 7, 1958", 6 sheets, and "April 2, 1958", 1 sheet, *on condition* that the proposed building shall comply with the requirements of the Building Code; and to permit the parking of motor vehicles belonging to patrons of building to be erected on the premises within the business use district, as shown on such plans; that under section 7i, there may be minor repairing consisting of the installation of auto seat covers and muffler and tailpipe installations and other minor repairs and service; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

108-58-BZ

APPLICANT—Samuel Rosenblum, for Yadbob Realty Corp., owner; Samoroff Building Inc., lessee.

SUBJECT—Application March 7, 1958—decision of the Borough Superintendent, under Sections 7c and 21 of the Zoning Resolution, to permit in a residence use district, in an existing three-story building, the change in use of the first floor from non-storage garage for five (5) cars to garage, photographic studio and darkroom and to continue the use of the second and third floors as dwellings.

PREMISES AFFECTED—172 East 73rd Street, south side, 175 feet west of 3rd Avenue, Block 1407, Lot 44, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; East 73rd Street and East 72nd Street are in residence, retail and restricted retail use, B area, class 1½ height districts; Lexington Avenue is in a restricted retail use, B area, class 1½ height district; Third Avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 27, 1958 acting on Alt. Applic. No. 209-58, reads:

"1. Proposed garage, photographic studio and dark room located in a residence use district is contrary to Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 102 feet 2 inches in depth, upon which is located a building three stories in height, erected in 1889 for use as stable, carriage house and dwelling; that the first floor was converted to a garage before 1916; that this block—East 73rd Street—was zoned unrestricted at the time of the adoption of the Zoning Resolution; that it is now proposed to use the first floor for a photo studio, dwelling above and one car, that of the owner, to be kept on the premises; that a small cellar is to be created at front for storage purposes and a mezzanine in the rear of the first floor for dark room purposes; and

WHEREAS, the applicant states that in 1919, under plans approved by the Fire Department and the Bureau of Buildings, a 275 gallon gasoline tank was installed in accordance with regulations under Alt. Applic. No. 1980-18; that when the work was completed, Certificate of Occupancy No. 1220-1919 was issued for garage on first floor and dwelling above; that permits have been issued regularly by the Fire Department for the storage garage and garage for ten cars, the latest renewal having been No. 44037 expiring December 5, 1952; that in 1954 the storage of gasoline was discontinued, the tank sealed in accordance with Fire Department regulations, and permits issued for a non storage garage for five cars, the latest permit expiring November, 1957; that at the present time there are many uses which would be classed as non conforming on this block; that at No. 182 is a five story garage, at 177-179 there is also a five story garage and there are also garages on the first floor at No. 174, No. 180 and No. 168; that No. 172 has been in almost continuous use for garage purposes to the present date; that this block was rezoned February 2, 1928 from unrestricted to residence use; that as the previous use was in accordance with approved plans, permits and Certificates of Occupancy, it has continued to date as a garage; and

WHEREAS, the applicant contends that this proposed use is far less onerous than the previous heretofore approved use for garage purposes; that it is not intended to alter the front of the the building; that the prospective tenant has entered into a contract for purchase of the premises and intends to alter the building as indicated on plans filed with this appeal; that in connection with the photographic work, this is not to be a regular photographic gallery; that it is not intended for the public to come in to have pictures taken, but is a private studio for photos to be taken for editorial work and magazine articles; that the premises have been in continuous use for garage purposes for over 40 years; that the alteration is limited to make the interior suitable for photographic work and that the front of the building will not be changed, nor any showroom store front provided;

MINUTES

that the upper floors will be used for dwelling as heretofore; and

WHEREAS, the applicant states that the present owner has held title to the property since July 27, 1954; that the assessed valuation of land is \$30,000 and of the building \$15,000 making a total of \$45,000; that the building was erected in 1889; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, for a term of five years, to permit the continuation of the photograph studio and the use of the second and third floors as dwellings, as now existing, and as proposed to be continued with space for one car only and no gasoline dispensing system, and as shown on plans filed with the application, marked "Received March 10, 1958", 5 sheets, and "May 7, 1958" one sheet, *on condition* that the building shall not be increased in height or area and shall comply with all laws rules and regulations applicable thereto; and that a Certificate of Occupancy shall be obtained within six months of the date of this resolution.

128-58-BZ

APPLICANT—Charles M. Spindler, for Robert Miller, owner; Esso Standard Oil Co., lessee.

SUBJECT—Application March 13, 1958—decision of the Borough Superintendent, under sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, lubricatorium, auto laundry—non automatic, office, sale of accessories, minor repairs for adjustments with hand tools only, safety inspection station and parking and storage of motor vehicles for a stated term of fifteen (15) years.

PREMISES AFFECTED—285-303 Oakland Street, west side, from India Street to Java Street, Block 2541, Lot 30, Borough of Brooklyn.

APPEARANCES—

For Applicant: Charles M. Spindler.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Oakland Street are in a business use, C area, class 1¼ height district; India Street and Java Street are in business and residence use, C area, class 1¼ height districts; Manhattan Avenue is in a business use, C area, class 1¼ height district; that the zoning designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 27, 1958 acting on N.B. Applic. No. 216-58, reads:

"1. Proposed building and premises in a Business Zone, to be used for gasoline service station, lubrication, auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only for adjustments, safety inspection station, parking and storage of motor

vehicles is contrary to Art. II, PP. 4a, subsections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 35 feet 7 inches frontage by 200.23 feet in depth; that it is proposed to develop the site with a modern gasoline service station building; that the proposed accessory building will be erected on the southerly end of the plot, with face brick on all three sides and will be a typical Esso Oil Company building; that it is also proposed to place shrubbery adjacent to the building on the India Street frontage, which will be protected by a 6 inch by 8 inch concrete curb; that three curb cuts will be provided on Oakland Street and one curb cut, complying with Section 7A, will be installed on India Street; that there will be erected on the westerly lot line, where walls do not occur, a five foot high woven wire fence on a six inch concrete curb, with total height of 5 feet 6 inches; that the proposed approved low type gasoline pumps will be set back 15 feet from the building line; and

WHEREAS, the applicant states that Oakland Street leads directly to and from the newly constructed Oakland Street Bridge leading to Long Island City; and was widened recently approximately 40 feet on the westerly side and this plot is the remainder of the former 75 foot deep lots on the westerly side of the street; that the Board has recently granted gasoline station permits for the block front north of the proposed site between India and Huron Streets, block 2533, lot 33, and also the block front between Huron and Green Streets, block 2523, lot 31; and

WHEREAS, the applicant contends that Oakland Street is a very heavily traversed motor vehicle artery and there is a demand for a gas station, particularly of the type that would be under the control and operation of a major oil company; that there would be no economic demand for a factory type of building due to the shallowness of the plot; that the accessory building would occupy but a small percentage of the lot and would permit more light and ventilation than would a permissive multi-storied building; that there is a predominance of automotive uses on Oakland Street both on the west side and on the east side; that this parcel was sold in an In Rem proceeding, which indicates that it would not be feasible to improve the property with a conforming use; and

WHEREAS, the applicant states that the present owner has held title to the property since January 22, 1957 and that the assessed valuation of land is \$11,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee reported that the application should be granted with conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions e, f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station, and uses lawfully accessory thereto, substantially as proposed and indicated on plans marked "Received March 13, 1958", 3 sheets, *on condition* that all uses now on the premises shall be removed and the premises shall be constructed and arranged as indicated on such plans; that the accessory building shall be of the design and arrangement indicated on such plans and faced on exposed sides with face brick; that from the accessory building to the India Street building line there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches, except that such fence may be omitted where buildings exist on the lot line; that pumps shall be of a low approved type erected not less than 15 feet to the Oakland Street building line; that there may be three curb cuts to Oakland Street, each not over 30 feet in width, and one curb cut not over 20 feet in width to India Street; that the sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that the number of gasoline storage

MINUTES

tanks shall not exceed twelve 550 gallon approved tanks; that signs shall be restricted to one post standard erected at the intersection of Oakland Street and India Street, to support a sign which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend not more than four feet beyond the building line, excluding all roof signs, temporary signs and advertising devices; that the premises where unbuilt-upon shall be paved with concrete or asphalt; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairing with hand tools only for adjustments, maintained solely within the accessory building; that under section 7e for a similar term there may be parking and storage of motor vehicles and safety inspection under the State Law, provided such parking does not interfere with the servicing of the station; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

172-58-BZ

APPLICANT—Gabriel Nathan, for Arverne Associates, Inc., owner.

SUBJECT—Application March 31, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking and storage of more than five (5) motor vehicles to be used in conjunction with that part of the parking lot located in the business use district.

PREMISES AFFECTED—212-220 Beach 70th Street, east side, 100 feet north of Rockaway Beach Boulevard, Block 534, Lot 68, Arverne, Borough of Queens.

APPEARANCES—

For Applicant: Mrs. Gabriel Nathan and Irving N. Klein.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach 69th Street and Beach 70th Street are in business and residence use, D area, class 1 height districts; Rockaway Beach Boulevard is in a business use, D area, class 1 height district; Beach Channel Drive is in a residence use, D area, class 1 height district; that the property was zoned as a business district until December 28, 1939 at which time it was changed to its present residence designation; that a small southerly portion of the plot is in the business use district; and

WHEREAS, the decision of the Borough Superintendent, dated March 13, 1958 acting on Alt. Applic. No. 325-58, reads:

"1. The proposed parking and storage of motor vehicles in a residence use district is contrary to the Zoning Resolution. Article II, Section 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 110 feet frontage by 115 feet in depth; that it is proposed to use the site as an open parking lot for motor vehicles; and

WHEREAS, the applicant states that the property is located in a seasonal resort area with a heavy density of furnished rooms, houses and bungalows; that its proximity to the beach and the Beach 69th Street station makes its use as a parking lot of great value in helping to solve the parking problem; that, in addition, the immediate area is a shopping center and parking space is greatly needed by the shoppers; that in the summer, off street parking is at a premium, not only for summer residents but for the thousands of daily

visitors to the Rockaway beaches; that street parking is prohibited during the season, aggravating the condition; and

WHEREAS, the applicant contends that the use of these premises for a public parking lot will not have an adverse effect, but will instead be of service to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since May 21, 1951; that the assessed valuation of land is \$7,000 and of the building \$500 making a total of \$7,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7 h for a term of five years, to permit the premises to be occupied for the parking and storage of motor vehicles limited to the pleasure-car type, substantially as proposed and indicated on plans filed with this application, marked "Received March 31, 1958", 4 sheets, *on condition* that all uses now on the premises shall be removed and the plot leveled substantially to the grade of Beach 70th Street, surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type, on a masonry base to a total height of not less than 5 feet, 6 inches, with no openings therein except two to East 70 Street for entrance and egress; that such openings shall be fitted with gates and kept closed except when the parking lot is in operation; that opposite such entrance there shall be curb cuts not exceeding 14 feet in width each; that signs shall be restricted to a permanent sign attached to the fence at each opening, advertising only the parking use, rates charged and such other information as the Commissioner of Licenses may require; that such signs shall not extend beyond the building line, shall not be illuminated or exceed five square feet in area; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed and a certificate of occupancy shall be obtained within six months from the date of this resolution.

173-58-BZ

APPLICANT—Gabriel Nathan, for Helen Nemeth, owner.

SUBJECT—Application March 31, 1958—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the maintenance of an open parking lot for the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—46-15 to 46-27 (46-21) Rockaway Beach Boulevard, and 202-216 Beach 47th Street, southeast corner, Block 328, Lots 39 and 139, Edgemere, Borough of Queens.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Beach 47th Street are in a

MINUTES

residence use, D area, class 1 height district; Edgemere Avenue and Rockaway Beach Boulevard are in a residence and retail use, D area, class 1 height districts; Beach 44th Street is in a retail use, D area, class 1 height district; that the property was zoned as an unrestricted district until December 28, 1939 at which time it was changed to residence; that height and area districts are unchanged since July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1958 acting on Alt. Applic. No. 441-58, reads:

"1. The parking and storage of motor vehicles in a residence use district is contrary to the Zoning Resolution. Article II Section 3."

and

WHEREAS, the applicant states that the premises consist of a plot, 147 feet frontage by 166 feet in depth; that it is proposed to use the site as an open parking lot for motor vehicles; and

WHEREAS, the applicant states that the property is located in a seasonal resort area and the surroundings contain a great many summer bungalows, particularly in the beach blocks; that off street parking is at a premium in the summer time, not only for the occupants of the bungalows, but for the thousands of visitors; that on street parking is prohibited during the season, aggravating the condition; that there are several factories on Rockaway Beach Boulevard between Beach 49th and Beach 52nd Streets and a large garage for storage of public buses at Beach 49th Street and Rockaway Beach Boulevard; and

WHEREAS, the applicant contends that the use of these premises for a public parking lot will not have an adverse effect, but will instead be of service to the neighborhood; that the granting of this variance will not be detrimental to the general purpose of the Zoning Resolution; and

WHEREAS, the applicant states that the present owner has held title to the property since February 13, 1958 and that the assessed valuation of land is \$8,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for the parking and storage of motor vehicles of the pleasure car type only substantially as proposed and as indicated on plans filed with this application marked "Received March 31, 1958, 4 sheets, on condition that all uses on the premises shall be removed and the premises shall be leveled substantially to the grade of Rockaway Beach Boulevard and Rockaway Freeway and shall be surfaced with steam cinders or clean gravel and treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence of the chain link type not less than 5 feet 6 inches in height including a masonry base with no openings therein except one as shown from Beach 47th Street and one as shown from Rockaway Beach Boulevard which shall be fitted with gates which normally shall be kept closed when the parking lot is not in operation; that proper aisles shall be maintained at all times for easy entrance and egress; that the sidewalks abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that curb cuts may be permitted opposite such entrances as above permitted each not exceeding twelve feet in width; that a sign may be attached to the fence at each entrance not to exceed five square feet, not illuminated and not extending beyond the building line, to advertise the parking and storage use and such other information as the Commissioner of Licenses shall require; that such portable fire-fighting appliances shall

be maintained as the Fire Commissioner shall direct; that all permits shall be obtained and all work completed within six months from the date of this resolution and a Certificate of Occupancy shall be obtained and the requirements of resolution adopted this day under Calendar Number 174-58BZ shall be complied with.

Negative: 5 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 24, 1958 on Alt. Applic. 441/58 reads:

"2. Secure approval of Board of Standards & Appeals as per Article #3, Section #35 of General City Laws, as part of Premises is located within bed of mapped street."

and

WHEREAS, the applicant states that the premises consists of a lot 147 feet front by 166 feet in depth, located in a residence use, D area, class 1 height district, and proposed to be used for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that the mapped widening of Rockaway Beach Boulevard was adopted June 17, 1926; that to date the city has taken no action towards acquisition of the property necessary for such widening; that the owners feel that they are entitled to full use and enjoyment of their property until such time as the City does take concrete action; that as there is no structure involved except the required fencing and the ground surfacing; that no cost to the City will result in the event of condemnation; and

WHEREAS, the Board has been advised by the Borough President that Rockaway Beach Boulevard is indicated to a width of 75 feet on the Final Maps of the Borough of Queens, adopted by the Board of Estimate and Apportionment on June 17, 1926; that there is in an indicated widening of about 5 feet on the northerly and southerly side of Rockaway Beach Boulevard; that there is no proceeding now pending to acquire title to this proposed widening.

Resolved, that the decision of the Borough Superintendent, acting on Alt App 441-58, Objection No. 2 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the use of the premises for parking as permitted this day under resolution adopted under Cal. No. 173-58-BZ; that in the event a portion of the premises are acquired by the City for street widening recompense for such portion of the premises shall be as determined by the court and fences and curb cuts shall be restored to a similar relation to the premises as herein permitted.

259-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Sherwood Management Corp., owner; Lamar Paint Products Co., lessee.

SUBJECT—Application April 23, 1958—decision of the Borough Superintendent, under Sections 7e and 7A of the Zoning Resolution, to permit in a local retail use district for a temporary period of ten (10) years, the use of the present building for wholesale and retail sales and storage

MINUTES

of paints, painters supplies and varnish in sealed containers.

PREMISES AFFECTED—83-45 Dongan Avenue, north side, 40 feet west of Broadway, Block 1544, Lot 39, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958, for decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Broadway are in a local retail use, C area, class 1½ height district; Dongan Avenue and Cornish Avenue are in local retail and residence use C area, class 1½ height districts; Doyer Street is in a residence use, C area, class 1½ height district; that as of July 25, 1916 the premises were in a business use district and received the present use designation on April 20, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated April 17, 1958 acting on Alt. Applic. No. 734-58, reads:

"1. Proposed use of wholesale & retail sales and storage of paints, painters supplies and varnishes in sealed containers in a lot located within a local retail use district is contrary to Art. II Sec. 4c of the Zone Law.

2. Proposed show windows, sign and business entrance over 3' 6" in width located within 75' of a residence use district is contrary to Art. II Sec. 7A of the Zone Law."

and

WHEREAS, the applicant states that the premises consist of a plot, 60 feet frontage by 60 feet in depth, presently developed with a one story building of class 3 construction, having a frontage of 59 feet, a depth of 60 feet, and now boarded up and vacant; that it is proposed to use the present building for wholesale and retail sales and storage of paints, painters supplies and varnish in sealed containers, for a temporary period of ten years; and

WHEREAS, the applicant states that the building was erected under N.B. Applic. No. 1508 of 1921 for use as a Post Office; that no Certificate of Occupancy was ever issued; that work was signed off on October 12, 1921 as completed; that the present show windows and business entrance over 3 feet 6 inches wide and within 75 feet of the residence use district were installed in 1921; that the maintenance of these show windows and business entrance, together with the proposed 2 foot by 15 foot sign are necessary and required for the proper operation of this building for retail sales; and

WHEREAS, the applicant contends that the retail sales, storage of paints, painters' supplies and varnishes in sealed containers is a permissible use in a local retail use district, except for "wholesale"; that the inclusion of the wholesale use cannot possibly affect any of the adjoining property owners inasmuch as the site is adjoined on the north by a non-conforming use of gasoline service station, and on the east by property under the same ownership; that there is also another non-conforming use of gas station in Block No. 1580, Lot No. 1; and

WHEREAS, the applicant states that the present owner has held title to the property since September 30, 1948; that the assessed valuation of land is \$8,000 and of the building \$13,000 making a total of \$21,000; that the building was erected in 1921; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and the committee recommended that the application should be granted; and

WHEREAS, the Board finds that the proposed occupancy in so far as merchandise is to be sold in part at "Wholesale" is not barred in a district zoned for Local Retail Business; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted as to Objections 1 and 2 under Section 7e and 7A for a term of ten years, to permit the building, formerly a branch post office, to be occupied for the storage and sale of paints, painters' supplies and varnish in sealed containers, substantially as proposed and indicated on plans filed with this application, marked "Received April 23, 1958", 8 sheets, on condition that the building shall not be increased in height or area and shall be put in good structural condition, complying with the requirements for a similar building when erected in a local retail district; and that all permits required, including a certificate of occupancy shall be obtained, and all work completed within six months from the date of this resolution.

Adjourned: 4:15 P.M.

JOSEPH J. DOYLE, Chief Clerk.

REGULAR MEETING

TUESDAY AFTERNOON, JULY 1, 1958, 2 P. M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

322-40-S—Vol. II

APPLICANT—Arnold A. Arbeit, for 192 Associates, Inc., owner.

SUBJECT—Application reopened February 26, 1957 as Vol. II—Appeal from a decision of the Borough Superintendent—re egress.

PREMISES AFFECTED—192 Broadway and 1-11 John Street, northeast corner, Block 79, Lot 15, Borough of Manhattan.

APPEARANCES—

For Applicant: Arnold D. Arbeit.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 8, 1957, on Alteration Application 1108/56 reads:

"1. Provide two legal means of egress for all tenants, all floors including cellar and sub-cellar. Fire escape is not acceptable as a means of egress in a factory bldg. over 5 stories high." 271 Labor Law

and

WHEREAS, the applicant states that the building is 8 stories and penthouse, 108 feet in height, 20 feet front by 161 feet four inches irregular in depth of fire proof construction, erected in 1888 located in a business use B area, Class 2½ height district, and used and occupied since 1888

MINUTES

as follows: sub-cellar—engine room and boiler room, 2 persons; cellar—lunch room, 50 persons; first floor—stores, 50 persons; second to eighth floors—offices and factory, 50 persons each floor; that the number of persons at manufacturing not to exceed an average of 10 persons per floor; that the building is provided with one 5 foot wide interior steel and slate stairs enclosed in brick walls, equipped with fire proof self-closing doors and extending from roof bulkhead direct to street and one fire escape extending to roof by stair and to street by stair, windows on the course of the fire escape are fire proof, glazed with wire glass; that in addition there is a fire escape in the rear court extending by gooseneck ladder to roof and with egress from its lower termination to fire proof passage at mezzanine level to balcony with stairs to street; and

WHEREAS, the applicant states that the owners have endeavored to improve the property by renewing the elevators and installing new lobby and entrance; and

WHEREAS, the applicant contends that it would constitute an unjustifiable hardship on the owners to be required to comply with requirements of the amended Labor Law and it is therefore requested that the Board affirm its action taken on the Calendar Number 322-40-S, Volume I; as the conditions and occupancy are substantially the same as when the Board acted on such resolution; and

WHEREAS, Certificate of Occupancy No. 27973, issued August 1, 1941, against Alteration Application 1545/39 permits the following use and occupancy: sub-cellar—boiler room; cellar—stores, 65 persons; first floor—stores, 50 persons; second to eighth floors—offices, salesroom, and light manufacturing, jewelry, repairing watches—custom tailoring, 50 persons each floor; penthouse—superintendent's apartment and office and this certificate contains the note that all occupants at manufacturing are not exceed an average of 10 persons per floor above the second floor as per resolution adopted by the Board under Calendar Number 322-40-S—Vol. I; and

WHEREAS, Violation No. 3850-56 was issued June 4, 1956 in that building does not comply with section 271 of the Labor Law as to egress on all floors; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 1108/56, Objection No. One and that the appeal be and it hereby is *granted, on condition* that the exits to the basement, sub-cellar and cellar, and the occupancy thereof, shall be maintained as shown on plans filed with this appeal marked "Received February 8, 1957", 5 sheets, except that the number of occupants per floor shall not exceed ten at work for a factory; that the exits from the upper floors shall be maintained as shown thereon; that in all other respects the building and occupancy shall comply with the requirements of all laws, rules and regulations applicable thereto; that prior resolutions shall be complied with where not inconsistent with the terms of this resolution.

320-53-A

APPLICANT—Charles M. Spindler, for 42-19 Hunter Street Realty Corp., owner.

SUBJECT—Application for consideration—reopening for extension of term of variance—re Appeal from a decision of the Borough Superintendent; previously granted on condition.

PREMISES AFFECTED—42-25 Hunter Street, south side, 150 feet east of Hunter Road, Block 420, Lot 7, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Charles M. Spindler.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 16, 1953, on certain conditions; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 16, 1953 only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... granted for a term of five years from the date of this *amended* resolution to permit; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. App. 1816/52)

72-58-A

APPLICANT—Leonard F. Rothkrug, Samuel Gardstein and Son, for Irving and Alexander Lifton, doing business as L.B. Electric Supply Co., owners.

SUBJECT—Application February 21, 1958—Appeal from a decision of the Borough Superintendent, re width of stairs and doors, thickness of walls, etc.

PREMISES AFFECTED—5202-5208 New Utrecht Avenue, southwest corner of 52nd Street, Block 5662, Lots 17, 20, 21 and 22, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Samuel Gardstein.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 13, 1958 on Alt. Applic. 4466 to 4469 of 1957, reads:

"1. Width of stairs, width of passageway and landings, treads and risers, stair enclosure and openings and also stairs to continue to roof all as per Sections 6.4.1.1, 6.4.1.3, 6.4.1.8.4, 6.4.1.8.1 and 6.4.1.11 of Building Code.

2. Width of doors to be 3 feet in width as per Section 6.2.1 of Building Code.

3. Walls of 1st and 2nd floors to be 12 inches thick as per Section 8.4.2.5."

and

WHEREAS, the applicant states that the building is 3 stories, 32 feet 6 inches in height, of class 3 construction, 75 feet 11 inches and 65 feet $\frac{3}{4}$ inch front by 100 feet $2\frac{1}{8}$ inches irregular in depth, erected 1920, located in a business use, C area, class 2 height district, and used and occupied since 1956 as follows: Cellar—ordinary uses and storage; 1st floor—store, 4 persons; 2nd floor—offices, display and dwelling, 6 persons; 3rd floor—3 apartments; that it is proposed to be used and occupied upon completion of the alterations as follows: Cellar—ordinary use and storage, 3 persons; 1st floor—store, 12 persons; 2nd floor—offices, 9 persons and storage, 3 persons; 3rd floor—offices, 6 persons and storage, 3 persons; that all of the storage to be in conjunction with the 1st floor retail store occupancy; that the buildings are provided with 4 interior wood stairs, 2 feet 8 inches and 3 feet in width, enclosed in wood lath and

MINUTES

plaster and 1 stair is enclosed in fire retarded enclosure equipped with 1-hour fireproof self-closing doors; that in addition there are four fire escapes in the rear, extending to yard by ladder and 1 fire escape extends to street, egress to street from the rear terminus of fire escape is through stairhall; and

WHEREAS, Violation Number 164 was issued January 15, 1958 for altering the 2nd floor by cutting an opening from the party wall between 5204 and 5202 New Utrecht Avenue, removing partitions and installing shelving for stock without filing plans and obtaining a permit therefore; and

WHEREAS, Certificate of Occupancy #55560 was issued April 4, 1929 against Alt. Permit 12350-25 for 5204 New Utrecht Avenue and permitting the following use: Cellar—ordinary use; 1st floor—store; 2nd floor—1 family; 3rd floor—1 family; that Certificate of Occupancy #4227 was issued September 11, 1923 against Alt. Applic. 7870-23 for premises 5208 New Utrecht Avenue and describes the permitted use and occupancy as Bank and 2 families; that Certificate of Occupancy #7365 was issued January 3, 1920 against N.B. Permit 2954-20 for 5218-16 and 14 New Utrecht Avenue, permitting the following use and occupancy; 1st floor—store; 2nd and 3rd floors—1 family each; that total store and 2 families (3 buildings); and

WHEREAS, the applicant states that it is now proposed to occupy the entire 4 buildings conjunctively for storage of lighting fixtures by the owner; that the 2nd and 3rd floors of 3 the buildings are used for accessory storage; that the 2nd and 3rd floors of the corner building will be used for accessory offices and the entire 1st floor of the 4 buildings will be used for sales and display; that no manufacturing is conducted on premises; that the use of the cellars and 1st floors will remain unchanged; that it is proposed to structurally alter the 2nd and 3rd floors of the 3 interior buildings to provide the live load capacity necessary for the storage and use; that the corner building is equipped with 1 newly altered interior stairs, 3 feet wide on the 1st floor and 2 feet 8 inches on the upper floor with fire retarded enclosures extending to the roof by scuttle and ladder and leading directly to street, without any openings to the interior of the 1st floor; that this stair is protected by fireproof self-closing door; that in place of 1 other similar stair a variance is requested to permit the proposed change in occupancy with the existing stairs; that there are 3 existing interior stairs 2 feet 8 inches in width, each leading directly to the street on New Utrecht Avenue and to roof by scuttle and ladder, enclosed in wood lath and plaster, protected on the 2nd floor with 2 feet 8 inch fireproof self-closing doors and with wood doors on the 3rd floor; that in addition there are four fire escapes on the rear leading to the roof of the 1st floor extension and then by goose neck ladder to the sideyard with access to 52nd Street through the fire retarded 1st floor stair enclosure; and

WHEREAS, the applicant contends that the 4 buildings will be used conjunctively so that there will be horizontal egress through openings in the former party walls on all floors; that the unusual number of available exits for the small number of occupants will materially reduce the possible hazard; that the principal use of the building for retail sales of lighting fixtures requires considerable storage to accommodate the bulky but light packages necessary for these supplies; that a maximum occupancy of only 3 persons per floor with a combined storage area is requested; that no sales or display is proposed on the 2nd and 3rd floors; that the number of exits provided for the low occupancy is far in excess of exit requirements; that the combined width of the 3 existing stairs which it is proposed to substitute for the 1 additional required stair is far in excess of requirement; that in addition the four stairways are remotely located and will be accessible by maintenance of proper aisles; that the thickness of the bearing wall for the 1st story is satisfactory under the Code for existing occupancy; that similarly, 8 inch thickness is all that is required for the proposed 3rd story occupancy; that there is an inspector's report in the Department of Buildings, stating that the bearing walls are in good

condition; that the proposed increased live load will have only a negligible effect on the factor of safety; and

WHEREAS, the premises was inspected by a committee of the Board the appeal should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated February 13, 1958, acting on Alt. App. 4466 to 4469 of 1957 be and it hereby is *modified* and that the appeal be and it hereby is *granted* for occupancy with alterations as proposed *on condition* that fire-doors are furnished in the openings on all stories in the existing subdividing firewall toward the center; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the width of the doors and the thickness of walls shall be as shown on plans marked "Received February 21, 1958", 7 sheets.

281-58-A

APPLICANT—Burke, Green and Groh, for Sidney W. Saks, owner.

SUBJECT—Application May 5, 1958—Appeal from a decision of the Borough Superintendent, re conversion of frame building to school, re stairways, etc.

PREMISES AFFECTED—84-01 Midland Parkway, east side, 257.07 feet north of Henley Road, Block 9948, Lot 14, Jamaica Estates, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Negative: Chairman Murdock, Vice Chairman Keating,

Commissioner Kleinert, Commissioner Foley..... 4

Absent: Commissioner Sleeper..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 21st, 1958 on Alt. Applic. 584/58 reads:

"1—A building which is partly of masonry and partly of frame constitutes a frame bldg. and the proposed conversion of a frame bldg more than 600 square feet in area and more than one story high to a school is contrary to 4.2.1 of the Bldg. Code.

4—Stairways must have a min. width of 3'-8" as per 6.4.1.1 and must be enclosed as per 6.4.1.1 of the Bldg. Code.

5—Provide cross over for stairways in top story as per 6.4.1.1k(2) of the Bldg. Code.

6—Winding stairways used as a reg'd means of egress are contrary to 6.4.1.4 of the Bldg. Code.

7—Required stairways on 2nd fl. must be remote from each other 6.4.2.4d(5) of the Bldg. Code.

8—Enclosure for central foyer must comply with 10.5.1 of the Bldg. Code."

and

WHEREAS, the applicant states that the building is 3 stories, 28 feet in height of class 4 construction, 75 feet by 84 feet irregular in area, located on a lot 159.12 feet front by 185.89 feet irregular in depth, in a residence use G area, class 1 height district, erected 1928, and used and occupied as a one family dwelling and 3 car accessory garage for which no certificate of occupancy has been issued, it is now proposed to change the use of the building to a private school with an occupancy of 190 persons; that an approved interior fire alarm system will be installed and regular monthly fire drills will be maintained; that there are 2 interior stairs of wood construction enclosed in partitions of studs, lath and plaster; that the front stairs are 3 feet 5 inches wide; that the rear stairs are 2 feet 10 inches wide; and

WHEREAS, the applicant states that the premises has been used as a one family dwelling since its erection under N.B. Applic. 9219/28; that the proposed use of the building as a private school known as Hendel School, now located at 86-90 188th Street; that it is planned to retain the present school

MINUTES

and use the building in question as proposed as an expansion unit; that it is proposed to pave a portion of the open yard to the south of the building and enclose same with a woven wire fence for use as a playground; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 584/58, Objection No. 1, 4, 5, 6, 7 and 8 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

341-58-A

APPLICANT—Tobias Goldstone, for Young Israel of Flatbush, owner.

SUBJECT—Application May 28, 1958—Appeal from a decision of the Borough Superintendent, re Class III construction, public use, re stairs, etc.

PREMISES AFFECTED—1300-1308 Coney Island Avenue, west side, 320 feet north of Avenue J, Block 6523, Lot 85, Borough of Brooklyn.

APPEARANCES—

For Applicant: Tobias Goldstone and Elias Heller.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating,
Commissioner Kleinert, Commissioner Foley and
Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, May 23, 1958 on Alt. Applic. 859/58 and 1476/58 reads:

"1. In the class 3 structures four stories in height (three story and basement) the change in occupancy to public use and the extension of the buildings at rear and sides in class 3 construction for public use is contrary to 4.2.1 of A.C.

"2. The capacity of the two stairs is inadequate for the occupancy based on the number of persons to be provided for under 6.1.2.3.

"Note: Horizontal exits provided do not comply with 6.6.1 (2) in that the area of clear floor space on second floor in the south building is inadequate."

and

WHEREAS, the applicant states that the premises consists of a lot 80 feet front by 100 feet in depth, upon which there are 2 buildings, 20 and 60 feet front by 100 feet in depth at 1st floor, and 90 feet in depth at 2nd floor, 3 stories and basement, 40 feet in height, class 3 construction, erected 1926 and 1927, located in a business use, C area, class 1 1/4 height district, and used and occupied since 1942 and 1949 as follows: Cellar northerly building—boiler room; basement northerly building—storage and shipping room, 4 persons; 1st floor—showroom and stockroom, 104 persons; 2nd floor—furniture gluing and finishing, 2 persons; 3rd floor—upholstering and sewing, 12 persons; southerly building; 1st floor—furniture manufacturing; 2nd floor—storage, that the combined building will be used and occupied as follows: cellar—boiler room; basement—bowling alleys, pool and kitchen, 40 persons; 1st floor—assembly and checkroom, 370 persons; 2nd floor—classrooms and dwelling, 1 family, 248 persons; 3rd floor—classrooms, club rooms and office, 259 persons; that the building will be provided with two 3 feet 8 inch wide interior iron stairs masonry enclosed, equipped with one-hour fireproof self-closing doors and extending from roof bulkhead direct to street; and

WHEREAS, Certificate of Occupancy #46633 issued September 22, 1927 against N.B. Permit #14389/26 for premises 1300 to 1306 Coney Island Avenue, permits the following use and occupancy; cellar—boiler room; basement—pool and turkish room; 1st story—office and lounge rooms; 2nd story—locker rooms; 3rd story—dormitory; that Certificate of

Occupancy #139105 issued April 26, 1954 against Alt. Applic. #4054/49 for the same building permits the following use and occupancy; cellar—boiler room; basement—storage; 1st floor—furniture showroom and offices, 100 persons; 2nd floor—furniture gluing and finishing, 6 persons; 3rd floor—upholstering, sewing and storage, 10 persons; and

WHEREAS, Certificate of Occupancy #46334 issued September 22, 1927 for 1308 Coney Island Avenue against N.B. Permit #236/27 permits the following use and occupancy; basement—gymnasium; 1st story—recreation and billiard room, 10 persons; 2nd story—locker room, 10 persons; 3rd story—lounge room, 10 persons; that Certificate of Occupancy #133569 issued October 15, 1952 against Alt. Applic. #4055/49 permits the following use and occupancy for the same building; basement—shipping room and office, 4 persons; 1st floor—office, stockroom and manufacturing, 4 persons; 2nd floor—furniture manufacturing, 4 persons; 3rd floor—furniture storage, 2 persons; and

WHEREAS, Certificates of Occupancy #139105 and #133569 were issued for conjunctive uses, both buildings to be used together; and

WHEREAS, the applicant contends that both buildings were erected as Public Buildings under Section 72-B of the old Building Code and were so occupied until 1942; that on March 1, 1955 the present owner purchased these buildings for religious teachings and recreation facilities; and

WHEREAS, the applicant states that it is proposed to install a 3 foot 8 inch iron stairs within 3-hour enclosure in the north building and install horizontal exits on the 1st, 2nd and 3rd floors and a new 3-hour passageway across the court between north and south buildings; that it is also proposed to erect all partitions as indicated on plans of studs, rock-lath and plaster both sides to create rooms and corridors; that it is proposed to remove the rear wall of the basement story of the south building and erect a brick extension, so that bowling alleys can be installed in the basement; and

WHEREAS, the applicant contends that the ceiling of the basement of the north building is fireproof construction; that all other ceilings throughout both buildings will be covered with rock lath and 3/4 inch plaster; that it is proposed to install a fire alarm system and regular monthly fire drills will be maintained; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 859/58, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

On July 9, 1958, Copy of Petition and Order of Certiorari was served on the Board by Albert C. Aronne, attorney for Jusanto Holding Corp., objecting property owners, seeking a review of the Board's determinations, one in connection with Cal. No. 978-57-BZ, on May 13, 1958, for a variance to permit under Sections 7e, 7f, 7i and 7A of the Zoning Resolution, for a term of fifteen years, in a business use district on a lot presently occupied as a used car lot, the erection and maintenance of a gasoline service station, lubritorium, auto washing (non-automatic), office, sales of accessories, minor repairs with hand tools only, auto safe inspection station, parking and storage of motor vehicles, also show windows and signs within 75 feet of a residence use district; the other determination, in connection with Cal. No. 187-58-A, on June 3, 1958, modified the decision of the Borough Superintendent, acting on N.B. Application 2250-1957, on condition that the requirements of the Resolution adopted under Cal. No. 978-57-BZ, be complied with, also that the gasoline storage tanks be maintained to the satisfaction of the transit facilities using the tunnel; Premises 1546-1556 Bushwick Avenue and 45-53 DeSales Place, southwest corner, Borough of Brooklyn.

COURT DECISION

Matter of Philip Kohnberg vs. Harris H. Murdock, et al:—The Appellate Division, Supreme Court, Second Department, in reviewing the decision of the lower court, affirmed same unanimously as follows: (New York Law Journal, July 9, 1958, page 3) Cal. No. 327-55-BZ, Premises 202-06 Hillside Ave., southeast corner of 202nd St., Hollis, Queens.

"Proceeding to review a determination of the Board of Standards and Appeals of the City of New York which granted an application under subdivision e of Section 7 of the Zoning Resolution of the City of New York, for a variance to permit the erection and operation of a gasoline service station and accessory uses, in a local retail district, for a period of fifteen years, subject to conditions and safeguards imposed by the board. The appeal is from an order granting motions to vacate the order of certiorari, dismiss the petition and confirm the determination of the board. Order unanimously affirmed, with costs to respondent board, payable by the appellant. No opinion."

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

694-56-SA

APPLICANT—Chas. M. Shapiro, for Manhattan Blower Corporation, owner.

SUBJECT—Application September 19, 1956—Manhattan Gas Fired Industrial paint drying oven, approval of.

CALENDAR

967-47-SM

APPLICANT—United States Plywood Corporation, owner.
SUBJECT—Application reopened January 7, 1958 as to amendment of resolution as to glue—Douglas Fir Plyscord (plywood sheathing); previously approved.

240-52-SM

APPLICANT—Harold N. Ipsen, for Ipsen Industries, Inc., owner. Gerald B. Duff & Company, Agent.
SUBJECT—Application April 4, 1952—Ipsen Automatic Heat Treating Unit, Gas or Electric, Model T, approval of.

365-52-SM

APPLICANT—United States Plywood Corp., owner James A. Fitzpatrick, Agent.
SUBJECT—Application May 16, 1952—United States Plywood Corp., Weldwood Metal Veneer Panel (exterior metal veneer panel), approval of.

921-53-SA

APPLICANT—National Heater Company, owner. E. M. Tarnoff, agent.
SUBJECT—Application December 23, 1953—National Champion Gas Fuel Warm Air Heating Units, Models TD-20, 25, 30, 40, 50, 75, 100, 125, 175 and 200 (suspended type), approval of.

922-53-SA

APPLICANT—National Heater Company owner. E. M. Tarnoff, agent.
SUBJECT—Application December 23, 1953—National Champion Gas-Fired Warm Air Heaters, Models TD-20, 25, 30, 40, 50, 70, 80, 100, 125, 150, 175 and 200 (floor type) approval of.

923-53-SA

APPLICANT—National Heater Company, owner. E. M. Tarnoff, agent.
SUBJECT—Application December 23, 1953—National Champion Oil-Fired Warm Air Furnaces, Models TD-20, 25, 30, 40, 50, 80, 100, 125, 150, 175 and 200 (suspended type), approval of.

926-53-SA

APPLICANT—National Heater Company, Owner. E. M. Tarnoff, agent.
SUBJECT—Application December 23, 1953—National Champion Oil Fired Warm Air Furnace, Model TD-20, 30, 40, 50, 70, 80, 100, 125, 150, 175, and 200 (floor type), approval of.

351-55-SM

APPLICANT—American Air Filter Company, owner.
SUBJECT—Application May 2, 1955—American Air Filter Co., Grease Filter Types AC, HV, and Range Hood, (all metal unit for condensing greasy vapors), approval of.

353-55-SM

APPLICANT—B. Bartholomaeus & Associates, owner.
SUBJECT—Application May 2, 1955—Airsan Grease Filters and Filter Assembly, Types G, AG, GC and GW, approval of.

770-55-SA

APPLICANT—B. S. Tool Co. for Mid-Continent Metal Products Co., owner.
SUBJECT—Application September 13, 1955—Mideo Direct Fired Air Heaters, Models 22, 30 and 36, approval of.

885-56-SM

APPLICANT—Dualheat, Inc., owner. A. A. Arvintz, Agent.
SUBJECT—Application December 19, 1956—DualHeat Paint Heater Model 125, approval of.

41-57-SA

APPLICANT—Orr & Sembower, Inc., manufacturer. V. N. DeCerchio, Agent.
SUBJECT—Application October 25, 1956—Power-Pak Packaged Steam or Hot Water Generator, Gas-fired, Model 2, approval of.

42-57-SA

APPLICANT—Orr & Sembower, Inc., manufacturer. V. N. DeCerchio, Agent.
SUBJECT—Application October 25, 1956—Power-Pak Package Steam or Hot Water Generator (oil fired), Model 2, approval of.

261-57-SA

APPLICANT—Dunkirk Radiator Corporation, owner.
SUBJECT—Application March 21, 1957—Blue Circle Gas-fired Boiler, Models DW4, DW6 and DW8, approval of.

273-57-SA

APPLICANT—McGraw-Edison Company, Clark Division, owner. Ralph M. Cohen, Agent.
SUBJECT—Application March 25, 1957—Toastermaster and Tropic-Aire Gas-fired Water Heaters, approval of.

301-57-SA

APPLICANT—McGraw-Edison Company, Clark Division, owner. Ralph M. Cohen, Agent.
SUBJECT—Application March 27, 1957—Toastermaster and Tropic-Aire Automatic Electric Water Heaters, approval of.

412-57-SM

APPLICANT—The National Screw & Manufacturing Company, owner.
SUBJECT—Application May 14, 1957—National Screw & Manufacturing Company High Strength Structural Bolts, approval of.

421-57-SM

APPLICANT—R. J. Crinnion for Parkchester Glass Company, owner.
SUBJECT—Application March 25, 1957—Parkline Window 3/4-Hour test, approval of.

483-57-SA

APPLICANT—Eureka Williams Corporation, owner.
SUBJECT—Application June 5, 1957—Eureka Williams Oil-O-Matic Furnaces, Models LHO-84 and LHO-84B, approval of.

488-57-SA

APPLICANT—Eureka Williams Corporation, owner.
SUBJECT—Application June 19, 1957—Williams Oil-O-Matic Low Pressure Oil Burner, Models K-4.5 and K-7, approval of.

504-57-SA

APPLICANT—Eureka Williams Corporation, owner.
SUBJECT—Application June 6, 1957—Eureka Williams Gas-O-Matic Furnace, Models LHG-105, LHG-105B, approval of.

623-57-SM

APPLICANT—Fimble Sales Company, for Straits Products, Inc., owner.
SUBJECT—Application June 17, 1957—Straits Accordion Doors, approval of.

681-57-SM

APPLICANT—Tectum Corporation, owner. Harold Perrine, Agent.
SUBJECT—Application August 14, 1957—Tectum Slabs Non-bearing Partition, approval of.

CALENDAR

682-57-SM

APPLICANT—Tectum Corporation, owner. Harold Perrine, Agent.

SUBJECT—Application August 14, 1957—Tectum Slab 2 inch or more in thickness, incombustible non-bearing subdividing partition, approval of.

683-57-SM

APPLICANT—Tectum Corporation, owner. Harold Perrine, Agent.

SUBJECT—Application August 14, 1957—Tectum Slab 2½ inch Minimum Thickness, composite panel, spandrel and apron wall, approval of.

859-57-SA

APPLICANT—American LaFrance Corporation, owner.

SUBJECT—Application November 21, 1957—American LaFrance Dry Chemical Fire Extinguishers, approval of.

893-57-SA

APPLICANT—All-Boro Gas Company, Inc., from Grimm Manufacturing Co., owner.

SUBJECT—Application November 1, 1957—Redi-Heater Gas-fired, Model M70, approval of.

1021-57-SA

APPLICANT—Precision Heat Treating Company, for Ipsen Industries, Inc., owner.

SUBJECT—Application December 23, 1957—Endothermic Generator, Models: G250-E, G500-E and G, G600-E and G and G750-E and G, G1250-E and G, G1500-E and G, G2500-E and G and G3000-E and G, approval of.

197-58-SA

APPLICANT—Clayton Manufacturing Company, owner. Orco Oil Burner, Agent.

SUBJECT—Application March 5, 1958—Clayton Steam Generator, Models WHO-50, 52-212, 75 and 100 (oil-fired), approval of.

75-58-SA

APPLICANT—Martin Stamping & Stove Company, owner. Irving Entin & Associates, Agent.

SUBJECT—Application February 11, 1958—Martin Unvented Gas-fired Room Heaters, Models C-418, C-430, C-440, 552, 528, 535, 422, 428, 435, 1205, 1206, 1116, 1120 and Martin Vented Gas-Fired Heaters, Models V835, V859, V870, V935, V945, V965, V985, V715 and V720, approval of.

739-50-SM—Vol. II

APPLICANT—Harold Perrine, for Johns-Manville Sales Corp., owner.

SUBJECT—Application reopened May 21, 1957 for Johns-Manville Fibertone, Fire Retardant Finish—re Johns-Manville Fibertone Flame Retardant Finish Acoustical Treatment; previously dismissed.

121-35-SA

APPLICANT—Iron Fireman Manufacturing Company, new owner.

SUBJECT—Application for consideration, reopening and amendment of resolution as to additional models OFS-85, OBN-100 and OBN-175 and change of company name—re Timken Silent Automatic Water Heater, Model 40-A and 50-B; previously approved.

175-49-SM

APPLICANT—United States Plywood Corporation, owner.

SUBJECT—Application reopened March 19, 1957 for amendment of resolution as to incombustible rating of partition—re U. S. Plywood Partition Panel, 1¾ inch thick with Kaylo Core and 1 inch thick with Kaylor Core; previously approved.

148-50-SM

APPLICANT—National Gypsum Company, owner.

SUBJECT—Application reopened June 3, 1958 for amendment of resolution as to change of edge of board and marking—re Gold Bond Insulation Roof Boards; previously approved.

373-50-SA—Vol. II

APPLICANT—Airco Equipment Mfg., Division, Air Reduction Company., owner.

SUBJECT—Application reopened June 2, 1953 for amendment of resolution as to additional models of torches—re Air Reduction Co., Inc. Welding and heating torches with cutting attachment, Models 700 Series and 800 Series; previously approved.

500-50-SA

APPLICANT—Bryant Heater Division of Affiliated Gas Eq., Inc., owner.

SUBJECT—Application reopened July 2, 1957 for amendment of resolution as to additional models of gas fired equipment, Model 328—re Crane Gas-fired Unit Heaters, Models 75-329, 95-329, 125-329, 160-329, 225-329, CR75-327, CR50-327, CR100-327, CR125-327, CR200-327 and CR225-327; previously approved.

556-50-SM

APPLICANT—United States Gypsum Company, owner-manufacturer.

SUBJECT—Application reopened November 29, 1955 for new and additional construction methods and materials—re USG trussteel Studs; previously approved.

518-51-SA

APPLICANT—The Thermodyne Corp., for Carrier Corporation, owner.

SUBJECT—Application reopened February 28, 1956 for amendment to consider additional models 50-N and 41-D—re Carrier weathermaker, Models 50K4, 50K6, 50K8, 50K12 and 50K16; previously approved.

143-54-SM

APPLICANT—United States Plywood Corporation, owner.

SUBJECT—Application reopened September 24, 1957 for amendment of resolution as to bolt throw—re Weldwood ¾-Hour Door and 1-Hour Fire Resistive Opening Protective Assembly; previously approved.

733-54-SA

APPLICANT—Pantex Manufacturing Corporation, owner.

SUBJECT—Application for consideration, reopening and amendment of resolution as to additional sizes of dry cleaning equipment—re Pantex Perk-O-Matic Dry Cleaning Machine, Model EC (using non-flammable solvent); previously approved.

734-54-SM

APPLICANT—Seelye, Stevenson, Valve and Knecht, for Granco Steel Products Company, owner.

SUBJECT—Application reopened February 11, 1958 for amendment of resolution as to additional gauges of Corruform and Tufcor—re Corruform and Tufcor Steel Deck fire resistive roof for industrial construction; previously approved.

700-57-SA

APPLICANT—General Fittings Company, owner.

SUBJECT—Application reopened June 3, 1958 for amendment of resolution as to additional trade names Way-Wolff Associates, Ray Burner Sales—re General Fittings Electric Oil Immersion Heater, Models WTSB-1, WTSB-2, WTSB3, to be marketed as Preferred Electric Oil Immersion Heater, Models SS-1, SS-2 and SS-3; previously approved.

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; laid over to July 8, 1958, for applicant to correct papers and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East 38th Street and Park Avenue are in a residence use, B area, class 1½ height district; East 39th Street and Lexington Avenue are in residence and retail use, B area, class 1½ height districts;

WHEREAS, the decision of the Borough Superintendent, dated July 26, 1957 acting on Alt. Applic. No. 207-54, reads:

"C-11. (Revised) Proposal to change the occupancy of subject 4 sty. basement and cellar N.F.P. bldg. from one family residence to offices and one family (duplex apt.) residence is contrary to Art. II Sect. 3 of the Zoning Resol."

and

WHEREAS, the applicant states that the premises consist of a plot 75 feet frontage by 22 feet in depth, occupied by a four story basement and cellar, used as a one family dwelling; that it is proposed to convert this one family dwelling legally to office use on the basement, first and second floors, and the third and fourth floors are to be used as a duplex apartment by an officer of the corporation; that it is proposed to use the public stair at the third and fourth floor levels as the duplex stair, rather than create a new stair; that the floors used for offices—basement, first and second floors—has a very low occupancy of not more than six people; and

WHEREAS, the applicant states that this building is occupied by the American Institute of Management, which is a non-profit organization dealing in free service to the business world; that their services consists of supplying information about different markets, etc.; and

WHEREAS, the applicant contends that although located on the northwest corner of Lexington Avenue and East 38th Street which is zoned as residence, the entire area adjacent on Lexington Avenue, however, is predominantly a business area; that the exterior appearance of the building together with the type of business, does not tend to indicate that the building is used for anything other than residence and therefore the residential area would not suffer in appearance; and

WHEREAS, the applicant states that the present owner has held title to the property since October 3, 1952; that the assessed valuation of land is \$55,000 and of the building \$17,000 making a total of \$72,000; that the building was erected prior to 1901; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7 e, for a term of five years to permit the occupancy of the building as proposed and shown, for the concern as referred to, for business offices and also for residence use, as indicated on plans filed with this application, marked "Received September 30, 1955", 7 sheets, and "July 24, 1957", 1 sheet, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than modified by the Board this day under Cal. No. 645-57-A; that the use as proposed shall not be changed without the matter being referred to this Board for further consideration; that all permits shall be obtained and all work completed within 6 months from the date of this resolution; and that a Certificate of Occupancy shall be obtained.

645-57-A

C6—Exit doors on the street to open in line of egress.

C7—Exit doors in stair enclosures to open in line of egress.

C12—Revised—Proposal to use the basement, 1st and 2nd floors for office use requires that the bldg. be of fireproof construction 4.2.1.B.C."

and

WHEREAS, the applicant states that the building is 4 stories and basement in height, 75 feet front by 22 feet in depth at street level, 50 feet front by 22 feet in depth at typical floor level, of class 3 construction, erected prior to 1901 located on a lot 75 feet front by 22 feet in depth, in a residence use, B area, class 1½ height district, and used and occupied since 1952; Cellar—boiler room and storage, no persons; 1st floor—philanthropic offices, 4 persons; 2nd floor—philanthropic offices, 4 persons; 3rd and 4th floors combined—one duplex apartment; that no change in use of occupancy is now proposed; that the building is provided with one 2 foot 10 inch wide wood interior stairs, enclosed in partitions of studs and plaster equipped with wood doors which are not self closing; that stairhall leads from roof bulkhead direct to street; and

MINUTES

WHEREAS, Certificate of Occupancy #12290 issued March 9, 1927 against Alt. Applic. 411/26, permits the use of the building as a private residence for one family; and

WHEREAS, Violation #9990 issued September 27, 1954, was for changing the use of the basement, 1st and 2nd stories from private residence to offices contrary to Certificate of Occupancy #12290, which calls for premises to be occupied by one family; and

WHEREAS, the applicant contends as to Objection C-2 issued by the Borough Superintendent; that the building is of limited area occupied by a single tenant with 1400 square feet gross on the basement and 1st floor, used as offices with an occupancy of 4 persons per floor; that 700 square feet on the 2nd floor used as offices with an occupancy of 4 persons; that the 3rd and 4th floors are a duplex apartment used by an officer of the tenant corporation; that it is therefore requested that a sprinkler in the public hall be accepted in lieu of the 2 hour fireproof enclosure and the fireproof self-closing doors required; and

WHEREAS, the applicant contends as to Objection C-3 issued by the Borough Superintendent; that the building is in good condition without signs of deflection in floors or cracked plaster; that the occupancy and loading both will be light and it is therefore requested that the present floor construction be accepted for office use; and

WHEREAS, the applicant contends as to Objection C-6 issued by the Borough Superintendent; that the total occupancy is 12 persons; that it is requested that exit doors be permitted to swing in as steps at exit door make it impractical to change the swing of the door; and

WHEREAS, the applicant contends that to Objection C-7 issued by the Borough Superintendent; that there are 14 doors involved serving only 12 occupants and it is therefore requested that the exit doors to stairs be permitted to remain as shown in view of the proposal to sprinkler the stairs; and

WHEREAS, the applicant contends as to Objection C-12 issued by the Borough Superintendent; that the business will be confined to the basement, 1st and 2nd floors, all under one tenant; that the duplex apartment will be used by an officer of the tenant corporation; that as the building is only 50 feet in height, it is requested that the class 3 construction be accepted, in view of the small area, the low occupancy and the proposed sprinkler in the public hall; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 207/54, Objection No. C2, 3, 6, 7, & 12 and that the appeal be and it hereby is *granted, on condition* that there shall be a sprinkler system of the type as permitted for multiple dwellings maintained throughout the stairs and stair halls from cellar to roof provided the water service main from the street is not less than 2½ inches in diameter; that the existing floor loads may be retained provided the floors occupied for business purposes do not exceed the present floor loads which shall be posted; that the entrance doors to the building may be retained as they swing at present; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, and the resolution adopted this day under Cal. No. 783-55-BZ.

224-57-BZ

APPLICANT—Haus and Bresin, for Adele Wilson and Elsie Katz, owners.

SUBJECT—Application March 26, 1957—decision of the Borough Superintendent under Sections 7e, 7f and 7i of the Zoning Resolution, to permit in a business and residence use district, the erection and maintenance of a gasoline service station, auto washing, lubrication, offices, sale of auto accessories and minor repairs with hand tools only for the stated term of fifteen (15) years.

PREMISES AFFECTED—72-01 to 72-11 (72-05 official) Northern Boulevard, and 32-59 to 32-69 72nd Street, northeast corner, Block 1168, Lots 42 and 46 (42-new), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on October 1, 1957 after due notice by publication in the Bulletin; laid over to October 8, 1957, at the request of an objector; then to November 19, 1957, for inspection and decision; hearing closed; then to December 10, 1957, for further inspection and decision; then to January 7, 1958, for further consideration and decision; then laid over from January 7, 1958, for decision; date to be set; then set for May 6, 1958; then laid over; date to be set after applicant has filed administrative appeal; then set for July 8, 1958; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 72nd Street are in business and residence use, B and D area, class 1½ height districts; Northern Boulevard is in a business use, B area, class 1½ height districts; that the entire site was an unrestricted use district and a B area district until July 31, 1947; that on that date, the portion of the site within 100 feet of Northern Boulevard was changed to a business use district and the portion of the site more than 100 feet from Northern Boulevard was changed to residence use and D area; that the height designation has remained unchanged since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated March 4, 1957 acting on N.B. Applic. 443-57, reads:

"1. Proposed erection of a gasoline service station, auto washing, lubrication, office, sale of auto accessories and minor repairs with hand tools only on a lot in a business use district extending into a residence use district is contrary to Art. 2, Sec. 3 and Sec. 4a, item 29 and item 46 of the Z.R.

2. Proposed erection of a ground sign on the business portion of the lot is contrary to Art. 2 Sec. 4 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 127.08 feet frontage by 144 feet irregular in depth, presently unimproved; that it is proposed to erect a fence on the zone line and the small irregular area to the north of this fence will be excluded from the gas station area; that the site will be developed with a modern gas station with face brick facades; that a woven wire fence on a concrete base will be provided along the interior lot lines as well as along the zone line at the rear; that no portion of the building, tanks or pumps will be located within the bed of the mapped street and this mapped street area will be used for driveway purposes only; that the repairing herein proposed will consist of minor repairs with hand tools only and will be confined to the interior of the accessory building; and

WHEREAS, the applicant states that the north side of Northern Boulevard within the affected area, as well as all of the property to the north, is entirely vacant except for a used car lot and a gas station occupying the block front from 70th to 71st Street; that on the south side of Northern Boulevard, there is a gas station directly opposite the site in block 1245, lot 1, and diagonally opposite the site there is another gas station occupying the block front from 71st to 72nd Street in block 1244, lot 1; that two additional gas stations occupy the block front from 70th Street to 71st Street in block 1243, lots 1 and 6; and

WHEREAS, the applicant contends that due to the undeveloped nature of the surrounding property, there is no de-

MINUTES

mand for any conforming use such as stores; that the triangular shape of the plot also makes development with a conforming use difficult, even if an economic demand for such a use existed; that Northern Boulevard is a very heavily travelled traffic artery so that the proposed development is in keeping with the needs of the area and with the present development of the general area along Northern Boulevard; and

WHEREAS, the applicant states that the present owner has held title to the property since December 16, 1955 and that the assessed valuation of land is \$15,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f, for a term of 15 years, to permit the premises to be occupied as a gasoline service station and the lawful uses accessory thereto, substantially as proposed and indicated on plans filed with this application, marked "Received March 26, 1957", 1 sheet, "July 26, 1957", 2 sheets, "November 18, 1957", 1 sheet, *on condition* that the premises within the property lines shall be leveled substantially to the grade of Northern Boulevard and shall be constructed and arranged as indicated on such plans; that the accessory building shall be of the design and location as indicated, and shall be faced with face brick on all sides; that no other opening shall be on the lot line to the east; that pumps shall be of the low approved type, erected not nearer than 15 feet to the street building line of Northern Boulevard; that sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to two cuts, each 30 feet in width, from the building line within the property line of the plot and an additional curb cut, not over 20 feet in width, from the portion of the premises to be taken in the construction of 72nd Street; that the accessory building shall have no cellar, be faced with face brick on all sides and in all other respects shall comply with the requirements of the Building Code; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

322-58-A

APPLICANT—Haus and Bresin, for Adele Wilson and Elsie Katz, owners.

SUBJECT—Application May 16, 1958—filed pursuant to Section 35, General City Law re building in bed of mapped Street—72nd Street.

PREMISES AFFECTED—72-01 to 72-11 (72-05 official) Northern Boulevard, and 32-59 to 32-69 72nd Street, northeast corner, Block 1168, Lots 42 and 46 (42 new), Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 12, 1958 on N.B. Applic. 443-57, reads:

"3. The proposed gasoline service station is in the bed of a mapped street and is contrary to Art. 3, Sec. 35 of the General City Law."

and

WHEREAS, the applicant states that the premises consists of a lot 127.08 feet front by 144 feet irregular in depth, located in a business and residence use, B and D area, class 1½ height district, upon which it is proposed to erect a 1 story, 13 feet high, class 3 constructed building, 46 feet irregular front by 38 feet 6 inches irregular in depth and to install necessary tanks and pumps and to use and occupy the premises as a gasoline service station, auto washing, lubrication, office, sale of auto accessories and for minor motor vehicles repairs with hand tools only; and

WHEREAS, the applicant states that 72nd Street is a mapped street but not physically in existence; that the premises in question extends to the center line of the proposed street so that a portion of this site 30 feet in width along Northern Boulevard front lies in the bed of the proposed street; and

WHEREAS, the applicant contends that no portion of the proposed building, tanks or pumps will extend into the proposed street area; that this portion of this site will be used solely for driveway purposes; that he has been informed by the President of the Borough of Queens that title to the street is not vested to the City or is there any proposal pending at this time for the acquisition of the property necessary for such street purposes; and

WHEREAS, the Board has been advised by the President of the Borough of Queens, that 72nd Street is indicated at a width of 60 feet on the Final Maps adopted by the Board of Estimate and Apportionment, February 8, 1912; that title to this street has not as yet been acquired and there is no proceeding now pending to acquire title thereto; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. 443-57, Objection No. 3 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, *on condition* that the requirements of the Resolution adopted this day under Cal. No. 224-57-BZ, shall be complied with and that in the event the mapped area is taken over by the City for the construction of 72nd Street the compensation shall be as determined by the Court.

298-57-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Morris Cohen, owner.

SUBJECT—Application reopened May 6, 1958 as Vol. II—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence use district, the change in occupancy of the present building from furniture showroom to supermarket.

PREMISES AFFECTED—307-311 East 115th Street, north side, 100 feet east of 2nd Avenue, Block 1687, Lot 5, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama and Morris Cohen.

For Opposition: C. J. Cammarata, N. Y. C. Housing Authority.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 6, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 8, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; that as of July 25, 1916 the premises were in a business use district and received the present use

MINUTES

designation on June 15, 1956; and

WHEREAS, the decision of the Borough Superintendent, dated March 17, 1958 acting on amendment to Alt. Applic. No. 1695-56, reads:

"1. Proposed change in use, from furniture showroom to supermarket and storage, of a building located in Residence use district is contrary to Sec. 3 of the Zoning Resolution and B.S.A. Resolution 298-57-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet 11 inches in depth, presently developed with a three story building of class 3 construction having a frontage of 75 feet and a depth of 96 feet 11 inches, now vacant; that Building Department records indicate that the original date of construction is unknown; that Applic. No. 375-95 was filed for the purpose of erecting an elevator and its use at that time was noted as stable; that under Alt. Applic. No. 3336-20 this building was changed from a stable and junk shop to a public garage; that temporary Certificate of Occupancy was granted for garage and repair shop; that on July 12, 1923 Certificate of Occupancy was granted for storage in the basement; first floor—stable, garage and repair shop; second and third floors—stable; that on April 5, 1921 the Board granted a variance to permit structural alterations and permit the building to be used as a public garage and Certificate of Occupancy No. 8886-24 was issued November 26, 1924 as follows: cellar—storage; first, second and third floors—garage for more than five autos; that Alt. Applic. No. 637-53 was filed and some stairways were enclosed, improving the exit facilities; that superseding Certificate of Occupancy No. 42516 was issued April 22, 1954 for use as follows: cellar—boiler room and storage; first, second and third floors—furniture showroom; that the last application filed was Alt. Applic. No. 1695-56 and Cal. No. 298-57-BZ and Cal. No. 299-57-A to change the occupancy of the present building from furniture showroom to storage and garage for more than five cars; that it is proposed to change the use of the present building for the legal use of furniture showroom to—cellar—boiler room, storage room and toilets; first floor—supermarket; second floor—storage; third floor—storage; and

WHEREAS, the applicant contends that the change of use of this building from one legal non-conforming use of furniture showroom to another non-conforming use of supermarket and storage would be in complete harmony with the general purpose and intent of the zoning law and would be most beneficial to the entire area; and

WHEREAS, the applicant states that the present owner has held title to the property since January 13, 1958; that the assessed valuation of land is \$16,500 and of the building \$68,500 making a total of \$85,000; that the building was erected prior to 1895; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, and the committee recommended that the change of use as proposed should be permitted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted under Vol. I, on October 29, 1957, by adding thereto:

"that in the event the owner desires to change the use of the building from furniture showroom, as previously permitted, to supermarket such change may be made as now proposed and as indicated on plans filed with this application marked "Received April 14, 1958", 12 sheets, on condition that the building shall not be increased in height or area and any requirements of the resolution above cited insofar as they have reference to structural conditions shall be complied with, other than as modified by resolution adopted this day under Cal. No. 299-58-A; and that all permits shall be obtained and all work completed within six months from the date of this amended resolution."

299-58-A

APPLICANT—Lama, Proskauer and Prober, for Morris Cohen, owner.

SUBJECT—Application April 14, 1958—Appeal from a decision of the Borough Superintendent, re stairs, live load, etc.

PREMISES AFFECTED—307-311 East 115th Street, north side, 100 feet east of 2nd Avenue, Block 1687, Lot 5, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama and Morris Cohen.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated March 17, 1958 on Alt. Applic. 1695/56 reads:

"2. Provided two enclosed stairs both leading to roof and street Sec. C26-273.0 A.C.

3. 2nd & 3rd floors must have live load capacity of 120 lbs. per square foot—Sec. C26-345.0 A.C."

and

WHEREAS, the applicant states that the building is 3 stories, 40 feet 4 inches in height, 75 feet by 96 feet 11 inches in area, of class 3 construction, erected prior to 1895, located on a lot 75 feet front by 100 feet 11 inches in depth, in a residence use, B area, class 1½ height district, and used and occupied: cellar—boiler room now vacant and storage; 1st floor—furniture showroom now vacant; 2nd floor—furniture showroom now vacant; 3rd floor—furniture showroom now vacant; that it is proposed to be used and occupied as follows: cellar—boiler room, storage and toilets; 1st floor—supermarket, 74 persons; 2nd floor and third—storage, no persons; that the building is provided with two existing wood stairs, fire retarded and fireproof enclosed, equipped with fireproof self-closing doors, extending to roof bulkhead, 1 stairs extends to street, in addition there is 1 fire escape on the front extending to street by ladder; that windows and doors on the course of the fire escape, are fireproof self-closing; and

WHEREAS, the applicant states that Application Number 375 of 1895 indicates that the building is an existing building used as a stable under Alt. Applic. 3336/20 the use was changed from stable and junk shop to public garage, and temporary certificate of occupancy was issued February 8, 1922 permitting part of the 1st floor to be used as a garage and repair shop; that on July 12, 1923 certificate of occupancy was issued for storage in the basement, stable, garage and repair shop on the 1st floor and stable on 2nd and 3rd floors; that on April 5, 1921 the Board granted a variance to permit structural alterations and the use of the building as a public garage; that Certificate of Occupancy 8886/24 was issued permitting the following use: Cellar—storage; 1st, 2nd and 3rd floors—garage for more than 5 motor vehicles; that Alt. Applic. 637/53 was filed to enclose some stairways and improved the exit facilities; that Certificate of Occupancy 42516 was issued April 22, 1954 permitting the following use: Cellar—boiler room and storage; 1st, 2nd and 3rd floors—furniture showrooms; and

WHEREAS, the applicant contends as to Objection #2 issued by the Borough Superintendent, that the building is provided with 2 enclosed stairways, one from roof to street and the second from roof to the 2nd floor and then to a fire escape provided with sliding drop ladder to the street; that the building is provided with an elevator from 3rd floor to the 1st floor; that the 2nd and 3rd floors will have no permanent occupancy and will be used only for the storage of groceries sold in the supermarket on the 1st floor; that the proposed use is not hazardous and therefore the exits are adequate; and

WHEREAS, the applicant contends as to Objection #3 issued by the Borough Superintendent, that the 2nd and 3rd

MINUTES

floors have a live load capacity of 100 lbs, per square foot; that this load will be posted and will not be exceeded; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the change of use as proposed should be permitted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated March 17, 1958, acting on Alt. App. 1695-56 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the resolution adopted this day under Cal. No. 298-57-BZ, Vol. II shall be complied with, including the requirement that both enclosed stairs shall lead to the roof and that the liveload per superficial foot of each floor shall be not less than 120 pounds.

350-57-BZ—Vol. II

APPLICANT—Burke, Green and Groh for Joseph B. Weynert, owner.

SUBJECT—Application reopened June 10, 1958 as Vol. II—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a D-1 area district, the erection of a two-story building for use as doctor's office on the first floor and two efficiency apartments on the second floor having less than the required setback of 10 feet from a mapped street and without the required five (5) foot side yard.

PREMISES AFFECTED—58-44 Main Street, west side of, 20.74 feet north of 59th Avenue, Block 6378, Lot 40. Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper: 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 10, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D-1 area, class 1 height district; that these designations have not been changed since July 25, 1916 with the exception of the area designation which was changed from D to D-1 area district on March 13, 1958; and

WHEREAS, the decision of the Borough Superintendent, dated April 21, 1958 acting on N.B. Applic. No. 3866-56, reads:

"1. The erection of a two family dwelling with accessory professional office in a D-1 area district without the required 5 foot side yard and setback less than 10 feet from a mapped street is contrary to Art. IV, Sec. 14-A b (d) Zoning Resolution. This objection has become necessary because of the area district change from D to D-1 subsequent to the Board of Standards and Appeals variance granted under Cal. 350-57-BZ for the omission of the required off street parking for 2 cars. You must refer this case back to the B. of S. & A. for its determination."

and

WHEREAS, the applicant states that the premises consist of a plot, 20.74 feet frontage by 111.87 feet in depth, irregular and vacant; and

WHEREAS, the applicant states that these are the same premises that were before the Board for a variance in February of 1958; that at that time, the Board made a variance allowing the erection of a two family building, the first floor of which is to be used as a doctor's office and the second floor for two efficiency apartments; that at that time, the objection was issued on the fact that there was not suffi-

cient parking or garage space for two cars; that after a full hearing, the Board granted a favorable decision allowing the construction of the building as proposed on plans, without the necessary garage spaces; that the owner then filed for a building permit and was granted temporary approval on March 10; that on March 13 approval was withdrawn on the basis that the area designation had been changed and that the building could not be constructed because it did not contain the required five foot side yard and was set back less than ten feet from the mapped street; that therefore, this case is referred back to the Board; and

WHEREAS, the applicant contends that inasmuch as working drawings have been filed for the erection of this house, and inasmuch as up to March 13, 1958 these premises could be erected, and inasmuch as the houses on the same block are all attached brick houses of similar nature to Dr. Weynert's proposed dwelling, it would indeed be a hardship at this particular stage not to allow the construction of the proposed premises and therefore the Board is asked to reconsider this matter and to grant a further variance allowing the construction of the premises as proposed without the required setback and side yard restrictions; and

WHEREAS, the applicant states that the present owner has held title to the property since March 23, 1956 and that the assessed valuation of land is \$1,000.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 11, 1958, by adding thereto:

"that the resolution adopted by the Board on February 11, 1958, is hereby affirmed, in view of the change of zoning from D to D-1 district since said resolution was adopted; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution."

622-57-BZ

APPLICANT—Sidney H. Kitzler, for Beth Shalom of Kings Bay, owner.

SUBJECT—Application September 11, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a D area district, the enlargement of the first floor and the erection of a second floor to an existing one-story synagogue that will occupy more than the permitted area coverage.

PREMISES AFFECTED—2702-2710 Avenue X and 2401-2411 East 27th Street, southeast corner, Block 7422, Lot 801, Borough of Brooklyn.

APPEARANCES—

For Applicant: Sidney H. Kitzler and Morris Hannes.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958, after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; then to July 8, 1958, at 10 A.M. for statement from applicant as to definite use of proposed premises; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Avenue X, East 27th Street, East 28th Street and Avenue Y are in a residence use, D area and class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated August 15, 1957, acting on Alt. Applic. 1238-57, reads:

"1. The area of the structure as proposed exceed the area permitted by the Zoning Resolution Art. IV, Sect. 14."

and

WHEREAS, the applicant states that the premises consist

MINUTES

of a plot, 100 feet frontage, by 100 feet in depth, the easterly portion of the property at the rear, there are two one story frame buildings, one measuring 15 feet by 26 feet and the other 16 feet 6 inches by 28 feet 4 inches; that it is proposed to extend and enlarge the existing synagogue building, creating a new religious school on the proposed 2nd floor, enlarging the synagogue and providing a caretaker's apartment, a small chapel, general offices and a study on the 1st floor, and in the proposed cellar, provide a ballroom, kitchen, boiler room, etc.; that the roof of the building will be used for outdoor athletic activities; and

WHEREAS, the applicant contends that due to the extreme demand for additional parochial school facilities, for use by the children in the neighborhood, the Congregation erected the two small frame buildings, #2 and #3 at the rear of the lot; that the neighborhood developed so fast that the facilities of the original new building were inadequate within 2 years after completion of same; that there has been a concerted and determined effort over the past two or three years to raise the money required to enlarge, extend and increase the facilities, in order to keep pace with the growth of the general neighborhood; that the two small frame buildings which are in violation of the law shall be demolished as soon as the additional facilities are available for classroom study by the children of the neighborhood; that the area of the existing building is 3790 square feet; that the area of the proposed extension is 4434 square feet, making a total of 8224 square feet; that the Zoning Resolution permits an area of 6250 square feet, so that the proposed enlargement will be 1974 square feet in excess of the area permitted, or approximately 31% in excess area; that the proposed plan to enlarge and increase facilities is actually the minimum which will provide proper arrangement for religious services, a parochial school and social activities; that under the law, no rear yard is required; that we are providing a 15 foot yard where the plot abuts a residential plot, there will be a side court, extending the full depth of the lot; that this court abuts the rear yards of the residence buildings on East 38th Street; that there will also be a 5 foot setback at the front of the building on Avenue X; that the total height of the building shall not exceed 40 feet to the roof of same; that there is an urgent need for this proposed improvement; that the enrollment in the parochial school includes practically every child within the radius of about ½ mile; that the social facilities to be provided is in demand for the older children, or teen-agers, because of the provision to be made for social activities and recreational facilities; that there is no doubt that the granting of this variance will in no way adversely affect any adjoining property owner or any other person or property in the vicinity; that directly opposite the site, on Avenue X, there is a large open plot, entirely occupied for the storage and sale of used building materials; that we respectfully ask your favorable consideration in this matter, so that this improvement may proceed for the betterment and improvement of the citizens and future citizens living in this neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since April, 1950; that the assessed valuation of the land is \$8200 and of the building \$22,800, making a total of \$31,000; and that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21 to permit the extension of the building substantially as proposed and indicated on plans filed with this application,

marked "Received September 11, 1957", 8 sheets, and "March 13, 1958", 1 sheet, on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the general use shall comply with the provision and limitations of Article 2, Section 3 of the Zoning Resolution; that all functions in the ballroom shall be sponsored only by the congregation or any member or group of the congregation; that no person or organization not affiliated with the organization shall be permitted to hire or lease the premises for any purpose; that a Certificate of Occupancy shall stipulate the limitations of this use and occupancy; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

915-57-BZ

APPLICANT—Charles A. Buckley, Jr., for Stanton Management Inc., owner.

SUBJECT—Application December 16, 1957—decision of the Borough Superintendent, under sections 7f, 7h and 7i of the Zoning Resolution, to permit in a retail and residence use district, the erection and maintenance of a gasoline service station, office, lubritorium, minor repairs, sale of auto accessories, auto laundry and the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—3625 Eastchester Road, 1495-1499 Oakley Avenue, northwest corner and 1144-1148 East 222nd Street, Block 4716, Lot 28, Borough of The Bronx.

APPEARANCES—

For Applicant: Maurice J. Schulkind.

For Opposition: None.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; then to July 8, 1958, for further inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Oakley Avenue and Laconia Avenue are in retail and residence use, C area, class 1 height districts; Eastchester Road and East 222nd Street are in a retail use, C area, class 1 height district; that on July 25, 1916 the portion within 100 feet from East 222nd Street was in a business district and the remainder was in a residence district; that on March 21, 1927 the portion within 100 feet from Eastchester Road was placed in a business district; that on October 15, 1941 the portion within 100 feet from East 222nd Street was placed in a retail district and the remainder was placed in a residence district; and

WHEREAS, the decision of the Borough Superintendent, dated December 6, 1957 acting on N.B. Applic. No. 156-56, reads:

"1. Proposed use of gasoline station, office, lubritorium, minor repairs, sales of auto accessories, auto laundry and parking and storage for more than five motor vehicles partly in residence and partly in retail use district is contrary to Art. II Sect. 3 and 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 220.2 feet and 52.83 feet frontage by 138.95 feet and 74.28 feet in depth, irregular; that it is proposed to develop the site as a gasoline service station; and

WHEREAS, the applicant states that the building proposed to be constructed would be located principally in the retail section of the plot; that both Eastchester Road and 222nd Street are principal traffic arteries for this section of the Bronx and both carry, in addition to substantial passenger travel, heavy commercial vehicle traffic; that both streets have also been developed with many commercial enterprises

MINUTES

and it is anticipated that as the development of this section in The Bronx continues, the commercialization of both these streets will be accelerated; and

WHEREAS, the applicant contends that the property is at present undeveloped, overgrown with brush and badly lighted; that under present conditions it appears improbable that the owner can utilize this property for any other alternative purpose or prevent its continuing existence as an eyesore, and to some extent, a hazard in the neighborhood; that diagonally across Eastchester Road there is located a gas station servicing the northbound traffic and that there is a need for a station servicing southbound traffic; that adjoining the site on East 222nd Street there is located an office with an accompanying garage and in addition the outside parking of many large trucks; that the development of this site as a gas station represents the only feasible development of the property in the foreseeable future; and

WHEREAS, the applicant states that the present owner has held title to the property since February 4, 1956 and April 6, 1956 and that the assessed valuation of land is \$12,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7 f for a term of fifteen years to permit the premises to be occupied as proposed as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received December 16, 1957", 3 sheets, and "April 30, 1958", one sheet, on condition that all buildings and uses shall be removed and the premises shall be leveled substantially to the grade of Eastchester Road and East 222nd Street and shall be arranged and constructed as indicated on such plans; that the accessory building shall be of the design and arrangement and location as shown and shall comply with the requirements of the Building Code and shall have no cellar and shall be faced on all sides with face brick; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of Eastchester Road; that gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that on the lot lines to the south and east, where fences are shown, there shall be erected a masonry wall of brick matching the brick of the accessory building not less than three feet in height and with piers and steel picket fence carried to a total height of not less than five feet six inches; that suitable terminating posts shall be erected where such walls meet the building line; that curb cuts shall be restricted to curb cuts each 30 feet in width consisting of four to Eastchester Road, one to Oakley Avenue and one to East 222nd Street; that the latter two curb cuts may be reduced to twenty feet instead of thirty feet if the owner so desires; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that under Section 7i, for a similar term, there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7h, for a similar term, there may be parking and storage of motor vehicles so parked on the premises as not to interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the accessory building, facing Eastchester Road, and to the illuminated globes of the pumps, excluding all roof signs and advertising devices but permitting the erection within the premises of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend over the building line of Eastchester Road for a distance of not over four feet; that

such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

949-57-BZ

APPLICANT—Fred C. Dahlem and Victor E. Block, for Pelham Bridge Realty, Inc., owner.

SUBJECT—Application December 20, 1957—decision of the Borough Superintendent, under sections 7f, 7e and 7A of the Zoning Resolution, to permit in a residence and retail use district, the erection and maintenance of a gasoline service station, car wash, lubritorium, minor repairs with hand tools only, office, sale of accessories with show windows and business entrances within 75 feet of the residence use district.

PREMISES AFFECTED—2100-2110 Williamsbridge Road and 1141-1151 Lydig Avenue, northeast corner, Block 4310, Lots 30 and 33, Borough of The Bronx.

APPEARANCES—

For Applicant: Fred C. Dahlem.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 3, 1958 after due notice by publication in the Bulletin; laid over to June 24, 1958, for inspection and decision; hearing closed; then to July 8, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Williamsbridge Road and Lydig Avenue are in residence and retail use, E-1 and C area, class 1½ height districts; Pelham Parkway and Yates Avenue are in a residence use, E-1 area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 18, 1957 acting on N.B. Applic. No. 1171-57, reads:

"1. In a retail & residence district the proposed gasoline service station, car wash, lubritorium, minor repairs with hand tools only, office, sale of accessories & service is contrary to Sect. 3 & 4-A of Art. II, Zoning Resolution.

"2. The location of entrances and show windows must conform with Sec. 7-A Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100.22 feet frontage by 111.60 feet in depth; that it is proposed to level the plot to the grade of Williamsbridge Road and Lydig Avenue and erect a gasoline service station, three bay and accessory store and office, with a car wash and minor repairs with hand tools; that the structure will be erected of face brick and in keeping with the deed covenants; that the building will have a frontage of 57 feet 10 inches facing Williamsbridge Road, with a depth of 28 feet 8 inches; that the south portion will be two stories in height, in keeping with the restrictive covenant; that access to the station will be by means of two 30 foot curb cuts on Williamsbridge Road and two 30 foot curb cuts on Lydig Avenue; and

WHEREAS, the applicant further states that the following is a copy of the restrictive covenant for this area: the party of the second part for himself, his heirs and assigns make the following covenants with the party of the first part, its successors and assigns, which it is stipulated shall run with and bind the land, viz: that no part of the said premises shall ever be used for horse racing or steepchasing purposes; that neither the said party of the second part, nor his heirs or assigns shall erect any buildings upon the premises hereby conveyed that shall cost less than \$3000

MINUTES

or shall be less than two stories in height or shall prior to Jan. 1925 erect or permit on any portion of said premises any cow stable, slaughter house, piggery, brass foundry, nail or iron foundry, brewery, or distillery, fertilizing manufactory or a manufactory of gun powder, dynamite, glue, vitriol, ink, turpentine or for tanning, dressing or preparing of skins, hides or leather or for boiling or manufacturing of baking powder or cream of tartar or any other offensive, noxious or dangerous trade or business whatever. This covenant, however, shall not prevent the erection of any automobile garage for the private use of the owner or tenant of the premises; and

WHEREAS, the applicant contends that Williamsbridge Road is a very busy highway forming one of the direct connections from White Plains Road to East Tremont Avenue; that Williamsbridge Road is in the process of being widened in the East Tremont section to facilitate traffic; that Williamsbridge Road is a 100 foot avenue; that Lydig Avenue is a 60 foot avenue of the ordinary type, with normal traffic; that there are many non-conforming uses in the vicinity and also there is a large portion of vacant property in the area; that the automotive industry has quite a large number of places in this area along Williamsbridge Road, such as gas stations, parking of motor vehicles, motor vehicle repair shop, factory manufacturing plastics and small stores and sales of used cars; that the property in this area is not ready to be developed into apartment houses or stores as there is not enough population about to support a new development of this type, plus the lack of good transportation; that a gas station can get enough business from the transients that traverse Williamsbridge Road; that the new owner will conform to any conditions imposed by the Board to enhance the property to have same in keeping with surrounding property; and

WHEREAS, the applicant states that the present owner has held title to the property since June 3, 1957 and that the assessed valuation of land is \$18,100; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f, i and 7A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto, substantially as proposed and as indicated on plans filed with this application marked "Received December 20, 1957", 6 sheets, and "April 25, 1958" one sheet, on condition that all uses now on the premises shall be removed and the premises leveled substantially to the grade of the abutting streets and shall be arranged and constructed as indicated on such plans; that the accessory building shall be of the design and arrangement and location as indicated on such plans and shall be faced on all sides with face brick and shall have no cellar and in all other respects shall comply with the requirements of the Building Code; that pumps shall be of a low approved type erected not nearer than fifteen feet to the building line of Lydig Avenue and Williamsbridge Road, as shown; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that on the lot lines to the north and east there shall be a brick masonry fence-wall, properly coped, to a height of not less than five feet six inches; that such fence-wall at each building line may be reduced to a height of not less than four feet six inches for a distance from the street line of not over ten feet; that curb cuts shall be restricted to two curb cuts each thirty feet in width to Williamsbridge Road and two of similar width to Lydig Avenue; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to per-

manent signs attached to the facade of the accessory building facing Williamsbridge Road and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over four feet; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; that under Section 7i, for a similar term, there may be minor repairs with hand tools only for adjustments and maintained solely within the accessory building; that under Section 7A any show windows or business entrances within 75 feet of the residence use district may be permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

14-58-BZ

APPLICANT—Frederick A. Ketcher, for Benjamin Kurtin and Louis Fayne, Partners.

SUBJECT—Application January 17, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a local retail use district, the parking and storage of more than five (5) motor vehicles. PREMISES AFFECTED—1268 Shakespeare Avenue, east side, 100.3 feet, south of West 169th Street, Block 2506, Lot 85, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; laid over to July 8, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Shakespeare Avenue are in a local retail use, B area, class 1½ height district; West 169th Street and West 168th Street are in local retail and business use, B area, class 1¼ height districts; Edward L. Grant Highway is in a business use, B area, class 1¼ height district; that the site was in a business use district from 1916 to May 20, 1952 at which time it was changed to local retail; that there has been no change in height and area district since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated January 7, 1958 acting on Alt. Applic. 1204-57, reads:

"1. The proposed use for the lot as a parking lot for more than five motor vehicles in a local retail district is contrary to Article II Sec. 4c of the Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth, presently unimproved; that it is proposed to surface the plot at the existing grade with steam cinders treated with a suitable binder and properly rolled; that it is also proposed to erect a 5 foot 6 inch high chain link fence along the property lines where no other fences, buildings and walls occur; that it is further proposed to provide a 12 foot curb cut, to provide one entrance on Shakespeare Avenue and install a sliding gate; provide substantial humpers along all property lines and limit the premises to one non-illuminated regulation size rate sign within the building line, attached to the front fence; and

WHEREAS, the applicant states that under N.B. Applic. No. 2754 of 1927 application was filed for a total of 13 metal garages; that the inspector reported the job was started

MINUTES

February 1, 1928 and completed May 7, 1928, and Certificate of Occupancy No. 689 of 1928 was issued for the storage of 13 motor vehicles; that Borough President records show that Permit No. 13733-1934 was issued for a 12 foot curb cut, which cut still exists; that no record was available which could establish the date the garages were demolished; that subsequently the premises was taken over by The City of New York for a tax lien, and the present 9 foot high wire fence was erected at the building line; and

WHEREAS, the applicant further states that there will be no daily parking; that space will be available only on a monthly basis and each parker will be assigned a permanent parking space; that the gate will be kept locked at all times when the plot is not in use, and the plot will be limited to the parking of only 24 cars; that the plot will be kept orderly and clean at all times and only cars of the pleasure type will be parked; that the premises will be used by tenants in the adjoining apartment houses and premises; that it would definitely be a great convenience for these tenants; that although the plot is only 5000 square feet, it would be a contribution towards eliminating some of the present street parking and reducing traffic congestion; and

WHEREAS, the applicant states that the present owners have held title to the property since December 10, 1957 and that the assessed valuation of land is \$11,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h, for a term of 5 years to permit the premises to be occupied by the parking and storage of motor vehicles of the pleasure car type only substantially as proposed and indicated on plans filed with this application, marked "Received January 17, 1958", 3 sheets, and "April 16, 1958", 1 sheet, and "June 30, 1958" 1 sheet and "January 30, 1958", 1 sheet, *on condition* that the premises shall be graded substantially to the grade of Shakespeare Avenue with a slope of not over 5 per cent, as proposed, toward the east and surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that at the rear, toward the south and east, against the adjoining areas there shall be erected on the existing retaining walls belonging to others and with the permission of the owners thereof, a woven wire fence of the chain link type 5 feet, 6 inches in height provided such retaining walls are carried up to the grade of the parking lot; that concrete bumpers shall be maintained against such fence at these points, of such strength as to prevent danger to motor vehicles; that other bumpers of suitable types shall be maintained against the north and south walls for protection thereto; that a woven wire fence of a chain link type shall also be erected on the street building line with not over one opening therein, and not over 10 feet in width and fitted with gates and with curb cut not over 12 feet in width; that the sidewalk in front of the premises shall be reconstructed to the satisfaction of the Borough Superintendent; that signs shall be restricted to one sign attached to the fence, advertising the parking and storage use, and such other information as may be required by the Commissioner of Licenses; that such sign shall not exceed 5 square feet in area, shall not be illuminated and shall not extend beyond the building line; and that all permits shall be obtained within 6 months from the date of the Resolution and a Certificate of Occupancy shall be obtained.

18-58-BZ

APPLICANT—Patrick D. Concagh for Marie A. Peduto, owner; International Mill Work Corp., lessee.

SUBJECT—Application January 17, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business use district, the change

in use in the premises from factory to saw and planing mill.

PREMISES AFFECTED—3308 Edson Avenue, northeast corner of Givan Avenue, Block 4881, Lots 75 and 77, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 8, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a business use, D area, class ½ height district; Givan Avenue is in business and residence use, D and C area, class ½ height districts; Edson Avenue is in business and residence use, D and D-1 area, class ½ height districts; Baychester Avenue is in a residence use, C area, class ½ height district; that on July 25, 1916 the site and area immediately surrounding were located in an unrestricted use, C area, class 1 height district; that on October 18, 1949 the area immediately surrounding the site was changed from unrestricted use to business and residence; that the subject plot, as well as properties on Edson Avenue, south of Givan Avenue, was included in the business zone; that Givan Avenue, for three blocks west of the site, was also zoned for business use, which is the present use designation; that on August 26, 1954 both the area and height designations were changed from C to D and from class 1 to class ½ respectively, their present designations; that there is no application pending at the present time for any change of zone; and

WHEREAS, the decision of the Borough Superintendent, dated December 18, 1957 acting on Alt. Applic. No. 1165-57, reads:

"1. The use and occupancy of the building in a Business Use District as a Saw and Planing Mill is contrary to Article II Sec. 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth and is improved by a one story, class 3 masonry structure, built of concrete block, stuccoed on the outside; that the roof and roof beams are of frame construction; that the building was constructed under N.B. Applic. No. 151-49 and Certificate of Occupancy No. 8820 was issued on December 8, 1950; that the side extension on the north was erected under Alt. Applic. No. 726-55 and completed on November 29, 1955 for which Certificate of Occupancy No. 17696 was issued on November 30, 1955 for use as factory; that it is proposed to change the legal use of factory to a power saw and planing mill; and

WHEREAS, the applicant states that the work of this tenant is restricted solely to the fabrication of window frames, doors, cabinets, etc., for the Board of Education for use in various schools throughout the City; that for this purpose, the tenant uses power saws, planers, edgers, etc. and to carry on this work a supply of lumber must be kept handy; that this lumber is being stored temporarily outside the extension building at the front and a shed has been erected as protection against the elements; that the plot is enclosed by a seven or eight foot solid wood fence with a gate at front which is always locked when the building is not in operation; that the building is in operation on a five day week basis, from 8:30 A.M. to 4:30 P.M., Monday to Friday, inclusive; and

WHEREAS, the applicant further states that the subject building is now being illegally used as a power saw and planing mill, for which Violation No. 62-57 was issued on

MINUTES

August 21, 1957; that up until the end of February 1957, the premises were occupied by a tenant who was engaged in the manufacture of paint brushes and paint rollers, and thereafter the building was vacant for approximately three months; that during this interim, the owner was in contact with several real estate brokers in order to secure a new tenant; that the present tenant was finally obtained and entered into possession under the terms of a lease which runs for a five year period from June 1, 1957 to May 31, 1962; that both owner and lessee acted in good faith in this transaction; that both were represented by counsel in the drafting and execution of the lease but neither one knew, nor were they advised that the proposed use and occupancy would result in a violation; and

WHEREAS, the applicant contends that a grant of this application will not adversely affect any properties within the surrounding area since there are other uses in close proximity to the site which are far more objectionable; that these uses include the cutting of marble, welding and auto body repairs, gas stations as well as a dyeing establishment maintained by the Commonwealth Color and Chemical Company in block 4658, lot 55; and

WHEREAS, the applicant states that the present owner has held title to the property since January 16, 1952; that the assessed valuation of land is \$7,500 and of the building \$38,000 making a total of \$45,500; that the building was erected in 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, for a term of five years, to permit the use and occupancy of the building for woodworking with woodworking tools, as proposed and shown on plans filed with this application, marked "Received January 17, 1958", 3 sheets, and "May 21, 1958", 2 sheets, *on condition* that the machine tools for the woodworking shall be as indicated on floor plan of existing conditions and such tools shall comply with the requirements of the Labor Law, including a cyclone exhaust system as may be required thereunder; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto including such fire fighting equipment as the Fire Commissioner shall require; and that all permits required, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

59-58-BZ

APPLICANT—J. G. L. Molloy for 140 East 40 Corp., owner.

SUBJECT—Application February 18, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the change in use of an existing twelve (12) story and penthouse building, from multiple dwelling to offices.

PREMISES AFFECTED—140 East 40th Street, south side, 124 feet east of Lexington Avenue, Block 895, Lot 66, Borough of Manhattan.

APPEARANCES—

For Applicant: J. G. L. Molloy.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Foley. 4

Negative: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin;

laid over to July 8, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; East 40th Street is in retail and residence use, B area, class 1½ height districts; East 39th Street is in retail and residence use, B area, class 1½ height districts; Third Avenue and Lexington Avenue is in a retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 24, 1958 acting on Alt. Applic. No. 1748-57, reads:

"1. Proposed change in occupancy from residence to office use, in a Residence use district is contrary to Article II Section 3 of the Z. R."

and

WHEREAS, the applicant states that the premises consists of a plot, 72 feet frontage by 98 feet 9 inches in depth, presently occupied as a twelve story apartment house; and

WHEREAS, the applicant states that the residence section south of Grand Central Terminal is changing to business uses and retail and restricted retail uses; that the premises are located in a residence use district which is rapidly changing; that the particular block in which the building is located is zoned for retail use 100 feet east of Lexington Avenue and 100 feet west of Third Avenue; that the center of the street on the north side between the two 100 foot retail district lines is zoned for restricted retail use; that the south side of East 40th Street between Lexington Avenue and Third Avenue is zoned for retail use for a depth of 100 feet east of Lexington Avenue and for a depth of 100 feet west of Third Avenue; that the center of the block on the south side is zoned for residence so that the above premises are in a residence use district; that only 220 feet on the south side of this block is zoned for residence and part of this area is already being used for business; and

WHEREAS, the applicant further states that at the southeast corner of East 40th Street and Lexington Avenue there is a hotel with stores on the first floor and at the southwest corner of East 40th Street and Third Avenue there is a combination bar and restaurant; that directly opposite at the northwest corner of East 40th Street and Third Avenue there is another combination bar and restaurant, and at the northeast corner of East 40th Street and Lexington Avenue there is a 22 story office building under construction; that this latter office building extends 170 feet east of Lexington Avenue and for 46 feet is directly opposite the above premises; that diagonally across the street from the above premises there are garages; and

WHEREAS, the applicant contends that East 40th Street between Lexington Avenue and Third Avenue will ultimately be completely taken over for business uses, and certainly a change in use of the above building as proposed will in no way be a detriment to this block or in any way detract from the appearance of the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since September 1943; that the assessed valuation of land is \$140,000 and of the building \$385,000 making a total of \$525,000; that the building was erected in 1931; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of twenty years, to permit the building now occupied as a multiple dwelling to be occupied for business offices throughout, as proposed and indicated on plans filed with this application, marked "Received February 18, 1958", 6 sheets and "May 1, 1958", 1 sheet, "May 16, 1958", 5 sheets, *on condition* that the business occupancy shall be solely for offices

MINUTES

without factory work or other types of occupancy; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, other than as modified by the Board this day under Cal. No. 60-58-A; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

60-58-A

APPLICANT—J. G. L. Molloy, for 140 East 40 Corp., owner.

SUBJECT—Application February 18, 1958—Appeal from a decision of the Borough Superintendent, re live load.

PREMISES AFFECTED—140 East 40th Street, south side, 124 feet east of Lexington Avenue, Block 895, Lot 66, Borough of Manhattan.

APPEARANCES—

For Applicant: J. G. L. Molloy.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Foley. 4

Negative: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 29, 1958 on Alt. Applic. 1798/57, reads:

"2. For office use the framing of floors must be good for a live load of 50#/sq.ft."

WHEREAS, the applicant states that the building is 12 stories and pent house, 120.3 feet in height, 72 feet front by 78 feet 9 inches in depth, of fireproof construction, erected 1931, located in a residence use, B area, class 1½ height district, and used and occupied since erected as a class A Multiple Dwelling, and proposed to be used and occupied as follows: Cellar—storage and machine room; 1st to 12th floors—offices, 30 persons per floor; penthouse—offices, 30 persons; that the building is provided with an approved standpipe system, two 3 foot ½ inch wide fireproof interior stairs, enclosed in block, equipped with fireproof self-closing doors and leading from roof bulkhead direct to street; and

WHEREAS, the applicant states that the existing live load is 40 pounds per square foot; and

WHEREAS, the applicant contends that it would be an extreme hardship to be required to reinforce any portion of this structure so as to sustain the legal live load of 50 pounds per square foot; that an increase in the live load capacity would in no way add to the safety of the structure, since the uses will be confined to offices only with not more than 30 occupants to a floor and there will be no factory or other industrial use of any portion of the premises; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated January 29, 1958, acting on Alt. Applic. 1798/57. Objection 2, be and it hereby is *modified and that the appeal* be and it hereby is *granted on condition* that the loading of the floors throughout shall be not less than 40 pounds per superficial foot and that such loads shall be posted; that in all other respects the requirements of the resolution adopted by the Board this day under Cal. No. 59-58-BZ shall be complied with.

66-58-BZ

APPLICANT—John J. Tricarico, for Empire Fuel Co., owner.

SUBJECT—Application February 7, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a local retail use district, the change in use of an existing one-story building from office, garage for five (5) trucks and storage of riggers equipment to office and storage of fuel delivery trucks.

PREMISES AFFECTED—1638 8th Avenue, west side, 100 feet south of Windsor Place, Block 1112, Lot 52, Borough of Brooklyn.

APPEARANCES—

For Applicant: Milton Bromberg.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 8, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 8th Avenue are in a local retail use, C area, class 1 height district; Windsor Place and Prospect Avenue are in local retail and residence use, C area, class 1 height district; 7th Avenue is in a business use, C area, class 1 height district; that as of July 25, 1916 the property was zoned as a business use district and the present local retail designation became effective on May 10, 1956; that the height and area designations became effective July 25, 1916; and

WHEREAS, the decision of the Borough Superintendent, dated January 27, 1958 acting on Alt. Applic. No. 4017-57, reads:

"1. Proposed change of occupancy in a Local Retail District to office, garage for more than five (5) motor trucks for owners use and one 550 gal. gas tank for owners use only is contrary to Art. II, PP. 4c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet ¾ inch frontage by 100 feet in depth; that it is proposed to use the premises mainly for office and storage of fuel oil delivery and service trucks and building will be owner-occupied by the Empire Fuel Company; that this company delivers oil and renders oil burner service to homes in the vicinity; and

WHEREAS, the applicant states that the building on the premises was erected under N.B. Applic. No. 13103-29 for use as ice storage plant; that under Alt. Applic. No. 259-52 the occupancy was changed to its present legal use, and Certificate of Occupancy No. 134628 was issued for offices, garage for five trucks and storage of riggers equipment; also vehicles to be stored; property of the occupant and gasoline stored and used for occupant's own trucks only; and

WHEREAS, the applicant contends that this structure is designed for this type of occupancy and now is legally occupied by five fuel oil trucks and therefore can be utilized without structural or material changes in granting this variance; that the actual physical dimensions of the building, 50 feet by 75 feet 4 inches, limits the amount of trucks which can be stored within and therefore the number of five trucks increased will be relatively minor; that this small difference in the number of trucks stored cannot possibly create any new annoyance or hazard to the surrounding community; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1955; that the assessed valuation of land is \$8,000 and of the building \$18,000 making a total of \$26,000; that the building was erected in 1929; and

WHEREAS, the applicant changed his basis of appeal from Section 7c to Section 7e of the Zoning Resolution; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years, to permit an existing building to be occupied for the storage of oil delivery trucks be-

MINUTES

longing to the owner of the site, as proposed and indicated on plans filed with this application marked "Received February 7, 1958", 4 sheets and "May 16, 1958", 1 sheet, *on condition*, that such trucks shall contain no oil when stored in the garage; that the building shall not be increased in height or area; that the existing gasoline pump, permitted by the Fire Department, may be permitted to continue, but only to furnish gasoline to owner's trucks and not for sale to passing motor vehicles; that the portion of the premises unbuilt upon shall be enclosed as shown on above-mentioned plans; that a new woven wire fence of the chain link type not less than 5'6" in height including masonry base with no openings therein except one to 8th Avenue shall be maintained, fitted with a gate and with curb cut opposite, as previously permitted under Permit A9634; that such fence shall be continued from the building along the side lot line to the south and along the building line, but may be omitted along the northerly lot line if there is a masonry wall on the lot line of the adjoining premises; that the sign now on the premises shall be removed and a sign may be substituted attached to the fence near the entrance, not exceeding five square feet in area; and that all permits required shall be obtained and all work completed within six months from the date of this resolution.

81-58-BZ

APPLICANT—James E. Vassalotti, for Thomas A. Cangel, owner.

SUBJECT—Application February 25, 1958—decision of the Borough Superintendent under section 7f of the Zoning Resolution, to permit in a business use district, the change in use of two adjoining one-story buildings from processing and fabricating of gold for jewelry manufacturing and storage of five (5) motor vehicles to a garage for the parking and storage of more than five (5) motor vehicles for a temporary term of fifteen (15) years.

PREMISES AFFECTED—267-269 Elizabeth Street, west side, 83 feet, 5¾ inches south of East Houston Street, Block 508, Lot 28, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the Bulletin; laid over to July 8, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Elizabeth Street, Mott Street, East Houston Street and Prince Street are in a business use, B area, class 2 height district; that as of July 25, 1916 the premises were in an unrestricted use district and received the present use designation on June 17, 1926; and

WHEREAS, the decision of the Borough Superintendent, dated February 19, 1958 acting on Alt. Applic. No. 1820-57, reads:

"1. Proposed garage for parking and storage for more than five motor vehicles in a Business Use District is contrary to Article II, Section 4(a)(15) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet 5¾ inches frontage by 87 feet 1 inch in depth, now developed with two, one-story buildings of class 3 construction, having a combination frontage of 50 feet 5¾ inches on Elizabeth Street, a depth of 87 feet, 1 inch, and are presently vacant; that it is proposed to change the legal uses of the present vacant buildings to garage for parking and storage of more than five motor vehicles, for a tempo-

rary period of fifteen years; and

WHEREAS, the applicant states that No. 267 Elizabeth Street was erected under Applic. No. 107-1947 for use as storage of plumbing supplies, and Certificate of Occupancy No. 33472 was issued for said use; that the building was later altered under Alt. Applic. No. 441-1948 and the use changed to processing and fabricating of gold for jewelry manufacturing, and Certificate of Occupancy No. 33966 was issued for said use; that No. 269 Elizabeth Street was erected under N.B. Applic. No. 106-47 for use as storage of five motor vehicles and Certificate of Occupancy No. 33653 was issued for said use; and

WHEREAS, the applicant contends that the site is located in one of the most congested areas in New York City and inasmuch as parking and storage of motor vehicles is permitted in a business use district, this same use, enclosed in the present building, cannot possibly effect any of the adjoining properties; and

WHEREAS, the applicant states that the present owner has held title to the property since March 14, 1947; that the assessed valuation of land is \$14,000 and of the building \$31,000 making a total of \$45,000; that the building was erected in 1947; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of five years, to permit the two adjoining existing buildings to be occupied as proposed for the storage of motor vehicles, as proposed and indicated on plans filed with this application, marked "Received February 25, 1958", 5 sheets and "May 14, 1958", 1 sheet, *on condition* that such storage of motor vehicles shall be confined to not over three small trucks owned and operated by the owner and the balance for pleasure cars only; that the buildings shall not be increased in height or area and in all other respects shall meet the requirements for a garage building; that the front facades of the buildings shall be put in clean condition, with no signs, except a sign below the parapet, not over ten feet in length and two feet in width, as shown on plans; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

85-58-BZ

APPLICANT—Goldwater and Flynn, for Peerless Operating Corp., and 32 East 1st Street Realty Corp., owners.

SUBJECT—Application February 17, 1958—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, after demolition of the two existing buildings, the erection and maintenance of a gasoline service station, lubricatorium, car washing, office, storage and parking of more than (5) motor vehicles and minor auto repairs.

PREMISES AFFECTED—20-24 2nd Avenue and 30-32 East 1st Street, northeast corner, Block 443, Lots 1 and 62, Borough of Manhattan.

APPEARANCES—

For Applicant: Louis R. Colman and Samuel Rosenblum.

For Opposition: None.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin;

MINUTES

laid over to July 8, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 2nd Avenue, East 1st Street, East 2nd Street and First Avenue are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 5, 1958 acting on N.B. Applic. No. 148-57, reads:

"1. Proposed gasoline service station, lubritorium, car washing, office, storage and parking of more than 5 motor vehicles, and minor auto repairs, located in Business Use District, is contrary to Section 4 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 81 feet 6 inches frontage by 110 feet 8¾ inches in depth, upon which are located two buildings—one, a six-story commercial building with stores on the main floor and the upper floors authorized to be used as baths, all of which floors are now vacant, and the other is a five story multiple dwelling; that it is proposed to install two sets of gas pumps which will be set back 15 feet from the front building line; that three curb cuts are proposed, two on Second Avenue and one on First Street, to permit of easy ingress and egress to and from the proposed plot; that provisions is also to be made for 12 buried tanks in conformance with existing regulations; that there will be no regular repair work, only minor repairs incidental to the servicing of customers' cars; and

WHEREAS, the applicant states that the two lots in question are under separate ownership, the owners having joined in this application for the proposed site so as to provide plottage which will be commensurate with the type of gasoline station proposed; that a previous appeal in this matter, under Cal. No. 203-55-A was granted permitting the conversion of the six story structure to a factory occupancy; that however, in view of the fact that no commercial tenant could be obtained for these premises, it was deemed inadvisable to proceed with the alterations; and

WHEREAS, the applicant contends that these buildings have outlived their usefulness and although the owners have tried from time to time to maintain same or to convert to a more suitable use, these attempts have met with little success and it is submitted that the only available use to which the premises now lend themselves would be that of a modern gasoline station; that the owners, therefore, are making this application for a variance to permit the erection of a modern gasoline station which will comply with all existing rules and regulations; that it is to be of attractive design, set back from the avenue and with an appropriate front which would enhance the appearance of Second Avenue at this point; and

WHEREAS, the applicant further contends that Second Avenue is now a highly travelled main thoroughfare in a southerly direction; that this is the only type of improvement which would be suitable for this area and the convenience of the public would be served if a variance were granted; that it would not depreciate any value in the vicinity but would in fact serve a useful purpose; and

WHEREAS, the applicant states that the present owners have held title to the property since September 15, 1946 and September 5, 1956; that the assessed valuation of land is \$108,500 and of the building \$11,500 making a total of \$120,000; that the building was erected in 1895; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7f, for a term of fifteen years, to permit the premises to be occupied for

a gasoline service station, and lawful uses accessory thereto, as proposed and indicated on plans filed with this application, marked "Received February 17, 1958", 3 sheets, and "May 22, 1958", 1 sheet, on condition that all buildings and uses now on the premises shall be removed and the site constructed and arranged as indicated on plans above cited; that the accessory building shall be of the design and arrangement indicated, except that it shall be faced with face brick on all sides; that there shall be no cellar in the accessory building; that along the rear lot line where masonry walls of adjoining buildings do not occur, there shall be erected a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches; that a similar fence shall be erected across the yards of adjoining premises to the north except where walls of adjoining buildings occur on the lot line; that on the southerly lot line from the accessory building to the rear and from the front to a distance of approximately twenty feet, there shall be erected a masonry wall, faced with face brick, not less than 5 feet, 6 inches in height; that pumps shall be of a low approved type erected not nearer than fifteen feet to the street building line of Second Avenue; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphalt; that curb cuts shall be restricted to two on Second Avenue, where shown, each not over 25 feet in width and one to First Street, of similar width; that the sidewalks and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i, there may be minor repairing with hand tools only for adjustments, maintained solely within the accessory building; that under Section 7f there may be parking of motor vehicles on such spaces as will not interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs temporary signs, and advertising devices but permitting the erection within the intersection, at right angles to Second Avenue of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend not more than four feet beyond the building line; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

209-58-BZ

APPLICANT—Lama, Proskauer and Prober, for David and Joseph Goldstein, and Nathan Machimson, owners.

SUBJECT—Application April 8, 1958—decision of the Borough Superintendent, under section 7c and 21 of the Zoning Resolution, to permit on a plot partly in a C area and partly in an E-1 area district, the erection of a six-story multiple dwelling extending into the E-1 area district, the portion in the E-1 area district occupies more than the permitted area, eliminates the required setback and side yard and having less than the required outer court.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958 after due notice by publication in the

MINUTES

Bulletin; laid over to July 8, 1958 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Williamsbridge Road and Lydig Avenue are in retail and residence use, C and E-1 area, class 1¼ height districts; Pelham Parkway and Yates Avenue are in an E-1 area, class 1¼ height districts, retail and residence use; that part of the premises within 100 feet of Pelham Parkway South is in a residence use district and the balance of the premises are in a retail use district for a distance of 100 feet east of Williamsbridge Road; that part of the premises within 100 feet of Williamsbridge Road is in a class C area district and the balance is in a class E-1 area district; that as of July 25, 1916 that part of the premises now zoned retail was in a business use district and received the present retail designation on December 14, 1953; that as of July 25, 1916 the entire premises was in a class C area district and on August 26, 1954 that part of the premises beyond 100 feet of Williamsbridge Road was changed to a class E-1 area district; and

WHEREAS, the decision of the Borough Superintendent, dated March 27, 1958 acting on N.B. Applic. No. 123-58, reads:

"A-1. Proposed 6 story and cellar class 'A' multiple dwelling to be occupied by 65 families and situated partly in a 'C' area and partly in an 'E-1' area Zoning District will be contrary to Sec. 15-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 152.06 feet frontage by 138.76 feet in depth, irregular, presently vacant; that it is proposed to erect a six story apartment building of class 3 construction, having a frontage of 142 feet 10 inches on Pelham Parkway South and a frontage of 118 feet on Williamsbridge Road; and

WHEREAS, the applicant states that the apartment as proposed is permitted in the class C area part of the lot, and it is proposed to extend this apartment house into the class E-1 area of the lot; that the proposed area of the lot in the class E-1 area district is 3,977 square feet; the permitted building area in the class E-1 area of the lot is 1591 square feet; the proposed building area in the class E-1 area of the lot is 2496 square feet and therefore the building in the class E-1 area of the lot is 905 square feet in excess; that the permitted floor area is 1.9 times the lot area which equals 7,557 square feet; the proposed floor area is 14,976 square feet and therefore the floor area is 7,419 square feet in excess; and

WHEREAS, the applicant contends that the six story apartment house on adjoining lot No. 8 to the east is now a non-conforming use in an E-1 area district; that said apartment house was erected under N.B. Applic. No. 1400-52 and Certificate of Occupancy No. 13331 was issued on December 4, 1953 when the zoning was a class C area district; that the portion of our plot within the class E-1 area district is less than 4,000 square feet, with an irregular shape; that the erection of a one of two family house in compliance with E-1 rules and regulations requiring side yards and front yards of 15 feet each, would not be economically feasible, since the adjoining apartment house is now built on the street building line without a setback and on the westerly side lot line; that the proposed apartment house can also be built directly on the street building line of Pelham Parkway South in the class C area portion of the plot; that as can readily be seen, the re-zoning of such a small portion of a plot to an E-1 area district is a direct misapplication of the Zoning Law; and

WHEREAS, the applicant states that the present owners have held title to the property since March 29, 1957 and that the assessed valuation of land is \$33,000, and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and

that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the Zoning Resolution and that the application be and it hereby is granted under Section 7c as to use and Section 21 as to area to permit the inclusion of E-1 district as proposed in the plot for the proposed multiple dwelling *on condition* that in all respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, as shown on plans filed with this application, marked "Received April 8, 1958", 7 sheets; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 4:00 P.M.

REGULAR MEETING

TUESDAY AFTERNOON, JULY 8, 1958, 2 P. M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper.

266-34-SA

APPLICANT—Iron Fireman Manufacturing Company, new owner.

SUBJECT—Application for consideration for reopening and amendment of resolution as to change of ownership from Scaife Company to Iron Fireman Manufacturing Company—re Timken Silent Automatic Oil Burner, Model G and OCO-21; previously approved.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 266-34-SA.

Subject: Amendment as to change of ownership.

Iron Fireman Manufacturing Co., Cleveland, Ohio, requested by filing an affidavit, dated June 6, 1958, that the resolution adopted October 23, 1934 and amended through February 5, 1957 under Calendar 266-34-SA be amended so as to show a change of ownership.

Recommendation

On the basis of the formal notification filed by the Iron Fireman Manufacturing Co., Cleveland, Ohio, that they have purchased all assets from the Scaife Company of Oakmont, Pennsylvania, including ownership and rights of the Timken Silent Automatic Co., the Committee on Test recommends that the resolution adopted October 23, 1934 and amended through February 5, 1957 under Calendar 266 34-SA be reopened and amended so as to show a change of ownership to the Iron Fireman Manufacturing Co. on condition that the requirements of the resolution adopted October 23, 1934 under Calendar 266-34-SA be complied with.

Committee on Test.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of October 23, 1934 through February 5, 1957 in accordance with the above report.

577-49-SM—Vol. II

APPLICANT—Armstrong Cork Company, Inc., owner.
SUBJECT—Application for consideration for reopening and amendment of resolution as to marketing under additional trade name, National Gypsum Co.—“Acoustifiber”—Armstrong Cushontone with factory application of Armstrong's Fire Resistant Paint; previously approved.

APPEARANCES—

For Applicant: M. A. Gensler.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 577-49-SM—Vol. II.

Subject: Reopen and amend the resolution as to marketing under additional trade name.

Armstrong Cork Company, New York, requested by letter dated June 5, 1958 that the resolution adopted November 22, 1949 and as amended July 2, 1957 under Calendar 577-49-SM, Vols. I and II, be amended so as to permit the approved material to be marketed under an additional trade name.

Recommendation

The Committee on Test recommends that the resolution adopted November 22, 1949 and amended July 2, 1957 under the Calendar 577-49-SM, Vols. I and II, be reopened and amended so as to permit the approved acoustical tile “Cushontone” to be marketed by the National Gypsum Co. under the trade name of Acoustifiber on condition that the requirements of the resolution adopted November 22, 1949 and as amended July 2, 1957 under Calendar 577-49-SM Vols. I and II be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of November 22, 1949 and July 2, 1957 in accordance with the above report.

689-49-SM

APPLICANT—Insulrock Company, Division of The Flintkote Company, owner.

SUBJECT—Application reopening February 18, 1958 for amendment of resolution as to additional thickness of Insulrock—re SK Insulrock Insulating Roof Deck; previously approved.

APPEARANCES—

For Applicant: George Pray, Jr.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 689-49-SM.

Subject: Amendment to resolution as to additional thickness of Insulrock.

Insulrock Company, Division of Flintkote Co., Linden, New Jersey, requested by letter dated February 4, 1958, that the resolution adopted March 7, 1950 under Calendar Number 689-49-SM, be amended so as to include an additional thickness of Insulrock. The application was reopened by a vote of the Board February 18, 1958.

Purpose

The material is to be used as an incombustible structural roof deck.

Description

The material and the manufacture of the plank is the same as that approved March 7, 1950, under Calendar Number 689-49-SM.

Inspection and Test

Samples of the plank were tested at the applicants Research Center in the presence of Asst. Engr. J. A. Darts, Committee on Test in accordance with the requirements of C26-626.0 Administrative Building Code.

The plank 2½ inches in thickness was tested on a clear span of 3'-4".

The average load on three planks was 1920 lbs.

Area under test = 9.33 sq. ft.

Load in lbs./sq. ft. $1920 \div 9.33 = 205$ lbs/59 ft.

Safe superimposed load = $205 \div 4 = 51$ lbs/sq. ft.

The 2 inch plank was retested and the results were the same.

Recommendation

The Committee on Test, recommends that the resolution adopted March 7, 1950, under Calendar Number 689-49-SM be amended so as to include Insulrock plank of a thickness of 2½ inches with a clear span of 3'-4" or 3'-6" center to center for a superimposed load (live and dead) of 51 lbs/sq. ft. on condition that the requirements of the resolution adopted March 7, 1950 under Calendar Numbers 689-49-SM are complied with.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of March 7, 1950 in accordance with the above report.

360-50-SA

APPLICANT—Automatic Burner Corporation, owner.

SUBJECT—Application for consideration, reopening and amendment of resolution as to additional trade name, A. O. Smith Corp., Permaglas, Model 55JZ—re ABC Oil Burner, Model 55J; previously approved and marketed under various trade names.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 552-50-SA—Vol. III.

Subject: Amendment to resolution as to additional models of gasoline dispensing pumps.

H. K. Woodward, New York for Bowser Inc., Ft. Wayne, Indiana requested by filing an application dated January 24, 1958 that the resolution adopted June 5, 1951 and amended through July 16, 1957 under Calendar 552-50-SA Vol. I and II be amended so as to include additional models of gasoline dispensing pumps. The application was reopened by a vote of the Board February 11, 1958 under Calendar 552-50-SA Vol. III.

Purpose

The appliances are gasoline dispensing pumps.

Description

The requested models are designated as the 1500 Series and are basically the same as the 1100 Series. (Approved by the Board July 16, 1957 under Calendar 552-50-SA Vol. II) the difference being in exterior styling and trim.

The basic figure numbers of the 1500 series are as follows:

1500—Hose concealed or Weight Retriever Self-Contained Dispenser.

1501—Reel or Cable Hose Retriever Self-Contained Dispenser.

1502—Reel or Cable Hose Retriever Hi-Speed Self-Contained Dispenser.

1503—Drape Hose Type Self Contained Dispenser.

The variation covering less brand panels, less sight glass

or less sight glass and brand panel both of the computer, non-computer dispensers and remote control pedestals are identified as follows: It is on this latter group that we are applying for your formal type approval, inasmuch as your approval has already been received on the basic units—

1510 same as 1500 except less brand panel.
1510R same as 1500 except less brand panel.
1510NC same as 1500RNC except less brand panel.
1511 same as 1501 except less brand panel.
1511R same as 1501R except less brand panel.
1511NC same as 1501NC except less brand panel.
1511RNC same as 1501RNC except less brand panel.
1512 same as 1502 except less brand panel.
1512R same as 1502R except less brand panel.
1512NC same as 1502NC except less brand panel.
1512RNC same as 1502RNC except less brand panel.
1513 same as 1503 except less brand panel.
1513R same as 1503R except less brand panel.
1513NC same as 1503NC except less brand panel.
1513RNC same as 1503 RNC except less brand panel.
1520 same as 1500 except less sight glass.
1520R same as 1500R except less sight glass.
1520NC same as 1500NC except less sight glass.
1520RNC same as 1500RNC except less sight glass.
1521 same as 1501 except less sight glass.
1521R same as 1501R except less sight glass.
1521NC same as 1501NC except less sight glass.
1521RNC same as 1501RNC except less sight glass.
1522 same as 1502 except less sight glass.
1522R same as 1502R except less sight glass.
1522NC same as 1502NC except less sight glass.
1522RNC same as 1502RNC except less sight glass.
1523 same as 1503 except less sight glass.
1523R same as 1503R except less sight glass.
1523NC same as 1503NC except less sight glass.
1523RNC same as 1503RNC except less sight glass.
1530 same as 1500 except less sight glass and brand panel.
1530R same as 1500R except less sight glass and brand panel.
1530NC same as 1500NC except less sight glass and brand panel.
1530RNC same as 1500RNC except less sight glass and brand panel.
1531 same as 1501 except less brand panel and sight glass.
1531R same as 1501R except less brand panel and sight glass.
1531NC same as 1501NC except less brand panel and sight glass.
1531RNC same as 1501RNC except less brand panel and sight glass.
1532 same as 1502 except less brand panel and sight glass.
1532R same as 1502R except less brand panel and sight glass.
1532NC same as 1502NC except less brand panel and sight glass.
1532RNC same as 1502RNC except less brand panel and sight glass.
1533 same as 1503 except less brand panel and sight glass.
1533R same as 1503R except less brand panel and sight glass.
1533NC same as 1503NC except less brand panel and sight glass.
1533RNC same as 1503 RNC except less brand panel and sight glass.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 489-54-SA.

Subject: Amendment to resolution as to additional models of oil burners.

Delco Appliance Division, General Motors Corporation, requested letter dated October 17, 1957 that the resolution adopted September 25, 1956 and amended through July 16, 1957 under Calendar Number 489-54-SA be amended so as to include additional models of Delco Oil Burner and permission to market under additional trade names. The application was reopened by a vote of the Board on November 13, 1957.

Recommendation

The Committee on Test recommends that the resolution adopted September 25, 1956 and amended through July 16, 1957 under Calendar Number 489-54-SA be amended so that the model H-200 may be marketed under the Model ROH 200 and the H-300 under ROH-300 and the H-200 and H-300 may be marketed by the Petroleum Heat and Power Co. Inc., under the trade name of Petroleum Heat and Power Co., Models D-2 and D-3 Oil Burner on condition that the requirements of the resolution adopted September 25, 1956 under Calendar Number 489-54-SA be complied with.

(Sgd.) SAMUEL L. BECKER,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 81-53-SM.

Subject: Amendment to resolution as to additional use of Coralux.

F. E. Schundler & Co. Inc., requested by letter dated May 2, 1958 that the resolution adopted May 24, 1955 be amended, so as to permit the material Coralux to be used as an incombustible top fill as permitted under C26-630.0 Administrative Building Code.

Purpose

The material is to be used as a top filling.

Description

The material is the same as approved for a structural roof and is of the same design mix namely: sack of cement to 6 cubic feet of Coralux.

Recommendation

The Committee on Test recommends that the resolution adopted May 24, 1955, under Calendar Number 81-53-SM be reopened and amended so as to permit the use of the material known as Coralux to be used as a top filling as permitted under C26-630.0 on condition that the mix shall be one sack of cement to six cubic feet of Coralux, and further that all other requirements of the resolution adopted May 24, 1955 be complied with.

MINUTES

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

WHEREAS, the report of a Committee on Test reads:

Re: Calendar Number 681-53-SA

Subject: Amendment to resolution as to additional models of gas fired clothes dryers.

Speed Queen, A Division of McGraw-Edison Co., requested by letter dated January 21, 1958 that the resolution adopted November 15, 1955 under Calendar Number 681-53-SA be reopened and amended as to additional models of gas fired clothes dryers.

Purpose

The appliance is a gas fired clothes dryer.

Description

The requested models 130, 131, 132 and 133 are basically the same as the DG series approved by the Board, November 15, 1955 under Calendar Number 681-53-SA, the difference being in cabinet styling and location of the burner assembly. The Models 130 and 131 have the burners located in the same location as the DG series. The Models 132 and 133 have the burners located directly below the cabinet top. The new models of dryers have been approved by the American Gas Association.

Recommendation

The Committee on Test recommends that the resolution adopted November 15, 1955 under Calendar Number 681-53-SA be reopened and amended so as to include the Models 130, 131, 132, 133, and 134 and 134-F Speed Queen gas heated clothes dryers, on condition that the requirements of the resolution adopted November 15, 1955 under Calendar Number 681-53-SA be complied with.

The Committee further recommends that, as the appliance is rated less than 50,000 BTUs, that the requested models and those previously approved under Calendar Number 681-53-SA need not be connected to a flue.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 349-55-SM.

Subject: Air-Maze Corporation Greastop Filter, kitchen range grease filter.

John B. Hewett Co., Inc. for Air-Maze Corporation, Cleveland, Ohio, filed May 2, 1955 an application with the Board of Standards and Appeals for approval of Air-Maze Corporation Greastop Filter (kitchen range grease filter) for use in New York City under the provisions of Sections C26-712.0e and C19-165.3 Administrative Code.

Purpose

Filters for prevention of excessive grease accumulation in kitchen range exhaust systems.

Description

The Greastop Filter is an incombustible filter designed for installation in the hoods of kitchen range exhaust systems. The filtering media is made up of evenly spaced wire mesh baffles. The fine wire mesh consists of steel wire which has been heavily plated with an alloy of nickel and zinc and then heat treated for corrosion resistance. The hardware cloth mesh is hot dipped galvanized.

The filter media is enclosed in a heavy gauge terne plate or enamel finish steel enclosing channel, welded together. Two lift handles are provided. The filters are supplied in any rectangular size up to 30 inches by 30 inches. Standard panels are 17/8 inches thick.

The filter is cleaned by soaking in a solution of hot water and suitable detergent and then flushing with water. It should be dried thoroughly before replacing.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data supplied by the applicant, the Committee on Test recommends the approval of the Air-Maze Corporation Greastop Filter for use in New York City when installed in accordance with the requirements of Sections C26-712.0e and C19-165.3a.b. Administrative Code and provided that each filter shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 349-55-SM."

(Sgd.) SAMUEL L. BECKER,

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 352-55-SM.

Subject: Agitair Grease Filters.

Air Devices Inc., New York, New York filed May 2, 1955 an application with the Board of Standards and Appeals for approval of the Agitair Grease Filters under the provisions of Sections C26-712.0.e and C19-165.3 Administrative Code.

Purpose

Filters for prevention of excessive grease accumulation in kitchen range exhaust systems.

Description

The Agitair Grease Filter is an incombustible filter designed for installation in the hoods of kitchen range exhaust systems. The filtering media is a series of sheets of expanded metal having closely spaced diamond-shaped openings, the sides of which are angled so as to deflect the air in its passage through the filter. The sheets are arranged to induce air turbulence in the filter. Enclosing frames are die-formed of heavy gauge steel and are assembled with welded and reinforced corners.

For some installations filter holding frames are used to hold the grease filter panel in position. The holding frames are made of metal angles equipped with wedge locks which hold the filter panel in place against a felt gasket attached to one leg of the frame.

The Agitair Filters are made in sizes up to 20" by 25" and have a thickness of $1\frac{7}{8}$ ".

The filters are cleaned by soaking in a solution of hot water and suitable detergent and then thoroughly dried before replacement.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data supplied by the applicant, the Committee on Test recommends the approval of the Agitair Grease Filters for use in New York City when installed in accordance with the requirements of Sections C26-712.0.e and C19-165.3.a.b. Administrative Code and provided that each filter shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Kleinert 3

Negative: 0

Absent: Commissioner Foley and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 354-55-SM.

Subject: Dollinger Corporation; Grease Filter, Model PVR.

Dollinger Corporation, Rochester, New York filed May 2, 1955 an application with the Board of Standards and Appeals for approval of the Dollinger Corporation, Grease Filter, Model PVR under the provisions of Sections C26-712.0.e. and C19-165.3 Administrative Code.

Purpose

A filter for the prevention of excessive grease accumulation in kitchen range exhaust systems.

Description

The Dollinger Corporation Grease Filter is an incombustible filter designed for installation in (the hoods of) kitchen range exhaust systems. The filtering media is made up of steel mesh, corrugated screen metal cloth and layers of copper mesh. The filtering media is enclosed in a steel channel frame. The standard size filter is 18", 12" and are 3" in thickness, other sizes of different cross-section are available.

The filter is cleaned by soaking in a solution of hot water and suitable detergent, then it should be thoroughly dried before replacement.

MINUTES

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data supplied by the applicant, the Committee on Test recommends the approval of the Dollinger Corporation Grease Filter, Model PVR for use in New York City when installed in accordance with the requirements of Sections C26-712.O.e and C19-165.3.a.b. Administrative Code, and provided that each filter shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 354-55-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

154-56-SA

APPLICANT—Pennsylvania Furnace and Iron Co., owner;
Fullerton Equipment Corp., Agent.

SUBJECT—Application February 16, 1956—Pennsylvania Sheet Steel Gas-fired Furnaces, Models 55 and 10A (industrial type), approval of.

APPEARANCES—

For Applicant: L. G. LePach.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Kleinert 3

Negative: 0

Absent: Commissioner Foley and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 154-56-SA.

Subject: Pennsylvania Sheet Steel Gas-Fired Furnaces, Models 55, 10A and Industrial Type.

Pennsylvania Furnace and Iron Co., Warren, Pa., filed February 16, 1956 an application with the Board of Standards and Appeals for approval of the Pennsylvania Sheet Steel Gas-Fired Furnaces Models 55, 10A and Industrial Type for use in New York City under the provisions of Article 12 Administrative Building Code.

Purpose

Gas fired warm air furnaces for residential and commercial use.

Description

The Model 55 is a gravity type hot air furnace. It has a cylindrical combustion chamber surrounded by a drum type radiator.

Gas is supplied through an adjustable cast iron mixer and venturi tube to a spread type burner, which is fitted with a chrome steel deflecting disc top. The burner is designed so that there will be no impingement of flame on the heating unit walls. Flue gases travel upward through the radiator drum to the heating pipes. Baffles distribute the hot flue gases to the faces of the radiator. Joints are welded.

Each furnace is enclosed in a casing of sheet steel having a corrugated lining providing an insulating space. The outer surface is finished in a baked enamel.

The supply of gas to the burner is controlled by a solenoid valve operated by the room thermostat. Ignition is by constant burning pilot. A thermocouple is used for automatic gas shut off in case of flame failure.

Other controls are a level handle shut-off valve and gas pressure regulator.

A tank and float type automatic humidifier is provided.

The series 55 furnaces are made with heat inputs of 75,000, 100,000 and 125,000 Btu. per hour.

The series 10A furnace is a forced air furnace with filters and blower fan built into the unit.

The heater assembly consists of a steel combustion chamber and a corrugated radiator. The burners are of cast iron and have raised drilled ports and the mixers are adjustable. The controls used include lever handle shut off valve, gas pressure regulator, diaphragm cut off valve and safety pilot or a solenoid valve may be installed in place of the diaphragm cut off valve. A thermostat is used for automatic operation.

The 10A series are provided with automatic humidifiers.

These furnaces are made in sizes ranging from 75,000 to 225,000 Btu. per hour input.

The Pennsylvania Industrial Furnace is a forced air furnace. The heater is a combination of single unit exchangers made of sheet steel. Each unit has seven vertical radiating tubes extending to the top of the heater.

Each heat exchanger is equipped with a set of four burners arranged tandem in pairs. The burners are of cast iron with raised ports. The mixers are adjustable.

Each pair of burners is controlled by a hand operated gas cock at the front connected to the manifold. A separate door is furnished for inspection of each set of burners.

The controls for single units include gas pressure regulator, solenoid control valve and thermocouple type safety pilots. On two or more sections the controls include gas pressure regulator, diaphragm control valve, diaphragm controller and thermocouple type safety pilots.

The furnaces are provided with automatic humidifiers.

The entire assembly is housed in a sheet metal casing finished in enamel.

The Industrial Furnace is available in sizes ranging from 300,000 Btu. per hour input for the single unit to 3,000,000 Btu per hour input for the ten unit furnace.

All three types of furnaces are to be connected to flues through diverters.

Inspection and Test

All details of construction were examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

The model 55 and 10A furnaces are tested and approved by the American Gas Association.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Pennsylvania Sheet Steel Gas-Fired Furnaces, Models 55, 10A and Industrial Type for use in New York City under the provisions of Article 12 Administrative Building Code provided that each furnace shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals, for use in New York City under Calendar Number 154-56-SA."

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

646-56-SA

APPLICANT—Weil-McLain Co., owner.

SUBJECT—Application September 10, 1956—Weil-McLain Gas-Boilers, Type J—J-6 thru J-41, 36 sizes, approval of.

APPEARANCES—

For Applicant: Lloyd H. Loos.

MINUTES

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Kleinert 3
Negative: 0
Absent: Commissioner Foley and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 646-56-SA.

Subject: Weil-McLain Gas Boiler Type J Sizes J-6 through J-41.

Weil-McLain Co., Michigan City, Indiana, filed September 10, 1956 an application with the Board of Standards and Appeals for approval of the appliance known as the Weil-McLain Gas-Boilers Type J, Sizes J-6 through J-41 under Article 12 Chapter 26 Administrative Building Code.

Purpose

The appliance is a gas-fired boiler for steam or hot water systems.

Description

The boiler is a gas-fired, low pressure heating boiler for steam or hot water system. The sizes refer to B.T.U. input.

The burners are of the ribbon type, crimped stainless steel and the venturi tube and the base are of cast iron. The burner assembly is supported within a heavy steel base frame. The cast iron heating sections have fins, cast in a staggered pattern, to give a more effective heating surface.

The standard equipment of the boiler consists of the following: Insulated jacket, draft divertor, automatic diaphragm gas valve, main shut off gas valve, pressure regulator, pilot shut off valve, automatic safety pilot, transformer and drain cock. In the event the installation is a water boiler, the additional controls consists of high limit control and combination pressure-temperature altitude gauge. In the event the installation is a steam boiler, the extra controls consists of pressure limit control, steam gauge, water gauge, try cocks, safety valve and low water cut-off.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts Committee on Test. The appliance has been approved by the American Gas Association under 4-1350-2.001-AX, 4-(1350-1.0 & 1.1).001-AX & 4-(1350.0 & .1).001-AX.

Recommendation

On the basis of inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Weil-McLain Gas Boiler Type J Sizes J-6 through J-41 for use in New York City, for domestic, commercial and industrial installation on condition that the installation comply with the requirements of Article 12 Chapter 26 Administrative Building Code and further that the appliance bear a label, permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City Cal. No. 646-56-SA".

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

699-56-SA

APPLICANT—Deerfield Machine Works, owner.

SUBJECT—Application September 25, 1956—Deerfield Horizontal Rotary Oil Burner, Models DD, sizes F, G, H, and

Models BD sizes D, E, F, G, H, J and K, approval of.

APPEARANCES—

For Applicant: Edward Angeli.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 699-56-SA.

Subject: Deerfield Horizontal Rotary Oil Burner, Models DD, Sizes F, G, and H and Model BD sizes D, E, F, G, H, J and K.

Deerfield Machine Works, Brooklyn, New York, filed September 25, 1956 an application with the Board of Standards and Appeals for approval of the Deerfield Horizontal Rotary Oil Burner Model DD Sizes F, G, and H and Model BD Sizes D, E, F, G, H, J and K under the provisions of Article 12 Chapter 26, Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

The appliance is an oil burner for commercial and/or industrial installation.

Description

The oil burner is designed to burn either No. 4, 5 or 6 fuel oil and range in size from 15 to 120 gallons per hour. The burner consists of the following:

1. Atomizing Cup.
2. Flame shaper nozzle.
This simple yet effective flame shaper with adjustable air vanes permits any shape flame from a short bushy fire to a long narrow fire as the burner is firing.
3. Flame shaper level.
4. Adjustable pilot air shutter for "SUR-LITE-OFF" ignition assembly. By moving this air shutter, a soft orange to a hard blue pilot flame may be obtained.
5. Flame rod. (Pilot supervision)

The automatic oil valve cannot open until the pilot has been proven.

6. "SUR-LITE-OFF" ignition assembly.

Positive ignition on all types of gases, bottled, natural, manufactured or blended. Pressure not to exceed 8 oz. Metered air from Flame Shaper Nozzle is introduced into the recessed gas chamber to produce a ring pilot around the atomizing cup directly in the oil stream, thus insuring instant light off even with cold oil. Positive ignition is assured by the introduction of forced air on the ignition electrode causing a pin wheel sparking of electrode.

7. Honeywell Electric Photocell (Main flame supervision) Shuts off fuel supply in case of main flame failure.

8. Webster Transformer.
9. Pressure regulating valve.
10. "Swing Out".

Fully adjustable, designed for safety. The unit is immobilized should the burner be swung open 1/2 from stop pin.

11. Gas Supply line.
12. Junction box.

All burner controls are factory wired to this junction box.

13. Honeywell Automatic gas valve.
14. Gas Cock.
15. Honeywell Modulating Motor.
16. Simplified Modulating Linkage.

For speedy primary air, secondary air and oil settings. Linkage is not disconnected to open burner.

17. Modulating Oil Valve.

MINUTES

18. Automatic Oil Valve.
19. Manual Oil Valve.
20. Low Watt Density heater with auxiliary head for relay control. (Hold out switch)
- The Low Watt Density heater eliminates the possibility of gassing and fire sputter.
21. Oil Pressure Gauge.
22. Oil Pump, designed to handle heaviest grades of oil, slow speed rotary gear type.
- Fan, 1 piece cast aluminum.
- Large Diameter Oil Feed Tube.

Inspection and Test

Details of construction were examined by Assistant Engineer J. A. Darts Committee on Test. Both Models DD & BD have been approved by the Underwriters Laboratory Under MP 2486.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as Deerfield Horizontal Rotary Oil Burner Models DD; Sizes F, G, and H and Models B D Sizes D, E, F, G, H, J and K for use in New York City in commercial and industrial installations when constructed as herein described and installed in accordance with the requirements of Article 12 Chapter 26 Administrative Building Code and further that each appliance bear a label, permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. 699-56SA."

(Sgd.) SAMUEL L. BECKER,
Director
JOHN A. DARTS,
Asst. Engr.
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

245-57-SA

APPLICANT—General Electric Co., Air Conditioning Division, owner.

SUBJECT—Application March 12, 1957—General Electric Gas-fired Warm Air Furnace for Home Heating. Models 21LG10K, 21LG15K, 21LG20K, 21LG25K, 21LG30K, 21LG40K, 21LG10KS, 21LG15KS and 21LG20KS, approval of.

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 245-57-SA.

Subject: General Electric Gas Fired Warm Air Furnace, Models 21LG10K, 21LG15K, 21LG20K, 21LG25K, 21LG30K, 21LG40K, 21LG10KS, 21LG15KS, and 21LG20KS.

Air Conditioning Division of the General Electric Company, New York, filed March 12, 1957 an application with the Board of Standards and Appeals for approval of the General Electric Gas Fired Warm Air Furnace, Models 21LG10K, 21LG15K, 21LG20K, 21LG25K, 21LG30K, 21LG40K, 21LG10KS, 21LG15KS, and 21LG20KS for use in New York City under the provisions of Article 12, Administrative Building Code.

Purpose

Gas fired warm air furnaces for domestic and commercial use.

Description

The General Electric Gas Fired Warm Air Furnaces are floor type furnaces designed for forced air circulation.

The furnaces consist of atmospheric type slotted port cast iron burners firing upward into cast iron heat transfer sections. A flue connection and built-in draft diverter are provided for removal of combustion gases.

Air to be heated is taken into the unit through a filter located in the bottom section or attached to it by means of an external frame. This section also houses a multi vane centrifugal fan. The fan then forces the air upward through the heat transfer sections to the duct outlet, connection.

The major component parts are supported on a steel frame work and are enclosed with sheet steel panels finished in a two tone gray enamel. This panel casing is insulated with foil faced glass wool.

The controls used consist of a 100 percent safety pilot for automatic shut down in case of flame failure, combination fan and temperature limit control, gas pressure regulator with valve and thermostat.

The various models have the following input ratings:

Model Number	Input Rating Btu per Hour
21LG10K, 21LG10KS	60,000
21LG15K, 21LG15KS	75,000
21LG20K, 21LG20KS	90,000
21LG25K	120,000
21LG30K	150,000
21LG40K	210,000

The letter "K" indicates a belt drive for the blower fan.

The letters "KS" indicates a direct drive blower fan.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

These General Electric warm air furnaces were tested and approved by the American Gas Association Laboratories for all fuel gases.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the General Electric Gas-Fired Warm Air Furnace, Models 21LG10K, 21LG15K, 21LG20K, 21LG25K, 21LG30K, 21LG40K, 21LG10KS, 21LG15KS and 21LG20KS for use in New York City when installed in accordance with this report and the provisions of Article 12 Administrative Building Code including the clearance requirements therein provided that each furnace shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 245-57-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

660-57-SA

APPLICANT—John Wood Co., owner.

SUBJECT—Application August 15, 1957—John Wood Fluid Heat Gas-fired Gravity Warm Air Furnace, Models GG-65, GG-87, GE-90, GE-115, GE-140, GH-70, GH-90, GC-70 and GC-90, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

MINUTES

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4
Negative: 0
Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 660-57-SA.

Subject: John Wood Fluid Heat Gas Fired Furnaces.

R. E. McIntyre for John Wood Company, Conshohocken, Pa., filed August 15, 1957, an application with the Board of Standards and Appeals for approval of the appliance known as John Wood Fluid Heat Gas Fuel Furnaces. Models: GG-65, GG-87, GE-90, GE-140, GH-70, GH-90, GC-70 and GC-90.

Purpose

The appliance, a gas fuel warm air furnace, is to be used for domestic and for commercial heating.

Description

The furnace consists of the following component parts; heat exchanger constructed of 14 gauge steel and so constructed as to provide a means of transferring the heated air to the ventilating system; the jacket, which encases the heat exchanger; blower and blower motor, the blower is of the conventional centrifugal or squirrel-cage type, the motor is of the split phase type; the burners are of the single-port up-shot type; Controls: Main Control Valve, self energizing type, that is, no outside source of power is generated by the pilot flame through a series of thermocouples or a 24-volt solenoid or diaphragm-type valve may also be used; an automatic safety pilot, if the pilot should be extinguished, power will not be supplied to energize the main valve and it will close and fail to open until the pilot flame has been restored. On the 24 volt type valve, a thermocouple is placed adjacent to the pilot, when the pilot is lit, a carry over flame is directed at the thermocouple generating a small voltage capable of holding a solenoid switch in the closed position, this switch is in series with the main control valve. In the event of pilot failure, the solenoid is released thereby shutting off main gas supply. Fan and limit control, provides means for shutting off fan when temperature drops and turns fan on when temperature rises. The limit side of control provides shut-down of the gas burner, if the temperature in the supply duct or plenum becomes excessive.

Inspection and Test

Details of construction were examined by Ass't. Engr. J. A. Darts, Committee on Test. The appliances have been approved by the American Gas Association Under:

4-1319-2.301, 4-(1471-2.0 &-3.0) .001, 4-(1471.0 &-1.0) .001, 4-1442-5.001, 4-1319-2.001, 4-(1319.0 &-1.0) .001, 4-1319-2.101, 4-(1319.1 & 1.1) .001, 4-1319.301, 4-1319-3.3 &-4.3) .001, 4-(1319.6 &-1.6) .001, 4-(1319-3.3,-4.3, 4-&-2.4) .001, 4-1319-2.401, 4-(1319.4 &-1.4) .001, 4-(1319.5 &-1.5) .001, 4-1319-2.501, 4-845-2.901, & 4-(845.9 &-1.9) .001.

Recommendation

On the basis of the examination and the date filed by the applicant, the Committee on Test recommends the approval of the appliance known as John Wood Fluid Heat Fired Furnaces, Models: GG-65, GG-87, GE-90, GE-115, GE-140, GH-70, GH-90, GC-70 and GC-90 for use in domestic and commercial occupancies but not to be installed in garages or places of explosive atmospheres, on condition that all installations comply with the requirements of Article 12 Chapter 26, Administrative Building Code and that the appliance bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City, under Cal. No. 660-57-SA."

855-57-SM

APPLICANT—Kuhns Brothers Co., owner.

SUBJECT—Application November 12, 1957—"K" Pipe Lock Coupling, Model 400-D, approval of.

APPEARANCES—

For Applicant: George Walters.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 855-57 SM.

Subject: "K" Pipe Lock Coupling, Model 400 D.

Kuhns Brothers Company, Dayton, Ohio, filed November 12, 1957 an application with the Board of Standards and Appeals, for approval of their pipe coupling known as "K" Pipe Lock Coupling, Model 400 D, for use with standard steel or wrought iron pipe, under the provisions of C26-1360 and C26-1383 Administrative Building Code.

Purpose

Pipe couplings to be used in above ground or underground fire service systems—automatic sprinkler, and standpipe systems.

Description

These couplings are constructed of two housings or halves, which are bolted together over a rubber gasket to assemble grooved steel pipe. The housings are formed with a circumferential key on both sides which fits into the grooves machined on the outer surface of the pipe ends.

The housings are made of ductile iron and are designed for pipe sizes of 2 to 8 inches.

The specifications of the ductile iron are:

Physical Properties

Tensile strength 60,000 psi.

Yield strength 45,000 psi.

Elongation 15% min.

Brinnell 190 max.

Hardness

Chemical Composition

Carbon 3.0% min.

Phosphorous 0.08% max.

Silicon 2.50% max.

Magnesium 0.06% max.

The specifications for the rubber gasket:

Tensile Strength 2130 psi

Elongation 456 per cent

Durometer hardness 72 av.

Inspection and Test

The couplings were tested at the Underwriters' Laboratories, and the following results were noted:

Physical tests of the ductile iron gave yield points in excess of 48,000 psi with an average elongation of 23.5 per cent in 2 inches.

A sample rubber gasket was placed in an oxygen bomb for 96 hours at 70 degrees C and 300 psi. After exposure, tests showed that the gasket retained 87 per cent of original tensile strength, 86 per cent of the original elongation and the durometer hardness number averaged 78—See Calendar Number 856-57 SM.

MINUTES

Sample couplings of 2 to 8 inches in size were assembled on two short lengths of steel pipe and subjected to hydrostatic pressure. Failure occurred in the 8 inch size at 2000 psi, the smaller sizes withstood higher pressures up to 3700 psi for the 2 inch size.

Deflection tests were performed by assembling the couplings on short lengths of steel pipe. In each test the assembly was subjected to an internal pressure of 175 psi. and installed in a tension and compression testing machine on V-block supports. A load was then applied on the coupling so as to deflect the joint. The 2 inch coupling failed at 11,500 psi produced by the load, this value increased with the size of the coupling and the 8 inch coupling failed at 89000 psi.

The couplings were deemed satisfactory for maximum working pressures of 400 psi.

The complete report of the Underwriters' Laboratories, Application 57 K 1247 is on file with and is part of the record.

Recommendation

On the basis of the test, the Committee on Test recommends the approval of the coupling known as the "K" Pipe Lock Coupling Model 400 D in sizes ranging from 2 inches to 8 inches when constructed as described herein, for use on standard or extra strong new pipe in sprinkler and standpipe systems, under the provisions of C26-13400, and C26-1383.0 Administrative Building Code for pressures not in excess of 400 psi and provided that each coupling shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals, for use in New York City under Calendar Number 855-57 SM", and further that; 1. No joint in a horizontal run shall be placed more than 2 feet from a hanger. 2. Vertical risers shall be supported every 24 feet in height. 3. Long runs of pipes shall include expansion joints where required by the Superintendent and further, that the use of these couplings underground shall be permitted inside building walls only, not to be installed in soils corrosive to steel or rubber.

(Sgd.) SAMUEL L. BECKER,
Director
JOHN A. DARTS,
Assistant Engineer
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

856-57-SM

APPLICANT—Kuhns Brothers Company, owner.
SUBJECT—Application November 12, 1957—"K" Pipe Lock Coupling, Model 800-D, approval of.

APPEARANCES—

For Applicant: George Walters.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 856-57-SM.

Subject: "K" Pipe Lock Coupling, Model 800-D.

Kuhns Brothers Company, Dayton, Ohio filed November 12, 1957 an application with the Board of Standards and Appeals for approval of their pipe coupling known as "K" Pipe Lock Coupling, Model 800-D for use with standard pipe under the provisions of C26-1360 and C26-1383 Administrative Building Code.

Purpose

Pipe couplings to be used in above ground or underground

fire service systems—automatic sprinkler and standpipe systems.

Description

These couplings are constructed of two housings or halves which are bolted together over a rubber gasket to assemble grooved steel pipe. The housings are formed with a circumferential key on both sides which fits into the grooves machined on the outer surface of the pipe ends.

The housings are made of ductile iron and are designed for pipe sizes of 2 to 8 inches.

The specifications of the ductile iron are:

Chemical Composition

Carbon	3.0 % Min.
Phosphorous	0.08% Max.
Silicon	2.5 % Max.

Physical Properties

Tensile Strength	60,000 psi
Yield Strength	45,000 psi
Elongation in 2 inches	15% Min.
Brinnell Hardness	190 Max.

The Specifications for the Rubber Gasket

Tensile Strength	2,130 psi
Elongation	456%
Durometer Hardness	72 av

Inspection and Test

The couplings were tested at the Underwriters Laboratories and the following results were noted.

Physical Tests of the ductile iron gave yield points in excess of 51,000 psi with an average elongation of 23% in 2 inches.

A sample rubber gasket was placed in an oxygen bomb for 96 hours at 70° C and 300 psi. After exposure, tests showed that the gasket retained 87% of the original tensile strength, 86% of the original elongation and the durometer hardness number averaged 78.

Sample couplings of 2½ to 8 inches in size were assembled on two short lengths of steel pipe and subjected to hydrostatic pressure. Failure occurred in the 8 inch size at 3,200 psi. Failure in the smaller size occurred at higher pressures, up to 5,000 psi for the 2½ inch coupling.

Deflection tests were performed by assembling the couplings on short lengths of steel pipe. In each test the assembly was subjected to an internal pressure of 175 psi and installed in a tension and compression testing machine on V-block supports. A load was then applied on the coupling so as to deflect the joint. The 2½ inch coupling failed at 30,000 psi, produced by the load, this value increased with the size of the coupling and the maximum value of 111,000 psi was successfully attained with the 8 inch coupling. This was the limit of the testing machine.

The couplings were deemed satisfactory for maximum working pressures of 800 psi.

The complete report of the Underwriters Laboratories, Application 57K219 is on file with and is part of the record.

Recommendation

On the basis of the test, the Committee on Test recommends the approval of the coupling known as the "K" Pipe Lock Coupling Model 800D in sizes ranging from 2 inches to 8 inches when constructed as described herein for use on Standard or extra strong new steel or wrought iron pipe in sprinkler and standpipe systems under the provisions of C26-1340.0 and C26-1383.0 Administration Building Code for pressures not in excess of 800 psi and provided that each coupling shall bear a label, permanently affixed, reading "Approved by the Board of Standards for use in New York City under Cal. No. 856-57SM" and further that,

1. No joint in a horizontal run shall be placed more than 2 feet from a hanger.

2. Vertical risers shall be supported every 24 feet in height.

MINUTES

3. Long runs of pipes shall include expansion joints where required by the Superintendent, and further that the use of these couplings underground shall be permitted inside building walls only, not to be installed in soils corrosive to steel or rubber.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

21-58-SA

APPLICANT—Samuel Carr, for Mercury Molding Machinery Inc., owner.

SUBJECT—Application January 6, 1958—Mercury Roto-Molder, Models SD2, SD3 and SD4, approval of.

APPEARANCES—

For Applicant: Samuel Carr and C. Szentkuti.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

Absent: Commissioner Foley 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 21-58-SA.

Subject: Mercury Roto-Molder Models SD2, SD3 and SD4.

S. Carr for Mercury Molding Machinery Inc., Yonkers, New York, filed January 6, 1958 an application with the Board of Standards and Appeals for approval of the appliance known as Mercury Roto-Molder Models SD-2, SD-3 and SD-4 under the provisions of C26-191.0 Administrative Building Code.

Purpose

The appliance is used for molding and drying of vinyl plastics.

Description

The molder is a batch type non-volatile oven in which is built a movement consisting of two mold holders mounted on a planetary drive. This drive is mounted on a shaft extending through the oven and connected by a positive chain drive to a variable speed control and an electric brake motor. The operation of the planetary drive is controlled by an electro-mechanical selector device, and is further controlled during the operational time cycle by an infinitely adjustable electric timing device.

The oven is constructed of steel angles, fiberglas wool insulation 16 gauge steel panels; except on the SD4 which has 12 gauge steel panels on the exterior, a draft exhaust diverter and damper. The oven is also equipped with two safety door latches for servicing the unit. The oven is also equipped with a heavy duty recirculating blower which circulates the air throughout the oven.

The burners are of the ribbon type and the BTU input for the SD2 is 300,000 BTU and for the SD3 and 4 the input is 450,000 BTU. The burner type for the SD2 is of the atmospheric and for the SD3 and 4 is of the Premix type.

A Partlow Temperature control operates the burners between a range of 100°F to 1000°F.

The controls are as follows:

1. **PLANETARY DRIVE CIRCUIT**: Controlled by electro-mechanical selector device and the electrical timer. Operated from the main control board through the two selector switches which are placed on the main control board under the main drive pilot light. The

electro-mechanical selector device situated in the rear of the oven consists of the selector plate on which two Cutler-Hammer double pole double throw limit switches and the large selector gear are mounted. The gear is driven through the small selector gear mounted on the main shaft. These two switches with the combination of the electric timing device control the planetary drive in order to stop the loading plate in the oven in the horizontal position . . . when the time cycle is over. Consequently, the adjustment of the loading plates, if they are out of the horizontal position, is done through changing the relative position of the Cutler-Hammer limit switches to the large selector gear . . . (done through tilting limit switches).

2. **GAS BURNER CIRCUIT**: The electric control system for the gas heated unit employs a safety control called Wheelco Flame-otrol and the air flow switch (LO-VAC). The Flame-otrol includes the Wheelco Flame-otrol unit, main gas burner solenoid valve and pilot gas burner solenoid valve. These valves are actuated through the Flame-otrol unit and shut off the burners immediately upon interruption of gas or electric service. The LO-VAC is hooked up in series with the Flame-otrol unit and closes the circuit only when air flow is on, or in other words, the blower is in operation.

3. **TEMPERATURE CONTROL CIRCUIT**: The temperature control maintains on and off operation of the main gas burner, to maintain the required temperature setting. It consists of the Partlow temperature control and a gas solenoid valve.

4. **WORKING DOOR CIRCUIT**: Serves to automatically open and close the working door when fusing cycle starts or ends, and also for manual operation of the door at any time through the selector switch situated on the main control board. It consists of a four way solenoid valve, air cylinder and an auxiliary switch mounted on the drive motor magnetic starter.

In operation, a liquid vinyl plastic is poured into the molds, the molds are then placed on the mold holders and the oven is put in operation. Prior to the firing the oven is purged. During the heating process, the molds are rotated, throwing the plastic against the inside face of the mold and the heat forms the plastic into the shape required. The plastic is of the non-volatile type.

Inspection and Test

The appliance was inspected by Asst. Engr. J. A. Darts, Committee on test, at 972 Nepperhan Avenue, Yonkers, New York, and the appliance operated as designed and the controls operated as required.

Recommendation

The Committee on Test recommends the approval of the appliance known as Mercury Roto-Molder Models SD-2, SD-3, SD-4 for use in New York City for the rotational molding and drying of vinyl plastisols on condition that the plastic shall be of the non-volatile type and that all installations shall comply with the requirements of Article 12 Chapter 26 Administrative Building Code and further that the appliance bear a label permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 21-58-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report, *on condition* that the plastics do not throw inflammable vapor.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 8, 1958 on amendment to Alt. Applic. 1224/56 reads:

“1. The proposed side extension of the existing frame bldg. in frame construction, is contrary to Sect. C-26-250d(3) Bldg. Code.”

and

WHEREAS, the applicant states that the existing building was 2 stories in height, 20 feet 6 inches front by 74 feet in depth at 1st floor, 20 feet 6 inches front by 24 feet in depth at 2nd floor, class 4 construction, erected 1891, located on a lot 25 feet front by 100 feet in depth, in a retail use, B area, class 1½ height district, occupied as a 1-family dwelling on 1st floor, and a 1-family dwelling on the 2nd floor, and proposed to be used and occupied as follows: Cellar—boiler room; 1st floor—dwelling, 1 family; 2nd floor—dwelling, 1 family; that the building is now 2 stories, 24 feet in

MINUTES

height, 20 feet 6 inches front by 74 feet in depth, class 4 construction, provided with one interior 2 feet 6 inch wide wood stairs, enclosed in partitions of studs, wood lath and plaster, equipped with wood doors, which are not self-closing; that stairhall leads to street and is provided with a ladder and scuttle to roof; and

WHEREAS, Violation Number C-1340-56 issued July 11, 1956 for enlarging kitchen by extending outer wall to form direct connection with outer wall of premises of 386 East 156th Street, without approval or permit from the Department of Buildings; and

WHEREAS, the applicant states that the extension is only 1 story in height; that no additional rooms were created; that the owner occupies the 1st floor and built the extension for his convenience and not for additional revenue; that the extension was built by the owner without approval from the Department of Buildings; that the owner did not know at the time that he needed approval from the Department; and

WHEREAS, the applicant stated to the Building Department that in the amendment to Alt. Applic. 1224/56, that it was proposed to brick fill the wall adjacent to the westerly building and line same on the exterior with $\frac{3}{8}$ inch brick asbestos boards; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, dated May 8, 1958, acting on Alt. Applic. 1224/56, Objection No. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the one-story extension as proposed and indicated on plans filed with this application, marked "Received May 12, 1958", 8 sheets, *on condition* that the extension shall be used only as an extension of the kitchen for the single family occupying the first floor and for no other use; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

496-57-A

APPLICANT—Harry Hurwit, for Joseph and Fannie Goldman, owners.

SUBJECT—Appeal filed June 20, 1957 from a decision of the Borough Superintendent relating to egress.

PREMISES AFFECTED—156 West 29th Street, south side, 149 feet 6 inches east of 7th Avenue, Block 804, Lot 69, Manhattan.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Absent: Commissioner Foley..... 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated June 21, 1957 on amendment to B. N. Applic. 3705/56 reads:

"Rear fire escape landing on a non-fireproof roof and then in a rear yard is contrary to Section 273 of the Labor Law."

and

WHEREAS, the applicant states that the building is 3 stories, 35 feet in height, 25 feet front by 98 feet 9 inches in depth at street floor, 25 feet front by 88 feet 9 inches in depth at typical floor, of class 3 construction, erected

1885, located in a manufacturing use B area and class $1\frac{1}{2}$ height district, and used and occupied since 1930 without a certificate of occupancy as follows: 1st floor—restaurant, 75 persons; 2nd floor—factory now vacant, 20 persons; 3rd floor—factory now vacant; that it is proposed to be used and occupied as follows: 1st floor—restaurant, 75 persons; 2nd floor—office, sales and stock rooms, 5 persons; 3rd floor—manufacturing furs, 5 persons; that no combustible material will be used on the premises; that the building is provided with one 3 foot 8 inch wide interior steel and concrete stairs, enclosed in partitions of metal lath and Portland Cement plaster equipped with fireproof self-closing doors and leading direct to street and provided with a ladder and scuttle to roof; that one fire escape on the rear extending to yard by ladder with egress from yard through restaurant to street; that window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant states that the building has fire escapes balconies at the rear on the 2nd and 3rd floors as a horizontal exit running to the windows of the building at 149 West 28th Street, which building was recently sold to a new owner and the horizontal exit can no longer be used; that it is therefore proposed to install a new fire escape on the rear leading to the yard with egress from its lower termination through the restaurant on the 1st floor to West 29th Street; and

WHEREAS, the applicant contends that the restaurant has a direct egress to the street; that it is opened early in the morning before any of the tenants of the upper floors open their place of business; that the restaurant remains opened after the place of business above are closed; that the 2nd and 3rd floors will not have more than 5 occupants on each floor and there will not be more than 10 persons above the 1st story; that since the building is small and only 3 stories in height and has a legal interior stairway and as there is no other practical way of creating a second means of egress except by installing a fire escape at the front which would cover the entire front of the building, it would destroy the appearance and make it unrentable; that it is requested that a variance be granted to permit the proposed fire escape on the rear as indicated on plans filed with this appeal; and

WHEREAS, on June 16, 1923 under Calendar Number 1273-22-S, the Board modified an Order of the Fire Commissioner, requiring a front fire escape be erected on condition that a connecting iron bridge be maintained connecting with premises directly to the rear, and that any openings thereon shall be provided with fireproof, self-closing doors; that the interior stairhall partition shall be fire retarded and that a fixed double rung iron ladder shall be provided in the top story hall to a scuttle in the roof and that not more than 20 persons shall occupy the top story and that the top story shall be maintained as an open loft; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and found the rear fire escape has no proper means of reaching the street.

Resolved, that the decision of the Borough Superintendent, acting on B.N. Applic. 3705/56, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

746-57-A

APPLICANT—Samuel Rosenblum, for Alma G. Roos, owner.

SUBJECT—Application October 10, 1957—Appeal from a decision of the Borough Superintendent, re egress.

PREMISES AFFECTED—147-149 West 22nd Street, north side, 249 feet, 6 inches east of 7th Avenue, Block 798, Lot 17, Borough of Manhattan.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 4, 1958 after due notice by publication in the Bulletin; laid over to March 11, 1958, at the request of an objector; no further request for adjournment to be considered; then to March 25, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 133rd Street and 134th Street are in retail and residence use, D and E area, class 1 and class ½ height districts; Liberty Avenue is in a retail use, D area, class 1 height district; 105th Avenue is in a residence use, E area, class ½ height district; that as of July 25, 1916 that part of the premises within 100 feet of Liberty Avenue was in a business use district; that the present height and area designations for that part of the premises within the residence use district became effective June 30, 1947; that the present use designation for that part of the premises within 100 feet of Liberty Avenue became effective May 23, 1957; and

WHEREAS, the decision of the Borough Superintendent, dated December 5, 1957 acting on N.B. Applic. No. 3546-57, reads:

"1. Proposed erection of a gasoline service station, lubritorium, minor auto repairs, car washing, office and sales, and storage and parking of motor vehicles on a lot in a retail use district and extending into a residence use district is contrary to Art. 2, Sec. 4-A and Sec. 3 of the Z.R.

2. Proposed erection of a ground sign on the retail portion of the lot is contrary to Art. 2, Sec. 4-A of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 78.17 feet frontage by 125.10 feet in depth, irregular, presently vacant except for two billboards; that a variance is requested for a temporary period of fifteen years to erect a modern gasoline service station consisting of twelve 550 gallon gasoline tanks and six dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction without cellar and with a frontage of 58 feet, a depth of 28 feet and will contain the conjunctive uses of lubritorium, car wash, minor auto repairs, store room, office and sales; that the open portion of the plot will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant contends that although the site is situated in a retail and residence use district, the gasoline station will be confined strictly to the retail portion of the plot; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e, f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use dis-

trict regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e, f and i, to permit the premises to be occupied as a gasoline service station and accessory uses for a term of fifteen years substantially as shown and proposed on plans filed with this application marked "Received December 18, 1957", 4 sheets, *on condition* that on the lot line to the south where the applicant proposes a woven wire fence there shall be erected a brick wall not less than five feet six inches in height, which brick wall shall be moved five feet off the lot line and which shall be continued on the lot line to the east where the woven wire fence is presently shown; that this brick wall required to be erected along the *southerly* lot line may be stepped down to a height of four feet within 20 feet of the building line; that a planted area shall be maintained, as shown, and protected by a concrete curbing not less than six inches in height; that tanks shall be restricted to twelve 550 gallon approved gasoline storage tanks; that three pump islands may be permitted facing Liberty Avenue and not less than fifteen feet from the building line; that there may also be three similar pump islands, as shown, not less than fifteen feet from the 133rd Street building line; that pumps shall be of an approved low type; that where not occupied by the accessory building and pumps the balance of the premises shall be surfaced with concrete or bituminous paving; that under Section 7h for a similar term the parking of motor vehicles may be permitted; that under Section 7i for a similar term there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs but permitting the erection of a post standard for supporting a sign, which may be illuminated, at the intersection of Liberty Avenue and 133rd Street, as shown, and permitting such sign to extend beyond the building line for a distance of not more than four feet; that in all other respects all laws, rules and regulations applicable to the premises and occupancy shall be complied with; that curb cuts shall be restricted to one to 133rd Street not more than 30 feet in width and two to Liberty Avenue not more than 20 feet in width, as shown; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; that there shall be no cellar under the accessory building; that the sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the resolution, reference to the requirement of a brick wall, corrected to read "on the *southerly* lot line" as indicated in italics.

APPEARANCES—

For Applicant: Julian Roth, Herman M. Glassner, Erwin Wolfson and Irwin Clavan.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 27, 1958 after due notice by publication in the Bulletin; laid over for applicant to send out new notices by regular mail for hearing on June 3, 1958; then to June 10, 1958, for further consideration; then to June 17, 1958, because of the fact that the Corporation Counsel asked for time to render an opinion as to the adequacy of the agreement; then to June 24, 1958, pending receipt of report from the Corporation Counsel as to the agreement; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Fifth Avenue, Madison Avenue, East 43rd Street and East 44th Street are in a restricted retail use, B area, class 1¼ and class 2 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 20, 1957 acting on Alt. Applic. No. 996-57, reads:

"1. Proposed separation of 2-4 East 44th St. (Block 1278, Lot 67) from 519-521 Fifth Ave. (Block 1278, Lot 1) does not conform with B. S. & A. Resol. 741-27-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 104 feet frontage by 184 feet 4 inches in depth, occupied by a 37 story and penthouse office building; that it is proposed to obtain a new Certificate of Occupancy applicable to the building located on Lot 1 only—no structural changes involved; and

WHEREAS, the applicant states that Board of Standards and Appeals Resolution No. 741-1927-BZ provides, in part: Lot No. 67, Block 1278, with a frontage of 45 feet on 44th Street and a depth from the building line thereof of 96 feet 10 inches shall be maintained in conjunction with and as part and parcel of this plot; that at this site there is now a 37 story and penthouse office building; that above the 23rd floor level the tower area conforms with the Resolution of the Board under Cal. No. 741-27-BZ; that in order to construct this tower with an area of 5844 square feet, it was necessary to include Lot 67 of Block 1278 in the plot; that the computation for the tower area on Lot 1 is as follows:

Area of Lot 67	4,357 sq. ft.
Area of Lot 1	19,047 sq. ft.
Total	23,404 sq. ft.
Allowable tower area 25%.....	5,851 sq. ft.
Physical tower area	5,844 sq. ft.

and

WHEREAS, the applicant further states that another application has been filed with the Department of Buildings for

premises 523-529 Fifth Avenue, 2-4 East 44th Street, as Alt. Applic. No. 512-57; that under the latter application it is proposed to extend the present 12 story office building located on Lot 69 of Block 1278 to 19 stories in height; that as part thereof, it proposes to extend the construction of this building to Lot 67—2-4 East 44th Street— of Block 1278, which construction will be of the same height with corresponding floors; that this horizontal extension will, in fact, contain the elevators and stairs for the altered building; that further reference is again made to Resolution under Cal. No. 741-27-BZ: "and this portion of the plot on 44th Street front" (Lot 67 on Block 1278) "shall be limited in height to the restrictions for this street front as provided in the zone resolution"; that under such resolution the tower area commenced at elevation plus 261.90 feet above the datum for Lot 1; that the construction on Lot 67 will extend only to elevation 260.69 feet above the datum for Lot No. 1, and there will be no increase in tower area contrary to the Board's Resolution under Cal. No. 741-27-BZ; that the appeal is to obtain a Certificate of Occupancy applicable solely to the building on Lot No. 1; that to protect the public health, safety and general welfare, a covenant will be entered into by the owners of the improvements on Plots 1, 67 and 69, running with the land, which will limit further construction on Lot 67 and Lot 69 to the heights and areas mentioned herein or as may be indicated on the drawings filed with this appeal; and

WHEREAS, the applicant states that the present owner has held title to the property since June 17, 1940; that the assessed valuation of land is \$3,250,000 and of the building \$4,500,000 making a total of \$7,750,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the approval of the Corporation Counsel has been obtained as to the agreement entered into by the parties hereto and such agreement filed in the Office of the Register, New York County; and

WHEREAS, such agreement assures for all time the legality of the tower building with lot 67 as part of the plot to comply with the requirements of resolution adopted Calendar Number 741-27-BZ; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to height on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the height district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21, to permit the height of the proposed building on Block 1278, Lot 67, as indicated on plans filed with this application marked "Received March 18, 1958", 1 sheet, "April 24, 1958", 2 sheets, and "January 14, 1958", 1 sheet, on condition that a copy of the agreement filed herein shall be filed with the Borough Superintendent, as signed by the parties thereto, namely, Clarson Company, Metropolitan Life Insurance Company and Bankers Trust Company; that the building in all other respects shall comply with all laws, rules and regulations other than as may be modified by the Board under Calendar No. 39-58-BZ; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

* Correction—In the 3rd Whereas clause from the resolved change the word approval to read agreement.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

RULE 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fire-resisting partitions, with all openings therein protected by self-closing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire-retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;
(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

COURT DECISIONS

Matter of Woltman vs. Murdock:—On February 26, 1957, the Board granted a variance under Section 7, subdivisions e and h, of the Zoning Resolution, for a term of five years, to permit in a business and residence use district, on an unbuilt-upon portion, the premises to be occupied for parking of motor vehicles; Cal. No. 662-56-BZ; Premises 3875 Flatlands Avenue, north side, and 1973 Flatbush Avenue, Borough of Brooklyn.

At Special Term, Supreme Court, Mr. Justice Morrissey annulled the Board's determination in a lengthy decision, as printed in Bulletin of November 12, 1957 and appearing in New York Law Journal of November 8, 1957, page 9.

An appeal was filed by the Corporation Counsel.

The Appellate Division, Second Department, reversed the lower court and affirmed the Board's determination, stating in part, as follows: (New York Law Journal, July 9, 1958, pages 4 and 5):—

"The Board appears to have acted upon a reasonable basis and on sufficient evidence to permit the exercise of its discretionary powers under subdivisions e and h of Section 7, and since it acted within its jurisdiction, the determination may not be set aside....."

* * *

Matter of Tuohy vs. Murdock:—On January 21, 1958, the Board granted a variance under Sections 7f, 7h and 7A of the Zoning Resolution, to permit for a period of fifteen years, in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car wash, storage, office and sales, and the parking and storage of motor vehicles, with show windows within 75 feet of a residence use district; Cal. No. 342-54-BZ, Vol. II; Premises 76-09 to 76-19 (76-15 official) Main Street and 144-01 to 144-09 76th Road, northeast corner, Flushing, Borough of Queens.

At Supreme Court, Special Term, Mr. Justice Kusnetz, affirmed the Board's determination in the following decision, appearing in the New York Law Journal of July 17, 1958, pages 5 and 6:—

"In a proceeding to review and annul the determination of respondents granting to the predecessors in title of the intervenor-respondent a variance under section 7(f), 7(h), 7(i) and 7(A) of the Zoning Resolution permitting them to erect a gasoline station in a retail use area, respondents and intervenor-respondent move to dismiss the petition and for related relief. Since this court cannot say on the record before it that the determination of respondents was arbitrary or capricious or contrary to law, the motions are granted in all respects (Matter of Taub v. Pirnie, 3 N. Y. 2d 188; Matter of Reed v. Board of Standards and Appeals, 255 N. Y. 126; Matter of Sima v. Board of Standards and Appeals, 278 App. Div. 785; Ellsworth Realty Co. v. Kramer, 268 App. Div. 824). A word may be said as to petitioners' argument that the board was without jurisdiction to pass upon the application for a variance because two of the three members voting were not members of the board at the time of the public hearing and did not read a transcript thereof. In the Taub case (supra) it was contended that a board member who was absent from the hearing and did not read a transcript thereof was disqualified from voting. The Court of Appeals unanimously overruled that contention, saying (at p. 195) that 'the emphasis has always been upon whether the administrative body had the opportunity to make an "informed" decision * * * and, in the absence of a "clear" revelation that the administrative body "made no independent appraisal and reached no independent conclusion," its decision will not be disturbed.' The rationale of that decision requires a like result here. Given an adequate showing of facts to support the conclusion that the vote of the absentee member, as in the Taub case, or of the non-member as in this case, was based upon an independent appraisal and that an independent conclusion was reached, the decision of the administrative body may not be disturbed. Such a showing is made in the papers before the court. Smith v. State of New York (214 N. Y. 140) is not in point. There the rule to be followed in the case of the then Board of Claims was by statute declared to be that applicable to the Supreme Court. The Taub case lays down the rule to be followed in the case of administrative tribunals. Settle orders."

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on March 25, 1958 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in manufacturing, business and residence use, C area, class 1 height districts; Minna Street is in manufacturing and residence use, C area, class 1 height districts; Fort Hamilton Parkway is in manufacturing and business use, C area, class 1 height districts; 36th Street is in a manufacturing use, C area, class 1 height district; Chester Avenue is in business and residence use, C area, class 1 height districts; that part of the premises from the center line of the block to the building line of Fort Hamilton Parkway is within a business use district; that part of the premises from the center line of the block to the building line of Minna Street is within a residence use district; that part of the premises within 100 feet of 36th Street is within a manufacturing use district; that as of July 25, 1916 that part of the plot within 100 feet of 36th Street was in an unrestricted use district; that the present use designation for that part of the premises within 100 feet of 36th Street became effective July 21, 1955; and

WHEREAS, the decision of the Borough Superintendent,

MINUTES

dated January 19, 1958 acting on Alt Applic. No. 1001-50, reads:

"1. The proposed use of manufacturing of incombustibles, loading and unloading, parking and storage of more than 5 cars, auto glass shop, mixing of lubricating oils and knitting and spinning and one family on a plot located partly within a Business Use District, partly within a Residence Use District and partly within a Manufacturing Use District is contrary to Art. II Sect. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 85 feet frontage by 202 feet 3½ inches in depth, presently developed with two buildings designated as buildings A and B; that building A is one story in height, of class III construction, with a frontage of 23 feet and a depth of 100 feet, now occupied for storage and seasoning of pickles and tomatoes; that building B is two stories in height, of class III construction, with a frontage of 25 feet and a depth of 163 feet 6 inches, now occupied as follows: cellar—storage and boiler room; first floor—auto glass shop, storage and mixing of lubricating oil; second floor—knitting and spinning, and one family; that the open area is being used for loading and unloading, parking and storage of motor vehicles; that it is proposed to change the use in building A from storage and seasoning of pickles and tomatoes to manufacturing of incombustibles, maintain the present uses in building B of cellar—storage and boiler room; first floor—knitting and spinning shop and one family dwelling; that it is further proposed to maintain the parking and storage of motor vehicles and loading and unloading in the open area; that all illegal frame extensions are to be removed; and

WHEREAS, the applicant states that building A was altered under Alt. Applic. No. 7621-1926 and the use given as stable and storage for feed; that building B was erected under N.B. Applic. No. 2212-1907 for use as stable, carriage house and one family; that Department records further show that these buildings were further altered through the years with various uses; that the last alteration was in 1950 under Alt. Applic. No. 1001-1950 and under Cal. No. 339-32-BZ, Vol. II and Cal. No. 488-50-A, and the uses changed as follows: Building A, 3511 Fort Hamilton Parkway, storage and seasoning of pickles and tomatoes; Building B, 3513 Fort Hamilton Parkway—cellar, ordinary storage; first floor—furniture storage; second floor—furniture warehouse; that no Certificate of Occupancy was issued and Applic. No. 1001-1950 is still open; and

WHEREAS, the applicant contends that the buildings in question have changed uses many times since 1907 and inasmuch as the proposed uses are in keeping with the many uses previously permitted, the adjoining properties cannot possibly be affected; and

WHEREAS, the applicant states that the present owner has held title to the property since September 25, 1951; that the assessed valuation of land is \$12,700 and of the buildings \$19,800 making a total of \$32,500; that the buildings were erected in 1907; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which found that the requirements of the resolution adopted under Vol. II have never been complied with and that there is no fence between these premises and the adjoining gasoline station on Fort Hamilton Parkway; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit the premises to be occupied as required by the resolution adopted on October 24, 1950, which has not been complied with, reading as follows:

"granted under Section 7c to permit the use of the premises, substantially as proposed and indicated on plans

filed with this application, marked 'Received February 26, 1958', 5 sheets and 'May 14, 1958', 1 sheet, on condition that there shall be erected on the interior lot lines and the rear lot line a substantial woven wire fence of the chain link type without openings therein to a height of not less than 5 feet, 6 inches, erected on a masonry base; that all shipping, delivery and receipt of merchandise shall be solely from the Fort Hamilton Parkway; that there shall be no openings from the site on Minna Street; that the building shall not be increased in height or area and all buildings proposed to be removed shall be removed and in all other respects all laws, rules and regulations shall be complied with other than as modified by the Board this day under Cal. No. 278-58-A; that the sidewalks and curbing abutting the premises on Fort Hamilton Parkway and Minna Street shall be constructed or repaired to the satisfaction of the Borough President; that there shall be no advertising on the premises within the residence use district; that all extraneous signs on the front of the building facing Fort Hamilton Parkway shall be removed and the building painted or cleaned so as to make a presentable appearance; and that all permits required shall be obtained and all work completed within six months from the date of this resolution and a new certificate of occupancy obtained.

278-58-A

APPLICANT—Lama, Proskauer and Prober, for 3515 Fort Hamilton Parkway Realty, Inc., owner.

SUBJECT—Application February 26, 1958—Appeal from a decision of the Borough Superintendent, re egress.

PREMISES AFFECTED—3509-3517 Fort Hamilton Parkway (3511-3513 displayed), southside, 179 feet, 5 inches east of 36th Street, Block 5302, Lots 17 and 18, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Foley and Commissioner Sleeper. 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 30, 1958 on Alt. Applic. 1001/50 reads:

"2. Provide 2 means of egress from 2 story building in accordance with Sect. 270 of Labor Law."

and

WHEREAS, the applicant states that the building is 1 and 2 stories, 14 feet and 24 feet in height, of class 3 construction, consisting of building A 23 feet by 100 feet in area, and building B 25 feet by 163 feet 6 inches in area at 1st floor and 25 feet by 122 feet 6 inches in area at 2nd floor, erected 1907, located on a lot 85 feet front by 202 feet 3½ inches in depth, in a manufacturing business and residence use, C area, class 1 height district, and used and occupied since 1957 as follows: Cellar—storage and boiler room; basement—seasoning of pickles and tomatoes, no persons; 1st floor—auto glass shop, storage and mixing of lubricating oil, 4 persons; 2nd floor—knitting and spinning, 20 persons and dwelling 1 family; that it is now proposed to use and occupy the premises as follows: Cellar—storage and boiler room, no persons; 1st floor—manufacturing incombustibles, 10 persons and auto glass shop, storage and mixing of lubricating oil, 4 persons; 2nd floor—knitting and spinning, 20 persons and dwelling, 1 family; that the open area of the lot to be used for loading and unloading, parking and storage of more than 5 cars; and

WHEREAS, the applicant states that the building is provided with one 3 foot wide wood interior stairs which leads direct to street and one 4 foot wide interior stairs which does not lead to street, neither stairs leads to roof bulkhead; that stair enclosure are fire retarded, equipped with fire-

MINUTES

proof self-closing doors and the stairs are constructed of wood; that in addition there is one fire escape located on the side extending to open yard by stair with egress to street; that there are no windows or doors on the course of the fire escape; and

WHEREAS, Violation Number 4617 was issued December 19, 1917 for occupying the premises as a factory without a certificate of occupancy; that while fence at the rear is not closed as gates have been installed; that the fence has not been erected at the east and west sides; that the chimney has not been erected; that the cellar ceiling has not been fire retarded; that exit doors swing in; that exit signs and lights have not been provided; that cellar stairs have not been enclosed; that fire doors at 1st floor have not been provided; that stair partition has not been fire retarded; that an engineer's ladder has not been installed; that scuttle and ladder to roof not provided; that 1st and 2nd floor ceilings have not been fire retarded; that there were 33 employees at work at the time of inspection; and

WHEREAS, the applicant has filed a copy of Certificate of Occupancy 58991, December 17, 1929, for 3515 Fort Hamilton Parkway against Alt. Permit 2744/29 permitting the use and occupancy as follows: Cellar—30 horse stalls; 1st floor—24 horse stalls and office; 2nd floor—wagon room and 1 family; and

WHEREAS, copy of Certificate of Occupancy 68005 issued July 19, 1932 for premises 3509 to 3517 Fort Hamilton Parkway, permitting the following use and occupancy based on Alt. Permit 4318/32: Cellar—furniture storage—ordinary use; 1st story and 2nd story combined—furniture storage warehouse; and

WHEREAS, copy of Certificate of Occupancy 67527 issued May 26, 1932 against Altered Permit Building 3144/32 for premises 3513 to 3517 Fort Hamilton Parkway, permitting the use of the 1st story for wagon storage; and

WHEREAS, copy of Certificate of Occupancy 70890 issued March 2, 1933 against Alt. Permit No. 9417 of 1932 permitting the use of the 1st floor of 3509 to 3515 Fort Hamilton Parkway as an auto repair shop, pursuant to Resolution adopted by the Board, September 20, 1932 and October 25, 1932; and

WHEREAS, there was a conviction and fine in Municipal Term Magistrate's Court, March 25, 1957; and

WHEREAS, the applicant states that building A is 1 story in height, class 3 construction, 23 feet by 100 feet in area, and now used for storage, seasoning of pickles and tomatoes; that building B is 2 stories in height, class 3 construction, 25 feet by 163 feet 6 inches, now used as follows: Cellar—storage and boiler room; 1st floor—auto glass shop, storage and mixing of lubricating oils; 2nd floor—knitting and spinning and dwelling, 1 family; that the open area of lot is used for loading and unloading, parking and storage of motor vehicles; and

WHEREAS, the applicant states that building A was altered under Alt. Applic. 7621/26 for use as stable and storage for feed; that building B was erected under N.B. 2212/07 for use as stable, carriage house and 1 family; that these buildings were further altered through the years for various uses; that last altered under Alt. Applic. 1001/50 pursuant to variance granted by the Board under Calendar Number 339-32-BZ, Vol. II and Calendar Number 488-50-A and the uses changed as follows: Building A—3511 Fort Hamilton Parkway—storage and seasoning of pickles and tomatoes; Building B—3513 Fort Hamilton Parkway—cellar, ordinary storage; 1st floor—furniture storage; 2nd floor—furniture warehouse; that no certificate of occupancy was issued as the result of this application; and

WHEREAS, the applicant contends as to Objection No. 3 issued by the Borough Superintendent, relating to egress from Building B; that the 2nd floor is now provided with one 4 foot 4 inch wide steel stairs leading directly to the yard and thence to the streets; that as a second means of egress there is a 4 foot wide wood stair enclosed in a fire retarded partition leading to the 1st floor; that the 1st floor front is provided with a door leading to street; that the rear of the 1st floor is provided with 2 exits leading to

the yard and thence to the street; that the cellar is provided with one 4 foot wide wood stair enclosed in fireproof blocks and leading to the 1st floor and thence through the auto glass shop to the street; and

WHEREAS, the applicant contends that the uses proposed are not of a hazardous nature; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of Section 270 of the Labor Law, as cited in a decision of the Borough Superintendent dated January 30, 1958, acting on Alt. App. 1001/50, Objection No. 2, *on condition* that the appeal be and it hereby is *granted*, to permit the exits as proposed and indicated on plans filed under Cal. No. 339-32-BZ Vol. III, and that in all other respects the building and occupancy shall comply with the terms of the resolution previously adopted under Calendar Number 488-50-A.

1178-40-BZ—Vol. II

APPLICANT—Michaels and Michaels and Wigdor, for Trustees of Columbia University, owner; Jacob Goldstein, lessee.

SUBJECT—Application reopened June 17, 1958 for consideration of extension of term of variance, expired April 14, 1958—decision of the Borough Superintendent, previously granted on condition, under section 7f of the Zoning Resolution, permitting in a residence and business use district, the parking and storage of more than five (5) motor vehicles.

PREMISES AFFECTED—309 East 34th Street, north side, 100 feet east of 2nd Avenue, 300-304 East 35th Street and 634-640 2nd Avenue, southeast corner, Block 940, Lots 8, 58, 59, 60 and 61, Borough of Manhattan.

APPEARANCES—

For Applicant: Bernard Bernstein.

For Opposition: None.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 0

THE RESOLUTION—

WHEREAS, on April 14, 1953, this application was granted by the Board on certain conditions, under Section 7h of the Zoning Resolution, to permit in a residence and business use district, the parking and storage of more than five motor vehicles, affecting premises 309 East 34th Street, north side, 100 feet east of 2nd Avenue and 300-304 East 35th Street, Block 940, Lots 8 and 58, Borough of Manhattan; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation April 14, 1958; and

WHEREAS, this application was reopened on June 17, 1958 and set for hearing on July 8, 1958 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated July 8, 1958 acting on Alt. Applic. No. 997-48, reads:

"1. The continued use of the parking lot for the storage and parking of more than 5 motor vehicles (C.O. 44190) has expired on April 14, 1958) in a business and residence use district is contrary to PP.3, Zoning Resolution."

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 14, 1958 by adding thereto:

MINUTES

"that the term of variance may be for a term of five years from the date of this amended resolution as passed by the Borough Superintendent under Alt. Applic. No. 997-48 as disapproved July 8, 1958; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a new Certificate of Occupancy obtained within six months from the date of this amended resolution."

971-41-BZ—Vol. III

APPLICANT—Herman Kron, for Charlotte K. Mark, owner, Brooklyn Parking Corp., lessee.
SUBJECT—Application reopened July 23, 1957 as Vol. III—re decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a restricted retail use district, the extension of the existing parking lot for the parking and storage of more than five (5) motor vehicles by the addition thereto of the adjoining lot.
PREMISES AFFECTED—32-44 Clinton Street, west side, 105 feet north of Pierrepont Street, Block 238, Lots 65 and 70, Borough of Brooklyn.

APPEARANCES—

For Applicant: Herman Kron.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on July 23, 1957 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Clinton Street are in a restricted retail use, B area, class 2 height district; Pierrepont Street and Clark Street are in restricted retail and residence use, B area, class 2 height districts; Monroe Place is in a residence use, B area, class 2 height district; that on May 27, 1953 the zone was changed from business to restricted retail use; and

WHEREAS, the decision of the Borough Superintendent, dated July 1, 1957 acting on Alt. Applic. 237-57, reads:

"1. Proposed increased parking area to an existing parking lot which now is located in a restricted retail use district is contrary to Art. II Sec. 14B subdiv. i of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 138.1 feet frontage by 100 feet in depth; and

WHEREAS, the applicant states that on March 5, 1951, the premises known as lot 65, 115.5 feet by 100 feet, was approved by the Building Department under Alt. Applic. No. 158-51 as a parking lot for more than five cars, for which Certificate of Occupancy No. 130474 was issued on September 19, 1951; that on or about May of 1952 the building on lot 70 was demolished when the premises was still in a business use district; that he failed to apply to the Building Department for an extension of the use to include Lot 70, and in the meantime the Building Department issued a violation for the use of the extended area without a Certificate of Occupancy; and

WHEREAS, the applicant requests that as these premises are now occupied conjunctively, that the Board approve the extension of this lot for parking and storage of more than five motor vehicles; that the owner is willing to surround the premises with such safeguards as the Board may deem necessary; and

WHEREAS, the applicant states that the present owner has held title to the property since December, 1945; that the assessed valuation of land and buildings is \$100,00; that the buildings were erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles as proposed as an addition to the plot as permitted by the Borough Superintendent on condition that the requirements shall be complied with; that where walls of adjoining buildings do not occur there shall be a woven wire fence of the chain link type erected on the lot line not less than five feet six inches in height; that no additional curb cuts shall be installed; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution, as shown on plans filed with this application marked "Received July 10, 1957", three sheets and "May 9, 1958," one sheet.

410-47-BZ—Vol. II

APPLICANT—Tobias Goldstone, for Nicoletta Daechille, owner.

SUBJECT—Application reopened October 8, 1957 as Vol. II—re decision of the Borough Superintendent under section 7e of the Zoning Resolution, to permit in a business and residence use district, at an existing motor vehicle repair shop (wheel alignment and body and fender repairs), auto laundry and open lubrication, the installation of four gasoline tanks and four gasoline pumps on the adjoining portion acquired in 1948 and presently used for the parking of motor vehicles.

PREMISES AFFECTED—2908-2910 Nostrand Avenue, west side, 460 feet north of Avenue P, Block 7690, Lots 79 and 80, Borough of Brooklyn.

APPEARANCES—

For Applicant: Tobias Goldstone.

For Opposition: David C. Candiotti.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 8, 1957 subject to regular procedure, to consider extension of premises and use; and

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; applicant to submit additional plan showing existing gate to public playground and the distance to proposed curb cut of proposed gasoline station; also to correct filed plans showing proposed conditions; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Avenue P are in business and residence use, D and E-1 area, class 1 height districts; Nostrand Avenue is in business and retail use, D area, class 1 height districts; East 29th Street is in a residence use, E-1 area, class 1 height district; Kings Highway is in residence and retail use, D and E-1 area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated September 17, 1957 acting on Alt. Applic. No. 1379-57, reads:

"1. Proposed extension of plot and addition of uses to motor vehicle repair shop, including wheel alignment, washing and lubrication (no use of a forge or anvil and no heavy collision repairing) for sales and display of more than 5 new and used cars, parking and

MINUTES

storage of more than 5 motor vehicles (40 ft. x 105 ft.) and gasoline service station in a partly Residence and partly Business Zone is contrary to Art. II, PP. 3 and PP. 4a, subsections 29 and 46 of the Zoning Resolution and contrary to the Bd. of Standards and Appeals variance under Cal. 410-47-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 feet frontage by 110 feet in depth; that it is proposed to install gasoline selling facilities on the portion of the lot now used for the sales and display of more than five new and used cars and parking and storage of more than five motor vehicles, which occupancy was approved under Alt. No. 3192-48, for which Certificate of Occupancy No. 130631 was issued; and

WHEREAS, the applicant states that this portion of the lot was acquired July 22, 1947 by the same owner of 2908 Nostrand Avenue, on which portion of lot the Board approved the use of auto repair, wheel alignment, auto laundry and lubritorium; that these premises face a 100 foot wide street and directly adjoining the present repair shop to the north, the Board granted under Cal. No. 313-51-BZ, the use of these premises for a lumber yard and cabinet manufactory; and

WHEREAS, the applicant contends that diagonally opposite these premises there now exists a one story auto laundry; that relative to the present playground, the entrance to which is approximately 350 feet north of the proposed site, the area of said playground is approximately .0704 per cent, more than one half acre; that there are no gasoline selling stations on the westerly side of Nostrand Avenue for at least seven blocks north or south of the proposed site; that the nearest gas station on the easterly side of Nostrand Avenue is about 800 feet north of this site and is located on the northeast corner of Nostrand Avenue and Kings Highway, and these are both main thoroughfares and are heavily travelled; and

WHEREAS, the applicant states that the present owner has held title to the property since March 20, 1940 and July 22, 1947; that the assessed valuation of land is \$8,000 and of the building \$7,000 making a total of \$15,000; that the building was erected in 1922 and 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 1379/57, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

623-49-BZ—Vol. II

APPLICANT—Theron R. Galloway, for Consolidated Edison Company of New York, Inc., owner.

SUBJECT—Application reopened January 21, 1958 as Vol. II—decision of the Borough Superintendent, under section 9A of the Zoning Resolution, to permit in a one and one-half height district, the erection of two additional generating units with twin stacks and transmission towers having a height in excess of that permitted within two (2) miles of a designated air port.

PREMISES AFFECTED—East River, 800 feet north of 20th Avenue; 19-39 20th Avenue, Block 850, Lots 1 and 2, Astoria, Borough of Queens.

APPEARANCES—

For Applicant: T. R. Galloway and R. M. Klingcl.
For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Foley and Commissioner Sleper.. 4
Negative: 0
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 21, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for decision; hearing closed; applicant to give further information as to air-pollution control of stacks for generating units; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, East River Pierhead Line, 20th Avenue and Lyster Creek Pierhead Line are in an unrestricted use, A area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1958 acting on Alt. Applic. No. 2186-57, reads:

"1. The height of the proposed stacks and the proposed extension for boilers No. 50 and No. 60 exceeds the allowable permitted height as per Article III Section 9A of the Zoning Resolution.

2. The height of the proposed generator towers on the roof of the proposed extension to the present electric generating station exceeds the allowable permitted height as per Article III Section 9A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 3,950 feet frontage by 3,675 feet in depth; that it is proposed to construct two future extensions known as Units 5 and 6, Boilers 50 and 60, to the Astoria Generating Station, including miscellaneous appurtenant structures and a pair of twin chimneys for each of the two sections; that the general roof level in the boiler house section, which is the highest section of each unit will be 175 feet above ground and the four stacks will have a height of 300 feet above ground level; that it is also proposed to erect eighteen transmission line towers above the roof of the generating station to heights of 138 feet and 235 feet above ground level and two towers on the ground to a heights of 160 feet; that of the eighteen towers on the roof, it is proposed to build six above a section of the generating station known as Unit 4, for which approval was previously granted under Resolution adopted on September 12, 1950 under Cal. No. 623-49-BZ, Vol. I; that construction of Unit 4 will start this Fall; and

WHEREAS, the applicant states that the Astoria Generating Station is located in an unrestricted use district, A area and 1½ class height district; that no question has been raised about the use of the land or area occupied; that in a class 1½ height district, structures built on a large area and set back from the street as are the proposed extensions, stacks and towers, may be considered to front on a 100 foot wide street and are therefore limited to 125 feet in heights; that within two miles of an airport, Section 9A, Article III of the Zoning Resolution does not permit the exceptions or privileges extended in Sections 8 and 9 as to setbacks and heights for special structures; that as the proposed towers, stacks and extensions to the station are within two miles from LaGuardia Airport, the Building Department objected to the construction of the four stacks—two twin stacks—the twenty transmission line towers and the two extensions for Units 5 and 6, for which the top elevation is more than 125 feet above ground level; and

WHEREAS, the applicant states that as the only reason for this height restriction in the Zoning Resolution is to provide for flying safety, approval was obtained from the Civil Aeronautics Administration; that as this agency, which is responsible for flying safety, has no objections, it is felt that the New York City departments should remove their objections; that similar objections were raised by the Department of Marine and Aviation when drawings were filed in August 1949 for the construction of the generating station at this location, to the construction of the buildings to a height of 175 feet above ground level and six stacks to a height of 300 feet above ground level; that after obtaining approval for the buildings and stacks from the Civil Aeronautics Administration, an appeal under Cal. No. 623-49-BZ was

MINUTES

made to the Board for a variance from Section 9A, Article III of the Zoning Resolution; that the building and stack installation was approved on January 24, 1950 and approval was later amended under Resolution adopted on September 12, 1950; that two units of the building and two stacks are now installed and operating, while a third unit of the station and the third and fourth stacks are now under construction; that a fourth unit with the fifth and sixth stacks has been authorized and construction drawings are underway; and

WHEREAS, the applicant further states that the generating station as proposed will consist of six units as was approved by the Board in 1950, although the building will now be approximately 300 feet longer than was originally proposed; that this change is due to an increase in size of each generating unit which has become necessary to take care of the system load requirements; that because of this increase in size of units, it has become necessary to place two stacks on each of the later units in order to satisfactorily diffuse the gases which will be discharged; that there will therefore be five pairs of stacks on the finished station instead of the six stacks originally contemplated; that the tops of the additional stacks will be at the same elevation as the tops of the stacks approved by the Board at 300 feet above ground level; that the tops of the proposed transmission line towers are 55 feet or more below the tops of the chimneys and should not introduce any additional flying hazard; that this is corroborated by the Civil Aeronautics Administration's approval for the towers which has been granted after more than four years experience in flying over the completed chimneys; that the four added stacks and towers will be built at the end of the station farthest from Winthrop or 20th Avenue, the only street on which the Company property fronts; that when completed this generating station will have cost about \$300,000,000 and will have a capacity in excess of 1,500,000 k.w.; that it is expected that it will carry about 25% of the load of New York City; that it is so located that it can supply the high voltage tie transmission system which inter-connects the generating stations supplying all of the City and forms an important link in that system; that an alternate location for the additional capacity required has been eliminated for two reasons; that waterfront property is absolutely necessary for fuel deliveries and for condensing water supply; that such a plot of adequate size properly zoned and with buffer areas between it and residential areas is almost impossible to obtain; that in addition an expenditure of many millions of dollars would be required to extend the tie transmission system; that this property has been owned by the Company since 1899 and the unused parts have been held for future development when, as events have proved, suitable property would become scarce; that it is therefore of utmost importance that the proposed increase in capacity, together with the building extension and stacks, be made at this location; that the proposed towers will carry the electrical connections between the generators and the two electrical switch yards which are connections to the transmission system; that after careful consideration of the multitude of gas mains laid in the ground around the plant, of the cost of installation, of the cost and ease of maintaining the connections and making repairs, of the safety factors involved and of the probabilities of interruption of service to the City, it has been concluded that the installation of the proposed overhead generator connections involving the proposed towers is the only possible way of making the installation; and

WHEREAS, the applicant states that the present owner has held title to the property since January 21, 1899 and that the assessed valuation of land is \$162,000; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 9A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use dis-

trict regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 9A, to permit the construction and maintenance of the proposed structures and chimneys within the prohibited distance of the LaGuardia Airport, as indicated on plans filed with this application, marked "Received May 1, 1958" 6 sheets and "Received May 22, 1958", 2 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

811-51-BZ—Vol. II

APPLICANT—Nathaniel C. Saxe, for Wides Motor Sales Corp., owner.

SUBJECT—Application reopened July 23, 1957 as Vol. II—re decision of the Borough Superintendent, under section 7e and 7h of the Zoning Resolution, to permit in a residence use district, the erection and maintenance of a one-story building for use as a motor vehicle repair shop (hand tools only) to be used in conjunction with the existing automobile showroom with parking and storage of more than five (5) motor vehicles on the unbuilt upon portion of the premises.

PREMISES AFFECTED—14-06 to 14-16 Beach Channel Drive and 21-32 to 21-42 Nameoke Avenue, northeast corner, Block 8, Lot 1, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: Nathaniel C. Saxe.

For Opposition: C. J. Cammarata for N.Y.C. Housing Authority, Daniel J. Forbes, Thomas Coswell, Mrs. A. E. Forbes and Cora H. Walton.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper: 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on July 23, 1957 subject to regular procedure, to consider extension of uses; and

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Beach Channel Drive, Nameoke Avenue and Hassock Street are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated June 18, 1957 acting on Alt. Applic. No. 247-57, reads:

"1. Proposed extension of a non-conforming use and the proposed change in use from boiler room and storage, auto sales, minor servicing and offices, to boiler room and storage, auto show room, office, minor motor vehicle repairs, sales and display of used cars, parking and storage of more than five (5) motor vehicles on a lot in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R. and contrary to the resolution of the Board under Cal. #811-51-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 185 feet frontage by 125 feet in depth; that it is proposed to construct a one story building 75 feet by 118 feet 4 inches, to be used in conjunction with and accessory to the present automobile showroom; that it is proposed to use this building for minor motor vehicles repairs and preparation of new cars for delivery; and

WHEREAS, the applicant states that a variance was granted by the Board on May 12, 1953; that since the granting of this variance the owner has purchased additional land so that the available lot is now 125 feet by 185 feet; and

MINUTES

WHEREAS, the applicant contends that due to the high labor cost and problems of servicing, the owner desires to consolidate his operations, so that the front elevation will be architecturally pleasing and in conformity with the present building; and

WHEREAS, the applicant states that the present owner has held title to the property since October 5, 1951; that the assessed valuation of land is \$10,000 and of the building \$60,000 making a total of \$70,000; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 12, 1953 by adding thereto:

"that in the event the owner desires to construct an additional building on premises adjoining the premises as originally submitted and as shown on plans marked, "Received June 21, 1957," 1 sheet and "May 23, 1958," six sheets; such extension for the purposes as proposed may be permitted under Section 7e for a term of twenty-five years *on condition* that the building shall not be further increased in height or area and shall comply in all respects with the requirements of the Building Code and the Zoning Resolution; that the area proposed to be used for parking toward the east may be permitted under Section 7h for a similar term and shall be leveled substantially to the grade of Nameoke Avenue and shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines, except where the proposed building occurs, a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 feet, 6 inches with no openings thereon except one which shall be fitted with gates to Nameoke Avenue and with curb cuts opposite not over 12 feet in width; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

247-54-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for David and Theodore Ain, Susie and Mario Marani and Theodore Kent Ain, owners.

SUBJECT—Application reopened March 4, 1958, as Vol. II—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the extension of the use of the existing gasoline service station located on the local retail portion of the premises by using the vacant portion in the residence use district for the parking and storage of more than five (5) motor vehicles for a term of years to coincide with the term of the variance granting the gasoline service station.

PREMISES AFFECTED—75-01 to 75-09 (75-05 official Parsons Boulevard) and 158-02 to 158-20 75th Avenue, southeast corner, Block 6823, Lot 1, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Russell W. Ashton and Perry P. Jones.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5
..... 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on March 4, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, 75th Avenue and 75th Road

are in local retail and residence use, D and E-1 area, class 1 height districts; Parsons Boulevard is in a local retail use, D area, class 1 height district; 160th Street is in a residence use, E-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated November 8, 1957 acting on Alt. Applic. No. 2228-57, reads:

"1. Proposed extension of the use of an existing gasoline service station, lubritorium, minor auto repairs, (limited to hand tools only) office, sales, storage, car washing and parking and storage of motor vehicles on a lot located in a local retail use district and extending into a residence use district so as to include the parking and storage of motor vehicles on the residence use portion of the lot is contrary to Art. 2 Section 4-C and Section 3 of the Zoning Resolution and the resolution of the Board under Cal. No. 247/54/BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 104.90 feet frontage by 203.50 feet in depth; that the part of the site within the local retail district is developed with a gasoline service station consisting of ten buried 550 gallons gasoline storage tanks and four dispensing pumps; that the present accessory building has a frontage of 66 feet, depth of 28 feet 8 inches, one story in height, of class III construction, and contains the conjunctive uses of office, sales, storage, car wash, lubritorium, minor auto repairs limited to hand tools only; that part of the gas station area is being used for parking and storage of motor vehicles; that the gas station was erected under N.B. Applic. No. 428-54 and under a variance of the Board under Cal. 247-54-BZ and Cal. No. 248-54-A; that the variance was granted for the period of fifteen years to expire December 7, 1969; that Certificate of Occupancy No. Q107528 was issued January 30, 1956 for the above mentioned uses; and

WHEREAS, the applicant states that part of the premises within the residence zone, having a frontage of approximately 101.75 feet and a depth of 105.06 feet and facing on 75th Avenue, is presently vacant; that this application forms the basis of the appeal requesting a variance to terminate December 7, 1969, to use this present vacant area for parking and storage of motor vehicles; that the only entrance to the newly proposed parking area will be through the present gas station by way of an opening 20 feet wide to be cut in the present five foot high woven wire fence separating the present gas station and the now vacant area under appeal; and

WHEREAS, the applicant contends that as there are to be no additional curb cuts on 75th Avenue, the residential aspect of said 75th Avenue will be fully maintained; that the rear of the site adjoining lots 95, 96, 97, 98, 99 and 100 is developed with residences and private garages erected directly on the rear lot lines and directly adjoining the site, so that these premises cannot possibly be affected by the proposal; that since the erection of the gas station and the variance granting said use on December 7, 1954, the entire area has further developed as a shopping center, with the attendant parking on the residential streets adjoining Parsons Boulevard; that the present parking in 75th Avenue certainly is more of a nuisance to the residents of said street than the proposed parking, and said parking lot will tend to remove the street parking, thereby benefiting the entire area; that the large recent apartment house construction within the affected area has also created a need for the proposed parking facilities; and

WHEREAS, the applicant states that the present owners have held title to the property since March 8, 1955; that the assessed valuation of land is \$29,000 and of the building \$21,000 making a total of \$50,000; that the building was erected in 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 7, 1954, under Vol. I by adding thereto:

"that in the event the owner desires to occupy the rear portion of the lot toward the east for parking of cars,

MINUTES

such use may be permitted under the management of the gasoline service station substantially as proposed and as indicated on plans filed with this application marked 'Received February 4, 1958,' 4 sheets, *on condition* that all uses now on this portion of the premises shall be removed and the premises shall be graded substantially to the grade of the abutting street and shall be arranged and constructed as indicated on such plans; that the premises shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on the new mapped building line of 75th Street, where proposed to be located, a woven wire fence of the chain link type not less than five feet six inches in height with suitable terminating posts; that along the rear to the east five feet from the rear lot line there shall be erected a similar fence which shall have split saplings attached thereto with the face side of the saplings toward the adjoining premises; that a similar fence shall be erected on the interior lot line to the north; that no additional curb cuts shall be installed; that the entrance and exit to the parking lot shall be solely through the gas station; that suitable bumpers shall be located at proper distance from the side lot lines and rear fences for protection thereof; that a planting area shall be maintained against such walls for a width of not less than five feet and protected with concrete curbing not less than eight inches in height; that there shall be no additional signs erected but there may be a sign attached to the accessory building of the gas station to the effect that the premises to the rear may be occupied for parking and storage of pleasure cars only on the rates charged and such other information as may be required by the Commissioner of Licenses; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

38-55-BZ—Vol. II

APPLICANT—Paul Friedman, for Stellar Fuel Sales Corp., owner; Bertell's Service, Inc., owner.

SUBJECT—Application reopened April 22, 1958 as Vol. II—decision of the Borough Superintendent, under sections 7e, 7f, 7h and 7i of the Zoning Resolution, to permit for a term of years expiring July 12, 1970, the erection wholly within the business use district portion of the plot, which is partly in a business use district and partly in a residence use district, a proposed extension to an existing accessory building to be used for storage of automobile accessories and supplies, in connection with the existing gasoline service station, lubritorium, non automatic auto laundry, motor vehicle testing, light repairs with hand tools within the building, and parking and storage of more than five (5) motor vehicles granted by the Board under Calendar No. 38-55-BZ.

PREMISES AFFECTED—534-544 Coney Island Avenue, southwest corner of Hinckley Place, Block 5343, Lot 13, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman.

For Opposition: Bertha I. Starke and Lucy Conforti.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 22, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Hinckley Place and Beverly Road are in business and residence use, C area, class 1

height districts; Coney Island Avenue is in a business use, C area, class 1 height district; East 8th Street is in a residence use, C area, class 1 height district; that the small interior, triangular remainder of the property is in a residence use, C area, class 1 height district; that the small, premises is in a C area district; that these designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated February 21, 1958 acting on amendment to Alt. Applic. No. 1814-57, reads:

"1. Proposed extension to accessory building and addition to the use for storage of auto accessories and auto supplies to a gasoline service station, lubritorium (non-automatic), auto washing, motor vehicle testing, light repairs with hand tools only within the building, and parking and storage of more than 5 motor vehicles on a lot which is partly in a Business zone and partly in a Residence zone is contrary to Art. II, PP. 3 and PP. 4a, subsections 29 and 46 of the Zoning Resolution and contrary to the Bd. of Standards and Appeals approval under Cal. No. 38-55-BZ and as amended Sept. 10, 1957."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet 3 inches frontage by 97 feet 10 $\frac{7}{8}$ inches in depth, irregular, on which is constructed a gasoline service station, lubritorium, non-automatic auto washing, motor vehicle testing and light repairs with hand tools only within the building, for which Certificate of Occupancy No. 156311 was issued, to expire July 12, 1970, in accordance with the Resolution adopted by the Board on July 12, 1955 under Cal. No. 38-55-BZ; that on September 10, 1957 the Board amended the Resolution heretofore adopted so as to permit the parking and storage of motor vehicles on portions of the plot unbuilt upon that will not interfere with the servicing of the station, for a similar term; that it is proposed to construct, wholly within the business use district portion of the premises, a one story extension to the rear of the accessory building, said extension to be used for storage of automobile accessories and supplies for a similar term expiring July 12, 1970; that said extension would be 50 feet wide and would vary from 9 feet to 12 feet in depth, so as to be confined to the business use district portion of the plot at the rear of the existing accessory building; and

WHEREAS, the applicant states that on December 12, 1955, the decision of the Board was sustained in certiorari proceedings instituted by the owner of the gasoline station on the opposite corner in Block 5342, Lots 22 and 23; (In re Cipis, New York Law Journal, December 12, 1955, page 12; Supreme Court, Kings County, Special Term, Part I, Mr. Justice Arkwright); and

WHEREAS, the applicant contends that the proposed extension to the accessory building will be in the rear thereof and on the same lot that was heretofore acted upon by the Board; that it will be invisible from Coney Island Avenue; that it will be visible from Hinckley Place and will be in harmony with the design of the existing accessory building; that the impact of the proposed extension is practically limited to the property adjoining on the west in block 5343, lot 11, which is owned by the owner of the subject premises; that the proposed use of the extension to the accessory building—storage of automobile accessories and supplies—will permit the more efficient operation of the premises without adversely affecting anyone; that the original application was consented to by approximately two thirds of the owners of the properties within the area deemed by the Board to be affected—40 out of a possible 57; that the only objector was the owner of the gas station on the opposite corner in block 5342, lots 22 and 23 and certiorari proceedings instituted by that owner were dismissed on the merits; and

WHEREAS, the applicant states that the present owner has held title to the property since July 13, 1954; that the assessed valuation of land is \$32,000 and of the building \$18,000 making a total of \$50,000; that the building was erected August 29, 1956; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 12, 1955 as thereafter amended by resolution adopted through September 7, 1957 by adding thereto:

"that in the event the owner desires to construct an extension to the accessory building as proposed and as indicated on plans filed with this request for amendment marked "Received December 23, 1957", 2 sheets, "March 21, 1958", one sheet, "March 28, 1958", one sheet, and "May 29, 1958", 4 sheets, such extension may be permitted provided the requirements of the resolution shall be maintained in all other respects; that at the rear of such proposed extension the planting space shall be maintained with shrubbery of a height that will extend above the five feet six inches high masonry fence wall; that the use of such extension shall be as proposed for storage of auto accessories and supplies; that there shall be no openings in such wall to the west and south and the opening in the wall to the north shall be filled with glass block approved for exterior wall; that a new opening may be constructed from the existing gas station accessory building, where shown, into such space; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

312-57-BZ

APPLICANT—Louis Lieberman, for F. and R. Realty Corp., owner.

SUBJECT—Application April 17, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the continuance of an existing illuminating business sign, two (2) feet high and forty (40) feet wide on the existing two-story structure.

PREMISES AFFECTED—94-00 Ditmars Boulevard, 22-01 to 22-73 94th Street, southeast corner, 22-02 to 22-50 and 22-62 to 22-70 95th Street and 94-01 to 94-21 23rd Avenue, Block 1071, Lots 1, 25, 27, 29, 31 and 37, Jackson Heights, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and Gershon Goodman.
For Opposition: Samuel Bodian, Park Dep't. and George C. Havis.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Vice Chairman Keating, Commissioner Kleinert and Commissioner Foley 3
Negative: Chairman Murdock and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 10, 1958 after due notice by publication in the Bulletin; laid over to July 1, 1958 for inspection and decision, hearing closed; then to July 15, 1958, for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, E area, class $\frac{1}{2}$ and class $\frac{3}{4}$ height districts; Ditmars Boulevard is in a residence use, E area, class $\frac{1}{2}$ height district; 23rd Avenue is in a residence use, E area, class $\frac{3}{4}$ height district; 94th Street and 95th Street are in a residence use, E area, class $\frac{1}{2}$ and class $\frac{3}{4}$ height district; that there have been numerous changes in the use, height and area since 1916, all of which are enumerated in the enclosed letter from the City Planning Commission, until the last change to residence, E, $\frac{1}{2}$ and $\frac{3}{4}$, which became effective on July 21, 1955; and

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1957 acting on B.N. Applic. No. 105-57, reads:

"1. The erection of a business sign in a residence use district is contrary to Art. II Sec. 3(f)."

and
WHEREAS, the applicant states that the premises consist of

a plot, 77.37 feet frontage by 700 feet in depth, on which is located a two story, non fireproof building, used as follows: first floor—hotel-bar and grill in conjunction with hotel; second floor—hotel; and

WHEREAS, the applicant states that after the building was erected, it was found that no arrangement had been provided for a sign and the owner entered into contract for the erection of the present illuminated roof sign which is 2 feet high by 40 feet wide and located 10 feet above the roof of the building, with the understanding that the sign manufacturer would obtain all necessary permits; that said sign was erected and paid for before it was determined that no application had been filed for approval and permits, and it is now desired to legalize said sign; and

WHEREAS, the applicant contends that the sign faces La Guardia Airport which has numerous illuminated signs; that the removal of the sign, considering its original cost, would impose a financial hardship on the owner; that the use of the sign as it now exists is not detrimental to the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since June, 1955; that the assessed valuation of land is \$165,200 and of the building \$425,000 making a total of \$590,200; that the building was erected in 1956; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board on two occasions and the Board has noted the present roof sign facing on Ditmars Boulevard, and recommends that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years, to permit the existing non-flashing electric sign to be continued on the roof of the building, as indicated on plans filed with this application, marked "Received April 17, 1957", 1 sheet and "May 8, 1958", 2 sheets, *on condition* that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

870-57-BZ

APPLICANT—Jerome W. Perlstein, for Jack Perlow, owner.

SUBJECT—Application November 21, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a "G-1" area district, the erection of a one-story extension to an existing two-story, one family dwelling to be used in conjunction with the dental office on the first floor, the proposed extension to encroach on the required rear yard.

PREMISES AFFECTED—75-85 182nd Street and 182-01 Union Turnpike, northeast corner, Block 7199, Lot 48, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Jerome Perlstein.
For Opposition: None.

ACTION OF BOARD—Application denied.
THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4
Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Union Turnpike, 182nd Street, 183rd Street and 75th Avenue are in a residence use, G-1 area, class 1 height district; that as of July 25, 1916 the

MINUTES

property was zoned as a business district and a D area district; that the present residence district designation became effective on July 24, 1947 and the present G-1 area designation became effective on February 7, 1949; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated November 13, 1957 acting on Alt. Applic. No. 2151-57, reads:

"1. Proposed 1 story frame extension in a G-1 area district to be built in the required 20'-0" rear yard and to be joined to the present 1 car frame garage, which is to be used in conjunction with proposed new extension and present dentist's office, is contrary to Article IV Section 16c of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50.60 feet frontage by 100.48 feet in depth, irregular, presently improved with a frame and brick veneer two story residence and a one story extension, all occupied as a one family dwelling and dentist's office under Alt. Applic. No. 184-55; that there is also a detached frame and brick veneer, one car accessory garage at the rear along the Union Turnpike frontage; that it is proposed to join the existing one car garage to the existing one story extension at the rear, and by so doing provide additional office space by discontinuing the garage use and substituting therefor the required dentist's laboratory, dentist's private office and storage space; that this alteration will also provide room for a sorely needed additional operating chair, allowing the doctor a more feasible manner in which to handle his patients, and will also provide proper facilities for an X-Ray room; that the actual dimensions of the new extension, not including the existing one car garage, are 6 feet 10 inches by 19 feet, amounting to an added area of occupied space of less than 133 square feet; that the outward appearance of the existing one car garage will remain the same; and

WHEREAS, the applicant states that the owner-dentist restricts his practice to orthodontia; that the practice of orthodontia requires a great deal of continuous adjustment in this teeth straightening process, including the measuring of braces and taking of impressions of tooth structure; that as such, the patient must spend a great amount of time in the operating chair waiting for molds to set as well as waiting for brace adjustment at various intervals during the same visit; that due to these requirements the orthodontist must have his office so arranged as to be able to accommodate several patients simultaneously in order to allow for the time to lapse between adjustments as well as to allow impressions to set; and

WHEREAS, the applicant contends that this proposed alteration on this corner plot will in no way adversely affect adjoining property owners; that the small proposed extension will be of a design similar to that of the existing structure, blending into the existing architecture; that the proposed extension is sorely needed in order to provide proper dentist facilities as required for the practice of orthodontia, and by so doing will allow the owner to practice his profession on the premises with greater ease both to himself and his patients; and

WHEREAS, the applicant states that the present owner has held title to the property since January 1, 1955; that the assessed valuation of land is \$3,800 and of the building \$10,500 making a total of \$14,300; that the building was erected in 1938; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should not be granted; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent,

acting on Alt. Applic. No. 2151/57, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

1004-57-BZ

APPLICANT—Henry J. Nurick, for Mrs. Palma Campbell, owner.

SUBJECT—Application December 3, 1957—decision of the Borough Superintendent, under section 7i of the Zoning Resolution, to permit in a business use district, the change in use of an existing one-story building from cooperage and barrel factory to a motor vehicle repair shop for body and fender repairs.

PREMISES AFFECTED—434-440 Manhattan Avenue, southeast corner of Bayard Street, Block 2724, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: H. J. Nurick.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Bayard Street, Manhattan Avenue, Graham Avenue and Brooklyn-Queens Expressway are in a business use, C area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 11, 1957 acting on Alt. Applic. No. 2324-57, reads:

"1. In a business use district the proposed motor vehicle (body and fender repairs) shop is contrary to Art. II sec. 4(a) subdiv. 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 3 feet 8 inches and 30 feet frontage by 103 feet 5 inches in depth; that Certificate of Occupancy No. 70977 was issued for the use of these premises as a cooperage and barrel factory; that it is proposed to change the use of the premises to body and fender repair work on motor vehicles; and

WHEREAS, the applicant states that there will be no more than three men employed on the premises, which are very small in area; that furthermore, the premises has always been used for manufacturing purposes; that while the neighborhood is zoned for business use, it is actually a manufacturing district and occupied mostly by factories and warehouses; that on the east side of Manhattan Avenue, looking south, there is a yard, store and dwelling, and a driveway for the storage of cars, up to Meeker Avenue; that on the west side are two brick factories, garages and dwellings; that looking north, on the east side of Manhattan Avenue there is a parking lot, factories and warehouses, up to and continuing beyond Eckford Street, and on the west side there are parking lots and factories; that on Bayard Street, on the north side looking west, there is a parking lot on Leonard Street and a lumber yard beyond; that looking east on the south side of Bayard Street there is a parking lot, warehouses, dwellings and factories, and looking west on the south side, there is a two story factory and lumber yards; and

WHEREAS, the applicant contends that the premises are very small in area and cannot actually be used for any other purposes; and

WHEREAS, the applicant states that the present owner has held title to the property since 1927; that the assessed valuation of land is \$5,000 and of the building \$4,000 making a total of \$9,000; that the building was erected in 1933; and

WHEREAS, the premises and surrounding area were in-

MINUTES

spected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7i for a term of two years to permit the premises to be occupied by motor vehicle repair shop, body and fender repairs and general repairs as proposed and as indicated on plans filed with this application marked "Received December 30, 1957", 4 sheets, *on condition* that the building shall not be increased in height or area and shall have no connection with any additional building and in all other respects shall comply with all requirements of the Building Code and the Zoning Resolution; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall require; that the premises shall be cleaned out of all junk and useless material and kept in an orderly condition at all times; and that all permits shall be obtained and all work completed and a certificate of occupancy obtained within six months from the date of this resolution.

1007-57-BZ

APPLICANT—Leonard F. Rothkrug, S. Gardstein and Son, for Jenro Realty Corp., doing business as Rothstein Department Store, owner.

SUBJECT—Application December 19, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in a "C" area district, the one-story extension of a retail department store occupying more than the permitted area coverage.

PREMISES AFFECTED—4013-4015 13th Avenue, east side, 60 feet, 2½ inches north of 41st Street, 1313 41st Street and 1306-1308 40th Street, Block 5297, Lot 4, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Samuel Gardstein.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and 13th Avenue and 14th Avenue are in a business use, C area, class 1 height district; 40th Street and 41st Street are in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the Borough Superintendent, dated December 19, 1957 acting on Alt. Applic. No. 3919-57, reads:

"1. Proposed extension of the existing building within the "C" area district exceeds the permitted area and is contrary to Art. IV Sec 13(b) of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 feet, 40 feet and 19 feet 10 inches frontage by 100 feet 2 inches, 100 feet 2 inches and 80 feet 1½ inches in depth, irregular in area, on which is located several buildings used conjunctively as a retail department store, and a three story, three-family multiple dwelling; that it is proposed to demolish the three family multiple dwelling fronting on 41st Street and erect a one story extension to the retail department store, 19 feet 10½ inches by 100 feet 2½

inches in area, occupying more than the permitted area; and

WHEREAS, the applicant states that the site consists of two tax lots, 4 and 73, combined and reapportioned into one tax lot known as lot No. 4; that the existing department store building is located on former lot 73 which has an area of 7212.08 square feet and was altered prior to 1944, when the area percentage limitations first became effective, so that it occupied 100% of the area on the first floor; that the area of former lot 73 is 1991.02 square feet; the existing building occupies 1245 square feet; the vacant area is 746.02 square feet; the permitted additional coverage, based upon 75% of the vacant area, is 561.5 square feet; that the proposed extension is 184.5 square feet in excess of the permitted coverage; and

WHEREAS, the applicant further states that this application is made under Section 21 of the Zoning Resolution, which is the only Section providing a basis for a variance; that the department store use was established in 1933 under Certificate of Occupancy No. 72415 issued November 21, 1933; that Rothstein's Department Store has been the focus of development in the 13th Avenue neighborhood and has been the principal reason for making this area one of the busiest and best developed retail areas in the Borough; that the reputation and good will established by the store over a period of 24 years at this location, makes it economically impractical to move to a new location; that the tax block is completely developed at these intersections and all the property fronting on 13th Avenue, the business street, is improved with buildings occupying 100% of the area; that there is no other vacant land available for development as proposed; and

WHEREAS, the applicant contends that the proposed extension is only approximately 185 square feet in excess of the permitted coverage; that in view of the fact that the total area of the plot is approximately 9200 square feet, the proposed extension is about 2% in excess; that a grant of the variance permitting this small excess area will not adversely affect any of the surrounding property owners, and will not deprive any light, air or ventilation; and

WHEREAS, the applicant further contends that the existing building is three stories in height, whereas the proposed building is only one story in height; that the existing floor area of the building to be demolished is 3521 square feet, whereas the proposed building will be 1991.02 square feet in area; that the decrease in height will benefit adjoining properties by providing more light, air and ventilation; that if the owner had owned these premises prior to 1944 then it could have been developed as proposed, without a variance; that the owner could presently erect a two or three story building with a much greater floor area than proposed herein, without a variance; that however, the retail store use makes a two story extension economically impractical and would create a hardship; that the premises are entirely in a business zone, so that the retail store use is not an issue of this application; that nevertheless, there are no show windows proposed on 41st Street and no business signs are proposed on 41st Street; that the only openings proposed are for required exit facilities; that there is no off street loading or unloading proposed on 41st Street; and

WHEREAS, the applicant states that the present owner has held title to the property since April 5, 1932 and November 9, 1949; that the assessed valuation of land is \$47,500 and of the buildings, \$77,500 making a total of \$125,000; that the buildings were erected in 1906; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition to permit the additional Lot No. 79 to be reconstructed and added to the existing department store; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does

MINUTES

hereby *make a variation* in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 21 to permit the extension of area as to the proposed one-story building to be constructed in place of the existing building on Lot No. 73 *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such building shall be constructed and maintained as an addition to the department store as proposed and as indicated on plans filed with this application marked "Received December 19, 1957", 14 sheets; other than as modified by the Board this day under Cal. No. 1008-57-A; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

1008-57-A

APPLICANT—Leonard F. Rothkrug, S. Gardstein and Son, for Jenro Realty Corp., doing business as Rothstein's Department Store, owner.

SUBJECT—Application December 19, 1957—Appeal from a decision of the Borough Superintendent, re stairs to be enclosed, continuous and lead from street to roof, etc.

PREMISES AFFECTED—4013-4015 13th Avenue, east side, 60 feet, 2½ inches north of 41st Street, 1313 41st Street and 1306-1308 40th Street, Block 5297, Lot 4, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Samuel Gardstein.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5
0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 19, 1957 on Alt. Applic. 3919/57 reads:

"2. Stairway to 13th Ave. should be enclosed in one hour fire retarded partitions as per Sec. 6.4.1.8.1 of Building Code.

"3. The stairway to 13th Ave. should be in a continuous one hour enclosure from street to roof as per Sec. 6.4.1.11 of Building Code.

"4. The stairway leading to 40th Street should be 3 feet 8 inches wide as per 6.4.1.1 of Building Code."

and

WHEREAS, the applicant states that the building is 1, 2, 3 and 3 stories; 13 feet 8 inches, 25 feet, 34 feet and 34 feet in height, 40 feet, 40 feet and 19 feet 10 inches front by 80 feet 1½ inch, 100 feet 2 inches and 100 feet 2 inches in depth respectively, of class 3 construction at 1st floor, 52 feet, 95 feet and 69 feet in depth respectively at typical floor, erected 1906, located in a business use, C area; class 1 height district, and used and occupied since 1953 as follows: No. 4013 13th Avenue: Cellar—store, 175 persons; 1st floor—store, 200 persons; 2nd floor—storage, 2 persons; 3rd floor—storage, 2 persons; No. 1313 41st Street: Cellar and 3 story multiple dwelling now vacant; No. 1306 to 1308 40th Street: Cellar—storage and store; 1st floor—store and truck berth; 2nd floor—store and office, total occupancy 50 persons in conjunction with other buildings involved; that it is proposed to extend the 2nd floor to 80 feet 1½ inches and 100 feet 2 inches in depth; that to demolish the multiple 3 story dwelling and erect an extension 19 feet 10½ inches by 100 feet 2 inches in area, one story and cellar, 13 feet high, of class 3 construction, and permit the conjunctive use of the 2nd story extension of the existing 3 story building for sales; and

WHEREAS, the applicant states that the building is provided with one source sprinkler system throughout, one interior stairway 3 feet 7 inch wide at the 13th Avenue front and one interior stairway leading to 40th Street which stairway is 3 foot wide, both stairs are wood, enclosed at 1st floor with one hour partitions; and

WHEREAS, the premises consists of a 3 story multiple dwelling, supposed to be demolished and 2 and 3 story building used and occupied since completion of work under Alt. Applic. 2108/51 and in accordance with Resolution adopted by the Board under Calendar Number 568/52/A for store and storage purposes, for a limited term of 5 years in accordance with the Board's Resolution; and

WHEREAS, the applicant states that it is now proposed to demolish the 3 story multiple dwelling and erect an extension on the rear 19 feet 10½ inches by 100 feet 2 inches in area, one story and cellar, 13 feet in height, of class 3 construction, and to extend the 2nd story of the 3 story building to permit conjunctive sales use with second story of the existing 2 story building; and

WHEREAS, the applicant states that it is not proposed to alter this 3rd story stock room use as previously permitted by the Board; that the 3rd story is provided with a 3 foot 7 inch stairway down to the 1st floor, protected by a one hour enclosure; that a ladder and scuttle to roof is proposed from this 3rd story to the roof where access can be had to the adjoining 3 story building to the south; that at the 2nd and 3rd stories the stairway is protected by fire-proof self-closing doors; that it is proposed to enlarge this stairway from 3 feet 7 inches to 5 feet 6 inches from 2nd to the 1st story and to extend it from 14 feet back of the street at the 1st floor to 3 feet 6 inches to exit doors; and

WHEREAS, the applicant contends that the department store has developed considerably since it was first established in 1935; that as a result 13th Avenue has become a main retail shopping area; that if the stair from the 3rd story was required to lead directly to the street the owner would not be able to make the alteration because of the hardship involved in the loss of any of the existing 40 feet frontage; that the extension of such stair direct to the street would make the store difficult to supervise; that egress to the street will only be 3 feet 6 inches from the entrance door; that the entire building is sprinklered throughout and the new cellar and one story extension will be sprinklered; that exits from the 2nd stories will be improved; that the 2nd story now has one exit to 40th Street from the 2 story building sales area and an open 5 foot stair to the 1st floor mezzanine; that by combining the 2 second floors and omitting the 5 foot open stair both egress facilities and safety is improved; that this small area is approximately 5000 square feet, will be provided with access to 2 streets; that the demolition of the 3 story multiple dwelling and the erection of a new extension will provide the entire 1st floor area with access to 3 streets; that the building will be under trained supervisory personnel; that the only means of complying with the requirements of the Administrative Code, would be to demolish the 3 story building and reconstruct it; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the appeal should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated December 19, 1957, acting on Alt App. 3919-57, Objections 2, 3 and 4 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the requirements of the resolution adopted by the Board on September 16, 1952 under Cal. No. 568-52-A shall be complied with as follows:

"that the entire building facing on 13th Avenue and 40th and 41st Streets shall be made to comply with all the requirements thereof and that the sprinkler system shall be maintained to the satisfaction of the Fire Commissioner, except as modified herein, as proposed and as indicated on plans filed with this appeal marked 'Received December 19 1957', 13 sheets."

88-58-BZ

APPLICANT—Leonard F. Rothkrug, for Stanjack Holding Corp., owner.

SUBJECT—Application February 28, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a retail and residence use district,

MINUTES

the change in use within the existing building from theater to bowling alley.

PREMISES AFFECTED—199-03 32nd Avenue, north side, 20 feet east of Jordan Avenue, Block 6022, Lot 22, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Jordan Street and 200th Street are in retail and residence use, D and E-1 area, class ½ height districts; 32nd Avenue is in a retail use, D area, class ½ height district; 29th Avenue is in a residence use, E-1 area, class ½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 6, 1958 acting on Alt. Applic. No. 2266-57, reads:

"1. The proposed change in use from a theater to a bowling alley of a structure which is in a retail use district and extending into a residence use district, the proposed extension of a non conforming use into the residence portion of the bldg. and the discharging of the northwest exit into the residence portion of the lot is contrary to Art. 2 Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 27.50 feet frontage by 117.5 feet in depth, irregular in area, on which is located a two story building erected in 1930, of class 1 construction, after completion of work under N.B. Applic. No. 9404-26 and occupied as a motion picture theater under Certificate of Occupancy No. 44903 issued November 6, 1930, continuously until 1957, and presently being altered under approved Alt. Applic. No. 2266-57 for change of use only within the front 100 foot portion of the premises within the retail use district, wherein such use is a conforming use; that it is proposed to extend the bowling alley use into that portion of the existing building in a residence use district; and

WHEREAS, the applicant states that the plot extends 17.5 feet into the residence use district, and the existing building extends 7.27 feet into the residence zone; that the division of the plot into two zones existed at the time of the approval and erection of the theater building in 1930; that however, the zoning objection was overlooked and the Certificate of Occupancy was issued in error; that the present owners, through a subsidiary corporation, purchased the premises recently without knowledge of the fact that the Certificate of Occupancy issued in 1930 was invalid and unaware of the fact that the premises extended into the residence district; that in fact, the Department of Buildings was unaware that the original permit and Certificate of Occupancy issued 18 years ago were invalid until their attention was brought to it for the purposes of this application; that the proposed bowling alley use is a conforming legal use in the front 100 feet of the premises, which is located in a retail use district and which was in a business zone when the original theatre building was erected; that it is not proposed to alter the exterior portion of the building within the residence zone; and

WHEREAS, the applicant contends that a grant of the variance will not adversely affect any of the surrounding property owners; that the plot is an irregular plot, almost entirely within the retail use district; that the entrance to the building is on 32nd Avenue within the retail zone; that there are no business entrances, show windows or other evi-

dences of the commercial use within the residence zone, except for emergency fire exits; that there is no record in the Building Department of any complaint of any neighbor based on the zoning since the erection of the building; that title to over 90% of the properties within the affected area was taken after the erection of the building; that there is no way of complying with the Zoning Resolution except by demolishing the entire rear wall and rebuilding it 7.5 feet from its present line; that the necessary demolition would not benefit the adjoining owners in any manner; and

WHEREAS, the applicant further contends that the premises no longer can be economically used as a theatre; that the present owners unsuccessfully attempted to continue the theatre use for over six months; that the City Assessors have recognized the inability of the owners to economically use the premises as a theatre by substantially reducing the assessed valuation; that the building has been vacant for almost one year; that the proposed occupancy would permit the proper maintenance of the building and vacant rear yard, which cannot be presently maintained adequately; that the rear yard, running through from Jordan Street to 200th Street, has become a "hangout" because of the lack of supervision; and

WHEREAS, the applicant states that the present owner has held title to the property since February 4, 1958; that the assessed valuation of land is \$12,500 and of the building \$62,500 making a total of \$75,000; that the building was erected in 1930; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of use in the more restricted district as proposed and as indicated on plans filed with this application marked "Received February 28, 1958", 14 sheets, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 89-58-A; that the building shall not be increased in height or area; that the ventilator in the passageway on the alley side shall be protected with incombustible sound-proofing material so as to eliminate noise; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

89-58-A

APPLICANT—Leonard F. Rothkrug, for Stanjack Holding Corp., owner.

SUBJECT—Application February 28, 1958—Appeal from a decision of the Borough Superintendent; re stairways, exit, marquee, etc.

PREMISES AFFECTED—199-03 32nd Avenue, north side, 20 feet east of Jordan Street, Block 6022, Lot 22, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 6, 1958 on Alt. Applic. 2266/57 reads:

"2. Exterior stairway must be enclosed as per 6.4.1.8.1(a) 10.5.4, 10.12.7.1, 10.12.7.2 and 10.12.7.3 of the B.C.

MINUTES

3. The distance from the rear portion of the bldg. on the 2nd floor to a required exit exceed 100 feet and is contrary to 6.1.2.4 of the B.C.

4. Existing marquee is contrary to 2.4.1.48 of the B.C."

and

WHEREAS, the applicant states that the building is 2 stories, 36 feet in height, 27.50 feet front by 107 feet irregular in depth at 1st floor, 27.50 feet front by 59 feet irregular in depth at 2nd floor, of fireproof construction, erected 1930, located in a retail and residence use, D area, class 1/2 height district, formerly used as a theatre now vacant; that it is proposed to be used and occupied as follows: Cellar—boiler room and storage; 1st floor—bowling alley, 200 persons; 2nd floor—bowling alley and accessory meeting room, 200 persons; that the building is provided with one 8 foot wide interior stairs of incombustible construction, fireproof enclosed, equipped with fireproof self-closing doors and leading from roof bulkhead and direct to street; that one exterior stairs on the west side extending to street by stair through open side yard; window and door openings on the course of the exterior stair are fireproof; and

WHEREAS, Certificate of Occupancy No. 44903 issued November 6, 1930 against N.B. Applic. 9404/26 describes the building as 2 stories, brick construction and permits its use as theatre, number of occupants not stated; and

WHEREAS, the applicant states that the building was erected in 1930 of class 1 construction, and used as a motion picture theatre under Certificate of Occupancy No. 44903 and was continuously so used until 1957; that the building is now being altered under approved Alt. Applic. 2266/57 and its use changed to bowling alleys, which approval requires a rear wall and existing exits to be demolished to conform to the Zoning Laws; and

WHEREAS, the applicant states that it is now proposed to maintain the existing building and exits substantially as existed when the building was used as a theatre; and

WHEREAS, the applicant states that the building is equipped with one 8 foot wide stairway to the 2nd story enclosed with fireproof partitions throughout and leading directly to 32nd Avenue and to the roof by a 3 foot wide stairway; that in addition there are two 8 foot wide open stairways to the 2nd story and an exterior 4 foot stairway leading directly to the side yard at Jordan Street permitting access also to 200th Street, this exterior stairway is protected with fireproof self-closing doors and there is in addition, a 2nd exterior stairway leading to this same side yard; that the approved alteration application proposed the demolition of the rear wall and its reconstruction 7 1/2 feet away from the rear lot line, resulting in a proposal to remove the 2 exterior stairs and the erection of a new enclosed stair; that the 2nd story balcony is proposed to be extended to the easterly lot line thereby creating a complete 2nd story for the bowling alley use; and

WHEREAS, the applicant contends that the proposed occupancy by a maximum of 400 persons is far less than the 1500 persons seating capacity of this theatre; that due to the nature of the bowling alley use the occupants are grouped at that portion of the building where the exits have been provided; that the exit conditions as proposed present a greater safety factor than existed when the building was occupied as a theatre; that the building is of fireproof construction and has a total of four easily accessible means of exiting direct to three streets; that it is proposed to use mechanical automatic pinsetting equipment so that there will be no occupants at the easterly end of the building except for occasional maintenance purposes; that the distance from any portion of the floor where occupants will be is less than 100 feet from the exits; that since there will be 10 bowling alleys there will be no persons more than 30 feet from the exits; and

WHEREAS, the applicant states that the existing marquee is proposed to be maintained without alteration; that the bowling alleys will retain the same name as the theatre; that the bowling alley use which is similar to the use set

forth in Section C-26-219.0(g) of the Administrative Code, in that it is use of an essentially public nature; that the marquee has existed since the building was erected; and

WHEREAS, plans filed with this appeal indicate that the marquee extends from the building line to the curb line and is 11 feet 6 inches above sidewalk grade and extends for the full width of the building on 32nd Avenue; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommended that the application should be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated February 6, 1958, acting on Alt. Applic. No. 2266-57, Objections 2 and 3 be and it hereby is *modified* and that the appeal be and hereby is *granted on condition* that the resolution adopted this day under Cal. No. 88-58-BZ shall be complied with and that the stairway shall be maintained as proposed and as indicated on plans filed therewith marked "Received February 28, 1958", 4 sheets, and "June 3, 1958", 9 sheets, and denied as to Objection No. 4 as to maintaining existing marquee.

118-58-BZ

APPLICANT—James E. Vassalotti, for 992 Gates Realty Corp., owner.

SUBJECT—Application February 25, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and local retail use district, the change in use of an existing two and three story building, which were formerly two buildings and legally connected, from garage for more than five (5) cars and commercial garage to manufacturing of plastic toys and novelties, storage and assembly and shipping of lacquer coating, the proposed floor space used is in excess of the lot.

PREMISES AFFECTED—37-53 Ralph Avenue, 992-1002 Gates Avenue, southeast corner and 825-827 Monroe Street, Block 1480, Lot 2, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Ralph Avenue and Monroe Street are in business and local retail use, C area, class 1 height districts; Gates Avenue and Broadway are in a business use, C area, class 1 height district; that as of July 25, 1916 the entire premises were in a business use district; that the local retail use classification for that part of the property within 100 feet of Ralph Avenue and within 100 feet of Monroe Street became effective March 17, 1953; and

WHEREAS, the decision of the Borough Superintendent, dated January 28, 1958 acting on Alt. Applic. No. 4101-57, reads:

"6. Proposed change of occupancy in a building partly in a Business and partly in a Local Retail zone is contrary to Art. II, PP. 4-6 of the Zoning Resolution.

7. Proposed manufacturing in a Business zone and and Local Retail zone where the total floor space used is in excess of the lot is contrary to Art. II, PP. 4-c and PP. 4-C of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage by 175 feet in depth, presently developed with a two and three story building of class III and class I construction, covering the entire lot and now

MINUTES

occupied as follows: first floor—manufacturing by injection process of plastic toys and novelties, storage and assembly, shipping and receiving; second floor—assembly of plastic toys and novelties and storage; third floor—assembly and lacquer coating of plastic toys and novelties; that Department of Building records show that the two and three story buildings designated as buildings A and B were built separately and legally connected to form one building, in 1927; and

WHEREAS, the applicant states that building A is two stories in height of class III construction, with a frontage of 88 feet, a depth of 200 feet, erected under N.B. Applic. No. 221 of 1899 for use as a stable and milk depot, for which no Certificate of Occupancy was issued; that the building was altered under Alt. Applic. No. 9612-36 and the use changed as follows: first floor—garage for more than five cars; second floor—commercial cars garage, and Certificate of Occupancy No. 81206 was issued February 16, 1937 for these uses; that building B is three stories in height, of class I construction, with a frontage of 62 feet, a depth of 175 feet and was erected under N.B. Applic. No. 399 of 1881 for use as stable and car house and that no Certificate of Occupancy was issued; that the building was altered under Atl. Applic. No. 4131-1911 and the use changed to paint shop; that the building was further altered under Alt. Applic. No. 2386-1925 and the use changed to wagon and repair shop; that Certificate of Occupancy No. 7664 was issued October 7, 1926 for use as a wagon and repair shop; that buildings A and B were connected under Alt. Applic. No. 7937-1927 and under Cal. No. 1042-26-A and Cal. No. 63-27-S; that at that time building A was being used as a stable and milk depot and building B had a Certificate of Occupancy, No. 7664, for use as a wagon and repair shop; and

WHEREAS, the applicant contends that the present uses as proposed to be maintained in this building are permitted for 100 percent of the area of the lot, within the business use portion of the plot; that the present extension of these permitted uses into that portion of the building in the local retail use portion of the plot and for 100 percent of the areas of the second and third floors, cannot have an adverse effect on any of the adjoining property owners, inasmuch as this entire block is in a business use district and a low rental area; that the land and building are very high in assessed value and it is mandatory for the owner to use every square foot of this building; and

WHEREAS, the applicant states that the present owner has held title to the property since November 27, 1956; that the assessed valuation of land is \$65,000 and of the buildings \$120,000 making a total of \$185,000; that the buildings were erected in 1899; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the manufacturing use as proposed throughout the building as indicated on plans filed with this application marked "Received February 25, 1958," one sheet, "May 14, 1958," 4 sheets, and "June 5, 1958," 7 sheets, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto other than as modified this day under Cal. No. 119-58-A; that this variance shall last only so long as the premises are occupied for the manufacture of plastic novelties as proposed and for no other use; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the sprinkler system shall be maintained with connection to Fire Headquarters through an approved central station; and that all permits

shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

119-58-A

APPLICANT—James E. Vassalotti, for 992 Gates Realty Corp., owner.

SUBJECT—Application February 25, 1958—Appeal from a decision of the Borough Superintendent, re provide additional stair.

PREMISES AFFECTED—37-53 Ralph Avenue, 992-1002 Gates Avenue, southeast corner and 825-827 Monroe Street, Block 1480, Lot 2, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 28, 1958 on Alt. Applic. 4101/57 reads:

"1. Provide an additional stair from the third floor in full compliance with Section 270 of the Labor Law and the Factory Exit rules of the Board of Standards and Appeals."

and

WHEREAS, the applicant states that the building is 2 and 3 stories, 37 and 45 feet in height, 150 feet front by 175 feet irregular in depth at street floor, 62 feet front by 175 feet in depth at typical floor, of class 1 and class 3 construction, erected 1899, located in a business and local retail use, C area, class 1 height district, and used and occupied since 1956; 1st floor—manufacturing of plastic toys, novelties, assembly and shipping, 65 persons; 2nd floor—assembly of toys and storage, 39 persons; 3rd floor—storage, no persons; that it is proposed to be used and occupied as follows: 1st floor—manufacturing plastic toys and novelties, assembly and shipping, 65 persons; 2nd floor—manufacturing plastic toys and novelties, assembly and shipping, 39 persons; 3rd floor—assembly of plastic toys and novelties, lacquer coating, 45 persons; that the building is provided with a two-source sprinkler system throughout and a central station alarm system; that there are 3 interior stairs, 3 foot 8 inches wide of steel construction, fireproof enclosed, equipped with fireproof self-closing doors and extending directly to street; that 2 of these stairs extend to roof; and

WHEREAS, Violation Number 5198/57 was issued for changing the occupancy from the permissible use to manufacturing of plastic toys on the 1st floor, 30 persons; that on the 2nd floor for storage without obtaining a certificate of occupancy; and

WHEREAS, Certificate of Occupancy No. 81206 issued February 16, 1937, permits the following use and occupancy; 1st floor—garage for more than 5 cars; 2nd floor—commercial cars—garage; and

WHEREAS, the applicant states that the record of the Department show that the 2 and 3 story buildings designated as "A" and "B" were built separately and legally connected to form one building in 1927; that building "A" is 2 stories in height, of class 3 construction, 88 feet front by 200 feet in depth, erected under N.B. Applic. 221 of 1899 for use as a stable and milk depot, no certificate of occupancy was issued; that the building was altered under Alt. Applic. 9612/36 and its use changed to 1st floor—garage for more than 5 cars; 2nd floor—commercial car garage; that Certificate of Occupancy 81206 was issued for such use; that building "B" was 3 stories in height, of class 1 construction, 62 feet front by 175 feet in depth, erected under N.B. Applic. 399/1881 for use as a stable and car house, no certificate of occupancy was issued; that this building was altered under Alt. Applic. 4131/11 and changed to paint shop, and again altered under Alt. Applic. 2386/25 for use as a wagon and repair shop and Certificate of Occupancy 7664 was issued October 7, 1926 for such use; that building "A" and "B" were connected

MINUTES

under Alt. Applic. 7937/27 pursuant to variance granted by the Board under Calendar Number 1042-26-A and 63-27-S; and

WHEREAS, the applicant contends to Objection No. 1 issued by the Borough Superintendent, that the building is provided with one 3 foot 8 inches wide fireproof stairway leading direct to street; that as a second means of egress the 3rd floor is provided with a 3 foot wide iron catwalk over the roof of the 2 story building, which catwalk leads to a 3 foot 8 inch wide fireproof iron stair leading directly to street; that as a third means of egress the 3rd floor is now provided with a 3 foot 8 inch wide door to the roof of the building, thence to the catwalk and to the street; that the exits from the 3rd floor were approved by the Board under Calendar Number 63-27-S when the building was used for a wagon and repair shop; that inasmuch as it is now only proposed to change from one factory to another, the exits are sufficient and it is therefore requested that this application be granted; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 4101-57, Objection No. One and that the appeal be and it hereby is granted, on condition that the resolution adopted on April 5, 1957 under Calendar Number 63-27-S shall be complied with, this resolution reading as follows:

"that an iron platform bridge shall be constructed not less than three feet in width with railings three feet six inches in height across the roof of the easterly section at the front of the building connecting to the enclosed fireproof stairs at the extreme northeasterly end of the easterly section of the building."

140-58-BZ

APPLICANT—Haus and Bresin, for The Cord Meyer Co., owner.

SUBJECT—Application February 20, 1958—decision of the Borough Superintendent, under sections 7f and 7i of the Zoning Resolution, to permit in a business use district, the erection and maintenance of a gasoline service station with accessory uses of auto washing—non automatic, lubrication, office, sale of auto accessories, minor repairs with hand tools only and parking and storage of more than five (5) motor vehicles for a temporary term of fifteen (15) years.

PREMISES AFFECTED—93-24 Roosevelt Avenue and 40-02 to 40-10 94th Street, southwest corner, Block 1562, Lot 25, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: James J. McDegan, Rosina Dainotti, Ann Ablaskovich and Helen Day.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 17, 1958, after due notice by publication in the Bulletin; laid over to July 1, 1958, for inspection and decision; hearing closed; then to July 15, 1958, for further inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Roosevelt Avenue and Whitney Avenue are in a business use, B area and class 1½ height district, Aske Street and 94th Street are in a business and residence use, B area and class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent,

dated February 7, 1958, acting on N.B. Applic. 158-58, reads:

"1. Proposed erection of a gasoline service station, auto-washing (non-automatic), lubrication, office, sale of auto accessories, minor repairs with hand tools only, parking, and storage of more than five (5) motor vehicles in a Business use district is contrary to Article II, Section 4(a) 29, 46 of Zoning Resolution.

"2. Proposed erection of a ground sign in a business use district is contrary to Article II, Section 4(a) of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 feet frontage, by 100 feet in depth, vacant except for three large advertising billboards which will be removed if this application is granted; that the entire block front is now a single tax lot (Lot 14); that this lot has been tentatively sub-divided for purposes of this application, and the site has been assigned tentative Lot No. 25 by the Tax Department; that it is proposed to develop the site with a modern gasoline service station; that the proposed building will have a face-brick exterior on the front and both sides; that pumps will be installed only along the Roosevelt Avenue frontage of the plot and will be set 15 feet back from the building line; that only one curb cut will be installed on 94th Street, located near the intersection of Roosevelt Avenue in compliance with Section 7A; that fencing will be provided on both interior lot lines and an iron picket fence on a concrete base will be provided along the southerly half of 94th Street building line; that planting and shrubbery protected by concrete curbing will also be provided along the 94th Street building line; that the repairing herein proposed will consist of minor repairs with hand tools only, and will be confined to the interior of the accessory building; and

WHEREAS, the applicant contends that as previously mentioned, the balance of the block front to the west along Roosevelt Avenue (Lot 14) is a vacant lot under the same ownership as the site, and will remain separate for possible future development for a conforming use; that the entire balance of the affected area on the south side of Roosevelt Avenue to the west of the site (Block 1550—Lot 10) is also under the same ownership as the site, and is developed as a parking lot; that directly opposite the site across 94th Street (Block 1589—Lot 92) there is a gasoline service station, garage, repair shop and auto laundry; that this gas station lot extends along the entire block front from 94th Street to 95th Street; that the auto laundry and repair shop extend to the 94th Street building line, with a curb cut and overhead door facing our site; that the elevated line of the IRT runs along Roosevelt Avenue with "L" pillars located on the sidewalk at the curb; that the noise and interference with light and air caused by this busy elevated line makes development of the site with a conforming use very difficult; that because of the "L" structure and the heavy traffic on Roosevelt Avenue, it is felt that the proposed development will not affect properties to the north of the site; that adjoining the site to the south on 94th Street is a vacant triangular plot (Block 1562—Lot 26) acquired by the city a number of years ago for non-payment of taxes; that beyond this lot are the irregular rear yards of two dwellings fronting on Aske Street; that Roosevelt Avenue is a very heavily travelled thoroughfare on which additional automotive servicing facilities are both appropriate and necessary; that since the most affected portion of the affected area is under the same ownership as the site, or is already developed as a gasoline service station, it is felt that the present proposal will not adversely affect the surrounding properties; that it is also felt that the proposed paved, fenced and well-lighted development will be a distinct improvement over the vacant lot and large billboards now occupying the site; that it is therefore respectfully requested that this application be granted for a temporary term of fifteen (15) years; and

WHEREAS, the applicant states that the present owner has held title to the property since November 1899 and June

MINUTES

1927; that the assessed valuation of the land is \$55,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7f for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and lawful uses accessory thereto, substantially as proposed and indicated on plans filed with this application, marked "Received February 20, 1958", 3 sheets, and "May 1, 1958", 1 sheet *on condition* that all buildings and uses on the premises shall be removed and the site constructed and arranged as indicated on such plans; that the premises shall be leveled substantially to the grade of Roosevelt Avenue and 94th Street; that the accessory building shall comply with the requirements of the Building Code, be faced on all sides with face brick and have no cellar; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line of Roosevelt Avenue; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved gasoline storage tanks; that on the lot line to the south there shall be erected a brick masonry wall constructed to a total height of not less than 5 feet, 6 inches, properly coped; that there shall be a masonry wall to a height of approximately 3 feet, with steel pickets above for a total height of 5 feet, 6 inches, for a distance of fifty feet from the rear lot line toward Roosevelt Avenue; that on the westerly lot line there shall be a similar fence wall from the rear to the building line of Roosevelt Avenue; that the premises where not built upon or occupied by planting shall be paved with concrete or asphalt paving; that planting shall be maintained, where shown, against the wall on the 94th Street building line, not less than 5 feet in width, with suitable planting, properly protected by a concrete curbing not less than 8 inches in height and 6 inches in width; that curb cuts shall be restricted to one on 94th Street within the first twenty-five feet of the intersection, and three curb cuts not over 30 feet in width, where shown, to Roosevelt Avenue; that the sidewalks and curbing abutting the site on the two streets shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that under Section 7e for a similar term there may be parking and storage of motor vehicles so stored as not to interfere with the servicing of the station and limited to pleasure-type cars; that signs shall be restricted to signs attached to the facade of the accessory building, and the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices, but permitting the erection within the intersection of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Roosevelt Avenue for not more than 4 feet; that at such intersection there shall be a block of concrete not less than 12 inches in height, extending for five feet along each building line; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

151-58-BZ

APPLICANT—Ervin Palmer, for Herald Contracting Co., owner.

SUBJECT—Application March 21, 1958—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence use district, the change in occupancy of an existing building from power house to warehouse, storage and contractor's office.

PREMISES AFFECTED—33 Attorney Street, west side, 125 feet north of Grand Street, Block 346, Lot 58, Borough of Manhattan.

APPEARANCES—

For Applicant: Ervin Palmer and Stuart Eisen.

For Opposition: None

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper: 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, B area, class 1½ height district; Broome Street and Attorney Street are in residence and local retail use, B area, class 1½ height districts; Grand Street and Clinton Street are in a local retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 15, 1958 acting on amendment to Alt. Applic. No. 1667-57, reads:

"1. Repeat: Proposed storage warehouse and office is located in Residence use district and is therefore contrary to Section 3 of the Zoning Resol."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 feet frontage by 100 feet in depth, occupied by a building of three stories—a basement floor, first floor and second floor and a small penthouse, which it is not proposed to be used; that it is designed for unusually high live loads, 1,000 pounds per square foot on the first floor and 465 pounds per square foot on the second floor; that it has a 3 foot 8 inch wide fireproof stairway from street floor to roof, including roof bulkhead, and is enclosed in eight inches of masonry, except the basement, which is enclosed in four inches of masonry; that it is proposed to obtain a variance to permit the use of the existing former Consolidated Edison power house building for the purposes of a general contractor's warehouse storage and his office, for owner occupancy only; that the proposed use would consist of a drop curb and the widening of the entrance doorway to arrange for a loading platform, with no intent for storage, and the direct exit from the stairway to the street in compliance with objection No. 2 of the Department of Buildings; that the penthouse will be closed and left permanently vacant; and

WHEREAS, the applicant states that at the time of the erection of the building and until March 17, 1953 this location was zoned as business, 1½B; that the present owner acquired the property on February 19, 1957; that the existing Certificate of Occupancy No. 7491 indicates that the building was completed in December of 1923; that there appears to be some errors in this Certificate of Occupancy, as it lists the construction classification as non-fireproof, whereas the building is completely fireproof and it fails to list a penthouse, the existence of which is indicated in the originally filed plan; and

WHEREAS, the applicant contends that the owner-contractor plans to use this building as his own warehouse, storing such building materials as door, door bucks, horses, planks, bags of cement and similar building materials, and intends to use part of the second floor as his office, to be separated by a portable metal partition, which he plans to erect at a later date; that the proposed use will in no way lower the character of the neighborhood from the previous use as a transformer and storage battery station; that tearing the building down costs a tremendous amount of money because of its construction, and no public interest would be served by such a move in any way; and

WHEREAS, the applicant requests that the Board consider this application under Section 7e and to consider it in the

MINUTES

light that it is an existing building at this place since 1924; and

WHEREAS, the applicant states that the present owner has held title to the property since February 19, 1957; that the assessed valuation of land is \$8,000 and of the building \$29,000 making a total of \$37,000; that the building was erected March 2, 1922; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of five years, to permit the existing building to be used as a storehouse for a general contractor, storing contractor's equipment, cement and other materials, substantially as proposed and indicated on plans filed with this application marked "Received March 21, 1958", 3 sheets, "June 6, 1958," 4 sheets and "July 10, 1958," 1 sheet, *on condition* that the building shall not be increased in height or area and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that there shall be no signs erected on the building except a neat metal sign attached to the front wall near the entrance, not exceeding two square feet, advertising the owner's name and business; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits, including a certificate of occupancy, shall be obtained and all work completed within six months from the date of this resolution.

Adjourned: 4:05 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

APPLICANT—Iron Fireman Manufacturing Company, new owner; Sciufe Co., former owner.

SUBJECT—Application for consideration, reopening and amendment of resolution as to additional models OFS-85, OBN-100 and OBN-175 and change of company name—re Timken Silent Automatic Water Heater, Model 40-A and 50-B; previously approved.

APPEARANCES—

For Applicant: Paul S. Riker.

ACTION OF BOARD—Application reopened and resolution amended in accordance with the report of Committee on Test.

THE VOTE TO REOPEN—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE VOTE TO AMEND—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 121-35-SA.

SUBJECT: Amendment to resolution as to additional models and change of Company name.

Iron Fireman Manufacturing Co., Cleveland, Ohio, requested by letter dated June 6, 1958 that the resolution adopted June 18, 1935 and as amended through February 5, 1957 under Cal. No. 121-35-SA be reopened and amended so as to include additional units and also to amend as to change of ownership.

Description

The requested model OFS-85 is similar to the model OFS-100 (approved by the Board February 6, 1957) except as to firing rate.

The OBN-100 is similar to the OBW-180 (approved by the Board February 1, 1955) except as to cabinet styling.

The OBN-175 is similar to the OFC-170 (approved by the Board February 1, 1955).

Recommendation

On the basis of the formal notification filed by the Iron Fireman Manufacturing Co. that they had acquired the assets of the Scaife Co. of Oakmont, Pa. the Committee recommends that the resolution adopted June 18, 1935 and amended through February 5, 1957 under Calendar Number 121-35-SA be reopened and amended so as to show a change of ownership to the Iron Fireman Manufacturing Company.

The Committee further recommends the approval of the models OFS-85, OBN-100 and the OBN-175 on condition that the requirements of the resolution adopted June 18, 1935 and as amended through February 5, 1957 under Calendar Number 121-35-SA be complied with.

(Sgd.) SAMUEL L. BECKER,

Director,

JOHN A. DARTS,

Asst. Engr.,

GEORGE F. SKLENARIK,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of June 18, 1935 through February 5, 1957 in accordance with the above report.

967-47-SM

APPLICANT—United States Plywood Corporation, owner. SUBJECT—Application for reopening and amendment of resolution as to glue—re Douglas Fir Plyscord (plywood sheathing); previously approved.

APPEARANCES—

For Applicant: James A. Fitzpatrick.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 967-47-SM.

Subject: Amendment to resolution as to glue.

United States Plywood Corp. New York, requested by letter dated November 7, 1957 that the resolution adopted December 20, 1949 under Calendar Number 967-47-SM so as to include an additional glue. The application was reopened by a vote of the Board January 7, 1958.

Description

The requested modification is an improvement over the glue line approved by the Board and is known as the L-1R glue line. The L-1R glue is the same as the previous glue with a resin additive and the laminates are pressed together by the hot press method instead of the cold press method. This new glue line makes the glue line more water repellant than the previous glue line.

Recommendation

The Committee on Test recommends that the resolution

MINUTES

adopted December 20, 1949 under Calendar Number 967-47-SM be amended so as to permit the use of the material known as L-1R glue line on condition that the requirements of the resolution adopted December 20, 1949 under Calendar No. 967-47-SM be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 20, 1949 in accordance with the above report.

175-49-SM

APPLICANT—United States Plywood Corporation, owner.
SUBJECT—Application reopened March 19, 1957 for amendment of resolution as to incombustible rating of partition—re U.S. Plywood Partition Panel, 13/4 inch thick with Kaylo Core and 1 inch thick with Kaylor Core; previously approved.

APPEARANCES—

For Applicant: James A. Fitzpatrick.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 175-49-SM.

Subject: Amendment to resolution as to incombustible rating of partition.

United States Plywood Corp., New York requested by letter dated March 1, 1958 that the resolution adopted June 2, 1958 as amended through June 17, 1953 be amended so as to permit treated lumber to be used as a post between panels instead of a spline. The application was reopened by a vote of the Board March 19, 1957.

Purpose

The partition is to be used as an incombustible subdividing partition under C26-667.0 Administrative Building Code.

Description

The panels are constructed in the same manner as the previously approved panels except that on the long sides of the panels a slotted channel is screwed to the wood edges; a steel clip is inserted in the slot to act as a spreader to keep one panel from butting the adjacent panel and also to form a raceway between panels. In order to close this opening, treated lumber, 2 3/4" wide by 3/8 or 5/8" thick having a spring clip is inserted between the opening and the clip engages the slotted channel thereby closing the opening and affording a plane surface. This closure piece is known as the post.

Inspection and Test

The post section was tested in accordance with the requirements of C26-331 through C26-339, Administrative Building Code and successfully met the requirements of fire proofed wood. The wood also successfully met the requirements of C26-88.0 Administrative Building Code.

Recommendation

The Committee on Test recommends that the resolution adopted June 28, 1949 under Cal. No. 175-49-SM be amended so as to permit the previously approved panel with the addition of the fire proofed wood post, as herein described, to be used as an incombustible subdividing partition under the provisions of C26-667.0.5 Administrative Building Code on

condition that the requirements of the resolution adopted June 28, 1949 under Cal. No. 175-49-SM be complied with.

The Committee further recommends that this recommendation shall in no way be considered a carte blanc approval of fire-proofed wood to be used wherever incombustible material is required but only to be used for the specific use as herein recommended.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of June 28, 1949 in accordance with the above report.

148-50-SM

APPLICANT—National Gypsum Company, owner.
SUBJECT—Application reopened June 3, 1958 for amendment of resolution as to change of edge of board and marking—re Gold Bond Insulation Roof Boards; previously approved.

APPEARANCES—

For Applicant: John H. Waters.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 148-50-SM.

Subject: Amendment to resolution as to change of edge of board and marking.

National Gypsum Co., Buffalo, New York requested by letter dated May 8, 1958 that the resolution adopted October 28, 1952 under Cal. 148-50-SM be amended so as to include the additional material; Gold Bond Air-Grid Roof Insulation Board and Gold Bond Fiberlok Tapered Edge Strips. The application was reopened by a vote of the Board June 3, 1958.

Purpose

The board is to be used for Thermal and sound insulation.

Description

The Air Grid Roof Insulation Board is manufactured of the same materials as the board previously approved. It differs in that it has a 1 1/16 inch by 7/16 inch bevel on all four edges of the deck side of the board, which, when applied creates an interlocking net work of triangular channels over the entire roof area. The board is supplied asphalt impregnated or rosin impregnated—asphalt coated and the size of the board is 2'-0"x4'-0" and ranges in thickness from 1" to 3".

Gold Bond Fiberlok Tapered Edge Strips are also manufactured from the same material as the previously approved board and is fabricated in pieces 1'-0" by 4'-0" being 1/8 inch thick along one 4'-0" edge and 1 5/8 inch thick along the other 4'-0" edge. Its principle use on roofs is to control drainage.

Recommendation

The Committee on Test recommends that the resolution adopted October 28, 1952 under Cal. No. 148-50-SM be amended so as to include the additional materials known as Gold Bond Air-Grid Roof Insulation Board and Gold Bond Fiberlok Tapered Edge Strips on condition that the requirements of the resolution adopted October 28, 1952 under Cal. No. 148-50-SM be complied with except that in lieu of the wrapper or package being tagged, stamped or labeled, the shipping tickets and/or invoices or bills of

MINUTES

lading shall be marked "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 148-50-SM."

(Sgd.) SAMUEL L. BECKER,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of October 28, 1952 in accordance with the above report.

373-50-SA—Vol. II

APPLICANT—Airco Equipment Mfg. Division, Air Reduction Company, Inc., owner.

SUBJECT—Application reopened June 2, 1953 for amendment of resolution as to additional models of torches—re Air Reduction Co., Inc. Welding and heating torches with cutting attachment, Models 700 Series and 800 Series; previously approved.

APPEARANCES—

For Applicant: Wm. F. Sues.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 373-50-SA—Vol. II.

Subject: Amendment to resolution as to additional models of torches.

Airco Equipment Manufacturing Division, Air Reduction Co., Inc., requested by letter dated May 20, 1953 that the resolution adopted July 24, 1951 under Cal. No. 373-50-SA—Vol. I be amended so as to include additional torches and cutting attachment. The application was reopened by a vote of the Board June 2, 1953 under Cal. No. 373-50-SA—Vol. II.

Purpose

The appliances are used for the cutting, heating and welding of metals.

Description

The series 1000 and 2000 are similar to the series 700 and 800, previously approved, except for the following features; diaphragm type cutting valve, removable mixer and torch adapter with frustoconical shaped rubber seat elements. The 400 series is basically a 1000 and 2000 series except that it is shorter and provision is made for attachment to the approved 300, 400 and 9000 welding torches.

The series 822-6075 and 822-6085 are Hand Scarfing Torches similar to the 6000 series previously approved. The difference being that the current series has a stronger scarfing oxygen lever, triangular tube stiffeners, an improved rod feed device and increased ruggedness.

The cutting torch 822-6550 is similar to the series 4000 and 9000 series, previously approved, except for a straight head, the use of a one piece instead of two piece cutting oxygen lever and the elimination of the rod feed mounting.

The series 2400 cutting attachment are used in conjunction with the 700 series torch. The series 3700 and 3800 are also cutting attachments.

Inspection and Test

The entire range, as herein described, have been approved by the Underwriters Laboratories under SA 482.

Recommendation

The Committee on Test recommends that the resolution adopted July 21, 1951 under Cal. No. 373-50-SA—Vol. I be amended so as to include the additional torches and cut-

ting attachments as herein described on condition that the requirements of the resolution adopted July 21, 1951 under Calendar Number 373-50-SA—Vol. I are complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of July 21, 1951 in accordance with the above report.

500-50-SA

APPLICANT—Bryant Heater Division of Affiliated Gas Eq., Inc., owner.

SUBJECT—Application reopened July 2, 1957 for amendment of resolution as to additional models of gas fired equipment, Model 328—re Crane Gas-fired Unit Heaters, Models 75-329, 95-329, 125-329, 160-329, 225-329, CR75-327, CR50-327, CR100-327, CR125-327, CR200-327 and CR225-327; previously approved.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar No. 500-50-SA.

Subject: Amendment to resolution as to additional models of gas fired equipment.

Bryant Division of Carrier Corp., New York, requested by letter dated June 5, 1957 that resolution adopted January 16, 1951 and amended through May 29, 1956 under Cal. No. 500-50-SA be amended so as to include additional models of gas fired equipment. The application was reopened by a vote of the Board July 2, 1957.

Purpose

The appliance is a gas fired unit intended for domestic heating and commercial heating and also for use in garages.

Description

The requested model 328 is similar to the Model 327, approved December 23, 1952 under Cal. No. 500-50-SA, the difference being that the Model 328 has substituted a centrifugal blower for the fan propeller.

Recommendation

The Committee on Test recommends that the resolution adopted January 16, 1951 and amended through May 29, 1956 under Cal. No. 500-50-SA be amended so as to include the Model 328 on condition that the requirements of the resolution adopted January 16, 1951 under Cal. No. 500-50-SA be complied with.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of January 16, 1951 through May 29, 1956 in accordance with the above report.

556-50-SM

APPLICANT—United States Gypsum Company, owner-manufacturer.

MINUTES

SUBJECT—Application reopened November 29, 1955 for new and additional construction methods and materials—re USG Trussteel Studs; previously approved.

APPEARANCES—

For Applicant: Wm. W. Bainbridge.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar No. 556-50-SM.

Subject: New and Additional Construction Methods and Materials.

The United States Gypsum Company requested by letter dated December 9, 1955, that the resolution adopted under the above Cal. No. on October 9, 1951 and corrected July 13, 1954, and amended September 20, 1955, be reopened for consideration and approval of new and additional construction methods. It was reopened by vote of the Board on Nov. 29, 1955.

Purpose

The Trussteel Studs serve as a foundation for the attachment of a plaster base rated 1 hour fire resistive or better and for the attachment of a dry wall system for interior incombustible dividing partitions. Additional sizes of Trussteel Studs and improved resilient clips and floor and track runners are available.

Description

Trussteel Studs of widths of $2\frac{1}{2}$ ", $3\frac{1}{4}$ ", 4" and 6", have been approved. New studs of the same five strands of 7 gauge wire of widths of $1\frac{5}{8}$ " and $1\frac{7}{8}$ " are now produced. Floor and ceiling runners of channel type construction, requiring snap on shoes to secure the studs to the track have been approved in widths of $2\frac{1}{2}$ ", $3\frac{1}{4}$ ", 4" and 6 inches. Similar track are now produced in widths of $1\frac{5}{8}$ " and $1\frac{7}{8}$ ". New snap in track, not requiring the use of snap on shoes, are now produced in widths of $1\frac{5}{8}$ ", $1\frac{7}{8}$ ", $2\frac{1}{2}$ ", $3\frac{1}{4}$ ", and 4" and 6". Resilient clips to greatly increase the sound isolation value of the partition have been previously approved. The improved #400 resilient clip places the pencil rod off to one side of the Trussteel Stud, eliminating the possibility of plaster fouling the resilient action. A combination stud and base clip to be used in lieu of floor track may also be used in this system.

Inspection and Test

Fire and hose stream tests were conducted at Ohio State University in accordance with E119 as required by C26-609.0 on a Trussteel Stud Rocklath plastered partition. The studs were $1\frac{5}{8}$ " spaced 16" on centers. The $\frac{3}{8}$ " Perforated Rocklath was secured to the studs with Truslok clips previously approved. The $\frac{1}{2}$ " plaster was USG Red Top plaster, previously approved, mixed with sand in accordance with the New York City Code requirements. The partition failed at 1 hour 38 minutes. It withstood the hose steam test. Deflection tests were conducted on a partition of the same construction. Reports of the tests are in the file and a part of the record.

Fire tests were conducted at Ohio State University on a partition consisting of Trussteel Stud spaced 16" on centers, to which was clipped by Truslok clips, previously approved, $\frac{3}{8}$ " plain Rocklath and $\frac{3}{8}$ " Baxbord, previously approved. To the face of this construction on both sides, was cemented by USG Pertatope Cement previously approved, $\frac{3}{8}$ " thick USG Sheetrock, previously approved. Failure was by rise of temperature at one thermo couple at 47 minutes and 16 seconds. Inspection of the new snap in bases and the new improved #400 clips was made at the office of the Board and they were found to perform the function for which they were designed. Reports of test are in the file and are part of the record.

Recommendation

On the basis of the inspection and tests and the data submitted by the applicant, the Committee on Test recommends that the resolution adopted October 9, 1951 under Cal. No. 556-50-SM and amended July 13, 1954 and September 20, 1955 be amended to include the use of the new $1\frac{5}{8}$ " Trussteel Stud up to a height of 10 feet and to approve the use of the improved #400 resilient clip, and the new snap in runner tracks and channel tracks in widths of $1\frac{5}{8}$ " to 6" inclusive or the combination stud and base clip. The Committee further recommends that the new $1\frac{5}{8}$ " and $1\frac{7}{8}$ " Trussteel Studs when faced with metal lath on both sides be approved as a $1\frac{1}{2}$ hour incombustible partition. The Committee further recommends that $1\frac{5}{8}$ " and $1\frac{7}{8}$ " Trussteel Studs when faced with $\frac{3}{8}$ " Perforated USG Rocklath on each side and plastered $\frac{1}{2}$ " thick with USG Red Top Cement sanded plaster mixed in accordance with the code be approved as a $1\frac{1}{2}$ hour incombustible partition.

The Committee further recommends that USG Trussteel Studs faced on both sides with USG $\frac{3}{8}$ " Rocklath or USG Baxbord clipped to the studs with USG Truslok clips and the gypsum boards aligned with each other by USG Brid-joint clips and over which is applied on each side with USG Perfatape Cement 1 layer of USG Sheetrock gypsum wall-board, taped and cemented, be approved under C26-667 as an incombustible subdividing partition in all classes of construction.

The Committee on Test also recommends that the resolution adopted July 13, 1954 in which a one hour rating was approved for $\frac{3}{4}$ " sanded plaster, perlite plaster, or portland cement plaster over metal lath attached to Trussteel Studs be corrected to read $\frac{3}{4}$ " instead of 3.4 inches as printed.

(Sgd.) SAMUEL L. BECKER,

Director,

JOHN A. DARTS,

Assistant Engineer,

GEORGE F. SKLENARIK,

Assistant Engineer,

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution of July 13, 1954 in accordance with the above report.

739-50-SM—Vol. II

APPLICANT—Harold Perrine, for Johns-Manville Sales Corp., owner.

SUBJECT—Application reopened May 21, 1957 for Johns-Manville Fibertone, Fire Retardant Finish—re Johns-Manville Fibertone Flame Retardant Finish Acoustical Treatment; previously dismissed.

APPEARANCES—

For Applicant: Harold Perrine.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 739-50-SM Vol II.

Subject: Johns-Manville Fibertone, Flame Retardant Finish. Johns-Manville Sales Corp., New York, filed August 14, 1950 an application with the Board of Standards and Appeals for approval of the material known as Johns-Manville Fibertone, Flame Retardant Finish under the Fiber Board Rules of the Board. Calendar Number 739-50-SM was dismissed for lack of prosecution and reopened under Calendar Number 739-50-SM, Volume II.

Purpose

The material is a flame retardant acoustical tile.

Description

The tile is made of fine fibers felted together in large

MINUTES

sheets, chemically treated to resist moisture. The thickness varies from $\frac{1}{2}$ inch to 1 inch.

The tile is treated by painting with a Polyvinyl Acetate Paint pigmented with Titanium Dioxide and containing Calcium Carbonate, diatomaceous Silica and a Boron Flame-proofing salt.

Inspection and Test

The flame retardant tile was tested in accordance with Federal Spec. SS-A-118 in the presence of Asst. Engr. J. A. Darts and G. F. Sklenarik, Committee on Test and H. Perrine, representing the applicant. The material met the requirements.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Johns-Manville Fibre-tone, Flame Retardant Finish for voluntary use when finished with Polyvinyl Acetate Paint, as herein described, to be used on ceilings only and classes of construction as follows:

Class of Construction	Ceiling Area (sq. ft.)
1	5000*
2	5000*
3	6000
4	No Limit
5	6000
6	6000

*In school areas where the ceiling is 20'-0" clear above the floor, these areas may be increased by 50 percent.

It is further recommended that this product, even when fire-treated shall be backed up solidly, tightly, without an air space, by an incombustible backing; and further, that the tiles shall be installed in a mechanical system and further that each carton in which the tile is marketed shall be tagged, stamped or labeled: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 739-50-SM".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

518-51-SA

APPLICANT—The Thermodyne Corp., for Carrier Corporation, owner.

SUBJECT—Application reopened February 28, 1956 for amendment to consider additional models 50-N and 41-D re Carrier Weathermaker, Models 50K4, 50K6, 50K8, 50K12 and 50K16; previously approved.

APPEARANCES—

For Applicant: Richard F. Meates.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 518-51SA.

Subject: Application reopened for amendment to consider additional models.

The Thermodyne Corporation for Carrier Corporation, Syracuse, New York, requested by letter dated January 12, 1956 that the resolution adopted March 29, 1955 under Calendar Number 518-51SA be amended so as to include the

additional models 50-N and 41-D Carrier Air Conditioning Equipment. The application was reopened by a vote of the Board on February 28, 1956. In a subsequent letter dated June 9, 1958, they requested that the amendment to the resolution also include changes made in the Model K12 and 50 K16 Weather-makers previously approved.

Purpose

Air cooled and water cooled air conditioning systems.

Description

The 50N Weather-maker series are air cooled systems designed for the air conditioning of residence and commercial buildings.

They consist of two sections that are piped together in the field after installation. One section is made up of a reciprocating type semi-hermetic compressor direct motor driven, an expansion valve and finned coil evaporator with drain pan and a centrifugal fan assembly with air filters all assembled into an insulated sheet metal casing finished in a baked enamel. The other section is made up of a weather-proofed casing that contains an air cooled finned coil condenser, a receiver and an air circulating fan for the condenser. This condenser section may be installed outdoors.

The 50-N series are made in four sizes. The 50 N5, has a 2 HP motor and F-12 is used as refrigerant. The 50-N7 has a 3 HP motor and C-7 is used as refrigerant. The 50-N9 and 50 N-11 have 5 HP and $7\frac{1}{2}$ HP motors respectively and C-7 is used as refrigerant in both.

Pressure relief on all sizes is afforded by means of a soldered joint in the condenser coil. If the receiver exceed 6 inches in diameter a fusible plug is installed on the receiver. Receivers will not exceed 3 cubic feet in volume.

The Model 50-N9 and 50-N11 Weather-makers can be equipped with steam or hot water heating coils for air tempering or year round application.

The 41-D24 Weather-maker is a 20 ton unit made up of two 10 HP motors, driving two semi hermetic compressors, two water cooled condensers, two finned coil evaporators, fitter frames, blower fans and the necessary piping and expansion valves. Each system is charged with 19 pounds of F-22 refrigerant. Pressure relief is by means of a fusible plug or may be by rupture disc on the shell and tube type condensers.

The complete systems are encased in an insulated sheet metal housing finished in a baked on enamel.

The 50-K12 and 50-K16 Weather-makers are basically the same as the 50 K12 and 50 K16 previously approved by the Board under Calendar Number 518-51SA, except that the new 50 K12 and 50 K16 units will employ one compressor and one condenser with two evaporators, instead of two separate systems previously used. The new 50 K12 is driven by a single 10 HP motor, while the new 50 K16 is driven by a single 15 HP motor.

Inspection and Test

The 50-N11 and 41-D units were inspected at 45-15 Vernon Blvd., Long Island City by Asst. Engr. G. F. Sklenarik, Committee on Test. Present was Mr. R. Meates, representing the Thermodyne Corporation.

The 50 N series has been approved by the Underwriters' Laboratories.

Recommendation

The Committee on Test recommends that the resolution adopted March 29, 1955 under Calendar Number 518-51SA be amended so as to include the Carrier Weather-maker Models 50-N5, 50-N7, 50-N9, 50-N11, 41-D24 and the new 50-K12 and 50K16, on condition that the requirements of the resolution adopted March 29, 1955 under Calendar Number 518-51SA be complied with.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of March 29, 1955 in accordance with the above report.

240-52-SA

APPLICANT—Harold N. Ipsen, for Ipsen Industries, Inc., owner, (Gerald B. Duff and Co., Agent).

SUBJECT—Application April 4, 1952—Ipsen (gas-fired) Automatic Heat Treating Unit, Model T and Ipsen 500 Atmosphere Generator, approval of.

APPEARANCES—

For Applicant: Leslie E. Senet.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 240-52-SA.

Subject: Ipsen Automatic Heat Treating Unit, Gas or Electric, Model T.

Ipsen Industries, Inc., Rockford, Illinois, filed April 4, 1952 an application with the Board of Standards and Appeals for approval of the Ipsen Automatic Heat Treating Unit, Model T under the provisions of C26-191.0 and C19-11.0 Administrative Code.

Purpose

A gas or electric furnace for heat treating metals.

Description

The Ipsen Automatic Heat Treating Unit is a batch type furnace that combines heat treating and tempering operating in a single unit.

A trayful of metal parts are placed into the furnace on a chain conveyor. The operator sets one timer for the heating cycle and another for the quenching or cooling time. A selector switch is provided so that the work may be oil quenched or air cooled as desired. After start up the process is automatic. When the heating cycle is completed an intermediate door that separates the heating compartment from the cooling or quenching compartment, opens and the unit is conveyed into the end compartment for cooling or oil quenching if so selected. After the work has moved into the cooling compartment a signal light indicates that the furnace is ready for another batch. Upon completion of cooling or quenching time another light signals that work is done. If the material was oil quenched it is lifted hydraulically to the proper height for removal.

Atmosphere gas, such as endo thermis gas produced in a special generator, is piped to the furnace and provision is made to burn off the excess at the front and rear of the heat treating unit. Ammonia gas or propane may be added to the atmosphere gas for special finishing.

Both the oven atmosphere and the oil bath are kept in circulation by means of suitable fans to assure even temperatures. Maximum oven temperature is 2500 degrees F.

The electric furnaces are heated by nichrome resistance heaters installed around the work chamber. The gas heated furnaces employ a number of atmospheric type inshot burners firing upward into Inconel combustion tubes. All furnaces are to be installed in well ventilated areas, combustion products of the gas fired units where excessive, shall be removed by means of exhaust hoods installed over the unit.

The model T furnaces include the T-250, T-300, T 3-450, T4-600, T7-1000, T9-1350, T6-900, T8-1200 and T14-2000 with heating capacities varying from 250 pounds per hour for the smallest to 2000 pounds per hour for the largest which is a double zone furnace-two heating zones.

Inspection and Test

A typical furnace installation was inspected at 282 North

Henry St., Brooklyn by Assistant Engineer G. F. Sklenarik, Committee on Test. Present was Mr. L. Genet representing the applicant.

The furnace, gas fired, functioned satisfactorily.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Ipsen Automatic Heat Treating Unit Model T250, T300, T3-450, T4-600, T7-1000, T9-1350, T6-900, T8-1200 and T14-2000 for use with protective atmospheres when constructed and installed in accordance with this report and the provisions of C19-11.0 Administrative Code and the Electrical Code of the City of New York on condition that each furnace shall bear a label permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 240-52-SA."

(Sgd.) SAMUEL L. BECKER,

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

365-52-SM

APPLICANT—United States Plywood Corp., owner.

SUBJECT—Application May 16, 1952—United States Plywood Corp., Weldwood Metal Veneer Panel (exterior Metal Veneer Panel), approval of.

APPEARANCES—

For Applicant: James A. Fitzpatrick.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 365-52-SM.

Subject: Weldwood Metal Veneer Panel.

J. A. Fitzpatrick for United States Plywood Corp., New York, filed May 16, 1952 an application with the Board of Standards and Appeals for approval of the material known as Weldwood Metal Veneer Panel under the provision of the Veneering Rules of the Board.

Purpose

The metal material is to be used as an exterior veneer and also as siding on Class V Buildings.

Description

The panel is composed of the following parts: Exterior and Interior skins; the skins being any of the following—carbon steel, stainless steel, porcelain enameled steel or aluminum. A honeycomb core made of type 3003 aluminum alloy having a cell size of $\frac{3}{8}$ inches. This core would range in thickness from a minimum of $\frac{1}{4}$ inch to a maximum of $1\frac{1}{4}$ inch with an adhesive to join the core material to the face skins.

Inspection and Test

Samples of the core and the entire panel assembly were tested in accordance with the requirements of C26-88.0 Administrative Building Code.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Weldwood Metal Veneer Panel for use in New York City as an exterior incombustible veneer under the provisions of the Veneering Rules of the Board.

MINUTES

The Committee further recommends that this panel may be used as siding on metal structures as set forth under C26-243.0 Administrative Building Code on condition that the cartons or wrappers in which the panels are shipped shall be marked, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 365-52-SM or the shipping tickets, invoices, bills of lading or bills of material may be similarly marked.

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

921-53-SA

APPLICANT—National Heater Co., Inc., owner.
SUBJECT—National Champion Gas-fired Warm Air Heating Units (suspended type) Models TD-120, 25, 30, 40, 50, 75, 100, 125, 150, 175 and 200, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Foley 3
Negative: Commissioner Kleinert and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 921-53-SA.

Subject: National Champion Gas Fuel Warm Air Heating Units, Models TD-20, 25, 30, 40, 50, 75, 100, 125, 175 and 200, (suspended type).

E. M. Tarnoff, for National Heater Co., Inc., St. Paul, Minnesota filed December 23, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as the National Champion Gas Fired Warm Air Heating Units TD-20, 25, 30, 40, 50, 75, 100, 125, 150, 175 and 200 under the provisions of Article 12 Chapter 26, Administrative Building Code.

Purpose

The appliance is a gas fuel suspended warm air furnace.

Description

The suspended units are so designed that the air is taken in at one end and discharged at the other end.

The unit consists of a blower section at the air intake end, after which is a stainless steel teardrop cross sectional cylindrical fire box or combustion chamber, above which is a tube bank and then the discharge section.

The tubes for the sizes up to and including the TD-100 are of 14 gauge; the larger sizes use 12 gauge.

The TD-80 and 100 use 10 gauge and all larger sizes use 3/16 inch steel plate. The combustion chambers in all sizes is of 14 gauge stainless steel and the casing and discharge heads are of 20 gauge steel. The gas burners used in these units are of the power type shipped fully assembled with built in pilot assembly and instantaneous flame failure safety control.

Inspection and Test

Details of construction were inspected by Assistant Engineer J. A. Darts, Committee on Test and E. M. Tarnoff, representing the applicant.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on the Test recommends the approval of the appliance known as National Champion Gas Fired Warm Air Heating Units Models TD-20, 25, 30, 40,

50, 75, 100, 125, 150, 175 and 200 for use in New York City, when constructed as herein described and installed in accordance with the requirements of Article 12 Chapter 26 Administrative Building Code. The Committee further recommends that when the appliance is installed in garages, the heater shall be so suspended that the bottom of the appliance shall be at least 8'-0" above the floor level and that the combustion air shall be ducted in from the outside air. The Committee further recommends that the appliance shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 921-53-SA".

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

922-53-SA

APPLICANT—National Heater Co., Inc., owner.
SUBJECT—Application December 21, 1953—National Champion (floor type) gas-fired forced warm air heaters, Models TD-20, 25, 30, 40, 50, 70, 80, 100, 125, 150, 175 and 200, approval of.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 922-53-SA.

Subject: National Champion Gas Fired Warm Air Heaters, Model TD-20, 25, 30, 40, 50, 70, 80, 100, 125, 150, 175 and 200 (floor type).

E. M. Tarnoff, for National Heater Co., Inc., St. Paul, Minnesota, filed December 23, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as the National Champion Gas Fired Warm Air Heating Units TD-20, 25, 30, 40, 50, 75, 100, 125, 150, 175 and 200 under the provisions of Article 12 Chapter 26, Administrative Building Code.

Purpose

The appliance is a gas fuel floor type warm air furnace.

Description

The floor type units are so designed that the air is taken in at one end and discharged at the other end.

The unit consists of a blower section at the air intake end, after which is a stainless steel teardrop cross sectional cylindrical fire box or combustion chamber, above which is a tube bank and then the discharge section.

The tubes for the sizes up to and including the TD-100 are of 14 gauge; the larger sizes use 12 gauge.

The TD-80 and 100 use 10 gauge and all larger sizes use 3/16 inch steel plate. The combustion chambers in all sizes is of 14 gauge stainless steel and the casing and discharge heads are of 20 gauge steel. The gas burners used in these units are of the power type shipped fully assembled with built in pilot assembly and instantaneous flame failure safety control.

Inspection and Test

Details of construction were inspected by Assistant Engineer J. A. Darts, Committee on Test and E. M. Tarnoff, representing the applicant.

MINUTES

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as National Champion Gas Fired Warm Air Heaters TD-20, 25, 30, 40, 50, 70, 80, 100, 125, 150, 175 and 200 (floor type) for use in New York City when constructed as herein described and installed in accordance with the requirements of Article 12 Chapter 26 Administrative Building Code for industrial and commercial installation on condition that the appliance shall bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 922-53-SA".

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 923-53-SA.

Subject: National Champion Oil-Fired Warm Air Furnaces, Models TD-20, 25, 30, 40, 50, 70, 80, 100, 125, 150, 175, and 200, (suspended type).

E. M. Tarnoff for National Heater Co. Inc., St. Paul, Minnesota, filed December 23, 1953, an application with the Board of Standards and Appeals for approval of the appliance known as the National Champion Oil Fired Warm Air Furnace, Models TD-20, 25, 40, 50, 70, 80, 100, 125, 150, 175 and 200 (suspended type) under the provisions of Article 12 Chapter 26 Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

The appliance is an oil fired suspended warm air furnace.

Description

The heater consists of a stainless steel combustion chamber with tubes located above the chamber, for the return of the flue gases to the firing end of the unit. The combustion chamber, in all sizes of the furnace, are constructed of 14 gauge stainless steel and the casing and discharge heads are of 20 gauge steel. The tubes, for the models up to and including the TD-100 are of 14 gauge and the larger units use 12 gauge. The headers in the 20 and 25 are of 14 gauge; the 30 through 70 use 12 gauge; the 80 and 100 use 10 gauge and the larger units use 3/16" steel.

The burners used, if for light oil installation, are either S. T. Johnson or Nu-Way pressure atomizing gun type oil burner. (The above burners have been approved by the Board under their own respective Calendar Numbers).

If the installation is for heavy oil, the burner used is a Cleaver-Brooks air atomizing burner (also approved by the Board).

The controls used in conjunction with the furnace are the Minneapolis-Honeywell Flame Failure Controls; Combination fan and limit control, motor starter, draft proving control and delayed opening prepurge solenoid valves.

Inspection, and Test

Details of construction were inspected by Assistant Engineer J. A. Darts, Committee on Test and E. M. Tarnoff representing the applicant.

Recommendation,

On the basis of the examination and the data filed by the applicant, the Committee on Test, recommends the approval of the appliance known as National Champion Oil Fired Warm Air Heating Units Models TD-20, 25, 30, 40, 50, 75, 100, 125, 175, and 200 for use in New York City, when constructed as herein described and installed in accordance with the requirements of Article 12 Chapter 26 Administrative Building Code and Oil Burner Rules of the Board. The Committee further recommends that when the appliance is installed in garages, the heater shall be so suspended that the bottom of the appliance shall be at least 8'-0" above the floor level and that the combustion air shall be ducted in from the outside air. The Committee further recommends that the appliance shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 923-53-SA."

143-54-SM

APPLICANT—United States Plywood Corporation, owner.
SUBJECT—Application reopened September 24, 1957 for amendment of resolution as to bolt throw—re Weldwood 3/4 Hour Door and 1 Hour Fire Resistive Opening Protective Assembly; previously approved.

APPEARANCES—

For Applicant: James A. Fitzpatrick.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 143-54-SM.

Subject: Amendment to resolution as to bolt throw.

United States Plywood Corp. requested by letter dated August 23, 1957 that the resolution adopted June 2, 1954 and amended through February 5, 1957 under Cal. 143-54-SM be amended so as to permit the use of Micarta on the faces of the door and the substitution of 1/2 inch lock throw. The application was reopened by a vote of the Board September 24, 1957.

Report

The door is to be used as a one hour fire resistive opening protective.

Description

The construction of the requested door is basically the same as that previously approved except that the cross-banding of the door will be 1/16 inches to which will be laminated 1/16 Micarta. The applicant also requests that a bolt throw of 1/2 inch on the lock be permitted.

Inspection and Test

The applicant has submitted a letter from the Underwriters Laboratory "R 2876" which states, "The latching mechanism employed in the test assemblies No. R 2876-12 was of the single point design with latch bolts having a 1/2 inch throw of the mortise and bored in design. The assembly performed satisfactorily when provided with these types of single point latches having the 1/2 inch throw as an alternate for the latches heretofore considered essential with the latch bolts having 3/4 inch throw."

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends that the resolution adopted June 2, 1954 and amended through February 5, 1957 under Cal. No. 143-54-SM be amended so as to permit the use of a 1/2 inch throw on a lock as described under Inspection and Test.

The Committee is of the opinion that although the Micarta facing on the door can be classed as a veneer on the face of the door and as C26-667.0.7.a, Administrative Building Code, restricts the use of veneers 1/8 of an inch and precludes its use in required exit corridors. That this veneer in a thickness of 1/16 of an inch may be used over 1/16 of an inch cross banding on the previously approved on condition that the requirements of the resolution adopted June 2, 1954 and as amended through February 5, 1957 under Cal. No. 143-54-SM are complied with.

The Committee further recommends that this resolution shall in no way be construed as a general approval of the material Micarta as a veneering material, without restriction as to its use, but shall be limited to its use on the door of a size as previously approved.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of June 2, 1954 through February 5, 1957 in accordance with the above report.

733-54-SA

APPLICANT—Pantex Manufacturing Corporation, owner.
SUBJECT—Application for consideration, reopening and amendment of resolution as to additional sizes of dry cleaning equipment—re Pantex Perk-O-Matic Dry Cleaning Machine, Model EC (using non-flammable solvent); previously approved.

APPEARANCES—

For Applicant: James Macrae.

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 733-54-SA.

Subject: Reopening and amendment to resolution as to additional sizes of Dry Cleaning Equipment.

Pantex Manufacturing Corp., Pawtucket, Rhode Island, requested by letter dated June 6, 1958 that the resolution adopted December 13, 1955 under Calendar 733-54-SA be amended so as to include additional models of dry cleaning equipment.

Purpose

The appliance is a dry cleaning machine utilizing perchlorethylene as the solvent.

Description

The requested models 35-G and 75-G are basically the same as the model EC; the difference being in the basket size and capacity. The model 35G having a basket size of 30 inches in diameter by 21 inches deep and a capacity of 25 lbs. of dry clothes and the model 75-G having a basket size of 38 inches in diameter by 31 inches deep and a capacity of 57 lbs. of dry clothes.

Recommendation

The committee on Test recommends that the resolution adopted December 13, 1955 under Calendar Number 733-54-SA be reopened and amended so as to include the additional models, namely: 35-G and 75-G, dry cleaning machines, on condition that the requirements of the resolution adopted December 13, 1955 under Calendar Number 733-54-SA be complied with.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution of December 13, 1955 in accordance with the above report.

734-54-SM

APPLICANT—Seelye, Stevenson, Value and Knecht, for Granco Steel Products Company, owner.

SUBJECT—Application reopened February 11, 1958 for amendment of resolution as to additional gauges of Corruform and Tufcor—re Corruform and Tufcor Steel Deck (fire resistive roof for industrial construction); previously approved.

APPEARANCES—

For Applicant: William A. Faiella.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 734-54-SM

Subject: Amendment to resolution as to additional gauges of Corruform and Tufcor.

Seelye, Stevenson, Value and Knecht for Granco Steel Products Co. Granite City, Illinois requested by letter dated January 24, 1958 that the resolution adopted June 28, 1955 and as amended January 24, 1956 be amended so as to include additional sections of Corruform and Tufcor. The application was reopened by a vote of the Board February 11, 1958.

Purpose

The material is used as an incombustible roof deck.

Description

The material Corruform is a galvanized corrugated steel deck with a corrugation pattern of 2 7/16 inches by 9/16 inches having a moment of inertia of 0.010. inches⁴ per foot of width.

The 26 gauge Tufcor is a galvanized corrugated steel deck with a corrugation pattern of 3 1/2 inches by 7/8 inches having a moment of inertia of 0.073 inches⁴ per foot of width.

The 24 gauge Tufcor is a corrugated steel deck with a corrugation pattern of 4 1/2 inches by 1 5/16 inches having a moment of inertia of 0.089 inches⁴ per foot of width.

Inspection and Test

The material was tested at the Porete Co. plant in New Jersey by the Pittsburgh Testing Laboratory in accordance with the requirements of C26-626.0 Administrative Building Code. The deck was tested with a 2 inch topping of insulating unreinforced concrete.

The results were as follows:

Type	Span	Ult Load	Area under Test	Allow. Load
Corruform	4'-0"	2560	8.6 Sq. Ft.	59.6 p.s.f.
26 ga. Tufcor	6'-0"	5160	15.0 Sq. Ft.	68.6 p.s.f.
24 ga. Tufcor	8'-0"	4460	20.0 Sq. Ft.	44.6 p.s.f.

Allowable load is figured on the basis of the ultimate load divided by the area under test and then divided by a factor of safety of 5 as the construction was tested as a semi continuous span..

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends that the resolution adopted June 28, 1955 and amended January 24, 1956 under Cal. No. 734-54-SM be amended so as to include the additional sections of Corruform and Tufcor as herein described for superimposed loads and spans as set forth above for use in New York City under the provisions of C26-618 and C26-619.0 for roof construction and further the Committee recommends that any other approved concrete may be used as an insulating concrete on top of the Corruform and/or Tufcor and further that all other requirements of the resolution adopted June 28, 1955 and as amended January 24, 1956 be complied with. The Committee is of the opinion that, as the welding to the supporting beams affords lateral bracing, that additional lateral bracing between beams may be dispensed with except on steel joist construction where bridging is required under C26-519-0 Administrative Building Code.

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of June 28, 1955 and January 24, 1956 in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 351-55-SM.

Subject: American Air Filter Co., Grease Filter Types AC, HV and Range Hood, (all metal unit for condensing greasy vapors).

American Air Filter Co., Louisville, Kentucky, filed May 2, 1955 an application with the Board of Standards and Appeals for approval of the American Air Filter Co., Grease Filter Types AC, HV and Range Hood for use in New York City under the provisions of Sections C26-712.0e and C19-165.3 Administrative Code.

Purpose

Filters for prevention of excessive grease accumulation in kitchen range exhaust systems.

Description

The AC and HV range filters are incombustible filters designed for installation in the exhaust systems over kitchen ranges. The filtering media is made of galvanized or stainless wire mesh enclosed in steel channel sections welded together.

They are available in sizes up to 20" x 25" and in thicknesses of 2" or more.

The filters may be cleaned by soaking in a hot solution of detergent in water and then thoroughly dried.

The filters are installed in V type galvanized or stainless frames or in "sidewall" frames or in the hood opening.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data supplied by the applicant, the Committee on Test recommends the approval of the American Air Filter Co. Grease Filter Types AC, HV and Range Hood for use in New York City when installed in accordance with the requirements of sections C26-712.0e and C19-165.3a.b Administrative Code and provided that each filter shall bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 351-55-SM."

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 353-55-SM.

Subject: Airsan Grease Filters and Filter Assembly, Types G, AG, GC and GW.

Air Filter Corporation, Milwaukee, Wisconsin, filed May 2, 1955 an application with the Board of Standards and Appeals for approval of the Airsan Grease Filters and Filter Assembly, Types G, AG, GC, and GW under the provisions of Sections C26-712.0 and C19-165.3 Administrative Code.

Purpose

Filters for prevention of excessive grease accumulation in kitchen range systems.

Description

The Airsan Grease Filters are incombustible filters designed for installation in the hoods of kitchen range exhaust systems. The filtering media is made up of crimped metallic mesh enclosed in a steel channel frame. The filters are supplied in sizes up to 30" x 25" and a nominal thickness of 2".

The filters are cleaned by soaking in a solution of hot water and suitable detergent, flushing with water and then drying.

GC and GW are filter assemblies made for ceiling mounting and wall mounting, respectively.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data supplied by the applicant, the Committee on Test recommends the approval of the Airsan Grease Filters and Filter Assembly Types G, AG, GC and GW for use in New York City when installed in accordance with the requirements of Sections C26-712.0e and C19-165.3ab Administrative Code and provided that each filter shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. Negative 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 770-55-SA.

Subject: Midco Direct Fired Air Heaters. Models 22, 30 and 36.

Mid-Continent Metal Products Co., Chicago, Ill. filed September 13, 1955 an application with the Board of Standards and Appeals for approval of the Midco Direct Fired Air Heaters, Models 22, 30 and 36 under the provisions of Calendar 26-191.0 and Article 12 Administrative Building Code.

Purpose

Drying equipment for water washed rugs.

MINUTES

Description

The Midco Air Heaters are made of welded steel and cast iron. An outer shell of heavy steel encloses an internal combustion chamber. Combustion is completed within this inner cylinder. The outer walls of the combustion chamber are kept cool by the circulating air passing between the inner and outer cylinders. After combustion is completed the resulting hot products of combustion are mixed with the circulating air being pulled into the unit from the outside air by means of a fan.

The gas is burned in inspirator burners arranged in a cylindrical manifold. This multiple tip arrangement allows complete combustion in a relatively small space. A push button electric spark ignited pilot light is used. A flame rod is installed to provide quick gas shut off in case of flame failure. A temperature control is supplied with each unit, also high temperature limit and blower safety controls are provided. Maximum drying room temperature is approximately 140 degrees F., the heated air and combustion gas mixture being supplied to the drying room by means of direct work duct.

An exhaust fan is installed in the dry room exhausting to out-doors to provide a positive flow through the drying space without leakage into the surrounding area.

The model 22 has a rated input of 650,000 Btu per hour, the model 30, 1,200,000 Btu per hour and the model 36, 1,800,000 Btu per hour.

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Midco Direct Fired Air Heater Models 22, 30 and 36 for use in New York City when installed in accordance with this report and the provisions of Article 12 Administrative Building Code provided that each heater shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 770-55-SA" and further provided that the drying room will be constructed with masonry walls at least 8 inches in thickness with incombustible ceiling and floor and all entrances into such room to be protected with approved opening protective assemblies with a 1½ hour rating. Such protective assemblies not to be provided with any locking devices.

(Sgd.) SAMUEL L. BECKER,

Negative: Commissioner Kleinert and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 694-56-SA.

Subject: Manhattan Gas Fired Industrial Paint Drying Oven.

C. M. Shapiro for Manhattan Blower Corp., Brooklyn, New York, filed September 19, 1956 an application with the Board of Standards and Appeals for approval of the Appliance known as the Manhattan Gas Fired Industrial Paint Drying Oven under the provisions of the Paint Spraying Rules of the Board.

Purpose

The oven is used for the drying of paints, enamel and lacquers.

Description

The ovens are either of the batch or conveyor type and have the following major components: the heater and main circulating exhaust fan; oven, auxiliary exhaust fan and duct work and control system.

Heater: The ovens are equipped with Dispatch Direct Gas Fired Heaters with either atmospheric or low pressure burners. The heater is cylindrical in shape and consists of an inner and outer steel shell with rock wool insulation filler. Within the inner shell is a refractory lined combustion chamber and combustion baffles. A 40-40 mesh stainless steel screen is placed in the duct work between the heater and the oven. The screen is placed far enough from the heater combustion chamber so as not to have flame impingement. The heater may be mounted on either the top, bottom or side of the oven.

Oven: The ovens are constructed, in various sizes and shapes of 18 gauge steel double cased panels insulated with fiber glass and supported with angle iron framing. Heated air supply ducts are located on either the oven deck, top or sides. The recirculating and exhaust ducts are located on the oven top, sides or deck, depending on the location of the heated air supply ducts. The auxiliary exhaust fans exhaust about 1/3 of the air, circulating in the system, to the outer air. Conveyor type ovens have no doors, but openings through which the conveyor belts pass. Conveyor ovens have access doors in sides, top or bottom. The ovens may rest on floor, columns or may be suspended from overhead supports.

Controls: The automatic combustion control system which enables the oven to operate safely and automatically consists of the following: Two Low-Vac switches, one connected to the suction side of the auxiliary exhaust fan and the other connected to the recirculating exhaust fan. A main gas line normally closed solenoid valves. Two gas lines normally closed solenoid valves. A high voltage ignition transformer. An indicating temperature control and a high temperature cutout. A combustion controller and fire screen actuated limit switch.

The above listed controls are so interlocked with the gas supply lines that when the gas is flowing, the fans are in operation and the fire screen is in place. Provision is made to permit the operation of the fans when the gas supply is off. Should the pilot light flame be extinguished, the pilot gas solenoid valve will close as well as the main gas line and the pilot gas line will close, shutting down the oven. An auxiliary manual gas shut-off valve is located at a minimum distance of 25'-0" from the oven.

Inspection and Test

The oven was inspected by Asst. Engr. J. A. Darts, Committee on Test, at 225 42nd Street, Brooklyn, New York. The oven operated as designed and controls operated as required.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the appliance known as the Manhattan Gas Fired Industrial Paint Drying Oven for use in New York City when constructed as herein described and installed in accordance with the requirements of the Paint Spraying Rules of the Board on condition that each oven bear a label, permanently affixed, reading: "Approved by the Board of

885-56-SA

APPLICANT—Dualheet Inc., owner.
SUBJECT—Application December 19, 1956—Dualheet Paint Heater, Model 125, approval of.

APPEARANCES—

For Applicant: N. A. Arvins.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 885-56-SA.

Subject: Dualheet Paint Heater Model 125.

A. A. Arvintz for Dualheet Inc., Cleveland, Ohio filed December 19, 1956 an application with the Board of Standards and Appeals for approval of the appliance known as the Dualheet Paint Heater Model 125, under the provisions of the Paint Spraying Rules of the Board.

Purpose

The appliance is intended to preheat paint being fed to paint spray guns.

Description

The paint preheater is a unit 3 inches in diameter by 11 inches long and is powered by one 1250 watt Calrod tubular element which is cast into an aluminum casting; this casting serves the purpose of transferring heat from the element to the paint. The shell also encloses the paint tract which is also cast into the same casing, this tract is mounted on a fitting which screws into the paint tract cavity, the opening of which is located at the bottom of the paint heater. At the top of the paint heater is mounted an Underwriters Laboratory Approved explosion proof junction box which forms the thermostat and wire terminal closure. The thermostat is fastened to the aluminum casting and this thermostat which is designed to control the heat of the casting is mounted within the junction box. As the paint preheater is designed to operate at a maximum temperature of 165 degrees F and a fusible link is placed within the junction box which will melt out if the temperature is excessive or if the thermostat should fail while in the "On" position.

Paint is delivered to the heater by means of a pressurized vessel and paint hose. Paint hose is connected from the spray gun to the paint heater thus making one continuous passage of paint from the vessel to the gun. The preheater heats the paint in its travel through the preheater to the gun. An air tract is also placed in the same casting which houses the paint tract thereby heating both paint and air. This gives the choice of using the air tract to heat atomizing air or to use this heated air to heat an ambient in which the paint hose from the heater to the gun is placed. This ambient can be created by the paint hose being placed within a rubber tube.

Inspection and Test

The preheater was tested at 123 DeKalb Ave., Brooklyn, N. Y., by Ass't. Engr. J. A. Darts. The appliance functioned as designed.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Dualheet Paint Heater, Model 125 for use in New York City when constructed as herein described and operated in accordance with the Paint Spraying Rules of the Board on condition that the appliance bear a label permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 885-56-SA."

REPORT OF COMMITTEE ON TEST

Re: Calendar No. 4-57-SA.

Subject: Power-Pak Packaged Steam or Hot Water Generator—Gas Fired—Model 2.

Orr and Sembower Inc., Reading, Penn., owner-manufacturer, filed October 25, 1956 an application with the Board of Standards and Appeals for approval of the Power-Pak Packaged Steam or Hot Water Generator—Gas Fired—Model 2, for use in New York City under the provisions of C26-191.0 and Article 12 Administrative Building Code.

Purpose

Gas fired steam or hot water generators for industrial and commercial use.

Description

The Power-Pak is a completely assembled packaged boiler consisting of the pressure vessel, gas burner, blower, combustion safeguard and standard limit controls.

The unit has water cooled sides, rear and bottom. The pressure vessel is a steel plate boiler consisting of a large combustion tube and one pass of fire tubes. The combustion tube is partially refractory lined on ends and sides. The pressure vessel is designed and constructed in accordance with the ASME pressure code for operating pressures of 15 psig. steam and 30 psig. hot water. The pressure vessel is equipped with the necessary relief valves, water column connections, feed connections, blow down connections and gauge connections.

The Power-Pak is equipped with a forced draft blower and a premix type gas burner designed for low gas pressures with gas pilot ignition. An electronic combustion safeguard—photocell—is provided as standard equipment.

The burner operation is controlled through the use of an integrally mounted high limit control—pressure on steam units, temperature on hot water units—low water cutoff control, flame failure control and air fuel interlock.

MINUTES

The firing rates for the various Power-Paks are as follows:

Boiler HP.	Gas Firing Rate CF/hr 1000Btu/cu.ft.
8	357
15	669
20	893
25	1116

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

The model 2 gas fired Power-Pak boilers have been tested and approved by the Underwriters Laboratories under file MP 1434.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Power-Pak Packaged Steam or Hot Water Generator—Gas Fired—Model 2 when installed in accordance with this report and Article 12 Administrative Building Code provided that all electrical work will conform to the Electrical Code of the City of New York and further that each unit shall bear a label, permanently affixed reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar No. 41-57-SA."

Subject: Power-Pak Packaged Steam or Hot Water Generator (oil-fired) Model 2.

Orr and Sembower Inc., Reading, Penn. (owner manufacturer), filed October 25, 1956 an application with the Board of Standards and Appeals for approval of the Power-Pak packaged Steam or Hot Water Generator (oil fired) Model 2, for use in New York City under the provisions of Article 12 Administrative Building Code and the Oil Burner Rules of the Board.

Purpose

Oil Fired steam or hot water generators for industrial and commercial use.

Description

The Power-Pak is a completely assembled packaged boiler consisting of the pressure vessel, oil burner, combustion safeguard and standard limit controls.

The unit has water cooled sides, rear and bottom. The pressure vessel is a steel plate boiler consisting of a large combustion tube and one pass of fire tubes. The combustion tube is partially refractory lined on ends and sides. The pressure vessel is designed and constructed in accordance with the ASME pressure code for operating pressures of 15 psig. steam and 30 psig. hot water. The pressure vessel is equipped with the necessary relief values, water column connections, feed connections, blow down connections and gauge connections.

The Power-Pak is equipped with a forced draft blower and an oil burner of the pressure atomizing type with direct electric ignition. The burner is designed for number 2 fuel oil. Either a stack switch or, as optional equipment, an electronic control is provided as a combustion safeguard.

The burner operation is controlled through the use of an integrally mounted high limit control (pressure on steam units, temperature on hot water units) low water cut-off control, flame failure control and air fuel interlock.

The firing rates for the different size Power-Paks are as follows:

Boiler H.P.	Oil Firing Rate gallons per hour
8	2.6
15	4.7
20	6.3
25	7.9

Inspection and Test

All details of construction was examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

The Model 2 oil fired Power-Pak boilers have been tested and approved by the Underwriters Laboratories under file MP 1434.

Recommendation

On the basis of the examination and the data filed by the applicant The Committee on Test recommends the approval of the Power-Pak Packaged Steam or Hot Water Generator (Oil Fired) Model 2, when installed in accordance with this report, Article 12 Administrative Building Code and the Oil Burner Rules of the Board, provided that all electrical work will conform to the Electrical Code of the City of New York and further that each unit shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals, for use in New York City under Cal. REPORT OF COMMITTEE ON TEST

Re: Cal. No. 261-57-SA.

Subject: Blue Circle Gas Fired Boiler, Models DW4, DW6, and DW8.

Dunkirk Radiator Corporation, Dunkirk, N. Y., owner-manufacturer, filed March 21, 1957 an application with the Board of Standards and Appeals for approval of the Blue Circle Gas Fired Boiler, Models DW4, DW6 and DW8 for use in New York City under the provisions of Article 12 Administrative Building Code.

Purpose

Gas fired boilers for residential and commercial hot water heating systems.

Description

These are cast iron sectional boilers with water cooled base. They are enclosed in a sheet steel housing finished in a two tone baked on enamel.

The burner is an atmospheric jet type arranged so that the flame strikes a chrome alloy flame spreader. The combustion gases pass upward between the boiler section passages to the flue collector at the top where a flue connection with draft diverter are provided.

The controls used are an automatic gas valve and transformer, safety pilot, gas pressure regulator, main shut off valve, pilot shut-off valve and high temperature limit control immersion type aquastat.

The heat input ratings of the 4, 6, 8 section boilers are as follows:

Model Number	Input Rating Btu per hour
DW 4	78,000
DW 6	115,000
DW 8	150,000

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

The Blue Circle Gas Fired Boilers have been tested and approved by the American Gas Association for natural, manufactured or mixed gas under certificates 4-1152.001-A, 4-1152.111-A and 4-1152.201A.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Blue Circle Gas-Fired Boiler, Models DW4, DW6 and DW8 for use in New York City when installed in accordance with this report and Article 12 Administrative Building Code including the clearance requirements set forth therein; all electrical work to conform to the Electrical Code of the City of New York and provided that each boiler shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 261-57-SA."

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 273-57-SA.

Subject: Toastmaster and Tropic-Aire Gas Fired Water Heaters.

McGraw-Edison Co.—Clark Division, Chicago, Illinois, filed March 25, 1957 an application with the Board of Standards and Appeals for approval of their Toastmaster and Tropic-Aire Model Gas Fired Water Heaters for use in New York City under the provisions of section C26-191.0 and Article 12, Administrative Building Code.

Purpose

Gas fired hot water heaters for domestic and commercial use designed for flue connection.

Description

The Toastmaster and Tropic-Aire gas water heaters are identical in construction and operation, the only difference being in trade name and model designation.

The units are equipped with either a galvanized steel tank or a steel tank with an interior porcelain coating designated as "glass-lined". Galvanized tank models are available in 20, 30 and 45 gallon capacities. The glass lined models in 30 and 45 gallon capacities. A magnesium rod is installed inside of all glass lined models for corrosion protection.

The tanks are encased in Fiberglass insulation and enclosed in a sheet metal jacket finished in baked enamel.

The gas burner and venturi-mixer tube are of cast iron and designed to burn upward through an internal flue. A thermostat and 100% safety pilot are used on each unit.

A draft diverter is supplied with each unit.

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

The Toastmaster models 20T, 30T, 45T and the Tropic-Aire Models T20, T30 and T45 were tested and approved by the American Gas Association for national, manufactured, mixed or liquified petroleum gas.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Toastmaster Gas Fired Models 20T, 30T, 45T and the Tropic-Aire Gas Fired Models T20, T30, T45 for use in New York City when installed in accordance with this report and Article 12 of the Administrative Building Code and provided that each heater shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 273-57-SA".

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 301-57-SA.

Subject: Toastmaster and Tropic-Aire Automatic Electric Water Heaters.

McGraw-Edison Co.—Clark Division, Chicago, Illinois, filed March 27, 1957 an application with the Board of Standards and Appeals for approval of their Toastmaster and Tropic-Aire Automatic Electric Water Heaters for use in New York City under the provisions of C26.191.0 Administrative Building Code.

Purpose

Electrical water heaters for domestic and commercial use.

Description

Toastmaster and Tropic-Aire Electric Water Heaters are similar in construction and operation. The units are equipped with either a galvanized steel tank or steel tank with interior porcelain coating designed as "gas-lined". Tanks are fitted with a water inlet and outlet, heating elements, thermostats and the necessary connecting wires. The tanks are enclosed in Fiberglas insulation and encased in a sheet metal jacket finished in baked enamel. A magnesium rod is installed inside the tanks of all glass lined models for added corrosion protection.

All units are designed for operation on 220-240 volt, 60 cycle single phase alternating current. Heating elements are applied externally to the tank and may be removed and replaced through inspection openings provided in the outer jacket. The heating elements are band type consisting of nichrome resistance wire insulated between mica strips and enclosed in a metal sheath. Units are available with one or two heating elements.

The Toastmaster and Tropic-Aire units are made with unlined tanks in a cylindrical housing with water capacities ranging from 30 to 120 gallons, with glass lined tanks they are made in 40, 50 and 82 gallon capacities. These heaters are also made as "tabletop" models which have outer casings measuring 24 by 25 inches in width and depth and 36 inches in height. They are made with water capacities of 30, 40 and 50 gallons for unlined tanks and with 40 gallons capacity for glass lined tanks.

The maximum wattage of heating elements supplied with tabletop models is 4500 watts; on 30 gallon round models it is 3500 watts. On the 40 gallon through 82 gallon round units the maximum is 4500 watts per element and the 100 and 120 gallon units have maximum of 6500 watts.

Inspection and Test

All details were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

The Toastmaster and Tropic-Aire Electric Water Heaters have been approved by the Underwriters Laboratories.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the

approval of the Toastmaster and Tropic-Aire Automatic Electric Water Heaters for use in New York City when installed in accordance with this report and the Electrical Code of the City of New York and provided that each such heater shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 301-57-SA".

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper 4

Negative: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 412-57-SM.

Subject: National Screw and Manufacturing Co., High Strength Structural Bolts.

The National Screw and Manufacturing Co., Cleveland, Ohio filed May 14, 1957 an application with the Board of Standards and Appeals for approval of the material known as National Screw and Manufacturing Co. High Strength Structural Bolts under the provisions of C26-322.0, C26-368.0, C26-520.0 and C26-521.0 Administrative Building Code.

Purpose

The material is a bolt for fastening structural steel.

Description

The bolts, nuts and washers are manufactured in conformity with the requirements of the Specification of Quenched and Tempered Steel Bolts and Studs with Suitable Nuts and Hardened Steel Washers (ASTM A325). The bolts are identified by marking on the top of the head with three radial lines. The chemical composition of the bolts, nuts and washers is as follows:

Chemical Composition	Bolts	Nuts	Washers
			Carburized & Tempered
Carbon	0.30 Min.		0.25 Max.
Manganese	0.30 Min.		1.00 Max.
Phosphorus	0.048 Max.	0.13 Max.	0.048 Max. 0.048 Max.
Sulfur	0.058 Max.	0.23 Max.	0.058 Max. 0.058 Max.

Inspection and Test

The material was tested in accordance with requirements of ASTM A325 and were found to comply.

MINUTES

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as National Screw and Manufacturing Co. High Strength Structural Bolts for structural steel, for use in New York City under the provisions of C26-322.0, C26-368.0, C26-520.0 and C26-521.0 Administrative Building Code as amended by Local Laws 107, 108, 109, and 110 of 1955 on condition that all bolts, studs, nuts and washers shall comply with the requirements of ASTM-A325 and further that all containers or cartons in which the material is to be marketed shall be tagged, stamped or labeled as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 412-57-SM and further that each bolt shall be identified with the marking herein described.

The Committee further recommends that when the High Strength Bolts are used in construction the following conditions shall apply:

Torque shall be sufficient to provide an average stress on the bolt at least fifteen percent in excess of the minimum required bolt tension specified in subdivision d4 of Section C26-520.0.

The parts to be bolted shall be brought tightly together by sufficient high-strength bolts used as fitting-up bolts.

Bolts shall then be installed in the remaining holes and their nuts shall be made finger tight, which shall mean tightened firmly by hand or spud wrench only, without the use of torque or impact wrenches.

After the nuts have been made finger tight, each nut shall be given one complete turn to tighten the bolt.

The fitting-up bolts shall be then loosened and the nuts thereon shall be retightened finger tight. Each nut shall then be given one complete turn.

Bolts shall not be forced into holes. Holes out of alignment shall be drilled or reamed.

Impact wrenches shall be regulated so as to produce one turn of the nut on the bolts in place, in approximately ten seconds.

The tightness of the bolts may be tested by turning the nuts one-sixteenth of a turn tighter with a torque wrench and measuring the resulting torque. The torques on the nuts shall not be less than shown in column 4 of the following table for the size of the bolt.

Sufficient bolts shall be checked to determine whether the required tightness has been obtained.

Bolt Tension and Torque Values.

1	2	3	4
Bolt Size Inches	Bolt Tension for Calibrating Wrenches lb.	Required Min. Bolt Tension Pounds	Approx. Equiv. Torque for required Min. Bolt Ten- sion pound-feet
½	12,500	10,850	90
⅝	20,000	17,250	180
¾	29,000	25,600	320
⅞	37,000	32,400	470
1	49,000	42,500	710
1⅝	58,000	50,800	960
1¾	74,000	64,500	1,350

Nuts may be tightened by calibrated wrenches in place of giving each nut one turn. In such case, wrenches shall be calibrated not less than once each day by means of an approved calibrating and tension measuring device. The wrench shall be calibrated for the tension specified for the size of bolt in Column 2 of the table.

Where threads of bolts are injured, or the bolt is damaged in any way, the bolt shall be removed and replaced.

The installation of high-strength bolts shall be supervised by a licensed professional engineer or registered architect employed by the owner and acceptable to the Commissioner, to insure that high-strength bolts are installed

according to the design and code requirements. Such acceptability shall not be unreasonably withheld. Upon the completion of the installation of the high strength bolts, the licensed engineer or registered architect shall file a statement with the department, in a manner determined by the Commissioner, that the installation of the bolts was in accordance with the requirements of the Administrative Code, and the design.

The licensed professional engineer or registered architect or his representative shall be present at all times when high strength bolts are installed. He shall observe whether the bolts are installed in compliance with the Administrative Code and this recommendation and wherever bolts do not conform to the code and he shall direct that such bolts be replaced or shall promptly report in writing such improperly installed bolts to the Borough Superintendent and the contractor.

Upon completion of the installation of the high strength bolts, the licensed professional engineer or registered architect shall file a sworn statement in affidavit form, that the bolts were installed in accordance with the requirements of the Administrative Code and of this recommendation, unless the bolts were not so installed in which case the Borough Superintendent shall be advised in writing of the manner in which the bolts were not properly installed.

Bronx, New York filed March 25, 1957 an application with the Board of Standards and Appeals for approval of the Parkline Window under the provisions of C26-1780 and Sub Article 7, Article 11 Chapter 26 Administrative Building Code when subjected to the fire and hose stream test as provided under C26-579.0 through C26-586.0 and C26-610.0 Administrative Building Code.

Purpose

The window is a ¾ hour fire resistive opening protective assembly.

MINUTES

Description

The window, 3'-0" wide by 5'-1" in height, consisted of a fixed upper sash and a operable lower sash. The lower sash is operated by a steel spring balance equipped with an approved Underwriters fusible link engaging slots in the jamb and head frame.

The frame is constructed of No. 18 gauge sheet steel with a No. 16 gauge sill and a No. 22 gauge cover box to house the spring balance mechanism.

The window is glazed with 12 lights of $\frac{1}{4}$ inch wired glass. The lights were 10 inches by $13\frac{3}{8}$ inches in size set in putty with $\frac{5}{8}$ x $\frac{5}{8}$ inch No. 18 gauge glazing beads attached to 2 by $\frac{1}{4}$ inch muntin bars with steel bolts 6 inches on center.

Inspection and Test

The window was tested at Protexol Laboratory in the presence of Asst. Eng. J. A. Darts and G. F. Sklenarik, Committee on Test. At the end of the fire test the window was subjected to a hose stream test as required.

The impact of the hose stream dislodged approximately 19% of the lights but the sash was not affected. Section C26-610.0 Administrative Building Code, requires duration of the hose stream to be 1 minute per 100 square feet of surface area. The window tested had $15\frac{1}{4}$ square feet of area which would require about 10 seconds of hose stream application. As the lights were dislodged in the final seconds of the hose stream, which was applied for 1 min., the window successfully met the requirements.

Recommendation

On the basis of the foregoing data and the inspection and test. The Committee on Test recommends the approval of the Parkline Window for use wherever a fire-resistive opening protective assembly (fire-window) is required as provided in Sub Article 7, Article 11 Chapter 26. (Protection of Exterior Openings) on condition that the window is constructed as herein described and that all inspection, labeling and other pertinent requirements of the Boards Rules for the Inspection of Opening Protective Assemblies are complied with.

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 483-57-SA.

Subject: Eureka Williams Oil-O-Matic Furnaces, Models LHO-84 and LHO-84B.

Eureka Williams Corporation of Bloomington, Illinois filed June 5, 1957 an application with the Board of Standards and Appeals for approval of the Eureka Williams Oil-O-Matic Furnaces, Models LHO-84 and LHO-84B for use in New York City under the provisions of the Oil Burner Rules of the Board.

Purpose

Oil fired warm air furnaces for residential and commercial use.

Description

The Eureka Williams Oil-O-Matic LHO-84 Furnace is a package unit made up with a gun type burner, refractory lined combustion chamber, 14 gauge steel heat exchanger, a direct driven blower fan and air filter. The blower fan has a speed adjustment.

The entire assembly is encased in a sheet steel cabinet insulated with aluminum foil faced asbestos and finished in a baked on enamel.

The burner is flange connected to the exterior of the furnace and a flue connection is provided near the top in the front panel. The burner is designed to burn No. 2 fuel oil at a rate of .75 gallon per hour.

The controls used consist of a thermostat for automatic operation, a combustion fan and limit control 200 degrees F. maximum temperature, a stack switch for shut down in case of flame failure and an automatic draft regulator.

The model LHO-84B is a similar furnace except that the blower fan is belt driven with no provision made for variable speed.

Inspection and Test

All details of construction were examined by Ass't. Engr. G. F. Sklenarik, Committee on Test.

The model LHO-84 furnace has been tested and approved by the Underwriters Laboratories under file MP-2474A.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Eureka Williams Oil-O-Matic Furnace Models LHO-84 and LHO-84B for use in New York City when installed with an approved oil burner designed for No. 2 fuel oil and with a firing rate not in excess of .75 gallon per hour and also in accordance with the Oil Burner Rules of the Board, provided that each furnace shall bear a label, permanently affixed, reading, "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 483-57-SA."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 488-57-SA.

Subject: Williams Oil-O-Matic Low Pressure Oil Burner Models K-4.5 and K-7.

Eureka Williams Corp., Bloomington, Illinois, owner-manufacturer filed June 19, 1957 an application with the Board of Standards and Appeals for approval of the Williams Oil-O-Matic Low Pressure Oil Burner Models K-4.5 and K-7 for use in New York City under the provisions of the Oil Burner Rules of the Board.

Purpose

Conversion type oil burners for furnace and boiler applications.

Description

The Williams Oil-O-Matic Low Pressure Burner is a gun type burner that operates on low oil pressure. The oil and some combustion air are mixed in the burner at the oil metering unit, forced through the oil tube and ejected through the nozzle in a fine spray. Oil nozzle opening is relatively large compared to a high pressure burner and operating pressures range from 2½ to 3 psi. Electric ignition is provided at the nozzle opening.

The burners are designed to burn No. 2 fuel oil, the K-4.5 from 2½ to 4½ gallons per hour and the K-7 from 4 to 7 gallons per hour. Both models are pedestal mounted.

These burners are to be installed with a primary safety control to shut down in case of ignition or flame failure.

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

The Williams Oil-O-Matic Low Pressure Oil Burner Models K-4.5 and K-7 were tested and approved by the Underwriters Laboratories file MP 102 and MP 1133.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends that the Williams Oil-O-Matic Low Pressure Burner, Models K-4.5 and K-7 be approved for use in New York City when installed in accordance with this report and the Oil Burner Rules of the Board provided each burner shall bear a label permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 488-57-SA."

REPORT OF COMMITTEE ON TEST

Re. Cal. No. 504-57-SA.

Subject: Eureka Williams Gas-O-Matic Furnaces, Models LHG-105, LHG-105B.

Eureka Williams Corporation, Bloomington, Illinois, filed June 6, 1957 an appliance with the Board of Standards and Appeals for approval of the Eureka Williams Gas-O-Matic Furnaces, Models LHG-105 and LHG-105B for use in New York City under the provisions of Article 12, Chapter 26, Administrative Code.

Purpose

A gas fired warm air furnace for domestic heating.

Description

The Eureka Williams Gas-O-Matic Furnaces, rated at 105,000 Btu per hour input, consist of a single large port burner with flame spreader firing into a precast refracting lined 14 gauge steel combustion chamber over which is a steel heat exchanger.

A blower compartment is provided beneath the burner section and contains a set of filters and blower motor direct connected to a centrifugal fan. The fan is adjustable for variation of speed. The LHG-105B model has a belt driven fan instead of direct drive.

The unit is factory assembled and wired and is enclosed in a sheet steel casing insulated with foil faced fibreglas and cellular asbestos. The casing is finished in a baked enamel. Removable panels are provided for access to the interior.

Controls and equipment consist of a combination main gas valve and automatic pilot valve for 100% shut off in case of flame failure, a fan and limit switch, transformer, pressure regulator and draft hood.

Inspection and Test

All details of construction were examined by Assistant Engineer G. F. Sklenarik, Committee on Test.

The LHG-105 and LHG-105B models have been tested and approved by the American Gas Association for natural, manufactured, mixed and liquefied petroleum gases.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Eureka Williams Gas-O-Matic Furnaces, Models LHG-105 and LHG-105B for use in New York City when installed in accordance with this report and the provisions of Article 12 Administrative Building Code including the clearance requirements set forth therein provided that each such furnace shall bear a label, permanently affixed, reading "Approved by the Board of Standards and

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 623-57-SM.

Subject: Straits Accordion Doors.

Fimbel Sales Co., New York, for Straits Products, Inc., Detroit, Michigan, filed June 17, 1957 an application with the Board of Standards and Appeals for approval of the Straits Accordion Door under the provisions of C26-726.0 Administrative Building Code and Section 33.3d of the Multiple Dwelling Law.

Purpose

The door is a folding partition type door.

Description

The doors are full accordion type with rust resistant frame and covered with fabric. Hinges are provided top and bottom and connected by cold rolled galvanized steel round rods, intermediate hinges are provided on all doors 7'-6" high or higher to insure positive operation of all folds. The assembled frame is supported by a roller assembly that travels on an overhead track. The trolley assembly consists of two nylon wheels, operating on cold rolled steel axles and secured in place with a double nut at base of hinges assembly.

The frame of the door is covered with Terson (approved by Board under Calendar Number 334-56-SM, October 9, 1956). The covering is attached to the frame at top and bottom by sewing a heavy webbing to the fabric and attaching thereto an automatic fastener which impinges on a special clip on the frame work.

Inspection and Test

Details of construction were examined by Assistant Engineer J. A. Darts, Committee on Test, and it was noted that the door operated as designed.

Recommendation

On the basis of the inspection and test and the data filed by the applicant, the Committee on Test recommends the

approval of the Straits Accordion Doors for use in New York City, when constructed as herein described and when the covers used are of a material described as Terson 4212 FRS-MRS (approved by the Board October 9, 1956 under Cal. No. 334-56-SM), under the provisions of C26-726.0 Administrative Building Code.

The Committee further recommends that the doors may be used in all classes of construction in locations wherein a fire resistive door is not required and also as a partition or space divider when the partition is not required to be either an hourly rated or incombustible partition as defined under C26-636.0 Administrative Building Code.

The Committee further recommends that this door may be used under the provisions of Section 33.3d of the Multiple Dwelling Law and that all doors shall bear a label permanently affixed reading "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 623-57-SM."

Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

681-57-SM

APPLICANT—Tectum Corporation, owner.

SUBJECT—Application August 14, 1957—Tectum Slabs (3 inch or more thickness) approval of.

APPEARANCES—

For Applicant: Harold Perrine.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 681-57-SM.

Subject: Tectum Slabs Nonbearing Partition.

H. Perrine for Tectum Corp., Newark, Ohio filed August 14, 1957 an application with the Board of Standards and Appeals for approval of the material known as Tectum Slabs, non bearing partition under the provisions of C26-633.0 Administrative Building Code.

Purpose

The material is to be used as three hour fire resistive non-load bearing partition.

Description

The material, Tectum, is made of wood excelsior coated and cemented together with a binder to form slabs with faces and ends flat and parallel and the edges formed with tongue and groove.

The plank is then plastered with perlite gypsum plaster.

Inspection and Test

The partition, constructed as herein described was tested at the Underwriters Laboratories, in accordance with the re-

MINUTES

quirements of C26-591.0 and C26-592.0 Administrative Building Code.

The construction was as follows:

The slabs were installed in the test furnace and the tongue and groove points between the slabs were not sealed with mortar but the points between the slabs were covered with 4 inch wide ribbed lath and fastened on each side of the point with $\frac{3}{4}$ inch roofing nails spaced 6 inches on center. A $\frac{3}{4}$ inch three coal perlite gypsum plaster was then applied to each face of the slab. The mix of the plaster was 100 lbs. of gypsum to 3 cu. ft. of perlite.

The partition was tested at the Underwriters Laboratories and successfully met the requirements of the fire and hose stream as a three hour fire resistive non-load bearing partition. The complete report Retardant 3472, is on file with and is part of the record.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the Tectum Slab, 3 inch in thickness as a component part of a 3 hour fire resistive non load bearing partition when constructed as herein described with the joints covered by four inch wide ribbed lath and both faces protected with $\frac{3}{4}$ inch of gypsum-perlite plaster of a mix of 100 lbs. of gypsum to 3 cu. ft. of perlite for use in New York City under the provision of C26-663.0, C26-634.0, C26-634.0, C26-636, C26-637, and C26-638.0 Administrative Building Code on condition that plans filed with the Department of Buildings showing the proposed use of this construction shall be stamped "Approved by the Board of Standards and Appeals for use in New York City under Calendar No. 681-57-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 682-57-SM.

Subject: Tectum Slab 2 inch or more in thickness, incombustible non-bearing subdividing partition.

H. Perrine for Tectum Corporation, Newark, Ohio, filed August 14, 1957 an application with the Board of Standards and Appeals for approval of the material Tectum Slab, 2

inches or more in thickness, as a subdividing partition under the provision of C26-88.0 and C26-667.0.5 Administrative Building Code.

Purpose

The slabs are to be used as an incombustible subdividing partition.

Description

The material is made of wood excelsior coated and cemented together with a binder to form slabs with faces and ends flat and parallel and the edges formed with tongue and groove. The plank has been approved by the Board under Cal. No. 389-52-SM and 391-52-SM as an incombustible roof plank and as an incombustible tile. The slabs are installed in steel floor and ceiling channels. The Tectum is fastened to the channels by self tapping screws of a length suitable to penetrate the thickness of the slab.

Inspection and Test

The material was tested in accordance with the requirements of C26-88.0 Administrative Building Code and was found to be incombustible.

Recommendation

On the basis of the test and the data filed by the applicant, the Committee on Test recommends the approval of the material known as Tectum Slab, 2 inch or more in thickness, unplastered, for use as an incombustible subdividing partition under the provisions of C26-667.0.5. Administrative Building Code on condition that each carton or wrapper in which the material is marketed shall be tagged, stamped or labeled "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 682-57-SM."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,
Asst. Engr.,
GEORGE F. SKLENARIK,
Asst. Engr.,

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

683-57-SM

APPLICANT—Tectum Corporation, owner.

SUBJECT—Application August 14, 1957—Tectum Slabs $2\frac{1}{2}$ inch and more in thickness (for use in construction of composite panel, spandrel and apron walls and fire walls), approval of.

APPEARANCES—

For Applicant: Harold Perrine.

ACTION OF BOARD—Material approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 683-57-SM.

Subject: Tectum Slab $2\frac{1}{2}$ inch Minimum Thickness, composite panel, spandrel and apron wall.

MINUTES

Harold Perrine for Tectum Corp., Newark, Ohio filed August 14, 1957 an application with the Board of Standards and Appeals for approval of the material known as Tectum Slab, 2½ inches minimum thickness composite panel spandrel and apron wall under the provision of C26-230.0, C26-446.0, C26-587.0, C26-591.0, C26-592.0 and C26-631.0.6 Administrative Building Code.

Purpose

The material is to be used as the inner wythe of a composite spandrel wall.

Description

The material is the same as that approved by the Board as an incombustible tile and incombustible roof deck under Cal. 389-52-SM and 391-52-SM.

The construction of the wall is as follows:

A 5 inch by 5 foot by ¾ inch angle is firmly attached along the length of the spandrel beam and each floor, this angle acts as a shelf angle for the outer wythe. The outer wythe of brick is laid up in running bond section, six courses high. A course 2½ inches Tectum Slab, 18½ inches high is then laid on the spandrel beam with a 2¾ inch air space between the wythes of brick and Tectum Zinc alloy wall tiles, as approved by the Board, are used to bond the two wythes together and these ties are spaced one tie per 4 sq. feet of wall and spaced not further apart than 2 feet on centers along the length of the wall and are spaced not further apart than 2 feet on centers along the length of the wall and 1 foot 6½ inches on centers along the height of the wall.

The inner wythe of the wall is tied to column by means of corrugated anchors 1 inch wide by 6 inches long by ½ thick every 1 foot 6½ inches along the face of the column and the outer wythe or brick wall is also tied into the column every 1 foot 7 inches.

The inner face, or the Tectum is then plastered with sanded gypsum plaster of a mix of one part gypsum cement plaster to two parts of sand by weight to a thickness of 7/16 of an inch; a 1/16 inch finish coat is then applied giving a total plaster finish of ½ inch on the face of the Tectum. The total thickness of the wall brick, air space, Tectum and plaster is 9½ inches.

Inspection and Test

Walls, constructed as herein described, were tested at Ohio State University Laboratories in the presence of Assist. Engr. J. A. Darts in accordance with the requirements of C26-579.0 through C26-587.0 and C26-591.0 and C26-592.0 Administrative Building Code.

The first panel was tested in a position such that the brick face or outer wythes was exposed to the fire exposure, the second panel was tested so that the Tectum was exposed to the fire exposure.

Results of the test were as follows:

Panel I—The initial temperature was 72 degrees F, the average and point temperature was calculated to be 250 degrees plus 72 degrees equals 322 degrees and an individual thermocouple 397 degrees. The test was discontinued at the end of 378 minutes at which point the average temperature was 285 degrees and the highest thermocouple was 397 degrees F or the end point of the test. The maximum deflection during test was 2⅔ inches. The panel also successfully passed the hose stream test of 45 psi for 5 minutes.

Panel II—The initial temperature was 75 degrees F. The average end point temperature was calculated to be 250 degrees plus 75 degrees equals 325 degrees and any individual thermocouple 400 degrees F. The test was discontinued at the end of 240 minutes or 4 hours at which point the average temperature was 274 degrees and the highest temperature was 300 degrees F both well below the allowable maximum temperature. The maximum deflection during test

was 3.8 inches. The panel also successfully passed the hose stream test of 45 psi for 5 minutes.

A study of the temperature of the two panels at the end of 4 hours showed that the behavior of the panel whether the fire was against the brick face of the Tectum and plaster face, was practically identical.

The panels were also load tested in accordance with C26-626.0 Administrative Building Code at a load of 30 lbs. per sq. foot when the load was applied against the brick face or exterior face, the deflection was 0.048 inches, when the load was applied against the Tectum to simulate the wind load in an opposite direction, the deflection was 0.046 inches. On the spandrel wall section failure occurred at a load of 4725 lbs. or 190 lbs. per square foot.

The complete report is on file with and is part of the record.

Recommendation

On the basis of the inspection test and the data filed by the applicant, the Committee on Test recommended the approval of the Tectum Slab 2½ inch minimum thickness composite panel, spandrel and apron wall for use in New York City, when constructed as herein described, under the provisions of C26-631.0.6 Administrative Building Code on condition that all plans filed with the Department of Buildings showing the proposed use of this form of construction shall be marked as follows "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 683-57-SM."

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 859-57-SA.

Subject: American LaFrance Dry Chemical Fire Extinguishers. Models PDC-2A, PDC-5, PDC-10, PDC-20 and PDC-30.

American LaFrance Corporation, Elmira, New York, filed November 21, 1957 an application with the Board of Standards and Appeals for approval of the American LaFrance Dry Chemical Fire Extinguishers, Models: PDC-2A, PDC-5, PDC-10, PDC-20, and PDC-30 under the provisions of C26-191.0 Administrative Building Code.

Purpose

Portable fire extinguishing appliances.

Description

The American LaFrance Dry Chemical Fire Extinguishers are hand fire extinguishers employing as the extinguishing agent a finely divided dry chemical which is ejected through a nozzle or hose by means of nitrogen gas or dry air at a pressure of approximately 150 p.s.i. Both the dry chemical and expellant gas are stored in a single chamber.

The extinguishers are operated by depressing the discharge valve lever.

To recharge, dry chemical is poured into the dry chemical chamber after removal of the valve assembly which is then replaced and tightened. When the unit is to be pressurized, a special adapter is inserted into the valve outlet, the lever is depressed and nitrogen is introduced into the dry chemical chamber until the pressure gauge on the unit indicates the 190 p.s.i. charging pressure.

The Leeder Dry Chemical Extinguishers are charged with from two pounds of dry chemical up to 30 pounds of dry chemical as indicated in the model designation.

Inspection and Test

The American LaFrance Dry Chemical Extinguishers have been tested and approved by the Underwriters' Laboratories for Class B and C fires under file Ex 1897.

Recommendation

On the basis of the data submitted by the applicant, the Committee on Test finds that the American LaFrance Dry Chemical Fire Extinguishers Models PDC-2A, PDC-5, PDC-10, PDC-20 and PDC-30 conform to the requirements of the General Resolution of the Board adopted July 16, 1940 under Cal. No. 809-40-GR wherein it was resolved that, "A fire extinguisher listed as approved by the National Board of Fire Underwriters after test by the Underwriters' Laboratories, Inc., may be accepted by the Administrative officials under the Oil Burner Rules and the Administrative Code for the class or classes of fires as set forth in such approval. All such fire extinguishers for use in New York City shall bear the label of the Underwriters' Laboratories, Inc., stating "the class or classes of fire for which such fire extinguisher was so approved."

The American LaFrance Dry Chemical Fire Extinguishers Models PDC-2A, PDC-5, PDC-10, PDC-20 and PDC-30, having been so tested and approved by the Underwriters' Laboratories and bearing a label indicating such test and the class of fires for which it is suitable, is acceptable for use in the City of New York in accordance with the requirements of the rules of the Board and the Administrative Code.

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 893-57-SA.

Subject: Redi-Heater Gas Fired, Model M70.

All-Boro Gas Co. Inc., for Gramm Manufacturing Co., Toms River, N. J., owner, manufacturer filed November 1, 1957 an application with the Board of Standards and Appeals for approval of the Redi-Heater Model M70 under the provisions of C19-91.0 Administrative Code and the requirements of the Fire Department.

Purpose

A space heater intended for temporary use in the drying of concrete and plaster construction work.

Description

The Redi-Heater Model M70 is a propane burning space heater intended for temporary use in the drying of concrete and plaster construction work during cold weather. It consists of twin jet burners installed within a double shell housing assembled with a top deflector and a bottom plate. Air is free to pass between the inner and outer jackets aiding in heat circulation. The heater is mounted on three V shaped iron legs.

Each of the burners is provided with a shut off valve an safety pilot light. An automatic shut off valve is installed in the gas line near the burners.

Gas is supplied to the burners from a standard I.C.C. cylinder through a neoprene hose at a pressure not over 11 inches water column. The gas pressure is maintained by means of a preset regulator installed at the cylinder.

Inspection and Test

The model M70 heater was inspected and tested by Asst. Engr. G. F. Sklenarik, Committee on Test at the premises, 49-10 20th Avenue, Queens.

The appliance operated satisfactorily; the automatic gas valve closed in approximately 45 seconds after flame extinguishment.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Redi-Heater Model M70 for temporary use in drying concrete and plaster construction in accordance with this report and under the provisions of section C-19-91.0. Administrative Code, rule 2.7 of the Board's rules for the Erection, alteration, repair, excavation for and demolition of buildings provided that each heater shall bear a label, permanently attached, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 893-57-SA."

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Asst. Engr.,

GEORGE F. SKLENARIK,
Asst. Engr.,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

1021-57-SA

APPLICANT—Precision Heat Treating Co., for Ipsen Industries, Inc., owner.

SUBJECT—Application December 23, 1957—Endothermic Generator, Model 600G, to produce special gas suitable for proper heat treatment of steel, approval of.

APPEARANCES—

For Applicant: Jack Cohen and Leslie E. Senet.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE:

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 1021-57-SA.

Subject: Endothermic Generator, Model: G 250 E, G 500 E&G, G600 E&G, G 750 E&G, G 1250 E&G, G 1500 E&G, G 2500 E&G, and G 3000 E&G.

Ipsen Industries Inc., Rockford, Illinois, filed December 23, 1957, an application with the Board of Standards and Appeals, for approval of their Endothermic Generator, Models: G 250 E, G 500 E&G, G 600 E&G, G 750 E&G, G 1250 E&G, G 1500 E&G, G 2500 E&G, and G3000 E&G, for use in New York City, under the provisions of C-26-191.0 and C19-11.0 of the Administrative Code.

Purpose

To make a special gas for use in metal heat treating ovens.

Description

The Ipsen Generator produces a protective atmosphere gas for use in heat treating metals. Air and gas such as natural gas are drawn through flow meters and mixed together in an adjustable mixer to an exact ratio. This air-gas mixture is introduced into an insulated inconel retort which is heated electrically or by gas heat supplied from a ring type burner installed beneath the retort. The gas-air mixture is partially burned within the retort which contains a catalyst and the remaining gas mixture is reformed to the desired composition and passes from the retort through a water cooled cooler or heat exchanger and is then metered to one or more heat treating furnaces. Provision is made to burn off excess gas at the top of the generator. A Selas Five Check is installed in the piping between the gas-air blower and the retort to shut off the gas-air flow in case of a flash back.

The normal operating temperature in the retort is 1600 degrees F with some gases. This may be increased to 1850 degrees F. Control of the generator operation is accomplished by checking the dew point of the generated gases and by making any necessary adjustments in the ratio of the gas-air feed. Automatic operation continues thereafter.

Temperature control is automatic by means of a thermocouple placed through the insulating wall surrounding the retort. This thermocouple serves to control the flame of the multi-jet ring burner in the gas heated units or the flow of the multi-jet ring burner in the gas heated units or the flow of electric current in the electrically heated units wherein suitable electrodes are installed around the retort where the flue passages would be on the gas heated units.

High temperature (1950 degree F) safety fuses are installed on the electrically heated generators and will shut off power in case the normal means of temperature control should fail. The gas heated generators have automatic safety pilots at the burners.

In the model designation for the generator the suffix "G" indicates a gas heated unit, while the suffix "E" indicates an electrically heated unit. The numeral indicates the capacity of the generator in cubic feet per hour.

Inspection and Test

A typical G-600-G installation was inspected at 282 North

MINUTES

Henry Street, Brooklyn by Ass't Engr. G. F. Sklenarik, Committee on Test. Present was Mr. L. Senet, representing the applicant.

The generator functioned satisfactorily as designed.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Ipsen Endothermic Generator, Models: G625E, G500 E&G, G750 E&G, G1250 E&G, G1500 E&G, G2500 E&G, and G3000 E&G, for voluntary use in New York City, when installed in accordance with this report and the Electrical Code of the City of New York, and provided that they will be used only with approved heat treating furnaces and that all installations shall be supervised by the applicant's personnel and that the operators of such generators shall be specially trained by the applicant and further that each generator shall bear a label permanently affixed, reading: "Approved by the Board of Standards and Appeals, for use in New York City, under Calendar Number 1021-57-SA."

(Sgd.) SAMUEL L. BECKER,
Director,
JOHN A. DARTS,

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 75-58-SA.

Subject: Martin Unvented Gas Fired Room Heaters, Models C-418, C-430, C-440, 522, 528, 535, 422, 428, 435, 1205, 1116, 1120 and Martin Vented Gas Fired Heaters, Models V835, V850, V870, V935, V945, V965, V985, V715 and V720.

Martin Stamping & Stove Company, Huntsville, Alabama, filed February 11, 1958 an application with the Board of Standards and Appeals for approval of the Martin Vented and Unvented Gas Fired Heaters, Models C-418, C-430, C-440, 522, 528, 535, 422, 428, 1205, 1206, 1116, 1120, V835, V850, V870, V935, V945, V965, V985, V715 and V720 under the provisions of Article 12 Chapter 26, Administrative Code.

Purpose

Gas fired room heaters for domestic and commercial use.

Description

The Martin Unvented Heaters are floor type room heaters, consisting of porcelain finished cabinets housing cast iron raised drilled port burners. Primary air intake to burners is adjustable on all models.

The 500 series are straight convection type heaters while the 400 series and the 1205, 1206, 1116 and 1120 models have clay radiants installed just above the burner.

The C-400 series are also available with a fan assembly for forced circulation of heated air.

The characteristics of the various heaters are:

Model	No. of Radiants	Btu Rating
422	4	20,000
428	5	28,000
435	6	35,000
522	None	22,000
528	None	28,000
535	None	35,000
C-418	3	18,000
C-430	5	30,000
C-440	6	40,000
1205	5	20,000
1206	6	24,000
1116	4	16,000
1120	5	20,000

The Martin Vented Heaters are designed for flue connection to the outdoors.

The characteristics of the various vented heaters are:

Model	No. of Radiants	Btu Input
V 715	None	15,000
V 720	None	20,000
V 835	5	35,000
V 850	6	50,000
V 870	7	70,000
V 935	None	35,000
V 945	None	45,000
V 965	None	65,000
V 985	None	85,000

The V 900 models are also available with a blower fan.

Inspection and Test

All details of construction were examined by Asst. Engr. G. F. Sklenarik, Committee on Test.

All of the Martin Heaters covered in this application were tested and approved by the American Gas Association for all fired gases.

Recommendation

On the basis of the examination and the data submitted by the applicant, the Committee on Test recommends the approval of the Martin Unvented Gas Fired Room Heaters Models C-148, C-430, C-440, 522, 528, 535, 422, 528, 435, 1205, 1206, 1116, 1120 and Martin Vented Gas Fired Heaters Models V 835 V 850, V 870, V 935, V 945, V 965, V 985, V 715 and V 720 for use in New York City under the provisions of Article 12 Chapter 26 Administrative Code provided that when such heaters are thermostatically controlled, they shall be vented to outdoors and equipped with automatic safety pilots; that automatic safety pilots shall be provided on heaters used with propane gas and further that each heater shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 75-58-SA."

SUBJECT—Application March 5, 1958—Clayton Generator, Models WHO-50, 52-212, 75 and 100 (Oil-fired), approval of.

APPEARANCES—

For Applicant: Neal Ballingall.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. No. 197-58-SA

Subject: Clayton Steam Generator, Models WHO-50, 52-212, 75 and 100, Oil Fired.

The Clayton Manufacturing Company, El Monte, California, filed March 5, 1958 an application with the Board of Standards and Appeals for approval of the Clayton Steam Generator, Models WHO-50, 52-212, 75 and 100 for use in New York City under the provision of the Oil Burner Rules of the Board.

Purpose

Oil fired steam generators for industrial use.

Description

The Clayton Steam Generators are forced decirculating types intended primarily for industrial use to supply process steam or hot water. They are of the quick steam type in which water is forced through a heating coil. This coil is heated by means of an oil burner of the high pressure type firing upward through dual nozzles. The steam generated in the coil is separated from the water in an accumulator and the excess water mixed with feedwater is recirculated through the coil by a pump. The generators are designed in accordance with the requirements of the ASME High Pressure Steam Boiler Code, including the required safety devices.

The generators are protected with low water cut-outs and steam pressure-stat and relief valve. A photo-electric cell is used as an electronic flame control for the burner.

The burners will burn No. 4, 5 or 6 fuel oil. An approved electric preheater with oil temperature interlock is used in the system when No. 4 or 5 oil is burned and in addition an approved steam preheater is used when No. 6 oil is burned.

The firing rates for the various models are:

Models	Gallons per hour (dual nozzles)
WHO-50	15
52-212	13.5
75	23
100	30

All generators operate automatically in response to steam requirements firing on one or both burners in accordance with demand.

Inspection and Test

A typical Clayton Steam Generator installation was inspected at the Etco Knit Goods Processing Co., 24 Montrose Avenue, Brooklyn, by Asst. Engr. G. F. Sklenarik.

These generators have been tested and are listed by the Underwriters' Laboratories. They are similar to the generators previously approved by the Board under Calendar Number 424-45-SA.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test, recommends the approval of the Clayton Steam Generator Models WHO-50, 52-212, 75 and 100 for use in New York City in accordance with this report and the Oil Burner Rules of the Board, provided approved preheaters will be used with the equipment and further provided that each generator shall bear a label, permanently affixed, reading: "Approved by the Board of Standards and Appeals for use in New York City, under Calendar Number 197-58-SA."

361-22-A—Vol. II

APPLICANT—Brooklyn Borough Gas Company, owner.
SUBJECT—Application reopened May 20, 1958 as Vol. II—Appeal from orders and a decision of the Fire Commissioner, re foam extinguishing system.

PREMISES AFFECTED—873 Neptune Avenue, north side, 146.90 feet east of West 12th Street, Block 7247, Lots 22, 100, 106, 114, 122, 265 and 320, Borough of Brooklyn.

APPEARANCES—

For Applicant: A. Lee Aliack.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, Order Number 7951-7 was issued by the Fire Commissioner, December 30, 1957, reads:

"Inspectors of this department report that hazardous conditions were found to exist at the above premises. Kindly notify this office when these conditions have been corrected, so that premises may be re-inspected.

1. *Provide a steam extinguishing system as per Resolution 361-22-A.*"

and

WHEREAS, the decision of the Fire Commissioner dated April 16, 1958, reads:

"This will acknowledge receipt of your communication of April 16, 1958 with respect to order No. 7951-7 affecting above mentioned premises.

You will please be advised that the Fire Commissioner is without authority to grant extension of time, therefore, your request must be denied.

You may consider this as a basis for an appeal if you decide to file an application with the Board of Standards and Appeals, Room 1015, Municipal Building, Manhattan within 30 days from above mentioned date."

and

WHEREAS, the applicant states that the premises consist of a plot fronting 600 feet on Neptune Avenue and 900 feet in depth on which the existing 23 foot 5 inch high 54 feet diameter tank is located; that it is used for the storage of gas oil pursuant to permission granted by the Board May 2, 1922 under Calendar Number 361-22-A, Volume I; and

WHEREAS, the applicant states that the plant in which the existing steam extinguishing system is installed, discontinued daily operations in 1951 and was converted to standby operation, for use only for brief periods during the winter season for peak load requirements; that due to the change in plant operation resulting from natural gas being received and the need for daily continuous manufacturing of gas at this plant ceased; that due to these changes the present practice for boiler plant operation is to operate only during severe cold weather; that under such conditions steam is not available for fire protection purposes during most of the year; and

WHEREAS, the applicant states that upon recommendation of the Fire Department the outlets of the foam generators were manifolded in such a manner to give flexibility so that any or all generators can be used on any or all tanks; that at the present time each tank is piped from its own individual generator; that a new connection has been installed in the existing water line at the foam generator house for use

by the Fire Department in the event additional water pressure is required; that the existing foam generators are fed by city water pressure, connected to two independent city mains, coming into the plant at an average pressure of approximately 50 lbs. per square inch; that a new 4 inch high pressure water line from the city main will be installed and connected to the discharge of a motor driven high pressure pump; and

WHEREAS, the applicant contends that a review of the Fire Department System for oil storage tanks of other utilities within the City, indicates that foam equipment is being adequate without the steam blanketing equipment; that in no case are both fire, foam and steam used in any installation; that if steam were used in conjunction with foam it would have a tendency to dissipate and break up the foam layer thereby decreasing the efficiency of the foam in smothering the fire; that in addition there is a water tower on the premises which can be used as an additional source of water in an emergency, in the event of the failure of city supply; that this tower has a capacity of 100,000 gallons and the bottom of the tank is 90 feet above grade and will supply pressure of 40 lbs. per square inch; that this tower is connected to the yard hydrant system and is available at a moments notice; and

WHEREAS, the applicant contends that the installation of steam smothering system would serve no useful purpose, would be discriminatory against the Company, and would not be necessary as the present foam system is an example to the Fire Department; that it is therefore requested that the Board modify Item I of the Fire Commissioner's Order so as to permit the Company to abandon the steam line as proposed, with the understanding that the foam system will otherwise comply with the requirements of the Fire Commissioner; and

WHEREAS, the Board found that the existing foam fire extinguishing system as permitted by resolution adopted under calendar 361-22-A, Vol. I on May 22, 1922 should be conformed with changes since completed.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 2, 1922, so that as *amended* the resolution shall read:

"*Resolved*, that the decision of the Fire Commissioner, acting on Order #7951-7 dated December 30, 1957, and the decision of the Fire Commissioner dated April 16, 1958, be and they hereby are *modified* that the appeal be and it hereby is *granted on condition* that a fire protective system in the nature of fire foam shall be installed and that the tank be enclosed with reinforced concrete dike walls in an enclosure so formed as to have a capacity sufficient to contain half the contents of the tank; and that such system shall be maintained to the satisfaction of the Fire Commissioner."

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

Adjourned 5:55 P.M.

JOSEPH J. DOYLE, Chief Clerk.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication of this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying property owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

APPEALS AS TO MULTIPLE DWELLINGS

The Legislature, under Chapter 333 of 1948, has clarified Section 60 of the Multiple Dwelling Law by describing the agency authorized to grant variances under this Section, so as clearly to mean in New York City—the Board of Standards and Appeals.

Chapter 508 of 1948 has also been adopted by the Legislature, amending the Multiple Dwelling Law to provide, under new Section 310, for a Board of Appeals. By description the Board of Appeals means in New York City—the Board of Standards and Appeals. Section 310 provides as follows as to appeals:

LAWS OF NEW YORK—By Authority

Chapter 508 of 1948

§ 310. Board of appeals. 1. As used in this section "board" shall mean the agency of a city constituted as a board and authorized by law both to grant variances of the zoning resolution and to make rules supplemental to laws regulating construction, maintenance, use and area of buildings.

2. Where the compliance with the strict letter of this chapter causes any practical difficulties or any unnecessary hardships the board shall have the power, on satisfactory proof at a public hearing, provided the spirit and intent of this chapter are maintained and public health, safety and welfare preserved, and substantial justice done, to vary or modify any provision or requirement of this chapter, or any rule, regulation, supplementary regulation, ruling or order of the department with respect to the provisions of this chapter, as follows:

a. For multiple dwellings and buildings existing on July first, nineteen hundred forty-eight, provisions relating to:

- (1) Height and bulk;
- (2) Required open spaces;
- (3) Minimum dimensions of yards or courts; or
- (4) Means of egress.

b. For multiple dwellings and buildings erected or to be erected after July first, nineteen hundred forty-eight, and

such dwellings thereafter altered or to be altered, provisions relating to:

- (1) Required open spaces; or
- (2) Minimum dimensions of yards or courts.

Variations or modifications may be granted pursuant to this paragraph b only on condition that open areas for light and air are provided which are at least equivalent in area to those required by the applicable provisions of this chapter.

3. An application for such a variance or modification may be made by any person aggrieved or by the head of any public agency, within such time and under such procedure, conditions and rules as may be prescribed by the board. The board shall fix a reasonable time for the hearing of an application and shall require that due notice be given of the time and place of such hearing to the applicant and to the department. Any person or a duly authorized representative of any public agency may appear at any such hearing and be heard on any such application.

4. In every case the board shall state the reason or reasons for its decision. All decisions of the board shall be subject to review in the same manner as is provided by law for review of decisions of such board respecting variances of the zoning resolution.

5. A record of all decisions of the board, indexed according to the section or sections of this chapter affected thereby, shall be kept in the office of the board. Such record shall be open to public inspection at all times during business hours.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed by measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stacks, pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

BOARD OF STANDARDS AND APPEALS

HARRIS H. MURDOCK, Chairman

SEAN P. KEATING, Vice Chairman

EDWIN W. KLEINERT

MAX H. FOLEY

HAROLD R. SLEEPER

SAMUEL L. BECKER, Director

JOSEPH J. DOYLE, Chief Clerk

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

PUBLIC HEARINGS

Tuesdays at 10 a.m. and 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building, Borough of Manhattan.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, Chairman.

Negative: 0

THE RESOLUTION—

WHEREAS, on April 10, 1934, as amended to March 2, 1948, this application was granted by the Board on certain conditions, under Sections 7e and 21 of the Zoning Resolution, to permit in a business use district the extension of an existing garage for more than five motor vehicles of the pleasure type, and fifteen trucks in the ownership and control of the owner, granted by the Board under Cal. No. 304-30-BZ; Resolution amended to include storage of more than five trucks by a trucking concern for a term of five years, affecting premises 50-56 Downing Street and 214-218 West Houston Street, north side, 159 feet 6¾ inches east of Varick Street, Block 528, Lots 13, 28, 29, 30 and 31, Borough of Manhattan; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance for a period of years ending May 14, 1963, which had expired by time limitation March 2, 1958; and

WHEREAS, this application was reopened on June 17, 1958 and set for hearing on July 22, 1958 at 10 A. M., subject to regular procedure, waiving all requirements except a new decision of the Borough Superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the Borough Superintendent, dated May 28, 1958 acting on Alt. Applic. No. 268-33, reads:

"Application for a Certificate of Occupancy to supersede C. O. #34275 is denied as the term of variance granted by the Board of Standards & Appeals under Cal. #116-33-BZ has expired (March 2, 1958).

Refer back to the Board for an extension of the variance." and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board, and

WHEREAS, the Board found that extension of the variance should be granted for continuation of the same use.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 10, 1934, as thereafter amended by resolutions adopted through March 2, 1948, only insofar as it has reference to the term of the variance so that as amended this portion of the resolution shall read:

"granted under Section 7e for a term of ten years from the date of this amended resolution; and that all permits shall be obtained and all work completed within the six months from the date of this amended resolution and that a new certificate of occupancy shall be obtained."

Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 21, 1958 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Nereid Avenue are in a residence use, C area, class 1 height district; Baychester Avenue and Edson Avenue are in a residence use, C and D area, class 1 height district; Pitman Avenue is in a residence use, D area, class 1 height district; that on July 25, 1916 Nereid Avenue was in a business use district; that Baychester Avenue, south of Nereid Avenue, was in a residence use district, but north of Nereid Avenue the zone designation was business; that on October 28, 1926 the business use was extended along Baychester Avenue as far south as Bussing Avenue; that on January 20, 1927 this business use was further extended southward for its entire length and remained in this condition until July 25, 1957 when it was rezoned for residence use, its present designation; that there is no petition pending at the present time for any change in zoning; and

WHEREAS, the decision of the Borough Superintendent, dated December 20, 1957 acting on N.B. Applic. No. 1529-57, reads:

"1. The proposed use and occupancy of the lot in a residential use district as stores and storage of beer and soda, loading and unloading and parking of patrons cars is contrary to Article II Section 3 of the Zoning Resolution.

2. The proposed curb cut in a residential use district for commercial use is contrary to Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 90 feet frontage by 100 feet in depth, presently vacant; that it is proposed to use the premises for the erection and maintenance of a one story structure, to be used as two stores and storage space for the retail sale, storage and distribution of beer and soda; and

WHEREAS, the applicant states that the owners of the subject premises have been in the business of retail sale and distribution of beer and soda during the past ten years in their present quarters at 4642 Garden Place, The Bronx, which is a short distance away from the subject site; that they have been carrying this business under the firm name and title of Wakefield Beer Distributors; that they need larger quarters for an expanding business, which is not available in their present location which they rent, and do not own; that because of restricted space and the poor business location on Garden Place; they decided to purchase some available property in the neighborhood that would serve their own needs, as well as their customers' needs; that they made diligent inquiries before purchase as to whether the subject site was suitable for the purposes in-

tended; that the site was located, at the time they negotiated for its purchase and when they took title, in a business use district, so that there was no objection to location insofar as the Zoning Resolution was concerned, nor did they know that any application for change of zone was pending, otherwise they would not have bought this property; that the owners took title to the property on May 8, 1957, and on July 25, 1957, nearly three months later, the use district designation was changed from business to residence; that they were thus stopped from using the property for the purposes intended, except through an application to this Board; and

WHEREAS, the applicant further states that the area surrounding the site, particularly along Baychester Avenue, consists of vacant and undeveloped land; that the entire block front along Baychester Avenue is vacant; that except for the subject site, lot No. 1 in block 5094 and lots 35 and 36 in block 5057, the City of New York owns the entire frontage on Baychester Avenue, both sides of the avenue; that the City also owns lot 8 in block 5093, lot 6 in block 5094, lot 34 in block 5056 which adjoins the subject site at the rear, and lot 39 in block 5057, all corner lots; that even the subject site was at one time owned by the City before it was sold at a tax sale to one Frances Miller, who later sold it to the Don Maxim Holding Co. Inc.; that the present owners acquired it from this company; that the area to the east and to the west along DeReimer, Edson and Grace Avenues is residential; and

WHEREAS, the applicant contends that the owners have suffered a severe hardship in the purchase of this property, which was done in good faith; that they cannot use it for any conceivable conforming use; that both Baychester and Nereid Avenues are busily trafficked highways, particularly Baychester Avenue; that it is 100 feet wide and runs in a straight line from northern Bronx and Westchester directly into Boston Road and the new Thruway; that with the opening of The New England Thruway, it will become an important link in the chain of feeder lines serving the Thruway; that auto traffic will greatly increase, making it very undesirable for development for residential purposes; and

WHEREAS, the applicant states that the present owners have held title to the property since May 8, 1957 and that the assessed valuation of land is \$9,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on NB App. 1529-57, Objection No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

426-57-BZ

APPLICANT—Patrick D. Concagh, for Moschella Homes, Inc., owner.

SUBJECT—Application June 6, 1957—decision of the Borough Superintendent, under sections 7e and 21 of the Zoning Resolution, to permit in a residence use, "D-1" area district, the erection of a one story class 3 building to be used for eight (8) retail stores and occupying more than the permitted area.

PREMISES AFFECTED—2509-2519 Eastchester Road, west side, 100 feet north of Mace Avenue, Block 4480, Lot 78, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

ACTION OF BOARD—Application denied. THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Vice Chairman Keating,
Commissioner Kleinert, Commissioner Foley and
Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on December 3, 1957 after due notice by publication in the Bulletin; and laid over to December 10, 1957 at 10 A. M. for inspection and decision; hearing closed; then for a date to be determined; then on December 17, 1957 application was withdrawn; and

WHEREAS, this application was reopened, subject to regular procedure, having been withdrawn at the suggestion of the Board on December 17, 1957 as amended by Resolution adopted May 6, 1958, correcting the action of the Board of March 18, 1958 as follows:

“Resolved, that the Board of Standards and Appeals does hereby correct the resolution adopted by the Board on March 18, 1958, so that as corrected the action of the Board shall read as follows:

‘1. Application reopened subject to the regular procedure waiving the requirement for plans and photographs unless there have been changes in the area; and

‘2. requiring new decision of the Borough Superintendent; and that the list of owners is to be checked as to any changes that may have occurred since the previous filing.’”

and

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site is in a residence use, D-1 area, class ½ height district; that on July 25, 1916 Eastchester Road for 100 feet in depth was placed in a business use district; that the area and height district designations were C and class 1 respectively; that on July 20, 1942 the height district designation was changed to class ½, its present designation; that on July 17, 1947 Eastchester Road, on both sides of the street, was changed to residence use, with the exception of the four corners at the intersection of Mace Avenue, which were zoned for local retail use to a depth of 100 feet by 100 feet; that on this same date, the area designation was changed from C to D-1, the present designation; that subsequently, on April 29, 1954 the local retail district was extended southward along the easterly side of Eastchester Road from Mace Avenue to within 200 feet of Waring Avenue to a depth of 200 feet; and

WHEREAS, the decision of the Borough Superintendent, dated May 28, 1958 acting on N.B. Applic. No. 575-57, reads:

“1. Proposed construction for stores and storage in a residence use district is contrary to Art. II Sect. 3 of the Z.R.

“2. In a D-1 district, area coverage over 45% of the area of the lot is contrary to Art. IV Sect. 14-A of the Z.R.”

and

WHEREAS, the applicant states that the premises consist of a plot, 104.23 feet frontage by 100 feet in depth, the rear lot line being 92.01 feet in width; that it is proposed to erect a one story concrete block and brick building containing eight stores; that the proposed building will be 104.23 feet in street frontage by 60 feet in depth; that the open unoccupied space at the rear, which will serve as a yard, will be 40 feet in depth; and

WHEREAS, the applicant states that the subject site is situated alongside a building containing several retail stores; that the last of these stores, which adjoins the site, is occupied by a bar and grill; that north and south of Mace Avenue, both sides of Eastchester Road are developed with

a number of retail stores, about 25 or more, which include such businesses as drug stores, barber shops, restaurants and a bar and grill; that a supermarket operates directly across the street from the site; that except for these stores, the surrounding area is residential; that a bus line operates along Eastchester Road; that this is the shopping center for the area and serves the needs of the large residential community to the east and to the west of Eastchester Road; and

WHEREAS, the applicant contends that the proposed use cannot possibly affect any adjoining properties, since the adjoining plot to the south is developed with uses similar to the use proposed; that the store next to the site is occupied by a bar and grill, and in fact, on both sides of the street, for a considerable distance southward, the area is developed with stores; that the extension of the local retail zone in 1954 is a recognition by the City Planning Commission that Eastchester Road at this point is fast developing into a retail district; that the owner has given considerable thought to the development of this plot; that a conforming use would be economically unrealistic; that this is due to its close proximity to business uses and particularly to the bar and grill next door, which makes it undesirable for residence use; that also, the present high costs of building construction and the difficulty of financing such a project makes such a proposal impractical, if not impossible; that therefore, the zoning of the site for residential use, alongside of business uses which exist right up to his lot line, poses a problem for the owner and inflicts a serious hardship upon him due to the application of the Zoning Resolution; and

WHEREAS, the applicant states that the area of the plot is 9,812 square feet and the permissive coverage is therefore 4,415.40 square feet; that the proposed building will occupy approximately 6,037 square feet, or an excess of 1,622 square feet over that which is permitted under Section 17A of the Zoning Resolution; that the building will extend for a distance of 60 feet towards the rear of the lot, leaving a yard space of 40 feet, which is ample to provide sufficient light and ventilation; that this encroachment towards the rear of approximately 15 feet is necessary in order to provide sufficient and usable space for prospective tenants, who otherwise would be disinclined to rent; that the building as designed, will provide an attractive appearance to the neighborhood and thus act as a buffer for the residential area to the north; and

WHEREAS, the applicant states that the present owner has held title to the property since January 10, 1956 and that the assessed valuation of land is \$8,600; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommends that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution and was therefore not entitled to relief on the ground of practical difficulty or unnecessary hardship.

Resolved, that the decision of the Borough Superintendent, acting on N.B. Applic. #575/57, Objection Nos. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

756-57-BZ

APPLICANT—Paul Friedman, for Mary Falco, owner.
SUBJECT—Application October 23, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit for a term of (15) fifteen years in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs with hand tools only, office, sale and storage of auto accessories.

PREMISES AFFECTED—132-140 East 107th Street and 1710-1712 Lexington Avenue, southwest corner, Block 1634, Lot 158, Borough of Manhattan.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Lexington Avenue are in a local retail use, B area, class 1½ height district; East 107th Street and East 106th Street are in business and local retail use, B area, class 1½ height districts; Park Avenue is in a business use, B area, class 1½ height district; that as of July 25, 1916 the premises was zoned as a business use district, a class 1½ height district and a B area district; that on June 15, 1956 the business use district designation was changed to a local retail use district designation; that the height and area district designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the decision of the Borough Superintendent, dated October 10, 1957 acting on N.B. Applic. No. 109-57, reads:

"1. In a Local Retail use district the proposed gasoline service station, lubritorium, minor repairs with hand tools only, office, sales and storage of auto accessories, is contrary to Article II Section 4c of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 34 feet 3 inches in depth, presently developed with a one story dining car erected in 1952, for which Certificate of Occupancy No. 40430 was issued on November 6, 1952; that there are also two billboard signs erected on the wall of the adjoining building—block 1634, lot 157—with a platform for illumination of these signs, which platform and signs extend over the subject premises; that there are no records in the Department of Buildings to indicate approval for this sign use; that it is proposed to remove the existing dining car and illumination platform and billboard signs, and to erect and maintain for a stated term of fifteen years, a gasoline service station, lubritorium, minor repairs with hand tools only, office, sales and storage of auto accessories; and

WHEREAS, the applicant contends that there is no economic demand for the development of the subject premises for a conforming local retail or residential use; that efforts to sell, lease or develop the property for a conforming use have failed to produce a use that would yield a reasonable return on the investment, now or in the foreseeable future; that there is an economic demand for the development of the premises for a gas station, and the property, although small, is highly desirable for use as proposed; that a grant of the instant application would have no adverse effect upon nearby properties, and it would provide more light and ventilation to nearby properties than if the property were developed with conforming buildings; that a grant would safeguard, rather than jeopardize pedestrian and automobile traffic safety; that being essentially an open lot use, it would provide better visibility at the intersection to pedestrians and motorists; that by the elimination of curb parking near the intersection, it would protect pedestrians crossing streets; and

WHEREAS, the applicant states that the present owner has held title to the property since February 1, 1951; that the assessed valuation of land is \$15,500 and of the building \$4,000 making a total of \$19,500; that the building was erected in 1952; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and uses lawfully accessory thereto substantially as proposed and as indicated on plans filed with this application marked "Received October 23, 1957", 4 sheets, and "March 28, 1958", one sheet, *on condition* that all buildings and uses on the premises shall be removed and the premises shall be graded to the grade of Lexington Avenue and East 107th Street and shall be arranged and constructed as indicated on the plans above cited; that the accessory building shall comply with the requirements of the Building Code and shall have no cellar and shall be of the design and arrangement as indicated on such plans and shall be faced with face brick on all exposed sides; that pumps shall be of a low approved type erected where shown and not less than the distance as indicated on such plans; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that along the lot line wall to the south there shall be a planting area against the adjoining three-story masonry building not less than three feet in width with protective curbing to a height of not less than twelve inches; that curb cuts shall be restricted to one curb cut to Lexington Avenue not over 25 feet in width and two curb cuts to East 107th Street not over 20 feet in width each, where shown, with no portion of any curb cut nearer than five feet to a lot line as prolonged; that at the intersection there shall be erected a block of concrete extending for a distance of five feet in either direction from the intersection and not less than twelve inches in height; that the balance of the premises where not occupied by accessory building and pumps shall be surfaced with concrete or asphaltic pavement; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs and advertising devices but permitting the erection of one post standard at the intersection, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to Lexington Avenue for a distance of not more than four feet beyond the building line; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that under Section 7i there may be, for a similar term, repairing carried on solely within the accessory building with hand tools only for adjustments; that the platform on the adjoining building and signs above shall be removed; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall require; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

938-57-BZ

APPLICANT—Leonard F. Rothkrug, for Bel-Harb Corporation, owner.

SUBJECT—Application December 19, 1957—decision of the Borough Superintendent, under section 21 of the Zoning Resolution, to permit in an "E-1" area district, an increase in the number of apartments in an existing five story multiple dwelling from 38 to 43, the additional apartments are to be part of the basement reconstruction.

PREMISES AFFECTED—123-11 Rockaway Beach Boulevard, southeast corner of Beach 124th Street, Block 763, Lot 1, Belle Harbor, Borough of Queens.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Rockaway Beach Boulevard, Beach 124th Street and Beach 123rd Street are in a residence use, E-1 area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 9, 1957 acting on Alt. Applic. No. 2208-57, reads:

"1M—Proposed alteration to increase the number of dwelling units within an existing Multiple Dwelling located in an E-1 zone is contrary to Art. IV, Sec. 15A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 100 feet in depth, on which is located a five story multiple dwelling erected under N.B. Applic. No. 11599-27 and used and occupied as a multiple dwelling in accordance with Certificate of Occupancy No. 38052 issued October 2, 1928; that it is proposed to increase the number of apartments within the envelope of the existing building; and

WHEREAS, the applicant further states that the premises is in an E-1 area district, and the Zoning Resolution provides that in an E-1 area district no dwelling shall be altered other than for occupancy by a single family or by two families; that in view of the fact that the multiple dwelling was erected prior to the time the premises was rezoned into E-1, then it may be maintained as a prior existing non-conforming building; and

WHEREAS, the applicant contends that it is not proposed to extend the building in either height or area; that the exterior of the building will not be altered; that the area district regulations were enacted for the purpose of regulating the area of yards, courts and other open spaces for buildings erected after the effective date of the Zoning Regulations; that since it is proposed to increase the number of dwelling units within the existing envelope of the building, there will therefore be no diminution of the area of yards, courts and other open spaces; that all existing yards, courts and other open spaces will be maintained without any change whatsoever; that a grant of the variance will not adversely affect any of the surrounding property owners; that the building is not proposed to be enlarged or increased in height or area; that there will be no loss to adjoining property owners of any light, air or ventilation; that this entire neighborhood was almost completely developed prior to the E-1 zoning; and

WHEREAS, the applicant states that the present owner has held title to the property since June 21, 1957; that the assessed valuation of land is \$27,000 and of the building \$108,000 making a total of \$135,000; that the building was erected in 1928; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 21,

to permit the proposed alteration of the building, as indicated on plans filed with this application, marked "Received December 19, 1957", 1 sheet, and "June 12, 1958", 7 sheets, on condition that such work shall be carried out as proposed and as would be permitted if the area were zoned for E instead of E-1; that the work shall be in compliance with the multiple dwelling law and the Building Code; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

940-57-BZ

APPLICANT—Leonard F. Rothkrug and Herbst and Rusciano, for Frank Letizia, doing business as Rainbow Beverage Co., owner.

SUBJECT—Application December 19, 1957—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, the construction and maintenance of a soda bottling factory for a term of twenty (20) years.

PREMISES AFFECTED—2254 Light Street and 3787 Merritt Avenue, southwest corner, Block 4951, Lot 47, Borough of The Bronx.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Light Street, Merritt Avenue, Rombouts Avenue and Connor Street are in a residence use, A area, class 1½ height district; that on July 25, 1916 the premises was in an unrestricted use district and was rezoned to its present designation on October 29, 1951; and

WHEREAS, the decision of the Borough Superintendent, dated December 13, 1957 acting on N.B. Applic. No. 1359-57, reads:

"1. The proposed manufacturing building in a residence use district is contrary to Article II Sec. 3 of the Zoning Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 feet frontage by 100 feet in depth, presently vacant; that it is proposed to construct a one story building, 50 feet by 100 feet in area, to be occupied by the owner as a soda bottling factory; and

WHEREAS, the applicant states that the owner presently conducts business under the trade name of Rainbow Beverage Company and has been in business at 2240 Light Street, Block 4951, Lot 41, within this tax block since 1939; that he proposes to maintain his present building principally for storage use and to construct the new one story building proposed herein, for soda bottling use; that these premises and the entire surrounding area was in an unrestricted use when the Zoning Maps became effective on July 25, 1916; that similarly these premises and the entire area was zoned unrestricted when this owner first went into business at 2240 Light Street in 1939; that the zoning change became effective in 1951, so that at any time prior to that date, the proposed use would have been a conforming use; that similarly, the existing use at the present nearby location is a legal non-conforming use since it was legally established prior to the change of zone; that the zoning pattern of this area, and particularly Light Street, is unusual and unique; that the north side of Light Street was rezoned from unrestricted to manufacturing, so that the premises opposite the site is

MINUTES

in a manufacturing use district and a considerable area to the east is likewise in a manufacturing use district; and

WHEREAS, the applicant contends that a grant of the variance will not adversely affect surrounding properties as this general area is not heavily developed; that in fact, Merritt Avenue is unopened and unpaved south of the site; that nevertheless, the proposed use will not adversely affect any possible new development to the south; that no loading or unloading is proposed on Merritt Avenue, and there will be no show windows or business openings along Merritt Avenue, except for a required emergency fire exit; that the existing buildings along both sides of Light Street were erected when the premises and the entire area was in an unrestricted use district, so that the proposed use would have been permitted; that the premises cannot be economically devoted to a conforming use; that Light Street has developed as a business street; that the manufacturing zoning directly opposite the premises on Light Street makes development of the premises with a residence use, impractical and improbable; that there is considerable vacant land to the south of the site on a non-business trafficked thoroughfare which would be more desirable for residence development; that the owner has been in business on this tax block for almost twenty years; that the subject site is the nearest vacant property to his present site which could be purchased for development with his use; that the natural business growth necessitates the proposed expansion; that when the owner first went into business, his present site and the proposed site were in an unrestricted zone; that the change in zone was not effected until more than ten years later; and

WHEREAS, the applicant states that the present owner has held title to the property since November 19, 1956 and that the assessed valuation of land is \$2,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of twenty years to permit the construction of a building as proposed and as indicated on plans filed with this application marked "Received December 19, 1957", 3 sheets and "May 28, 1958", one sheet, *on condition* that the building in all other respects shall comply with all laws, rules and regulations applicable thereto and shall comply in all other respects with the Zoning Resolution; that the use proposed to be moved from this building to the building now occupied by this owner on Lot 41 in the same block, Block 4951, shall be used as the main location and the former building on Lot 41 may be used in connection therewith but for storage only without signs; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

999-57-BZ

APPLICANT—Elias K. Herzog, for William W. Brill, et al., owners. Muriel S. Kessler and Rose H. Yarmark, partners.

SUBJECT—Application December 20, 1957—decision of the Borough Superintendent, under Section 7h of the Zoning Resolution, to permit in a residence use district, the use of the premises, after demolition of the existing tenement building, for the parking and storage of more than five (5) motor vehicles for a stated term of ten (10 years.)

PREMISES AFFECTED—136 Sullivan Street, north side, 75 feet west of Prince Street and 197 Prince Street, west side, 100 feet north of Sullivan Street, Block 518, Lots 41 and 46, Borough of Manhattan.

APPEARANCES—

For Applicant: Elias K. Herzog.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, MacDougal Street, Prince Street, West Houston Street and Sullivan Street are in a residence use, C area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated December 3, 1957 acting on Alt. Applic. No. 1067-57, reads:

"2. Proposed parking lot for parking and storage of more than (5) five motor vehicles, located in Residence Use District, is contrary to Article II Section 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consists of a plot, 25 feet frontage, by 100 feet and 125 feet in depth, originally occupied by two old law tenement buildings; that the building on Prince Street was recently torn down in compliance with an Unsafe Order from the Building Department; that it is proposed to use the premises for parking and storage of more than five motor vehicles, for a period of ten years; and

WHEREAS, the applicant states that the present owners purchased the property with the intention of fixing up the building on Sullivan Street, calculating, that by maintaining the existing occupancy of apartments and stores, and using the lot facing Prince Street, which is the site of the demolished structure, for parking of the tenants' cars for private parking in connection with the apartment occupancy, they will receive a fair return on their investment; that however, the building proved to be beyond repair, except with an expenditure exceeding that for an entirely new structure; that no financial institution would enter into a mortgage commitment, even for a new structure, in this locality at the present time; that the building has been vacated due to the Unsafe Order of the Building Department and there is no alternative but to demolish the structure; and

WHEREAS, the applicant contends that in order to keep up with the payment of City taxes and to hold on to the property, the owners have to derive some income from same; that the erection of a residence structure on this premises would not constitute a sound investment, at least not at the present time nor in the foreseeable future; that a parking lot in this area would afford some relief from traffic congestion and would be an improvement over a vacant lot which may turn into a dumping ground; and

WHEREAS, the applicant states that the present owners have held title to the property since June 14, 1957; that the assessed valuation of land is \$24,000 and of the buildings \$5,500 making a total of \$29,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles limited to the pleasure

APPLICANT—Patrick D. Concagh, for Saverio S. Pisscane, owner.

SUBJECT—Application January 8, 1958—decision of the Borough Superintendent, under section 7h of the Zoning Resolution, to permit in a residence use district, the parking and storage of more than five (5) cars on a vacant plot of land.

PREMISES AFFECTED—717-719 East 217th Street, north side, 130.35 feet east of White Plains Road, Block 4665, Lots 40 and 43, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Barnes Avenue are in a residence use, C area, class 1¼ height district; East 217th Street and East 218th Street are in business and residence use, C area, class 1¼ height districts; White Plains Road is in a business use, C area, class 1¼ height district; that these designations go back to 1916 without change, and there is no petition pending which might affect these designations; and

WHEREAS, the decision of the Borough Superintendent, dated December 23, 1957 acting on Alt. Applic. No. 1164-57, reads:

"1. In a residence district the proposed parking of motor vehicles is contrary to Sect. 3, Art. II of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist

of a plot, 100.14 feet frontage by 114.31 feet in depth; and

WHEREAS, the applicant states that the present owner purchased the site from The City of New York in May of 1957, which site the City had previously acquired in an In Rem proceeding for non-payment of taxes; that since the site is adjacent to his home, the owner bought it as an investment for the future; that he realizes that there is a public need in this area for off street parking facilities; that the site is located 130 feet east of White Plains Road, which is the shopping center for this area; that in fact, it is situated directly at the rear of the F. W. Woolworth store which occupies the northeast corner of White Plains Road and East 217th Street; that White Plains Road, at this point, is developed with a number of retail stores and supermarkets; that it is very heavily trafficked highway and because of this and the fact that the elevated structure of the east side subway runs along here, the street parking problem is very acute; that shoppers as well as owners of small stores along the avenue prefer to use the side streets to park their cars; that this often results in great inconvenience to abutting owners along these side streets who find passage to their properties blocked; and

WHEREAS, the applicant contends that a grant of this application will serve a public need by providing off street parking facilities to these owners and shoppers; that it will not adversely affect adjoining properties because of its location at the rear of retail stores; that it should not adversely affect residential properties at the rear of the site, facing East 218th Street, since these properties have garages along their rear lot lines which act as a buffer; that it will help keep this property on the City's tax rolls and at the same time realize for the owner a fair profit on his investment; and

WHEREAS, the applicant states that the present owner has held title to the property since May 15, 1957 and that the assessed valuation of land is \$4,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied for parking and storage of motor vehicles of the pleasure car type as indicated on plans marked "Received Jan. 8, 1958", 2 sheets and "May 21, 1958", one sheet; *on condition* that all uses on the premises shall be removed and the premises shall be graded to the grade of East 217th Street and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on all lot lines where masonry walls of adjoining buildings do not occur a woven wire fence of the chain link type on a masonry base to a total height of not less than five feet six inches with no openings therein except one opening at the front for entrance and exit which shall be fitted with gates which shall be not over ten feet in width and with existing curb cut opposite not over 14 feet in width; that bumpers shall be maintained at all points against the fences and walls for protection thereto and a suitable distance away; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that during the term of this variance the premises shall be occupied for no other use than herein permitted; that signs shall be restricted to one sign attached to the fence at the gate advertising the parking and storage use and the rates charged; that such sign shall not extend beyond the building line and shall not be illuminated; that such sign shall not exceed five square feet; and that all permits required shall be obtained and all work completed and a certificate of occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

APPLICANT—J. Berman, for John Zengel, owner; Rego Forest, lessee.

SUBJECT—Application January 15, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a business and residence use district, the erection of a one story masonry addition and extend the use of the gasoline service station to include an automatic auto laundry.

PREMISES AFFECTED—69-01 Woodhaven Boulevard, northeast corner of Yellowstone Boulevard, Block 3178, Lot 67, Rego Park, Borough of Queens.

APPEARANCES—

For Applicant: Jacob Berman, Salvatore Congeni and Frank Zwelsky.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958, after due notice by publication in the Bulletin; laid over to July 15, 1958, for inspection and decision; hearing closed; then to July 22, 1958, for applicant to submit revised plans for car washing building and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Alderton Street and Woodhaven Boulevard are in business and residence use, D area and class 1 height districts, Yellowstone Boulevard is in a business use, D area and class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated January 7, 1958, acting on Alt. Applic. 2518/57, reads:

"1. Increase in area and use of existing gasoline selling, greasing, office, store, laundry, tire and battery service, automatic laundry and motor repairs in a business district extending into residence district is contrary to Art. II, Sections 3 and 4 of Zoning Resolution."

WHEREAS, the applicant states that the premises consist of a plot 154.83 feet frontage, by 106.75 feet in depth, occupied with a gasoline service station; and

WHEREAS, the applicant contends that the property in question has been acquired by the present owners, March 11, 1955 and the existing gasoline station and auto laundry was constructed under plan N.B. #801/36 and a Certificate of Occupancy #5668/37 was obtained; that at the time the area of the premises was unrestricted; that on February 5, 1940, Zoning change was made effective, changing area to business 100 feet in depth and residence in rear; that our existing auto laundry is not automatic and therefore is not efficient or profitable; that in order to convert our present operation into an automatic auto laundry, we propose to construct a one story masonry addition to our existing one story masonry gasoline station; that this new one story masonry structure will encroach slightly on the newly zoned residential area in the rear; and

WHEREAS, the applicant states that the present owner has held title to the property since March 1, 1955; that the assessed valuation of the land is \$20,000 and of the building \$8,000, making a total of \$28,000; and that the building was erected in June 3, 1937; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended that the application should be granted on condition, subject to the filing an administrative appeal in connection with the proposed street across the site under Section 35 of the General City Law; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c, to permit the extension of the building, as proposed and shown on revised plans, marked "Received July 21, 1958", 4 sheets and plans previously filed marked "Received May 16, 1958", 8 sheets, on condition that such extension shall be constructed where shown and of the dimensions shown on revised plans above cited marked "Received July 21, 1958"; that such addition shall comply with the requirements of the Building Code; that there shall be no openings in the wall of such building on the lot lines to the east and north; that such building shall be used solely for the automatic washing of motor vehicles and the space in the present accessory building formerly used for such use shall be discontinued for such use; that the balance of the premises shall be paved with concrete or asphalt; that in all other respects it shall comply with the requirements of the permit originally permitting the construction of this gasoline station and accessory building; that all steam work, cleaning and washing shall be done solely within the accessory building and no such washing or operations connected therewith shall be done in the open; that ventilation shall be provided with fan and ducts exhausting toward Woodhaven Boulevard which shall be operated when cars are being steam cleaned; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

126-58-BZ

APPLICANT—Lama, Proskauer and Prober, for Celia Katz, owner.

SUBJECT—Application March 13, 1958—decision of the Borough Superintendent, under section 7e of the Zoning Resolution, to permit in a residence use district, in a four story building with basement and cellar, the change in use of the basement from doctor's office and apartment to dressmaking and sales and the change in use of the first floor from two apartments to Photo Studio and Beauty Salon and the upper floors to retain their use as apartments.

PREMISES AFFECTED—38 East 63rd Street, south side, 182 feet east of Madison Avenue, Block 1377, Lot 45, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 1, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Park Avenue are in a residence use, B area, class 1½ height district; East 62nd Street and East 63rd Street are in residence and restricted retail use, B area, class 1½ height districts; Madison Avenue is in a restricted retail use, B area, class 1½ height district; and

WHEREAS, the decision of the Borough Superintendent, dated February 26, 1958 acting on Alt. Applic. No. 1546-57, reads:

"A-3. Proposed dressmaker, photo studio and beauty salon in a residential use district is contrary to Sec. 3 of Article II Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 18 feet frontage by 100 feet 5 inches in depth,

MINUTES

presently developed with a four story and basement building of class 3 construction; that it is proposed to maintain, for a temporary period of ten years, the present uses of cellar—boiler room and storage; basement—custom dressmaker and sales; first floor—photo studio and dwelling and beauty salon; second floor—two families; third floor—one family; fourth floor—one family; that it is also proposed to maintain the three existing 6 inch by 18 inch directory signs on the front of the building; and

WHEREAS, the applicant states that building records show that said building was erected under N.B. Applic. No. 438 of 1880 for use as a one family dwelling; that records further show that under Alt. Applic. No. 2114-50 the building was altered and the use changed from one family dwelling to cellar—boiler room and storage; basement—one doctor's apartment and office; first floor—two apartments; second floor—two apartments; third floor—one apartment; fourth floor—three class B rooms; that Certificate of Occupancy No. 39623 was issued March 21, 1952 for these uses; and

WHEREAS, the applicant contends that although the site is located in a residence use district, the illegal use on the basement floor of custom dressmaker and sales and the illegal uses on the first floor of photo studio and beauty salon are the type of businesses that are within keeping in a residence use district, and would not have any more of an adverse effect upon the adjoining properties than would the many hotels within the affected area that are permitted business uses in a residence district; that the businesses in this building are run on a very small scale and by appointment only; that there is no rush of traffic or people in or out of this building that would indicate any other use of this building except as a residence; and

WHEREAS, the applicant states that the present owner has held title to the property since August 15, 1956, that the assessed valuation of land is \$36,000 and of the building \$35,000 making a total of \$71,000; that the building was erected in 1880; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1546-57, Objection No. A-3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

141-58-BZ

APPLICANT—Frederick A. Ketcher, for Arthur J. McConnell, owner; John J. Fox and Sons, lessee.

SUBJECT—Application March 19, 1958—decision of the Borough Superintendent, under sections 7c and 7h of the Zoning Resolution, to permit in a residence use district, an extension to the existing legal funeral parlor and undertaking establishment with patron parking of more than five (5) cars.

PREMISES AFFECTED—201-203 East 201st Street and 3000-3008 Grand Concourse, northeast corner, Block 3307, Lots 67 and 68, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick Ketcher.

For Opposition: Josephine DeLay, Julia Chiappino Soraccol and Irene Garry.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper

Negative: 5

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on June 24, 1958 after due notice by publication in the Bulletin; laid over to July 8, 1958, for inspection and decision;

hearing closed; then to July 22, 1958, for further inspection and decision; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Grand Concourse, East 201st Street, East 202nd Street and Valentine Avenue are in a residence use, D area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 18, 1958 acting on Alt. Applic. No. 171-58, reads:

"1. Extension of funeral home & undertaking establishment, with 3 car garage storage & preparation room in cellar, and caretakers' apartment, in a residence use district is contrary to Art. II Sec. 3 of Z.R.

"3. Patron parking for more than 5 motor vehicles in a residence use district is contrary to Art. II Sec. 3 of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 69 feet 5 inches frontage by 100 feet 1 inch in depth; that it is proposed to demolish the garage at the rear of the premises and erect a one story masonry extension to the existing legal funeral parlor and undertaking establishment; that it will be built of face brick with stone trim; that the brick facade of the extension on 201st Street will include the front of the existing parlor; that the entire plot will be landscaped professionally; and

WHEREAS, the applicant states that permits were issued continuously and without interruption by the New York State Department of Health for use of the premises at 203 East 201st Street, The Bronx, from 1914 to date, for a funeral home; that the only available records of the New York City Health Department show that permits were issued for use of said premises from 1927 to date as an undertaking establishment; and

WHEREAS, the applicant further states that this building has been the funeral parlor of the Sexton for the Church of St. Philip Neri; that John Fox, the lessee, is the present Sexton; that it has been in existence for 44 years; that because of the changing times and population growth over these 44 years, the existing frame personal and old fashioned funeral parlor has become completely outmoded and inadequate; that this existing unattractive parlor has compelled many of the parishioners to go to distant parlors to the great inconvenience and discomfort of all concerned, and in order to keep pace with the changing times and local demands, it is now necessary to provide the proper facilities; that modernization is imperative; that the desirable decor for today's funeral home dictates a quiet residential exterior and a completely air conditioned interior with the most modern accommodations; that the extension is designed solely to serve the local parish and it would be a decided convenience and would contribute considerably to the safety and comfort of the parishioners to have a local acceptable home, which can be reached by just walking across the street; and

WHEREAS, the applicant contends that because of the small size and irregular shape of the plot, and the area district limitations, it would be financially unsound to erect an apartment house, or even small residences; that the present 2½ story frame, obsolete funeral parlor is not a satisfactory improvement for the land; that the building is assessed for \$7,000 and the land for \$28,000 and there is an obvious disproportionate value of land to building; that for 17 years, since 1941, the owner has been unable to develop this small interior lot for a conforming use which would be economically sound; that the proposed extension, which involves a \$60,000 investment under a long term financing plan by the lessee, has been the only practical offer presented; that in designing the building, extreme care has been taken to insure that the residential character of the neighborhood would be retained; that it will be set back from the building line to allow for proper landscaping; that the exterior of the building will be of an attractive colonial motif and will be finished with face brick and stone trim; that on the first floor, the existing two reposeing rooms in the old building will be rearranged, modernized and converted into two

MINUTES

larger rooms; that in the cellar, modern toilets, a smoking lounge, heater, preparation and storage rooms and three car storage will be provided; that all facilities will be located in the cellar; that the new recessed and enclosed cellar service entrance will be located in the 201st Street side yard; that the new extension will be less than 1,980 square feet and the total area of the building will occupy less than 50% of the area of the plot; and

WHEREAS, the applicant requests that provision be made for the temporary parking of more than five cars exclusively for patrons; that this will be only for occasional parking, no fees will be charged and there will be no overnight parking; that the parking area will be covered with crushed blue stone and enclosed with a chain link fence; and

WHEREAS, the applicant further contends that the granting of this application would enable the owner to make a reasonable and just use of the premises without affecting any one adversely; that the premises is on a corner facing a 60 foot wide street on the south and a 170 foot wide street on the west; that general welfare would be secured inasmuch as private capital would be used to finance all improvements, and the City would stand to benefit by an additional \$2,700 per annum in taxes; that the proposed extension will result in a decided improvement in the appearance of the existing building and premises; and

WHEREAS, the applicant states that the present owner has held title to the property since September 1941 and June 1955; that the assessed valuation of land is \$28,000 and of the building \$7,000 making a total of \$35,000; that the building was erected in 1900; and

WHEREAS, the premises and surrounding area were inspected by all members of the Board, who recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Sections 7c for a term of ten years as to extension of use, under Section 7h to permit the parking of cars used in connection with the business and for patrons with curb cuts as shown and to permit the extension of the building, as proposed and indicated on plans filed with this application, marked "Received March 19, 1958", 11 sheets, and "April 2, 1958", 1 sheet, on condition that the building shall comply in all other respects with all laws, rules and regulations applicable thereto other than as modified by resolution adopted this day under Calendar Number 142-58A; that suitable fences shall be maintained on 201st Street and on the Grand Concourse, except for openings for entrance and exit; that the rear unbuilt upon space shall be paved; that in the event the owner of adjoining premises on Lot 65 desires the erection of a fence from the residential building to the street building line, the owner of the subject premises shall construct such fence of split saplings to a total height not to exceed eight feet with the face of such fence to be toward Lot 65, that such planting shall be maintained adjoining the building as proposed and indicated on such plans above cited; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

142-58-A

APPLICANT—Frederick A. Ketcher, for Arthur J. McConnell, owner; John J. Fox and Sons, lessees.

SUBJECT—Application March 19, 1958—Appeal from a decision of the Borough Superintendent, re commercial use in frame building.

PREMISES AFFECTED—201-203 East 201st Street and 3000-3008 Grand Concourse, northeast corner, Block 3307, Lots 67 and 68, Borough of The Bronx.

APPEARANCES—

For Applicant: Frederick Ketcher.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, March 18, 1958 on Alt. Applic. 171/58 reads:

"2. Extension of a commercial use in a frame building is contrary to Sec. 4.1.3 of the B.C." and

WHEREAS, the applicant states that the building is 2½ stories, 28 feet in height, 24 feet 8 inches front by 60 feet 6 inches in depth, of class 4 construction, erected 1900, located on a lot 69 feet 5 inches irregular front by 100 feet 1 inch irregular in depth, in a residence use, C area, class 1½ height district, and used and occupied since 1914; Cellar—heater and storage room, 1 person and garage; 1st floor—funeral parlor, undertaking establishment and office, 20 persons; 2nd floor and attic combined—caretaker's apartment, 3 persons; that the building is proposed to be altered and extended to 1 and 2½ stories, 15 feet and 28 feet in height, 46 feet 8 inches front by 76 feet 5 inches in depth, of class 3 and class 4 construction, and used and occupied as follows: Cellar—heater, storage and preparation rooms, toilets, lounge, garage for 3 cars; 1st floor—funeral parlor, undertaking establishment and offices; 60 persons; 2nd floor and attic combined—caretaker's apartment, 3 persons; and the open area of the lot to be used for parking of more than 5 motor vehicles; that the building is provided with one 2 foot 6 inch wide wood and steel stairs, enclosed in 1 hour partitions, equipped with fireproof self-closing doors and leading direct to street, one exterior stairs is proposed on the rear from the attic to extension roof and thence by goose neck ladder to open yard from which access can be had direct to the street; and

WHEREAS, the applicant states that since 1914 the existing 2½ story frame building has been used as a funeral parlor and undertaker's establishment on the 1st floor, with a caretaker's apartment on the 2nd floor and attic; and

WHEREAS, the applicant states that it is now proposed to erect a 1 story brick extension to increase the size of the funeral parlor and provide necessary facilities of toilets, lounge, etc.; that it is proposed to enclose the stair from cellar to attic and fire retarded partitions equipped with one hour fireproof self-closing doors; that in the cellar the exterior walls will be masonry; that the exterior doors will be fireproof and the stairs will be steel and the ceiling fire retarded; that there will be 2 exits from the cellar; that on the 1st floor all exterior walls will be brick, except for the 46 feet of the existing east wall which will be of frame construction, fire retarded on the inside and surface on the exterior with rubberoid shingles; that all interior partitions and the ceiling will be fire retarded; that there will be 2 exits from the 1st floor; that the live loading from the 1st floor will be increased to 100 pounds per square foot; that on the 2nd floor which is the caretaker's apartment there will be 3 exits, 2 of which will open on the roof, with access therefrom by a stationary iron ladder; that the 3rd exit will be to the interior stairway; that the attic will have 2 exits, 1 to a fire escape with a stationary iron ladder leading directly to the yard; that the 2nd attic exit will be through the interior stairway; and

WHEREAS, the applicant contends that the building is on a corner lot and has a 23 foot rear yard; that the rear wall of the 2nd floor and attic will be 53 feet from the north lot line; that the building will be 23 feet and 28 feet respectively from the nearest building to the east; that all possible safeguards for the welfare and safety of the occupants will be provided; that the Board is therefore requested to permit the continuance of the existing commercial use of the undertaking establishment and funeral parlor; that the use of the caretaker's apartment as indicated on plans filed with this appeal; and

WHEREAS, the premises was inspected by all members of the Board.

MINUTES

Resolved, that the decision of the Borough Superintendent, dated March 18, 1958, acting on Alt. Applic. 171/58, Objection #2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the extension of the existing frame building with brick front walls, as proposed and as indicated on plans filed with companion application Cal. No. 141-58-BZ, which is subject to a resolution adopted this day by the Board and that all requirements of such resolution shall be complied with.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 8, 1958 after due notice by publication in the Bulletin; laid over to July 22, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Heath Avenue and West 193rd Street are in a residence use, B area, class 1½ and class 1¼ height district; Bailey Avenue is in a residence use, B area, class 1½ height district; that as of July 25, 1916 that part of the premises within 100 feet of Bailey Avenue was in a business use district and the present use designation became effective April 29, 1954; and

WHEREAS, the decision of the Borough Superintendent, dated April 2, 1958 acting on N.B. Applic. No. 108-58, reads:

"1. In a residence use district the proposed "Gasoline and Oil Selling Station, lubricatorium, car washing, office, salesroom, minor auto repairs and Parking for more than 5 cars" is contrary to Art. II Sect. 3 of the Zon. Res. and is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 95.71 feet frontage by 127.82 feet in depth, irregular, and vacant; that it is proposed to obtain a variance, for a temporary period of fifteen years in order to erect a modern gasoline service station consisting of twelve buried gasoline tanks and three dispensing pumps; that the contemplated accessory building will be one story in height of class III construction, having a frontage of 46 feet 8 inches, and a depth of 27 feet 8 inches and will contain the conjunctive uses of lubricatorium, car washing, office, sales room and minor auto repairs; that the portion of the open area not used by the gasoline service station will be used for parking for more than five cars; and

WHEREAS, the applicant states that Bailey Avenue parallels Major Deegan Boulevard at this point, and inasmuch as this boulevard is one of the busiest thoroughfares in The Bronx, the proposal is within keeping at this point; that within the same block, on lot No. 14, which is 250 feet north of the site, there is now a non-conforming use of gasoline service station; that this non-conforming use and the fact that the unrestricted use district paralleling Major Deegan Boulevard is only 200 feet from the site, together

with the noisy railroad train, precludes the use of this site for a conforming use; that the City of New York acquired the property June 29, 1951 after an In Rem procedure and was later sold for taxes; that the present owner acquired title on June 25, 1957; that if the original owners could have put this property to a conforming use it would not have been lost, so that it is necessary for the new owner to erect the proposal in order for him to receive an equitable return on his investment and thereby retain ownership of the site and continue to pay the high real estate taxes; and

WHEREAS, the applicant states that the present owner has held title to the property since June 25, 1957 and that the assessed valuation of land is \$16,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years to permit the premises to be occupied as a gasoline service station and lawful uses accessory thereto, substantially as proposed and as indicated on plans filed with this application marked "Received April 7, 1958", 4 sheets, *on condition* that the accessory building shall comply with the requirements of the Building Code and shall have no cellar and shall be located where shown on such plans and of the design shown and shall be constructed in accordance therewith and shall be faced on all sides with face brick; that pumps shall be of a low approved type erected not nearer than 15 feet to the street building line of Bailey Avenue where shown; that the number of gasoline tanks shall not exceed twelve 550 gallon approved tanks; that on the easterly side where the grade of Heath Avenue exceeds the grade of the gas station which shall be graded substantially to the grade of Bailey Avenue, there shall be a retaining wall as shown with a bank sloping up to the building line of Heath Avenue as indicated upon which shall be a continuous steel picket fence for the full depth of the plot; that the retaining wall hereinbefore required shall be of sufficient height above the grade of the station so as to retain such bank from washing; that such bank shall be planted with lawn grass and shrubbery; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs, temporary signs and advertising devices but permitting the erection within the building line of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over four feet and located where shown; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i, for a similar term, there may be minor auto repairs for adjustments only with the use of hand tools solely within the accessory building; that under Section 7e, for a similar term, there may be parking of motor vehicles on such portions of the premises as will not interfere with the servicing of the station; that such motor vehicles shall be of the pleasure car type only; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to two curb cuts to Bailey Avenue where shown not exceeding 30 feet in width each with no portion of any curb cut nearer than five feet to a building line as prolonged and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Adjourned: 5:10 P.M.

JOSEPH J. DOYLE, Chief Clerk.

REGULAR MEETING

TUESDAY AFTERNOON, JULY 22, 1958, 2 P.M.

Present: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper.

557-47-A—Vol. III

APPLICANT—Leonard F. Rothkrug, for C & A Brennkneyer, Inc., owner.

SUBJECT—Application reopened July 1, 1958 as Vol. III—Appeal from a decision of the Borough Superintendent re; combination of buildings.

PREMISES AFFECTED—522-524-526-528 Fulton Street, south side 60 feet east of Hanover Place, Block 161, Lots 27 and 34, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 11, 1958, on Alt. Applic. 772/41 and B.N. Applic. 3370/57, reads:

"1. Resubmit to the B.S.&A. for their consideration question of combining buildings #522 & 524 Fulton Street thereby varying from the plans app'd by the Board under Cal. #557-47-A, Vol. II (See B.N. #3370-57)."

and

WHEREAS, the applicant states that the premises consist of a lot 64.5 feet front by 138.1 feet irregular in depth, located in a restricted retail use, B area, class 2 height district, used and occupied as follows: 522 to 524 Fulton Street—Cellar—retail sales and storage, 14 persons; mezzanine—store, 20 persons; 1st floor—retail sales and store, 85 persons; 2nd floor—retail sales and storage 24 persons; 3rd floor—office and storage, 8 persons; 4th floor—storage, lounge and photo studio, 14 persons; 526 to 528 Fulton Street—Cellar—retail sales, 130 persons and service 40 persons; 1st floor—retail sales and display, 190 persons; 2nd floor—office, 12 persons and sales 280 persons; 3rd floor—office, 6 persons and sales, 280 persons, and work room, 21 persons; 4th floor—office, 27 persons and rest room, 28 persons; that no change in use or occupancy is now proposed for 526 to 528 Fulton Street; that the following changes are proposed for 522 and 524 Fulton Street; Cellar—sales in conjunction with 526 to 528 Fulton Street, 75 persons; mezzanine—none; 1st floor—conjunctive retail sales with 526 to 528 Fulton Street, 83 persons; 2nd floor—conjunctive retail sales with 526 to 528 Fulton Street, 40 persons; 3rd and 4th floors—conjunctive offices and storage with 526 to 528 Fulton Street, 10 persons each floor; and

WHEREAS, the applicant states that the building is provided with an approved two-source sprinkler system and an approved standpipe system; that there is an approved interior fire alarm system and regular monthly fire drills are maintained; that there are seven (7) interior fireproof stairs one of which leads to roof bulkhead, others lead direct to street; that in addition there is one fire escape on the front extending to roof by ladder and to street by ladder, window and door openings on the course of the fire escape are not fireproof self-closing; and

WHEREAS, the applicant states that 526 to 528 Fulton Street was erected 1882 and is used and occupied in accordance with the Resolution adopted by the Board under Calendar Number 557-47-A, on the date of June 24, 1947; that in accordance with which Certificate of occupancy number 121919 was issued November 18, 1948; that 524 Fulton Street is a 4 story building erected the same time and altered in accordance with the Resolution adopted by the Board Feb-

ruary 18, 1958 under Calendar Number 557-47-A, Volume II, for use in conjunction with 526 and 528 Fulton Street; and

WHEREAS, the applicant states that 522 Fulton Street, the building now in question was not previously considered by the Board; that this building was erected 1882 of class 3 construction, 20 feet front by 55 feet in depth, 4 stories, 55 feet 9 inches in height, now vacant, and previously used and occupied for storage and retail sales with photographic studio on the 4th floor; and

WHEREAS, the applicant states that it is now proposed to combine number 522 with number 524 Fulton Street and use both of these buildings in conjunction with 526 to 528 Fulton Street; and

WHEREAS, the applicant contends that the combined area of the 2 buildings is less than 2500 square feet; that the only objection raised by the Borough Superintendent is that the addition of the new building is contrary to the Resolution of the Board; that the Department would have approved the 2 buildings being combined; in view of the small area if there were not to be used in conjunction with the building considered by the Board; that the addition of 522 will not actually increase the number of occupants, but will provide a larger uncluttered area on each floor; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 18, 1958, under Vol. II by adding thereto:

"that in the event the owner desires to include additional buildings as now proposed and indicated on plans filed with this application marked, "Received June 12, 1958," 15 sheets, such extension to include the buildings on Lots 27 and 34, Block 161 may be permitted on condition that the resolution as above cited with the inclusion of these additional lots shall be complied with in all respects; that the two source sprinkler system shall be extended to include all floors of these additional buildings; that the building shall not be increased in height or area; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto."

685-48-A—Vol. III

APPLICANT—Francis Seaman for Surface Transit, Inc., owner.

SUBJECT—Application reopened June 3, 1958 as Vol. III—Appeal from a decision of the Borough Superintendent re: relocation of fuel oil pump, dispensing panels and installation of four additional diesel oil dispensing pumps in basement.

PREMISES AFFECTED—4065-4079 10th Avenue, southeast corner, 218th Street West, Block 2213, Lot 6, Borough of Manhattan.

APPEARANCES—

For Applicant: Francis Seaman.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Absent: Vice Chairman Keating 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 1, 1958, on Miscellaneous F.P. Application 1702-48, reads:

"1—The relocation of fuel oil pumps, dispensing panels and the installation of four additional diesel oil dispensing pumps on basement floor is contrary to Resolution of the Board of Standards and Appeals, Calendar No. 685-48-A, dated July 16, 1957."

and

WHEREAS, the applicant states that the building is one story and basement, 49 feet in height, 195 feet 3 inches by

MINUTES

500 feet in area, of class 3 construction, erected 1898, located in an unrestricted use, B area, class 1¼ height district, and used and occupied since 1949 as a garage for more than 5 diesel powered buses; and

WHEREAS, the applicant requests that the Board amend its Resolution adopted September 14, 1948 and July 16, 1957, so as to permit the relocation of three diesel oil dispensing panels from the northeast part of the basement to the southeast part of the basement; that the addition of four diesel oil pumps in the basement to service these relocated dispensing panels; that the relocation of fuel oil pump from the pump room to the southeast part of the basement with piping running underground to the boiler room; that this fuel oil system is to be an emergency supply system, supplementing an existing 20,000 gallon fuel oil tank located in the boiler room; and

WHEREAS, the applicant contends that studies made by the owner indicate more economical and safer conditions with fueling at the locations now proposed; that physically existing underground lines and other piping systems practically precludes the extension of the underground piping to the northeast part of the garage as originally proposed; that where it is practicable, a minimum distance from tanks to pumps and dispensing panels is most desirable; that the location of the four diesel oil pumps on concrete bases at a point close to the storage tanks is advantageous, economical and safer; that the fuel oil pumps proposed is for emergency use only and now is proposed in its best location; that the original design did not allow for the number of pumps required for adequate fueling of the upper and lower level garages; that recently the entire building has been fully protected with a sprinkler system having two sources of supply; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 14, 1948, under Vol. I, as *amended* by resolution adopted on July 16, 1957, by adding thereto:

"and to permit the relocation of fuel oil pumps, dispensing panels and installation of four additional diesel oil dispensing pumps on the basement floor, as proposed and shown on plans filed with this request for amendment, marked 'Received May 6, 1958,' 3 sheets, *on condition* that in all other respects the resolutions above cited shall be complied with."

221-55-A—Vol. III

APPLICANT—Charles L. Koester for Joseph Casa, owner.
SUBJECT—Application reopened June 17, 1958 as Vol. III

—Appeal from a decision of the Borough Superintendent re: change of a one family dwelling to a two family dwelling.

PREMISES AFFECTED—84-20 267th Street, southwest corner of East Williston Avenue, Block 8811, Lot 25, Floral Park, Borough of Queens.

APPEARANCES—

For Applicant: Charles L. Koester.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 23, 1958, on Alt. Applic. 2392-57, reads:

"(1) Proposed conversion of a one family dwelling to a two family contrary to Board of Standards and Appeals ruling No. 221-55-A, Vol. II."

and

WHEREAS, the applicant states that the existing building is 1½ stories, 22 feet in height, 52 feet by 27 and 21 feet in area at street level, 38 feet front by 27 and 10 feet in area

at typical floor level, of class 4 construction, located in a local retail use, D area, class 1 height district, and used and occupied as a 1-family dwelling and now proposed to be used and occupied as a 2-family dwelling, 1-family on the 1st floor and 1-family on the 2nd; and

WHEREAS, the applicant states that it is now proposed to include kitchen fixtures in the northwest bedroom to create a kitchen and dinette, making it a 2-family dwelling; and

WHEREAS, under Calendar Number 221-55-A, Volume I, the Board on May 10, 1955 modified a decision of the Borough Superintendent, on N.B. Applic. 863-55 to permit this building to be erected of frame construction using 2 inch nominal thickness beams within the fire limits; that in addition to permitting the construction of 2 other similar buildings on Lots 22 and 31 adjoining; and

WHEREAS, under Calendar Number 221-55-A, Volume II, the Board on November 20, 1956, modified a decision of the Borough Superintendent on N.B. Applic. 862 and 863 of 1955, so as to permit the finishing of 3 rooms and bath in the attic of this building and the adjoining building on Lot 22 and to occupy both buildings as single family dwellings; and

WHEREAS, this appeal was reopened by a vote of the Board, June 17, 1958, under Calendar Number 221-55-A, Volume III, to consider the applicant's present proposal to occupy the building on Lot 25 (formerly Lot 28) as originally constructed under N.B. Applic. 863-55 to be used as a 2 family dwelling, as indicated on plans filed with this application for amendment, marked received May 26, 1958; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 10, 1955, as *amended* by resolution adopted on November 20, 1956, under Vol. II, relating solely to Building No. 84-20 267 Street, Block 8811, Lot 25, formerly Lot 28 and does hereby *modify* the decision of the Borough Superintendent acting on Alt. Applic. 2392-57, Objection 1, to permit the occupancy of this residence building from one to two families as proposed and shown on plans filed with this appeal, marked 'Received May 26, 1958,' 6 sheets, as corrected by the applicant on July 22, 1958, *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

357-56-A—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Bikur Cholim Visiting Sick Society, owner.

SUBJECT—Application for consideration—reopening of amendment of resolution, increase in occupants—re Appeal from a decision of the Borough Superintendent, construction; previously granted on condition.

PREMISES AFFECTED—8646 21st Avenue, west side, 200 feet north of Benson Avenue, Block 6377, Lot 66, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Foley 4
Negative: 0
Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this appeal was granted by the Board on October 22, 1957, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 22, 1957 by adding thereto:

"that the number of persons in the building on the first floor may be increased to 160 persons provided the four exits to the building leading directly to the street

MINUTES

are maintained and the resolution above cited adopted October 22, 1957, is complied with; that the use as therein cited shall not be changed; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto." (Alt. 4089/55)

761-57-A

APPLICANT—Sidney Daub, for Broadway Pastry Shop, Inc., owner.

SUBJECT—Application October 24, 1957—Appeal from a decision of the Borough Superintendent, re egress, factory building.

PREMISES AFFECTED—252-254 West 28th Street, south side, 155 feet, 6 inches east of 8th Avenue, 2nd floor; Block 777, Lot 72, Borough of Manhattan.

APPEARANCES—

For Applicant: Sidney Daub.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 17, 1957 on Alt. Applic. 1277/56, reads:

"Objection # 6 is repeated (proposed change in use to factory, will require two means of egress Section 270 of the Labor Law)."

and

WHEREAS, the applicant states that the building is 2 stories, 31 feet in height, 49 feet 9 inches by 98 feet 9 inches in area at 1st floor, 49 feet 9 inches by 88 feet 9 inches in area at typical floor, of class 3 construction, erected 1919, located on a lot 49 feet 9 inches front by 98 feet 9 inches in depth, in a manufacturing use, B area, class 1½ height district, and used and occupied since 1957; Cellar—flour storage, 5 persons; 1st floor—bakery, 15 persons; 2nd floor—office and bakery, 10 persons; that no change in use or occupancy is now proposed; that the building is provided with one 3 foot 8 inch wide interior steel stairs, enclosed in partitons of wood studs, metal lath and plaster, equipped with fireproof self-closing doors; that stairs lead direct to street and provided with a ladder and scuttle to roof; that in addition there is one fire escape proposed at the front, extending to street by stair, window and doors on the course of the fire escape will be fireproof self-closing; and

WHEREAS, Certificate of Occupancy #2297 was issued November 10, 1920 against N.B. Applic. #159-19 and permits the following use and occupancy; cellar—storage, 5 persons; 1st floor—office and shipping room, 20 persons; 2nd floor—offices, 50 persons; and

WHEREAS, Violation Number 2942 was issued May 18, 1957 for occupying premises before completing work and obtaining a new certificate of occupancy as required under Alt. Applic. 1277-56; and

WHEREAS, the applicant contends that the building is provided with 3 foot 8 inch wide fireproof stairway at the westerly wall near the front, which extends from the 1st to 2nd story with fire retarded enclosure at 1st and 2nd story and fire retarded enclosed hallway at the 1st story leading to the street, equipped with fireproof self-closing doors at the openings thereto, that there is a stationary wrought iron ladder and a 2 foot by 3 foot metal covered scuttle to roof; that it is proposed to provide a second means of egress through the 2nd story by erecting a Labor Law fire escape at the front at sill level, with steps leading to sill and fireproof 2 foot by 6 foot door with wire glass panel, leading to the balcony and counterbalance stairway from balcony to grade; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. Applic. 1277/56, Objection No. 6 and that the appeal be and it hereby is granted on condition that the stairway in the cellar shall be enclosed, as indicated on plans filed with this appeal, showing the cellar, marked "Received October 24, 1957", 1 sheet, and that the first floor shall be maintained as proposed and shown on such plans marked "Received October 24, 1957", 3 sheets, and "May 29, 1958", 1 sheet, on condition that the secondary means of exit from the second floor shall be a balcony constructed around the building line with a counterbalanced ladder to the street as shown on plans above cited; that the gate existing on the first floor exit hall shall be fitted with an approved lock so as to be openable in the direction of exit for exit purposes; and that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto.

123-58-A—Vol. II

APPLICANT—Abraham Grossman for Benjamin Gordon, owner.

SUBJECT—Application reopened June 24, 1958 as Vol. II—Appeal from a decision of the Borough Superintendent re: lawful means of egress and provision of lawful stair enclosure.

PREMISES AFFECTED—821-823 Broadway and 51 East 12th Street, northwest corner, Block 564, Lot 22, Borough of Manhattan.

APPEARANCES—

For Applicant: Abraham Grossman.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating and Commissioner Foley 3

Negative: Commissioner Kleinert and Commissioner Sleeper 2

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 28, 1958 on Alt. Applic. 939/57, reads:

"3. Provide 2 lawful means of egress from each floor area used for factory purposes as per Sect. 271 of L.L.

4. New wire mesh and 1 inch cement mortar on existing iron grille does not constitute lawful stair enclosure construction; 3 hour rating required for elevators and stairs.

NOTE: Also see Cal. #58-18-S of B.S. and A."

and

WHEREAS, the applicant states that the building is 11 stories, 147 feet in height, 49 feet 2 inches front by 87 feet irregular in depth, of fireproof construction, erected 1906, located in a business use, B area, class 2 height district, and used and occupied since 1906 as follows: Cellar—boiler room, store and storage, 4 persons; 1st floor—store, 9 persons; 2nd floor—manufacturing books, 12 persons; 3rd floor—manufacturing ornaments, 20 persons; 4th floor—manufacturing waistbands, 10 persons; 5th floor—manufacturing tools and dies, 6 persons; 6th floor—manufacturing books, 5 persons; 7th floor—manufacturing garden supplies, 11 persons; 8th floor—manufacturing waistbands, 10 persons; 9th floor—manufacturing labels, 6 persons; 10th floor—manufacturing coats, 6 persons; 11th floor—manufacturing coats, 30 persons; and

WHEREAS, Violation Number 1230/57 was issued February 27, 1957 in that all stories are not provided with 2nd legal means of egress to street; that fire escapes are not considered as legal exits for buildings over 6 stories, under Section 271 of the Labor Law; That stairway is not enclosed by fireproof partitions, there being open wire mesh on 2 sides at passenger elevator and freight elevator; that fire escape in the rear is not properly maintained, in that there is a loose tread between 10th and 11th floor balconies, numerous tread connections are badly rusted and entire fire escape requires scraping and painting; that on the 4th floor

MINUTES

exit signs are not provided with lights; that outside light not provided at lower termination of fire escape; that on various floors exit doors opening on fire escape, do not open readily, as they drag on door sills; and

WHEREAS, under Calendar Number 123-58-A, Volume I, the Board on May 6, 1958 permitted withdrawal of an appeal covering the same subject to permit the applicant to restudy conditions and file revised plans; and

WHEREAS, this appeal was reopened by a vote of the Board as Calendar Number 123-58-A, Volume II, on June 24, 1958 to consider revised plans; and

WHEREAS, the applicant states that the exits consist of an enclosed stairway, 4 foot 6 inch wide, leading directly to street with bulkhead to roof; that the freight elevator is within the stair enclosure, completely enclosed in 3-hour construction; that however, the freight elevator within the enclosure is not completely enclosed on 2 sides of which has wire lath and cement mortar attached to the exterior surface of the grille work of the elevator and the other side has metal covered sliding doors; that the secondary egress is 45 degree exterior stairway, 24 inches wide, fully protected with self-closing fireproof doors or windows, extending to roof by ladder and terminating at a fireproof hall on the 1st floor, with egress directly to the street; and

WHEREAS, the applicant states that it is proposed to remove the present exterior stairway iron ladder leading to the roof and to substitute a new 24 inch wide stairs from the 11th floor to roof in accordance with the Labor Law, except as to the width of the stairs; and

WHEREAS, the applicant contends that the Board failed to grant the appeal filed under Calendar Number 123-58-A, Volume I, inasmuch as the Resolution adopted by the Board under Calendar 58-18-S had never been complied with; that neither the present owner nor the applicant had any knowledge of this 1918 variance until it was disclosed by the Board's records; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on a Alt. Applic. 929/57, Objection No. 3 and that the appeal be and it hereby is *granted, on condition* that such means of egress shall be provided as indicated on plans marked, "Received June 4, 1958," 7 sheets; that the existing fire escape and court shall be put in good structural condition and painted and furnished with exit lights thereby complying with the requirements and kept in good condition; that the occupancy of the main floor shall not exceed the occupancy as permitted by the means of exit; that as to Objection No. 4 that the protection around the elevators shall be as proposed with new wire mesh, one inch of cement mortar on existing iron grill enclosure; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all work above required shall be completed within six-months from the date of this resolution.

304-58-A

APPLICANT—Paul Trapani, for Florence Trapani, owner.
SUBJECT—Application May 16, 1958—filed pursuant to Section 310 of the Multiple Dwelling Law for variation of Sections 171(1) and 172(2) and Section 172(3), re Bulk and volume, yard area, etc.

PREMISES AFFECTED—636-644 Burke Avenue, southwest corner of Barker Avenue, 1st floor, Block 4543, Lot 26, Borough of The Bronx.

APPEARANCES—

For Applicant: Paul Trapani.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 15, 1958 on Alt. Applic. 265/58, reads:

"A1—Proposed alteration of above building from a two family and stores dwelling to a three family and stores multiple dwelling is contrary to Sec. 171 subd. 1 and Sec. 172 subd. 2 of the M.D.L.

Note:—Bulk and volume increased; Alt. 195/50 filed and one story store erected (19 feet 6 inches by 31 feet 6 inches) over side yard; Reducing yard to (2 feet).

A2—Proposed new apartment at first story is contrary to Sec. 172 subd. 3 of M.D.L."

and

WHEREAS, the applicant states that the building is 3 stories, 30 feet in height, 82 feet by 20.21 feet in area at street floor, 33 feet by 20.21 feet in area at typical floor, class 3 construction, erected 1939, located in a business use, C area, class 1½ height district, and used and occupied as follows: 1st floor—3 stores, storage, office and boiler room, 7 persons; 2nd floor—dwelling, 1 family; 3rd floor—dwelling, 1 family, and now proposed to be altered and used and occupied as follows: 1st floor—1 apartment, 1 store, office, storage and boiler room, 5 persons; 2nd floor—dwelling, 1 family; 3rd floor—dwelling, 1 family; that the building is provided with one 3 foot wide interior wood stairs enclosed in one hour fire retarded partitions, equipped with wood doors which are self-closing; that stairhall leads direct to street and is provided with a ladder and scuttle to roof; that it is proposed to be equipped with a new fire escape on the Barker Avenue front, servicing the 3rd floor apartment; and

WHEREAS, the applicant states that the building is an existing 2 family dwelling with 3 stores and 1 office on the ground floor; that it is proposed to change the 2 stores under the main portion of the building to a 2½ room apartment; and

WHEREAS, the applicant contends that the stores have been difficult to rent due to the fact that the premises located in a residential area; that the new apartment will greatly help to carry the existing building; that the absence of the required 10 foot rear yard will in no way affect the ventilation of the new or existing apartment, since the windows of all existing and proposed rooms will ventilate on street fronts and not on courts; that two means of egress will be provided for each apartment; that a fire escape will be installed for egress from the top apartment and two exits will be provided from the new apartment; that the alteration of the building as proposed will in no way hamper the public health, safety and general welfare or create any hazards whatsoever, but would rather improve the entire neighborhood; that it is requested that the Board grant this variance to allow the alteration of this building; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 265/58, Objection Nos. 1 and 2, be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, to permit the occupancy of the building for three families, as proposed an indicated on plans filed with this appeal, marked "Received May 16, 1958", 5 sheets, *on condition* that the building shall meet all requirements of the Building Code and all other requirements of the Multiple Dwelling Law and all other laws, rules and regulations applicable thereto; and that the building shall not be increased in height or area.

355-58-A

APPLICANT—Albert B. Bauer, for Department of Public Works, City of New York, owner.

SUBJECT—Application June 4, 1958—Appeal from a decision of the Borough Superintendent, re exits, wood shelves, etc.

MINUTES

APPEARANCES—

For Applicant: Walter Hesse.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated May 9, 1958, on Alt. Applic. 1141/57, reads:

"4. Exits of building are inadequate under 6.1.5.B.C. Stairs should lead to street in continuous 2 hour enclosure as per 6.4.1.11k. B.C.

"5. Extensive use of wood shelves, etc., as shown on plan must comply with C26-667.0 Admin. Code. F.P. wood except as specifically excepted by C26-667.0."

and

WHEREAS, the applicant states that the building is 3 stories, 59.6 feet in height, 50 feet front by 75 feet in depth, of class 2 construction, erected 1905, located in a residence use, B area, class 1½ height district, and used and occupied; basement—boiler room and library, 35 persons; 1st floor—library, 50 persons; 2nd floor—library, 70 persons; 3rd floor—reading room and janitor's apartment, 5 persons; that no change in use or occupancy is proposed; and

WHEREAS, the applicant states that this library is one of a number of such buildings erected before 1916 from Carnegie Endowment Fund and in use today; and

WHEREAS, the applicant contends that to Objection #4 issued by the Borough Superintendent, that stairway in question extends from the basement to 3rd floor; that the portion of the stairway from basement to 1st floor will be enclosed in a 3-hour masonry partitions equipped with 1½-hour fireproof self-closing door; that access to the street is provided from the basement and the 1st floor; that another existing stairway extending from 3rd floor to roof will be enclosed with 3-hour enclosure; and

WHEREAS, the applicant contends as to Objection #5 issued by the Borough Superintendent, as it applies to wood library shelving; that the shelving consists of double faced free standing type and the single faced type fastened to the wall; that both types are standard wood library shelving used in the public libraries throughout the City; and

WHEREAS, the applicant states that the repair work consists of a removal of a skylight and the construction of a slab over the opening; that the installation of new book shelves and other library equipment; that the library use will not change nor will the human occupancy be increased; and

WHEREAS, the premises was inspected by a committee of the Board, which recommended that the appeal be granted on condition.

Resolved, that the decision of the Borough Superintendent, dated May 9, 1958, acting on Alt. Applic. 1141/57, Objections #4 and 5 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the exits and shelving shall be in accordance with the plans filed with this appeal, marked "Received June 4, 1958", 3 sheets; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the building shall not be increased in height or area.

366-58-A

APPLICANT—Ross & Atkin, for Alexanders' Department Store, owner.

SUBJECT—Application June 4, 1958—Appeal from a decision of the Borough Superintendent, re removal of fire wall.

PREMISES AFFECTED—2948-2954 and 2962-64 Third Avenue, east side, 50.32 feet south of East 153rd Street and 635-655 Bergen Avenue, Block 2362, Lots 44, 69 and 70, Borough of Bronx.

APPEARANCES—

For Applicant: Harry Atkin.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 3, 1958 on Alt. Applic. 433/58, reads:

"1. Proposed removal of fire wall on first floor would constitute an increase in area of over 24,000 sq. ft. and is contrary to Sect. C26-254.0."

and

WHEREAS, the applicant states that the building is 3 stories, 46 feet in height, 150 feet front by 185.31 feet in depth, of class 3 construction, erected 1897, located in an unrestricted and business use, B area, class 1½ height district, and used and occupied as follows: Cellar—store and storage, 153 persons; 1st floor—store and light storage, 400 persons; 2nd floor—store and light storage, 300 persons; 3rd floor—store and light storage, 250 persons; 4th floor—office and light storage, 50 persons; that no change in use or occupancy now proposed; that the building is provided with a two-source sprinkler system throughout, an approved interior fire alarm system and regular monthly fire drills are maintained; that there are seven 3 foot 8 inch wide incombustible stairs, fireproof enclosed, equipped with fireproof self-closing doors, and extending from roof bulkhead to street; and

WHEREAS, Certificate of Occupancy #10099 issued January 15, 1952 against Alt. Applic. 915/48 and 697/50 permits the present use and occupancy; and

WHEREAS, the applicant states that it is proposed to erect a 3 story extension to the existing building to be used primarily for storage but to be open on the 1st floor only to the existing store so that the 1st floor extension might be used in conjunction with the store; and

WHEREAS, the applicant contends that no increase in occupancy is proposed; that the purpose of the extension is to eliminate overcrowding of the store; that on the 1st floor only, the men's department will be moved into the 1st floor extension and will be provided with an additional means of egress; that the entire extension will be provided with an approved two-source sprinkler system; that on the 1st floor, both the floor construction below and the floor construction above will be entirely fireproof, consisting of 4 inch reinforced concrete slabs, supported on protected steel beams, columns and girders; that there will be no additional fire hazard due to the proposed opening on the 1st floor; that the extended area will be completely fireproof and will have additional egress; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated June 3, 1958, acting on Alt. Applic. 433/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the removal of the fire wall on the first floor as indicated on revised plans filed with this appeal marked, "Received June 4, 1958," 8 sheets, and revised plot plans marked, "Received July 22, 1958," 2 sheets, *on condition* that the sprinkler system shall be extended to include the additional area; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modied by the Board under Cal. No. 1021-39-A, Volumes I and II.

375-58-A

APPLICANT—Shreve, Lamb & Harmon Associates, for Bankers Trust Company, owner.

SUBJECT—Application June 13, 1958—Appeal from a de-

MINUTES

cision of the Borough Superintendent, re: width of stairways inadequate for number of persons.

PREMISES AFFECTED—10-16 Wall Street, 1-9 Nassau Street, northwest corner and 7-11 Pine Street, Block 46, Lot 9, Borough of Manhattan.

APPEARANCES—

For Applicant: William B. Kehrt, Howard F. Vanderbeck and Gerald DePace.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 11, 1958 on Alt. Applic. 803/58, reads:

"1—The total number and aggregate width of the existing required stairways, including the existing horizontal exit on the 10th story are insufficient to accommodate at one time the total number of persons (1000) on this floor as indicated on plan, in accordance with Sect. C26-292.0 (2b) and 2d) A.C."

and

WHEREAS, the applicant states that the building is 25, 31 stories and tower, 444 feet 7 inches in height, 160 feet 2½ inches front by 195 feet 11½ inches in depth, of fireproof construction, erected 1911 and 1933, located in a business use, B area, class 2½ height district, and used and occupied since 1933: Basement—mechanical equipment and storage, 100 persons and bank, 400 persons; 1st floor—bank and stores, 300 persons; mezzanine—banking offices, 150 persons; 2nd floor—offices, 150 persons; 3rd to 5th floors—offices, 265 persons each floor; 6th to 9th floors—offices, 250 persons each floor; 10th floor—employee's lunch room, lounge, medical department and offices, 502 persons; 11th to 15th floors—offices, 250 persons each floor; 16th to 24th floors—offices, 215 persons each floor; 25th to 30th floors—offices, 50 persons each floor; 31st floor—private dining room and kitchen, 25 persons; tower—storage and mechanical equipment; that no change in use or occupancy is now proposed except for the 10th floor which will be used as an employee's lunch room, lounge, medical department and offices with an occupancy of 1000 persons; and

WHEREAS, Certificate of Occupancy Number 18955 issued May 17, 1933 against Alt. Applic. 111/31 permits the present use and occupancy except for the 10th floor which is limited to 250 persons in occupancy and in use to offices; and

WHEREAS, the applicant states that the present use and occupancy of 502 persons on the 10th floor was approved by Amendment to Alt. Applic. 1484/49 and P.A. Applic. 29/49 for which use and occupancy no certificate of occupancy has been issued; and

WHEREAS, the applicant states the purpose of this appeal is to obtain an increase in the number of occupants on the 10th floor; and

WHEREAS, the applicant contends that the 10th floor with a gross usable area of 18,050 square feet has four stairways leading to the street, with a capacity of 251 persons; that an existing horizontal exit doubles the floor capacity to 502 as previously approved; that the Board is now requested to permit an occupancy of 1000 persons; and

WHEREAS, the applicant contends that the growth of the Bankers Trust Company necessitates increased lunch and lounge facilities for the daily use of personnel, between the hours of 10:30 A.M. and 3:00 P.M.; that no cooking will be done on the premises servicing this lunch room; that food will be prepared off the premises; that the building has an approved standpipe system and voluntary fire alarm system; that in addition it is proposed to install a sprinkler system over the entire 10th floor, connected to the domestic water supply; that extreme hardship exists in this case; that as the floor will be occupied by a maximum of 1000 persons only for a short period of the work day and at other times by approximately 50 persons; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated June 11, 1958, acting on Alt. Applic. 803/58 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the 10th floor, where proposed, with an occupancy of 1000 people, shall be sub-divided as now proposed and indicated on plans filed with this appeal marked, "Received June 13, 1958," 2 sheets, showing the existing condition; that the entire floor shall be sprinklered with the sprinkler system not less than one source and may be fed from the standpipe tank provided the capacity thereof is not less than 5 thousand gallons; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

402-58-A

APPLICANT—S. Walter Katz, for Steval Realty Corp., owner.

SUBJECT—Application July 2, 1958—filed pursuant to section 35, General City Law re alteration and extension of building located in bed of a mapped street—proposed widening of 2nd Avenue.

PREMISES AFFECTED—1085 2nd Avenue, west side, 20 feet, 5 inches north of East 57th Street, Block 1331, Lot 22, Borough of Manhattan.

APPEARANCES—

For Applicant: Ludwig Hanauer and Peter Casini.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application by the Board of Standards and Appeals on Tuesday, July 22, 1958, after due notice by publication in the Bulletin of the Board, supplemented by publication in The New York Times. and

WHEREAS, the decision of the Borough Superintendent, dated July 2, 1958, on Alt. Applic. 476/58, reads:

"10. Proposed alteration and extension of a building in the bed of a mapped street requires approval of Bd. of Stds. and Appeals as per Sec. 35 of General City Law."

and

WHEREAS, the applicant states that the building is 4 stories, 42 feet in height, 20 feet front by 44 feet in depth, of class 3 construction, erected 1880, located on a lot 20 feet front by 60 feet in depth, in a restricted retail use, B area, class 1½ height district, and used and occupied: Cellar—Boiler room and storage; 1st floor—restaurant (now vacant); 2nd floor—1 apartment (now vacant); 3rd floor—1 apartment (now vacant); 4th floor—1 apartment (now vacant); that it is proposed to be increased in area at street level 20 feet front by 60 feet in depth, in class 3 construction, and used and occupied as follows: Cellar—boiler room, storage for restaurant; 1st floor—restaurant, 33 persons and 8 employees, total 41 persons; 2nd floor—restaurant, 50 persons and 4 employees, total 54 persons; 3rd and 4th floors combined 1 duplex apartment; that the building is provided with one 2 foot 8 inch wide interior wood stairs, enclosed in fire retarded partitions, equipped with self-closing wood doors; that stairhall leads direct to street and is provided with a ladder and scuttle to roof; that in addition there is a fire escape on the front extending to roof by ladder; and

WHEREAS, the applicant states that when the alteration application was filed with the Department of Buildings, it was learned that the west side of Second Avenue between 57th and 59th Streets was to be demolished as indicated on a Street Plan, dated 1907 and revised in 1922; and

WHEREAS, the applicant contends that the present owner inquired in 1948 of the Borough President, if it was in-

MINUTES

tended to proceed with the proposed street widening and was advised that the project has been shelved until a future date; that now 10 years later the project is still pending and no date set to proceed, it would therefore seem unfair to refuse the owner permission to proceed with the contemplated alteration and to fulfill his obligation to the tenant; that building contracts have already been awarded; and

WHEREAS, the applicant states that the premises have been leased for a restaurant use on the 1st and 2nd floors, and due to the small existing floor area, it is necessary to construct an extension on the 1st and 2nd floors to house the kitchen and rest rooms; that it is therefore requested that the Board grant permission to proceed with the alteration in the bed of the street widening; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the Borough President's office has advised that the proposed widening will be abandoned and taken off the map.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Applic. 476/58, Objection Number 10 be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the extension of the building as proposed within the area mapped for street widening of Second Avenue *on condition* that in the event the widening is carried through the recompense therefore shall be as determined by the court.

App. 2100-58 disapproved July 7, 1958, as shown on plans marked "Received July 9, 1958", 4 sheets, showing existing conditions and restoration of high speed auto laundry and new curb to 19th Street; and to extend the time to complete so that as *amended* this portion of the resolution shall read:

"that all permits shall be obtained and all work completed within six months from the date of this *amended* resolution." (Alt. App. 117-58.)

839-56-BZ

APPLICANT—Leonard F. Rothkrug, for Vincent Caiazza, owner; Louis Baffa, lessee.

SUBJECT—Application for consideration—reopening for extension of time to complete which expired December 25, 1957—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7i of the Zoning Resolution, permitting in a business use district, the change of use of an existing structure from garage to a motor vehicle repair and body repair shop.

PREMISES AFFECTED—491 Lorimer Street (489 displayed), west side, 75 feet south of Powers Street, Block 2779, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on June 25, 1957, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 25, 1957 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that all work has been completed and additional time is required to obtain a certificate of occupancy, that such certificate of occupancy shall be obtained within six months from the date of this *amended* resolution." (Alt. App. 2328/56)

886-56-BZ

APPLICANT—Morton S. Cahn, for Simon Molfetto and Joseph De Dona, owners.

SUBJECT—Application for consideration—reopening for extension of time to complete—re Application, decision of the Borough Superintendent; previously granted on condition, under Sections 7c, 7e, 7A and 21 of the Zoning Resolution, permitting in an unrestricted and residence D area district, the erection of a modern 1 story fireproof building to be used as a storage garage for more than 5 motor vehicles, motor vehicle repair shop and service and office, occupying more than the permitted area coverage and having a business entrance within 75 feet of a residence zone.

PREMISES AFFECTED—106-10 98th Street, west side, 47.15 feet south of Rockaway Boulevard, Block 9168, Lot 14, Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Morton S. Cahn.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 23, 1957, on certain conditions; and

WHEREAS, the resolution was amended on November 19, 1957; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions adopted through November 19, 1957 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that all permits required, including a certificate of occupancy, shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (N.B. App. 4463/56)

MINUTES

333-57-BZ

APPLICANT—Esso Standard Oil Company, owner.

SUBJECT—Application for consideration—reopening for amendment of resolution—re Application, decision of the Borough Superintendent; previously granted on condition, under sections 7c, 7i and 7A of the Zoning Resolution, permitting in a business and residence use district, the extending of the use of the present gasoline service station by the erection and maintenance of a modern gasoline station, lubritorium, office and sales, storage, minor auto repairs, parking and storage of motor vehicles, with entrances, show windows and signs within 75 feet of the residence use district.

PREMISES AFFECTED—8769-8783 Bay Parkway and 2202-2212 Bath Avenue, southwest corner, Block 6448, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph B. Lynch.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on December 3, 1957, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on December 3, 1957 by adding thereto:

"that in the event the owner desires to make certain minor changes the following may be permitted,

1. the accessory building may be changed to the following dimensions: 53 ft. 4 in. by 28 ft. 8 in. instead of 62 ft. by 30 ft.

2. faced with face brick on all sides with porcelain enamel trim on the two street fronts;

3. there may be two additional 550 gallon approved gasoline storage tanks making a total of twelve such tanks;

4. arrange the pump islands so that there will be one island with three pumps facing Bath Avenue and one island with two dual pumps and one single pump facing Bay Parkway instead three pump islands as originally granted; and

5. that all pumps shall be of an approved type and set back not less than 15 feet from the base of the pump island to the lot line;

6. that all old existing gasoline tanks shall be removed or sealed and four present portable gasoline pumps shall be removed from the premises and not reinstalled;

7. that there may be a two-leaved brand sign at the intersection overhanging the lot line, illuminated, advertising the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not more than four feet;

8. to rearrange the proposed curb cuts so that there will be two 28 ft. curb cuts with splays to Bath Avenue instead of the two 35 ft. curb cuts originally approved and two 30 ft. curb cuts to Bay Parkway instead of the existing 17 ft. curb cut and including two 30 ft. curb cuts; that no curb cut shall be nearer than five feet from any interior lot line as prolonged and curb cuts from Bath Avenue and Bay Parkway to be a minimum distance of 25 ft. on each street from the intersection, as shown on revised plans marked "Received July 17, 1958", 3 sheets."

526-57-BZ

APPLICANT—Leonard F. Rothkrug, for Sondra Veechio and Anna Cara, owners.

SUBJECT—Application for consideration—reopening for amendment of resolution, fence—re Application, decision of the Borough Superintendent; previously granted on condition, under section 7h of the Zoning Resolution, permitting in a residence and manufacturing use district, the maintenance of a parking lot for a term of 5 years.

PREMISES AFFECTED—22-28 North Portland Avenue, west side, 197 feet south of Flushing Avenue, Block 2027, Lots 35, 36, 37 and 38, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Sleeper 4

Negative: 0

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on April 15, 1958, as they appeared in Bulletin No. 16, Vol. 43, hereby corrected to read as follows:

984-57-SA

APPLICANT—Tokheim Corp., owner.

SUBJECT—Application December 23, 1957—Tokheim Submerged Pumps for pumping motor fuel, gasoline by remote control, Models 55-E, 55-ES, 72-E, 72-ES, 70-E and 70-ES and Tokheim Pressure Regulator, Model 52, approval of.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

APPEARANCES—

For Applicant: A. P. Lapansky and John F. Dixon.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Foley and Commissioner Sleeper 4

Negative: 0

Not Voting: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Calendar Number 984-57-SA.

Subject: Tokheim Submerged Pumps for Pumping Motor Fuel, Gasoline, by Remote Control, Models 55-E, 55-ES, 72-E, 72-ES, 70-E, 70-ES and Tokheim Pressure Regulator, Model 52.

Tokheim Corporation, Fort Wayne, Indiana, filed December 23, 1957 an application with the Board of Standards and Appeals for approval of the Tokheim Submerged Pump Models 55-E, 55-ES, 72-E, 72-ES, 70-E, 70-ES and the Tokheim Pressure Regulator Model 52 for use in New York City under the provisions of Section C19.69.c Administrative Code.

Purpose

Submerged type pumps for installation in underground storage tanks.

Description

These pumps are centrifugal pumps designed for installation into the top of underground storage tanks through a minimum 3½ inch threaded opening. They are used in service stations for pumping gasoline from storage tanks to remotely located dispensing units.

The Model 55-E Submerged Pump and Motor Unit is equipped with a Special design, heavy duty, electric motor rated at ¾ H.P., Approximately 60 G.P.M. Capacity. The Model 55-ES is exactly the same as the Model 55-E, but is furnished equipped with a Siphon Valve arrangement for manifolding together two or more underground storage tanks.

The Model 72-E Submerged Pump and Motor Unit is equipped with a Special design, heavy duty, electric motor rated at 1½ H.P., Approximately 40" G.P.M. Capacity. The Model 72-ES is exactly the same as the Model 72-E, but is furnished equipped with a Siphon Valve arrangement referred to above.

The Model 70-E Submerged Pump and Motor Unit is equipped with a Special design, heavy duty, electric motor rated at ⅓ H.P., Approximately 30 G.P.M. Capacity. The Model 70-ES is exactly the same as the Model 70-E, but is furnished equipped with a Siphon Valve arrangement referred to above.

Each of the above-mentioned units are the same—except for the difference in the windings and rated horsepower of the electric motors, and the difference in delivery capacities. Each Submerged Pump Motor is provided with built-in Thermal Overload protection. Static wire is provided in pump manifold to ground the electric conduit.

Each Submerged Pump and Motor Unit is furnished with an Electrical Control Panel which contains a line relay, start relay, start capacitor, run capacitor, manual reset overload, and a pilot light.

When the submerged pump motor is turned "on", the liquid "pumped" by the impellers flows through and around the integral explosion-proof motor, cooling and lubricating same. Air or vapor present in the 2" discharge pipe, between the pumping unit and the pump manifold, is eliminated through the steel tube running from the pump manifold downward into the liquid in the storage tank, and the outlet of this tube is at the top of the pump motor. This tube by-passes a small amount of liquid whenever the pump motor is operating, which serves to continually replace liquid within the area around the electric motor and within the 2 inch supply pipe and pump manifold, even when product is not being dispensed, and has a cooling effect on the motor. A Pressure Relief Valve in the pump manifold relieves excess pressure in the supply pipes and Dispensers. A built-in Check Valve maintains pressure and keeps the system full of product in the supply pipe and dispensers on the discharge side of the pump manifold.

When these Submerged Pump and Motor Units are used as Booster Pumps, the Model 52 Pressure Regulator, which is a hydraulic pressure regulating valve, is installed under a complete, self-contained suction pump, or pumps, and this valve automatically balances the pressure and vacuum system, and acts as a positive, emergency shut-off valve.

A special Current Relay is used to connect the existing island electric circuit of the self-contained pump, or pumps, with the power service of the remote control submerged pump and motor unit.

The junction box and discharge heads of the pumps are kept accessible by installing a heavy steel street box in the concrete slab over the tank and pump head. The cover plate of the box is secured by countersunk fastening lugs.

Inspection and Test

All details of construction were examined by Ass't Engr. G. F. Sklenarik, Committee on Test.

The Model 55E and ES, 70-E and ES, 72-E and ES and the Model 52 Pressure Regulator have been tested and approved by the Underwriter's Laboratories under file MH281, MH4948 and MH6810.

Recommendation

On the basis of the examination and the data filed by the applicant, the Committee on Test recommends the approval of the Tokheim Submerged Pumps Models 55-E, 55-ES, 72-E, 72-ES, 70-E and 70-ES and the Tokheim Pressure Regulator Model-52 for use in New York City when installed in accordance with this report, the provision of C19-69.0 Administrative Code and the requirements of the Electrical Code of the City of New York and provided that each appliance shall bear a label, permanently affixed, reading "Approved by the Board of Standards and Appeals for use in New York City under Calendar Number 984-57-SA."

(Sgd.) SAMUEL L. BECKER,
Director,

JOHN A. DARTS,
Assistant Engineer,

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

* Correction—In the Report of Committee on Test, under the heading of *Description*, 3rd paragraph, the electric motor rate changed from "⅓" to "1½" H.P. and the capacity changed from "30" to "40" G.P.M.

RULE

RULE TO SUPPLEMENT SECTION 19-A OF THE ZONING RESOLUTION OF THE CITY OF NEW YORK AS ADOPTED BY THE BOARD, JULY 11, 1958, EFFECTIVE AUGUST 11, 1958

(385-58-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, subsection 2, of the New York City Charter and of Section 21 of the Zoning Resolution.

Purpose:

The purpose of this rule is to supplement the words in the above section which read as follows: "... aggregate gross floor area so used," as a basis for determining the number of off-street loading berths required under this section.

Rule 1.

"19-A. REQUIRED OFF-STREET LOADING BERTHS FOR NEW CONSTRUCTION, ENLARGEMENTS AND CONVERSIONS. Every building or part thereof hereafter constructed which is used, or arranged, intended or designed to be used, for any of the uses specified in the schedule below, and in which the aggregate gross floor area so used, arranged, intended or designed is greater than the minimum number of square feet of gross floor area specified for those uses in said schedule shall be provided with off-street loading berths in accordance with said schedule, under rules and regulations promulgated by the Commissioner of Housing and Buildings. For the purpose of this section, a group of buildings hereafter constructed under common ownership and located within a single block shall be considered a single building."

The words "aggregate gross floor area so used" contained in the first paragraph of this section shall be interpreted to mean the area of a building computed by measuring from the inside surface of the outer building walls. Building stairs, fire towers, elevator shafts, elevators and other public corridors, flue vents, stacks, pipe shafts, vertical ducts, toilets, air conditioning rooms, fan rooms, air ducts, janitors' closets, slop sinks, electrical closets, telephone closets with their enclosing walls shall be excluded. In computing such area or areas for the purpose of determining the number of off-street loading berths required under this section, walls, partitions, areas devoted to mechanical equipment, exits and similar areas, the use of which does not contribute to the regular shipments to or from the building, shall not be included.

BOARD'S NEW OFFICES

The meeting held July 29, 1958 was the last to be held
at the Board's Hearing Room on the tenth floor of the
Municipal Building.

The Board's offices on the tenth floor will be dismantled
during August preparatory to removal to the Board's new
quarters at 80 Lafayette Street, ninth floor, Manhattan,
which it is expected will be ready by Wednesday, Septem-
ber 17, 1958 for the first hearing.

HARRIS H. MURDOCK, *Chairman.*

PETITIONS AND CERTIORARI ORDERS SERVED ON THE BOARD OF STANDARDS AND APPEALS

On July 23, 1958, Copy of Petition and Order of Certiorari was
served on the Board by Hecht, Hadfield, Farbach and McAlpin,
attorneys for Pacwest Realty Corp., owner, seeking a review of the
Board's denial on June 17, 1958 of their application reopened Janu-
ary 21, 1958 as Vol. II—decision of the Borough Superintendent,
under section 7e of the Zoning Resolution, to permit in a restricted
retail use district, facilities for gasoline service or oil selling for oc-
cupants only in connection with the garage, presently approved, lo-
cated in the sub-cellar, cellar, first floor and mezzanine of a 22 story
building now under construction; Cal. No. 171-53-BZ—Vol. II;
premises 660-666 Madison Avenue, 8-28 East 61st Street, southwest
corner and 13-19 East 60th Street, Block 1375, Lot 56, Borough
of Manhattan.

On July 28, 1958, Copy of Order and Petition was served on the
Board by Lammers & Mullaney, attorneys for Martha Schwinger,
Hazel L. Lewis, et al, objecting property owners, seeking a review
of the Board's determination on June 24, 1958 of their application
under Section 7h of the Zoning Resolution to permit in a residence
use district, the use of the vacant lot for the parking and storage
of more than five motor vehicles, for a term of five years; Cal. No.
994-57-BZ; premises 1627-1631 Undercliff Avenue, west side, 349.8
feet south of West 176th Street, Block 2880, Lot 129, Borough of
The Bronx.

COURT DECISIONS

Margaret Daly vs. Board of Standards and Appeals:—On May 7,
1957 the Board granted a variance under Section 7h of the Zoning
Resolution, permitting the residence use portion of the plot in the
rear of an existing public garage, the parking of motor vehicles for
a term of five years; Cal. No. 381-27-BZ—Vol. IV; Premises 88-09
Roosevelt Avenue, Elmhurst, Borough of Queens. Owner of prem-
ises: Cord Meyer Co., lessee—Jackson 89th St. Garage Inc.
At Supreme Court, Special Term, Mr. Justice James J. Conroy
affirmed the Board's determination, stating in part as follows:

"In a proceeding to review and annul the determination of
respondents granting a variance to intervenor respondent permit-
ting it to park and store more than five motor vehicles on va-
cant land in a residence district adjacent to garage located in a
business district, respondents move to vacate the order of cer-
tiorari, dismiss the petition and affirm their determination. The
motion is granted. It can hardly be said on the papers before
the court that said determination was arbitrary or capricious
or contrary to law."

Published in the New York Journal, July 21, 1958, page 4.

Betty Bryer vs. The Board of Standards and Appeals:—On De-
cember 11, 1956, the Board granted a variance under Section 21 of
the Zoning Resolution, to permit a one family house to be occupied
for two families in a G-1 area district, Cal. No. 288-56-BZ; Premises:
86-09 188th Street, Hollis, Borough of Queens. There were a num-
ber of multi-family dwellings already in the area permitted when the
zoning allowed them. Jamaica Estates, Inc. obtained an order and a
petition for court review on January 14, 1957. A stipulation of dis-
continuance was filed on March 11, 1957 but this was declared a

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 28, 1958 subject to regular procedure, to consider extension of building and use; and

WHEREAS, a public hearing was held on this application on July 15, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Bedford Park Boulevard are in business and residence use, B area, class 1¼ height districts; Webster Avenue is in a business use, B area, class 1¼ height district; East Fordham Road is in a residence use, B area, class 1¼ height district; and

WHEREAS, the decision of the Borough Superintendent, dated May 29, 1958 acting on Alt. Applic. No. 1032-57, reads:

"1. Proposed extension of commercial use into a residence use district is contrary to Art. II Sect. 3 of the Z.R. and Cal. #824-27-BZ of the Bd. of S & A."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 feet frontage by 113 feet 8 inches in depth, irregular in area, on which is located a two story building 30 feet in height, erected in 1928 of fireproof construction and used in accordance with Resolution of the Board under Cal. No. 824-27-BZ as a public garage, and being altered under an approved plan for the use as a factory for metal products manufacture in the front 100 feet, in the business use district; that it is proposed to extend the proposed approved factory for metal products manufacturing use in the front 100 feet to the rear portion of the building within the residence use district on the second story and to permit bowling alleys on the first story; and

WHEREAS, the applicant states that the proposed uses are conforming uses in the business use district as proven by the approval of the Department of Buildings; that the rear residence use portion adjoins and overlooks the railroad tracks of the New York Central Railroad; that there are no residences or residence uses adjoining or anywhere near that portion of the premises in the residence use district; that the premises can no longer be economically used for the use originally granted by the Board, as for the past several years the garage has had only 40% occupancy; and

WHEREAS, the applicant contends that the Board first considered these premises under Cal. No. 824-27-BZ, Vol. I and granted on condition on December 27, 1927 under Sections 7e and 21 of the Zoning Resolution, permission for the erection and maintenance of a garage for the storage of more than five motor vehicles; that the garage was subsequently constructed and used until recent times in accordance with the Resolution of the Board; that the use of the premises as a garage has proved to be uneconomic and the owner caused an alteration application to be filed and approved to use the front 100 feet, which is in the business use district, for factory use, on condition that a separating wall be constructed at the line dividing the zones; that it is now proposed to remove the requirement for the proposed wall; and

WHEREAS, the applicant further contends that the typical zoning pattern and plan through the City restricts zones to 100 foot depths; that since most tax lots fronting on a street are 100 feet in depth, the zoning pattern is proper; that the subject tax lot is more than 100 feet in depth and therefore the premises are in two zones; that the depth of this tax lot was determined by the railroad train lines which bound the tax lot at the rear; and

WHEREAS, the applicant also contends that all truck loading and unloading will be in the business use district portion, where the use is conforming; that there is no alteration proposed to that portion of the premises in the residence district; and

WHEREAS, the applicant states that the present owner has held title to the property since September 4, 1956; that the assessed valuation of land is \$34,000 and of the building \$73,000 making a total of \$107,000; that the building was erected in 1928; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application be granted on condition, and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of use into the more restricted district substantially as proposed and as indicated on plans filed with this application marked "Received December 30, 1957", 4 sheets, "April 3, 1958", one sheet, and "June 4, 1958", 7 sheets, to permit the change of use from public garage to factory for manufacturing metal products on the second floor and bowling alleys on the first floor *on condition* that the buildings shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

119-29-BZ—Vol. III

APPLICANT—John J. Tricarico, for Elizabeth Stevens, owner.

SUBJECT—Application reopened February 11, 1958 as Vol. III—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a residence use district, the extension of the open garage for more than five (5) motor vehicles into the adjoining lot.

PREMISES AFFECTED—621-625 Halsey Street, north side, 200 feet west of Patchen Avenue, Block 1662, Lots 59 and 61, Borough of Brooklyn.

APPEARANCES—

For Applicant: John J. Tricarico.

For Opposition: Samuel Quarterman.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert and Commissioner Foley. 4

Negative: 0

Absent: Commissioner Sleeper 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on February 11, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site and Patchen Avenue are in a residence use, C area, class 1 height district; Halsey Street and Hancock Street are in residence and local retail use, C area, class 1 height districts; Reid Avenue is in a local retail use, C area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 20, 1958 acting on amendment to Alt. Applic No. 4468-54, reads:

"1. Proposed change of occupancy from garage to garage and open parking and storage for more than five (5) motor vehicles in a residence zone is contrary to Art. II, PP. 3 of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 75 feet frontage by 100 feet in depth; that it is proposed to extend an existing legal automobile parking and storage lot; and

WHEREAS, the applicant states that at the present time, on the 50 foot by 100 foot of the eastern portion of this combined plot, there is Certificate of Occupancy No. 71790-33 for open garage for more than five motor vehicles; and

WHEREAS, the applicant further states that survey of the immediate neighborhood shows that the plot in question is located in a residential area occupied predominantly with old

residential buildings that have no garage facilities, forcing automobile owners to park their vehicles in the street; and

WHEREAS, the applicant contends that two-thirds, or 50 feet, of the combined plot is now legally occupied as a parking and storage lot for more than five motor vehicles; that there is a dire need for additional motor vehicles parking and storage facilities to service the automobile owners in the immediate community; that evidence of this need is reflected in the number of consents received from property owners in the affected area; that these consents represent a majority of the property owners who objected at the time of the original hearing; that there is no exit or entrance to any public school, playground, public park or religious school; and

WHEREAS, the applicant states that the present owner has held title to the property since December 1, 1953; that the assessed valuation of land is \$5,500 and of the building \$300 making a total of \$5,800; that the building was erected more than 50 years ago; and

WHEREAS, the premises and surrounding area were inspected again by a committee of the Board and in view of the fact so much of the property is permitted to be used for garage use, the Committee is of the opinion that if the buildings and fence were removed and the entire plot used for a parking lot it would be a better condition and so recommended; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is *granted* under Section 7c, to permit the use of the entire premises for the parking and storage of motor vehicles of the pleasure car type only, as indicated on plans filed with this application, marked "Received March 31, 1958" 4 sheets, *on condition* that all buildings and uses on the site shall be removed, except that the two-story brick building in the rear may remain for use as garage on the first story and the second floor rearranged for the use of one family; that such building shall be painted and made presentable; that the premises shall be graded substantially to the grade of Halsey Street, surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that there shall be erected on all lot lines where masonry walls of adjoining buildings do not occur, a woven wire fence of the chain link type erected on a masonry base to a total height of not less than 5 feet, 6 inches; that a similar fence shall be erected on the street building line with no openings therein except two for exit and entrance, each not over 10 feet in width, equipped with gate and with curb cuts opposite not more than 14 feet in width; that such gates shall remain closed when the parking lot is not in operation; that suitable bumpers shall be maintained against the fences, not less than five feet therefrom, for their protection; that such bumpers shall be properly anchored and continued against the walls of brick buildings on the lot lines; that the sidewalk and curbing abutting the site shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to permanent signs attached to the fences near the gates, advertising the parking and storage use, the rates charged and such other information as the Commissioner of Licenses may require; that such signs, if two are erected shall not exceed five square feet in area each, and if one, ten square feet in area; that aisles shall be maintained for easy ingress and egress; and that all permits required and a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

512-29-BZ—Vol. IV

APPLICANT—Burke, Green and Groh, for Merry Twins, Inc., owner.

MINUTES

SUBJECT—Application reopened April 8, 1958 as Vol. IV—decision of the Borough Superintendent, under section 7c of the Zoning Resolution, to permit in a business and residence use district the extension in area of the present gasoline service station and the installation of additional gasoline tanks and pumps and to provide an extension to the existing building for sales and display, the proposed work to be entirely within the business use district.

PREMISES AFFECTED—61-19 Fresh Meadow Lane, southeast corner of 64th Avenue, Block 6902, Lots 18, 26 and 124 (Lot 18 assigned), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh, William Sussman and Bernard Sussman.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on April 8, 1958 subject to regular procedure, to consider additional use; and

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the Zoning Resolution show that the site, Horace Harding Expressway and 174th Street are in business and residence use, D area, class 1 height districts; 65th Avenue and Fresh Meadow Lane are in a business use, D area, class 1 height district; and

WHEREAS, the decision of the Borough Superintendent, dated March 6, 1958 acting on Alt. Applic. No. 2114-57, reads:

"1. The alteration to an existing gasoline service station partly in a Business and partly in a residence use district with accessory auto washing, lubrication, office, sale of auto accessories, minor repair with hand tools only, and parking and storage for more than five motor vehicles is contrary to the original variance granted under Cal. No. 512-29-BZ of the B.S. & A. and Art II, Sec. 3 and Art. II Sects. 4(a) (46) Zoning Res.

"2. The erection of a new ground sign in a business use district is contrary to the original variance granted under Cal. No. 512-29-BZ of the B.S. & A. and Art. II Sec. 4(a) (49) Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 170.55 feet frontage by 100 feet in depth, irregular; that it is proposed to extend the area of the present station for a distance of 155 feet along Fresh Meadow Lane, by 100 feet in depth; that an extension on the south side of the present accessory building will be constructed, and this new portion will be used for sales and display area; that twelve additional gasoline tanks will be installed in the new area and additional approved gas pumps on concrete islands will be installed 15 feet back from the building line; that additional concrete islands, with a canopy above them, will be erected at the rear of the plot to furnish service—air, water and vacuum cleaners—for the cars; that a new 5 foot 6 inch high woven wire fence will be erected on the new south lot line and a 5 foot 6 inch high brick fence wall will be built on the new east lot line; that a strip of shrubbery, protected by a concrete curb, will be provided along the entire east lot line; that four new curb cuts will be installed along the new frontage for access to this area; that the present portion will be altered slightly; that curb cuts will be revised; that six existing 550 gallon gas tanks near the corner will be discontinued and sealed and existing gasoline pump location will be altered slightly; that the entire new area will be located completely within a business

use district; that the present station is partly in a residence use district; that the ground sign referred to in Objection No. 3 is the usual post standard and gasoline brand sign; and

WHEREAS, the applicant further states that the City is in the process of taking the corner of part of the present property of Merry Twins, as is shown on plans, so that no curb cuts are actually in existence in this area at the present time, but they will be installed in accordance with the provisions of the Board's Resolution under Cal. No. 512-29-BZ, Vol. III, as soon as the actual taking by the City is consummated; and

WHEREAS, the applicant contends that the huge increase of traffic, due to the new parkway, makes the present station inadequate and therefore this variance is sought to establish sufficient facilities to accommodate the anticipated number of automobiles desiring service at this station; and

WHEREAS, the applicant states that the present owner has held title to the property since 1956; that the assessed valuation of land is \$49,200 and of the building \$15,000 making a total of \$64,200; that the building was erected in 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 25, 1950, under Vol. II, as thereafter amended by resolution adopted on April 17, 1956, under Vol. III, by adding thereto:

"that in the event the owner desires to extend the area of the gasoline service station on the southerly side, along Fresh Meadow Lane, as now proposed and indicated on plans filed with this application, marked 'Received March 6, 1958', 6 sheets, and 'June 13, 1958', 1 sheet, such extension of use may be permitted, provided the extension proposed to be maintained only for the gasoline selling area in addition to the present gasoline selling area shall be rearranged with pumps parallel to Fresh Meadow Lane instead of at right angles thereto; that the number of gasoline storage tanks may be twelve additional approved tanks in addition to those already permitted; that along the rear lot line and along the lot line to the east there shall be erected a masonry wall not less than 5 feet, 6 inches in height, faced on both sides with face brick and properly coped; that such wall shall terminate toward the south with a masonry post; that along the lot line from the rear to the street there shall be a woven wire fence of the chain link type erected on a masonry base to a similar height; with suitable terminating post; that the additional area shall be paved with asphalt or concrete paving; that planting shall be maintained along the lot line in front of the fence to the south, properly protected with concrete curbing not less than 8 inches in height and 6 inches in width; that such planting shall consist of shrubbery and other suitable material; that there may be two additional curb cuts, each not over 30 feet in width, to Fresh Meadow Lane; that sidewalks and curbing abutting the site for the extended area shall be constructed or repaired to the satisfaction of the Borough President; that curb cuts shall be not nearer than five feet to the southerly side lot line as prolonged; that the existing accessory building may be extended as proposed and indicated on such plans; that in all other respects the resolution above cited shall be complied with except that the fence or wall previously required to be erected between the existing gasoline station and this proposed extension may be removed; that working drawings incorporating the requirements of this resolution shall be submitted within three months for further consideration by the Board and no request for a permit shall be made to the Borough Superintendent until such working drawings have been approved; that after approval of such drawing, all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

MINUTES

212-35-BZ—Vol. III

APPLICANT—Frederick A. Ketcher for Maria DePalma, owner, Rayco Auto Seat Covers Inc., Lessee.

SUBJECT—Application reopened June 10, 1958 as Vol. III—decision of the Borough Superintendent, under sections 7b, 7c, 7i and 7A of the Zoning Resolution, to permit on a plot partly in a business use and partly in a residence use district, the extension of the use of display, sales, storage and installation of auto seat covers to include minor motor vehicle repairs with hand tools limited to the installation and service of mufflers and tailpipes, and the extension of the parking of more than five (5) motor vehicles for patrons only from the business portion into the residence portion with a business entrance within 75 feet of a residence use district.

PREMISES AFFECTED—6501-6509 Fort Hamilton Parkway and 948-962 65th Street, southeast corner. Block 5750, Lot 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Vice Chairman Keating, Commissioner Kleinert, Commissioner Foley and Commissioner Sleeper 5

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on June 10, 1958 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on July 22, 1958 after due notice by publication in the Bulletin; laid over to July 29, 1958, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning Resolution show that the site, 65th Street and 66th Street are in business and residence use, C area, class 1 height districts; Fort Hamilton Parkway is in a business use, C area, class 1 height district; 16th Avenue is in a residence use, C area, class 1 height district; that there has been no change in zoning since 1916; and

WHEREAS, the decision of the Borough Superintendent, dated May 19, 1958 acting on N.B. Applic. No. 134-58, reads:

"1. On a lot located partly in a business use district and partly in a residence use district, the proposed display, sales, storage & installation of auto seat covers; parking of more than 5 motor vehicles for patrons only; and minor motor vehicle repairs (hand tools) limited to the installation and service for mufflers, is contrary to Art. II, Section 3 and Art. II Section 4(a) subdiv. 29 of the Zoning Resolution.

2. Business entrance within 75' of residence zone is contrary to Art. II, Sec. 7A of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 81 feet 4 inches frontage by 126.6 feet and 141 feet 2 inches in depth; that the premises has been occupied as a used car lot, by consecutive temporary grants of the Board, from September 15, 1936 to May 12, 1945; that on November 26, 1945 the Board granted a five year temporary use for office, sale and display of used cars and parking and storage of more than five motor vehicles, for which Certificate of Occupancy No. 113893 was issued; that subsequently these uses were permitted under Alt. Applic. No. 718-51 for which a permanent Certificate of Occupancy was issued; that it is proposed to extend the use to permit minor vehicle repairs with hand tools, the type of repair being limited exclusively to muffler and tail pipe replacement and service, and under Sections 7b and 7h for a temporary variation to permit patron parking for more than five motor vehicles; that it is also proposed to fire retard the area in the building which is devoted to the muffler service; that for patron parking, it is proposed to grade the plot to curb level surface with steam cinders with a suitable binder and properly rolled, provide two sliding chain

link gates, erect a five foot six inch high chain link fence along all property lines where no walls or openings occur, and provide substantial bumpers; and

WHEREAS, the applicant states that plans have been approved for a building for use as display storage and installation of auto seat covers and for the parking of more than five motor vehicles on that portion of the plot which lies within the business use district; and

WHEREAS, the applicant further states that the muffler replacement services will be done within the business use district, inside of the building and restricted to the specific area set aside for such work; that only a maximum of two cars can be serviced at any one time in the 740 square feet, which area is less than 7 percent of the plot; that this muffler replacement service will not be a motor vehicle repair shop as is commonly understood; that there will be no automotive—moving parts repairs, no ignition and body or fender work; that it would not be a nuisance as there will be no smoke, odor, fumes or noise; and

WHEREAS, the applicant further states that parking will be restricted to patrons and customers and no fees will be charged, and will be used only during regular business hours; that no cars will be parked on Sundays; that only a maximum of ten cars can be parked on the residence portion of the lot; that the additional ten car parking space, so urgently needed, would enable the patrons to park on the premises; that by providing this off street parking it would definitely eliminate any additional traffic congestion; that gates will be kept closed when premises is not in use; and

WHEREAS, the applicant contends that the premises is located on the southeast corner, and there is a gas station on each of the other three corners; that the adjoining building on the south is a factory; on the west there is the 100 foot wide Fort Hamilton Parkway; on the north there is the 100 foot wide 65th Street; to the east on 65th Street the same owner owns the adjoining 80 feet front plot; that within the affected area, over 60 percent of the frontage is allotted to non-conforming, automotive and unrestricted uses; that the sole lessee and operator of the entire premises is a responsible company, the Rayco Company, who will maintain the premises, conduct the muffler service, the auto seat cover service and the accessory patron parking; that the request in this application is absolutely vital to the proper conduct of the business; that the granting of this application for the muffler replacement service and for patron parking for more than five motor vehicles would enable the owner to make a reasonable and just use of his property without affecting anyone adversely and The City of New York would stand to benefit by an annual increase of about \$1,200 in taxes; that the proposed building would result in a definite improvement in the general appearance of the premises; and

WHEREAS, the applicant states that the present owner has held title to the property since October 15, 1950 and that the assessed valuation of land is \$12,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c, h and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the Zoning Resolution and that the application be and it hereby is granted under Section 7c to permit the extension of the premises into the more restricted district as proposed and indicated on plans filed with this application marked, "Received May 21, 1958," 6 sheets, to permit the change of use as proposed for sale of used cars, storage and to include minor motor vehicle repairing with hand tools only and parking and construction of a building as shown on such plans and use as manufacturing and installing seat covers, mufflers and tail pipes, and for parking of cars by patrons and employees on the portion of the premises on condition that the building and use now on the premises shall be removed and the premises shall be arranged as

MINUTES

indicated on such plans; that the building shall comply with the requirements of the Building Code; that all un-built upon portions of the premises shall be paved with clean gravel or steam cinders, treated with a binder and properly rolled; that there shall be erected on all lot lines a woven wire fence on a masonry wall not less than 5 feet, 6 inches in height with no openings therein except one to Fort Hamilton Parkway 30 feet in width and one to 65th Street, where shown, not over 20 feet in width; that such fence at such openings shall have suitable terminating posts; that the sidewalk and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i there may be minor repairs for adjustments maintained solely within the accessory building; that there may be under Section 7h for a term of ten years parking of cars as herein before permitted; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution and a Certificate of Occupancy obtained.

121-49-BZ—Vol. II

APPLICANT—Herman Furrer, owner.

SUBJECT—Application reopened February 7, 1956 as Vol. II—decision of the Borough Superintendent, under section 7c and 7i of the Zoning Resolution, to permit in a retail use district, the erection of a one-story masonry extension and a frame extension to an existing gasoline service station and extend the use to include motor vehicle repair shop amending plans approved with Cal. No. 121-49-BZ—Vol. I and parking and storage of more than five (5) motor vehicles awaiting service.

PREMISES AFFECTED—96-16 Metropolitan Avenue and 87-47 69th Avenue, southwest corner, Block 3886, Lot 845, Forest Hills, Borough of Queens.
